Event Report

Name of Event	:	Expert talk on Basics of Central Air Conditioning System
Date and Time of Event	:	09-08-2017, 10.00 AM to 12:00 noon
Event coordinator	:	Mr. Bhavin Mehta
Resource person details (if any):		Mr. R.V. SAHASRABUDHE,
Event for (UG/PG/PhD)		UG

Summary of the Event (Maximum 200 words):
ISHRAE student chapter has organized the expert lecture on "Basics of Central Air Conditioning System" on 09th August, 2017 for student members of ISHRAE student chapter. Talk was delived by Mr. R.V. SAHASRABUDHE, Founder & Principal Consultant of Adept Constants & Engineers, Vadodara, Gujarat. Talk was delivered for around 2 hours.

Following points has been discussed during the session.

- Basics of air conditioning
- Central air conditioning
- VRF, VRV system
- Duct distribution

Learning objectives:-

To provide platform for students to interact with expert and to strengthen their fundamentals

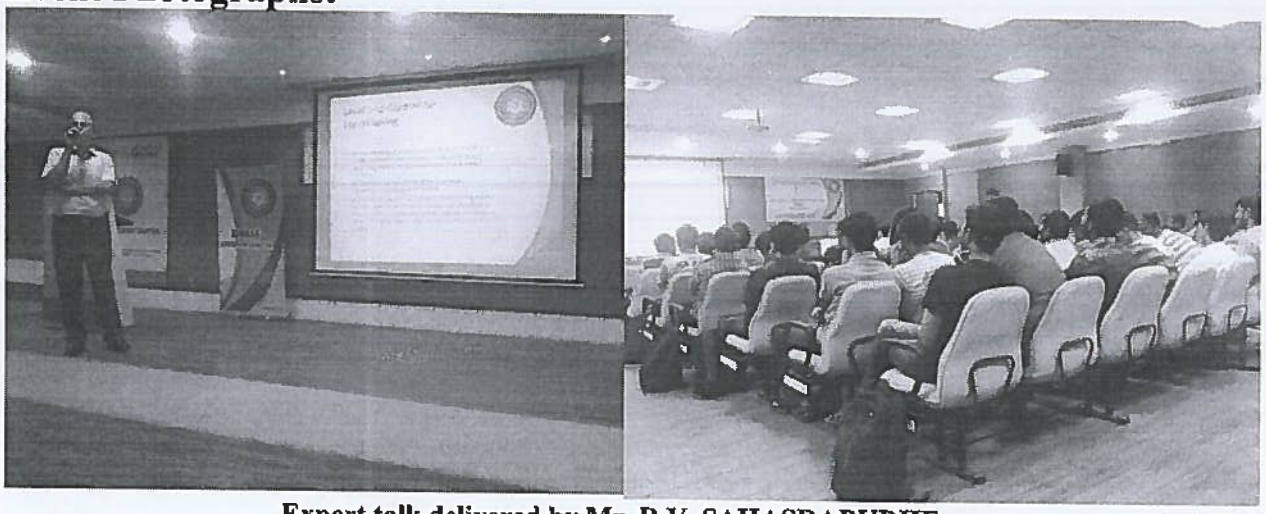

Registration fee (if any): Nil. **Amount sanctioned by CSPIT/CHARUSAT: -Nil**

List of Participants:

Student I.D.	Student Name
15ME107	SHAH PARTH KAMALKUMAR
15ME111	SHIROYA RONAK PRAVINCHANDRA

Profile of Mr. R.V. SAHASTRABUDDHE

Mr. R.V. SAHASRABUDHE is founder and Principal Consultant of Adept Consultants & Engineers. He has pursued B. Tech in mechanical engineering from IIT Bombay in 1975, and MBA from IIM Ahmedabad in 1979, he has total industrial experience of about 29 years, out of which 8 years was in Blue Star Ltd., and 1½ year was in Dikshit Consultants & Engineers.

He is a full member of ISHRAE (Indian Society of Heating, Refrigerating and Air-conditioning Engineers) since 1992, and ASHRAE (American Society of Heating, Refrigerating and Air-conditioning Engineers) since 1994.

Event Report

Name of Event	:	IPR & Patent Issues
Date and Time of Event	:	14/10/2017
Event coordinator	:	Mr. Vishal Mehta
Resource person details (if any):		Mr. Jigar Patel
Event for		PG students

Summary of the Event (Maximum 200 words):

The program was intended for PG and PhD students. Basic of the IPR and need of the IPR was discussed in detail. Basics for patent were elaborated during session. Procedure involved in each and every stage of patent was discussed in detail. Queries raised by participants related to IPR and Patent was discussed.

Learning objectives:-

- **IPR Basics – Brief overview**
- **Why need of IPR**
- **Types of IPR**
- **Introduction of Patent**
- **Patent Procedure**

Registration fee (if any): Nil. Amount sanctioned by CSPIT/CHARUSAT: -Nil

Event Report

Name of Department : CHAMOS Matrusantha Department of Mechanical Engineering

Name of Event : A workshop on Digitalization of Manufacturing

Date and Time of Event : Tuesday 6th February, Seminar Hall (715), ME-CL Building, Mechanical Engineering Department.

Event coordinator : Mr. Zankhan Sonara, Mr. Dipal Patel, Mr. Vikas Panchal, Mr. Mayank Pawar

Resource person details :

Sr. No.	Name of the resource person	Organization of resource person
1	Mr. Milan Patel	AM-InfoTech, Vallabh Vidyanagar
2	Mr. Rudresh Vyas	Engineering Technique, Baroda.

Event Schedule:

Date	Time	Session	Activity
06/02/2018	12.00 pm – 04.00 pm	04 hour	WORKSHOP

Summary of the Event:

Additive manufacturing, also known as 3D printing, is listed as a key component in making industrial 4.0 a reality. With additive manufacturing technology, idea can be reality faster, more flexibly and less prototype construction. The core objective of the program was to provide exposure to the students about the advancement in the technology and inculcate the idea for new business startup with live demonstration of the 3D printing.

Registration fees: -NIL-

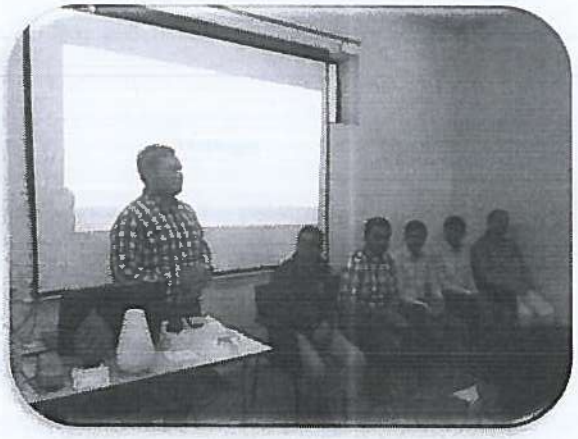

No. of Participants: 107.

Accounts details:

CHARUSAT
CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

ONE DAY WORKSHOP ON "DIGITALIZATION OF MANUFACTURING".

Organized by:

CHAMOS MATRUSANSTHA DEPARTMENT OF MECHANICAL ENGINEERING

World is amending along with the Digitalisation of everything. Digitalisation is major process of Technology shift from Analog to Digital. Since last 5+ decades it has provoked the major changes in the industries. So it can be said that Change is Digitalization! When it comes to manufacturing the popular terms are

1. 3D Printing.
2. Digital Manufacturing.
3. Digital Additive manufacturing.
4. Rapid Prototyping.
5. Rapid Manufacturing.

To grapple with the market demand one should be aware about the latest trends in the field of manufacturing. The planned event will be helpful to the students in being cognizant about the prevailing market trends and its ambit in future.

Details of the event are as follows:

Event name : ***Digitalisation of Manufacturing***
(Using SOLIDWORKS 3D CAD software and 3D Printer)

Date : 5th September 2017 (Tuesday)

Time : 12.00 p.m. to 4.00 p.m.

Venue : 2nd Floor, Seminar Hall ***(Room No. 715)***, CL-ME Building.

Program outline

Digitalisation Of Manufacturing		Exhibition
Session ONE Digital Designing 1 Hours	Introduction to company and concept	LIVE Demonstration of 3D Printer & Display of various 3D Printed Parts.
	3D CAD Designing using SOLIDWORKS	
	3D Printing Module in SOLIDWORKS an Repair part in SOLIDWORKS to 3D Print	
Session TWO Digital Manufacturing 1 to 1½ Hours	Digitalisation of Manufacturing	
	Introduction to 3D Printers with Live ca y	
	3D Printers/ Rapid Prototyping process	
	Livel use of 3D Printer, Courses & QA s i	

***Registration and certification fees: INR 50/-.**

Best Sales FTE India 2017 - SOLIDWORKS EDUCATION

Rudresh Vyas

Head Education at EnggTechnique.com for Solidworks& 3DPrinter. Engaged as a Mentor & Jury at various Incubation centres.
Vadodara

Summary

SUMMARY OF EXPERIENCE
I have over 25+ years of experience in IT, 3D CAD & 3D Printer (Engineering) Education Industry. Also possesses good knowledge of Software, Hardware and ISO 9000 quality standards mainly in Education and Support Services. Since last 18+ years working as Business Development Manager (West) in Education area and setting new mile stones for the region. Launched futuristic IT products like App Development and Cloud programs and apart from Job/Placement oriented courses promoted concept of Entrepreneurs amongst the students since last 2 decades.

Being Hardware Product development company, to add value to StartUp India program, started est company as an Accelerator and became active Mentor for StartUps of Physical Product Development and associated with many Incubation Centres e.g. iCreate, IIC - PDPU, GTU's GISC, Venture Studio and many more.

Established Speaker & Mentor in many Nodal Incubation centres and serving also as Jury member in many Hackathons since 5+ years. Recently played role of Jury in Smart India Hackathon 2020!

Pioneer in 3DPrinting Technology Education: Promoting concept of Digitalisation Of Manufacturing and conducted 75+ Additive Manufacturing (3DPrinter) programs sponsored by TEQIP, GUJCOST & DST since 2016 in many colleges/universities. Setup total 10+ SATC centres across Gujarat successfully within just 2 year. New 3DPrinter Education brand in the region with 75+ Network Centres, Schools, Colleges & Universities.

Experience

Engineering Technique
Manager Education

December 2014 - Present (6 years 3 months)
Gujarat, India

Awarded for Best Sales Manager Education - India 2017!

Job is to setup network of SOLIDWORKS Authorised Training Centres (SATC) with 3DPrinters in region and increasing presence of brand by opening new franchise network centres (expansion) and help in recruiting, train and motivating sales staff for day to day retailing at centres and achieving the set targets. Also responsible for setting up SOLIDWORKS & 3DPrinter Lab in AICTE/UGC approved engineering Colleges / Universities (Some of latest Universities are Ganpat, PDPU, Ahmedabad, Indrashil, GSFC, Charusat, ITMVU, UID/Karnavati and Anant National University)

Being Hardware Product development company, to add value to StartUp India program started working as an Accelarator and became active Mentor for StartUps of Physical Product Development and associated with many Incubation Centres e.g. iCreate, IIC - PDPU, GTU's GISC, Venture Studeo etc

Selected as a Speaker & Mentor in many Nodal Incubation centres and serving also as Jury member in Hackathons since 2016.
Conducted 60+ Additive Manufacturing (3DPrinter) programs sponsored by TEQIP, GUJCOST & DST since Aug'16 in many colleges/universities.
Setup total 10+ SATC centres across Gujarat successfully within just 2 year!
Setup new 3DPrinter Education brand in the region with 5 Network Centres and 5 Colleges/Universities.

About SOLIDWORKS - Dassault Systèmes!
•SOLIDWORKS is a world leader in 3D CAD solutions that help millions of engineers and designers succeed through innovation.
•Our products deliver an intuitive experience in product design, simulation, publishing, data management, and environmental impact assessment.
•Most of the reputed companies in the world like... Bosch, L&T, AP Racing, Babcock & Wilcox Company, Baker Ltd and almost 25 lacs company rely on SolidWorks Software for their design and engineering.

Aptech
20 years 9 months

Business Development Manager
December 2004 - January 2015 (10 years 2 months)
Mumbai Area, India

Achievements: Setup total 12 Arena Animation Network Centres in Gujarat and moved to Mumbai to represent West Zone.

Working as a Business Development Manager (Sales & Placement) for mainly Arena Animation, Aptech Computer Education, Aptech Hardware & Networking Academy (N-Power) and Aptech English Learning Academy brands for West Zone.

Earlier working as an Area Sales Head taking care of Sales for all brand centres across Gujarat Region mainly for Retail Educational Courses. Responsible for doing Annual Business Plan including Enquiry, Enrolments, Booking & Billing targets and ensure to achieve the same thru making weekly Direct Marketing activities, Advertisements, Seminars thru network centres.

Job also include increasing presence of all brands by opening new franchise network centres (expansion) and help in recruiting, train and motivating sales staff for day to day retailing at centres and achieving the set targets.

Regional System Administrator

May 2001 - November 2004 (3 years 7 months)

Worked as a Regional System Administrator and administering Web and Mail Server with Windows NT 4.0, IIS and MS-Proxy Server, etc. Also responsible for implemeting Manual to Computerised Systems using Centre Automation System (eCAS), Online Semester End Exam System (OSES) and Aptech Online Curriculum at all Aptech Network Centres of various brands.

During this time I also handled Software implementation of National Dairy Development Board (NDDB) and other corporate like Bajaj Auto Limited etc.

Regional Support Executive

May 1994 - April 2001 (7 years)

Worked as a Regional Support Executive where the job includes providing support to the Franchisee Centers of the Gujarat Region under which there are about 50+ centers of different brands such as Aptech Computer Education, Asset International, Arena Multimedia, etc., We are also maintaining a In-house system for the data management and analysis of the performance of Centers and students. I also initiated and visits centers for fairness of education and examination system time to time. As a part of the job conducting training programs of guidelines manuals related to center support for achieving quality standard of ISO 9001. Also responsible for implementation of ISO

manuals at Our Dept. and Centers. I was able to continuously giving valuable inputs to improve the quality of existing system.

Special Achievement: Got appreciation letter from CEO for suggesting new process.

Previous to May 1999: Nov 1994 to Apr 1999 (4 year(s) - 5 month(s))
As a Training Executive a started in Aptech Ltd and for first six months helping students understand the latest IT technology and even help them out in the practical sessions and mostly at the time of projects when they develop Information Systems such as Library Management, Payroll, Inventory, Banking, etc.

Later on worked as a Center System Administrator cum Faculty cum Group Leader (Course In charge). As a Center System Administrator taking care of all Software and Hardware related matters of Center with 75 plus computers. Also as a Group Leader responsible for course conduct of all batches under my group. And as a faculty I am taking classes and practical sessions for Course Curriculum batches as well as Corporate batches for Many Schools Teachers (e.g Navarachana International High School), Bank Employees (e.g BOB) and International clients (e.g Medtronic India Pvt. Ltd, ONGC, NTPC etc)

Name of Event :	Expert Lecture of Isometric View & Isometric Projection View
Date and Time of Event :	19/02/2018, 12:10 pm to 2:10 pm
Event coordinator :	**Mr. Sagar Chokshi & Mr. Zankhan Sonara**
Resource person details (if any):	**Prof. Rohit Bhatt**
Event for (UG/PG/PhD)	UG

Summary of the Event (Maximum 200 words): These expert talks are arranged to facilitate the students for the deep understanding of topic: isometric view. Rohit sir was invited for this talk because he is the expert of the subject engineering graphics and conducting this subject since last 18 years.

Learning objectives:-
Students are learned the following points through the expert talk.

1. The basics of isometric projection
2. Difference between isometric view and isometric projection view
3. Application of isometric drawing
4. 3D object visualization
5. Practice of isometric drawings (Solving the examples)

CHAMOS MATRUSANSTHA DEPARTMENT OF MECHANICAL ENGINEERING

REPORT

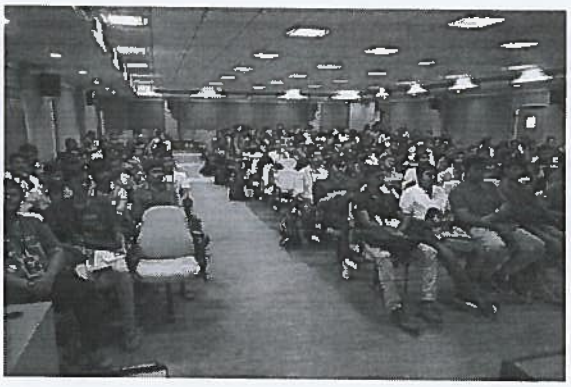

State level 2- Days workshop on "Know Your Vehicle"
5th & 6th April, 2018

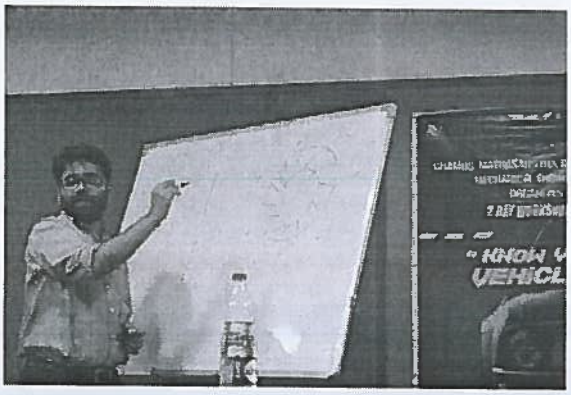

Department of mechanical engineering is always ready to serve the knowledge based on technical and with practical orientation, and after clustering many ideas we suggest to have a 2 day workshop on automobile basics and ease of maintenance of our own.

After having many talk and discussion we got confirmation from Mr. Shaan Varma, Entrepreneur of Carmate Tech Center and Design panel Judge of SAE BAJA, to share his knowledge with students. Total 139 students participated in the workshop which includes 119 from CSPIT, 1 from DEPSTAR, 10 from SPCE, Anand and 9 from KITE Institute, Anand.

On first day, 05/04/2018 of the workshop organized at RPCP Auditorium with strength of 138 students under the aegis of SAEINDIA Collegiate Club and hosted by Team Ojaswat, had a blessful presence of Dr. A.D.Patel, Principal, CSPIT and Dr. Vijay Chaudhary, HOD, ME, we inaugurated our workshop with Lamp Lightning and with blissful words from Respected Principal sir and HOD Sir.

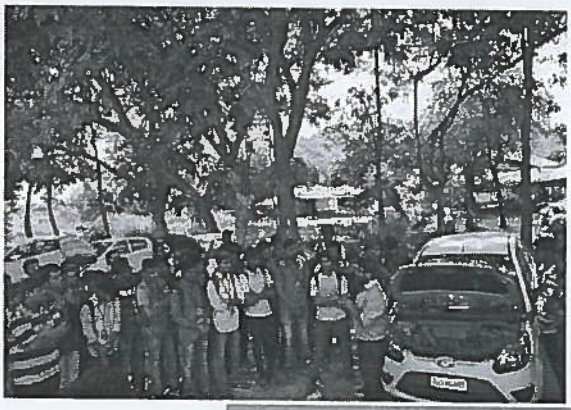

In the first half of this first day, with his theoretical hands on problem resolving techniques in routine with many automobiles learning like engine system, combustion system, and many more,

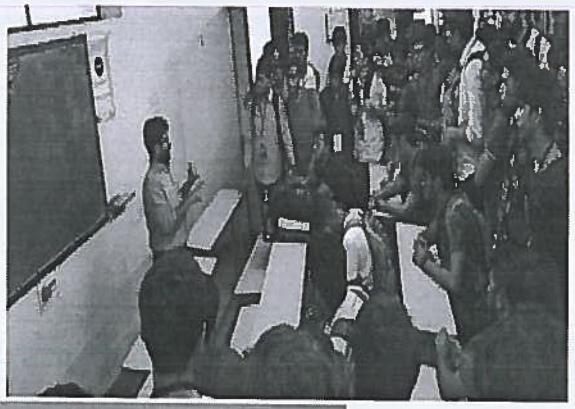

students having great enthusiasm to gain something practical hands on and so after lunch session we arranged practical hands on in IC Lab, Mechanical Department for greater understanding and fruitful result of the first session, and we completed that second session at 4:30 with eagerly eyes of students for the automobile knowledge.

On Second day, 06/04/2018 session started at 9:30 a.m. further having a knowledge gaining attitude in participants for automobile, Mr. Varma started his talk and as times reach for lunch students having much more knowledge about automobile transmission system, brake and clutch system and much more topic context of daily access in automobile. After lunch session, he further started a full automobile part inspection by opening the bonnet of five cars and give instruction to find difference of system placement is all cars by making five groups, 30 students in each. And that was beautiful practical hands on for the students to understand the real part assembly under the bonnet. And after students have a few technical questions and queries which they had and asked to Mr. Varma after this practical session and got satisfied answer from him. The programme ended with valedictory function.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

CHAMOS MATRUSANSTHA DEPARTMENT OF MECHANICLE ENGINEERING - CSPIT

ORGANIZES

2 DAY WORKSHOP ON

" KNOW YOUR VEHICLE "

5 & 6 APRIL 2018

UNDER THE AEGIS OF :

SAEINDIA COLLAGIATE CLUB

ORGANIZED BY :

GUJASWAT

GLIMPSES OF UNIVERSITY

CHARUTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY IS ESTABLISHED UNDER THE GUJARAT ACT NO. 8 OF 2009, GOVERNMENT OF GUJARAT. UNIVERSITY GRANTS COMMISSION HAS EMPOWERED CHARUSAT TO AWARD DEGREES UNDER SECTION 22 OF UGC ACT 1956. UNIVERSITY RECENTLY ACCREDITED WITH "A" BY NAAC, BANGALORE & IT IS ALSO ACCREDITED WITH "A" GRADE BY THE KNOWLEDGE CONSORTIUM OF GUJARAT (KCG), THE UNIVERSITY IS IDENTIFIED WITH CUTTING EDGE RESEARCH, ROBUST ACADEMIC PROGRAMS, QUALITY TEACHING LEARNING PROCESS AND OVER-ALL PERSONALITY DEVELOPMENT INTERVENTIONS OF ITS STUDENTS.

CHARUSAT CAMPUS PROVIDES REFRESHING ENVIRONMENT & STIMULATES INTELLECTUAL GROWTH AND CREATIVITY.

LIMPSES OF DEPARTMENT

THE CHAMOS MATRUSANSTHA DEPARTMENT OF MECHANICAL ENGINEERING OFFERS TWO PG PROGRAMS 1. COMPUTER AIDED DESIGN AND MANUFACTURING (CAD/CAM) AND 2. ADVANCED MANUFACTURING TECHNOLOGY (AMT) ALONG WITH UG AND PHD PROGRAMS. THE DEPARTMENT IS EQUIPPED WITH SOPHISTICATED LABORATORY EQUIPMENT IN AREAS LIKE TRIBOLOGY, REVERSE ENGINEERING, RAPID PROTOTYPING, UNCONVENTIONAL MACHINING, CONTROL & AUTOMATION, THIN-FILM TECHNOLOGY, COMPOSITES, METAL CASTINGS AND MACHINE SHOP ETC. DEPARTMENT IS FURNISHED WITH LICENSED SOFTWARES LIKE AUTODESK, ANSYS, ABAQUS, AUTOCAST, COMSOL MULTIPHYSICS, HYPERWORKS, MINITAB, LABVIEW AND XOR.

TEAM OJASWAT

THE TEAM FROM CHARUSAT UNIVERSITY CONSISTENTLY PARTICIPATING IN FORMULA STUDENT COMPETITIONS, WITH AN AIM TO GAIN VALUABLE AND IMMEASURABLE EXPERIENCE TO DESIGN AND FABRICATE A STUDENT FORMULA STYLE RACE CAR AS PER THE DESIGNATED RULES, MEETING THE FINANCIAL CONSTRAINTS ALONG WITH DELIVERING A STATE-OF-THE-ART PERFORMANCE. ACHIEVING 1ST IN ENDURANCE TEST IN SUPRA 2014, GO-GREEN AWARD FOR MOST EFFICIENT CAR IN SUPRA 2014, OVERALL 3RD RANK IN SUPRA 2014, 2ND RANK IN SKID-PAD EVENT IN SUPRA 2016 , OVERALL 5TH (1ST IN GUJARAT) RANK IN SUPRA 2016, RUNNERS UP IN FFS 2017 & WE ARE CHARGED TO MOVE ON...

RESOURCE PERSON

MR. SHAAN VARMA

FOUNDER OF CARMATE TECH CENTRE, ACTIVE MEMBER OF BAJA SAEIDIA ORGANIZING COMMITTEE. & JUDGING PANEL.

OBJECTIVES OF THE PROGRAM

- TO PROVIDE PLATFORM FOR STUDENTS BY IMPARTING THEORETICAL BACKGROUND WELL SUPPORTED BY PRACTICAL EXPOSURE WHICH LEAD TO ENHANCEMENT OF CORE UNDERSTANDING ABOUT BASIC AREAS OF AUTOMOTIVE FIELD.

CONTENTS OF THE PROGRAM

- *VEHICLE BASICS OF AUTOMOBILE*
- *POWERTRAIN,*
- *SUSPENSION SYSTEM*
- *STEERING*
- *BRAKES SYSTEMS*
- *VEHICLE INTEGRATION, CHASSIS AND ADVANCE TECHNOLOGIES*
- *DEMONSTRATION SESSION AND INTERACTION WITH EXPERT.*

EXPECTED OUTCOMES

PARTICIPANTS GAIN FIRST-HAND KNOWLEDGE OF THE RELEVANT SCIENCE, ENGINEERING AND APPLICATIONS IN THE FIELD OF AUTOMOBILE ENGINEERING.

EVERY PARTICIPANT WILL BE AWARDED WITH A CERTIFICATE.

FOR WHOM?

ALL UG/PG STUDENTS, INTERESTED IN THE FIELD OF AUTOMOBILE TECHNOLOGY.

HOW TO APPLY?

THE APPLICANTS ARE REQUIRED TO FILL GOOGLE APPLICATION FORM BY CLICKING THE LINK SENT BY MAIL OR BY SCANNING QR CODE. AND FINALLY DEPOSIT THE FEE TO THE PROGRAMME COORDINATORS.

Scan me

TOGETHER, WE TRANSFORM IDEAS INTO REALITY!

carmate
TECH CENTRE

INSTRUCTOR PROFILE

MR SHAAN VARMA

Shaan is a young entrepreneur and founder of CARMATE Tech Centre. He has been involved in training, coaching and consulting for more than 6 years with the intention of enhancing auto knowledge and passion of young minds. Prior to starting his own business, he has worked in Mahindra & Mahindra R&D for 3 years gathering grasp on various automobile dynamics. Shaan is also an approved NSDC trainer.

Shaan is an expert in Vehicle Integration, Testing & Validation, Vehicle Dynamics and Automotive Product Development. Academically, Shaan holds a Bachelor of Technology in Automobile Engineering from ADIT Vidhyanagar, Gujarat. He was involved in many national level projects, during his studies, which landed him at Mahindra. During his tenure at Mahindra, he has executed many live projects both off-shore and domestic.

He is an Organizing Committee Member of Mahindra BAJA SAEINDIA, India's largest undergraduate event. He is holding a post of Convener - Virtual BAJA SAEINDIA 2016 and is responsible for Static Event Evaluation at BAJA SAEINDIA. He is Lead Judge at various SAE Events and actively takes part in SAE International's social initiative A World in Motion [AWIM], He is also a Professional Member of SAEINDIA.

Shaan is a trained leader currently helping five automotive entrepreneurs to achieve their dreams. He is also one of the investors of two start-ups working in the field of green technology. Shaan has a vision, aligned with Prime Minister's Make in India and Startup India, to bring out young entrepreneurs in the country.

He is also the Chief Training Officer of Munitor Workskills, which aims to establish a state-of-the-art Skill Development Centre in the country in line with the Government's PMKVY Scheme.
He is a passionate driver and certified off-road racer. He has taken part in many national level races and also won few of them. He also trains students in Race Dynamics and gives tips for making racing strategies for various competitions.

Shaan says - If Automobile is my MOTHER then Training is my LOVE, Don't Judge me by my age, judge me on my passion.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT),
CHANGA – 388 421
Chandubhai S. Patel Institute of Technology
CHAMOS Matrusanstha Department of Mechanical Engineering

Event Report

Name of Event	:	Expert talk on "Energy Efficiency Opportunities in India & Role of Mechanical Engineer"
Date and Time of Event	:	07th April 2018, 10:10 PM– 12:10 PM
Event coordinator	:	Kamlesh Chauhan, Gajanan Patange
Resource person details (if any):		Mr. Rajan Shah, Product Manager, Forbes Marshall Pvt.Ltd. Ahmedabad
Event for (UG/PG/PhD)		UG

Sr. No.	Name of the resource person	Organization of resource person
1	Mr. Rajan Shah	Forbes Marshall Pvt.Ltd. Ahmedabad

Event Schedule:

Date	Time	Activity
07/04/2018	10:10 PM– 12:10 PM	Webinar

Summary of the Event (Maximum 200 words):

This talk Conducted by Mr. Rajan Shah, Product Manager, Forbes Marshall Pvt.Ltd. Ahmedabad.

Experts talk was organized to explore the various aspects of Energy Efficiency Opportunities in India & Role of Mechanical Engineer. During talk following topics were discussed

- Global Energy Scenario

- Energy Scenario in India
- Role of Energy Efficiency for Present & Future
- Energy Efficiency Segmentation (Transportation, Building & Industrial)
- Energy Efficiency possibilities in Industries (Thermal, Electrical etc.)
- Role of Thermal energy in industries
- Basics of Steam & Its application in industries
- Steam Network (Generation, Distribution, Utilization & Condensate Recovery)
- Boiler Basics - Selection Criteria
- Steam Distribution Designing
- Heat & Mass Balance - Calculation Basics for steam consumption
- Condensate Recovery System - Why it is required? / benefits / calculation basics

Role of Mechanical Engineers in Various Industries (Textile, Food & Beverages, Pharma, Tyre, Chemical) & Job Opportunities in various industries

Registration fee (if any): Nil.

No. of Participants:42 **List of Participants :(Find Enclosure):-**

RAJAN D. SHAH

Email: rajanshah.mba@gmail.com
(M) 09825010728

PROFILE SUMMERY

- An accomplished professional having more than 12 years of rich experience in Sales & Marketing in the area of industrial Product, Heavy machinery & Project business.
- Hands-on management experience across diverse environments, including products, projects, proposals & estimation, marketing management.
- Excellent interpersonal skills with capability to grasp new concepts quickly and utilize the same in the best possible productive manner.
- Technical Expertise: Energy Conservation, Boilers, Thermic Heaters, Steam Engineering, Energy Efficiency Proposals & Consultancy.

KEY SKILLS

Sales & Business Development	- Product Management	- Process Improvement
Techno-Commercial	- Customer Relationship	- Decision making

EDUCATION DETAILS

Certified Energy Auditor & Manager form Bureau of Energy Efficiency (B.E.E) in 2014 with 71% in DEC 2014

Post Graduate Diploma Business Management (PGDBM – Marketing) with 3.4 / 4.3 (GCPA) from Som-Lalit Inst. Of Management (July 2006 to APR 2008)

B.E. (MECHANICAL) from CIT, Changa (Gujarat University) with throughout distinction in all semesters **73%** (July 2001 to APR 2005)

ORGANISATIONAL EXPERIENCE

➢ **Forbes Marshall Pvt. Ltd.**

Designation: Product Manager (Team Lead – Sales & Marketing)
Tenure: OCT, 2019 to Current
Location: Ahmedabad
Forbes Marshall is in the field of Steam Engineering and Control Instrumentation with products like Boilers, Steam line Accessories, Pressure Vessels, Thermo-compressors, Steam Flow meters, Control Valves etc.

Job Profile:

- Managing team of 2 members for Sales & Marketing of Projects & OEM Vertical
- Responsible for Annual business target of 17 Cr. (Project + OEM)
- Looking after business of Oil/Gas/ Solid Fired Boiler from Process Industries

- Preparation of detailed Energy saving proposal for Fuel Shift, ROI for Boilers & steam accessories (Capital Investment)
- Preparing monthly Sales plan to achieve monthly & annual targets
- Offering specialized solutions by studying specific requirement of the plant.
- Techno commercial discussions and negotiations

➢ **Thermax Ltd. - Ahmedabad**

Designation: Dy. Manager (Sales & Marketing)
Tenure: SEP 2018 to SEP 2019
Location: Ahmedabad
Thermax is in the field Cooling & Heating Business, Water Treatment, Power generation

Job Profile:

- Responsible for 35 Cr. of direct annual business of Boilers, Heaters, Hot water generators etc. in Green field & Brown field Projects from Gujarat & M.P.
- Preparation of proposals along with technical details based on client and process requirement.
- Finalizing deals by getting involved in the techno commercial discussions and commercial negotiations
- Work Cross functionally with other business units – Pollution control, VAM, Water treatment etc.

➢ **Forbes Marshall Pvt. Ltd.**

Designation: Product Manager (Sales & Marketing)
Tenure: Feb, 2010 to SEP 2018
Location: Ahmedabad

Job Profile:

- Responsible for Annual business target of 12 Cr. (Project + OEM)
- Looking after business from Green Field Project form process industries (i.e. Textile, Pharma, Chemical, Food, Beverages and Tyre etc.) & OEM (Pharma, Textile & Food Machinery Manufacturers)
- Preparation of detailed Energy saving proposal along with payback period analysis for plant productivity and efficiency.
- Understanding the use of the steam in the various processes of the industry wise target OEM's and proposing the right capacity & product of Forbes Marshall

➢ **Godrej & Boyce Mfg. Co. Ltd.**

Designation: Sr. Executive - Marketing (Storage Solution Group)
Tenure: May, 2008 to OCT 2009
Location: Ahmedabad
About Godrej & Boyce: Godrej & Boyce is leading manufacturing company in the field of storage solution (Industrial racking) & material handling equipment

Job Profile:

- Formulating monthly sales plans, Achieving targets
- Business Development & Enquiry Generation from New customers & Key Accounts.
- Warehousing Products (Racking System) related solutions offering.
- Tracking, analyzing, and reporting on prospect lead status.
- Timely collection of payment from the Customers to the sale and ensuring that there are no overdue payments, account reconciliation & responsible for generating orders regularly.

ADDITIONAL INFORMATION

- Summer Internship (2007) in Suzlon Energy Ltd. Completed project on Power consumption analysis of Textile Industries
- Completed Diploma in Logistics & Shipping Management From A.M.A. in May 2009
- Got 1st prize in Safety slogan making completion in Godrej & Boyce
- Worked with ATE Marketing Pvt. Ltd. as a Service Engineer from Jan 2006 to June 2006 for Textile machines installation
- Completed Apprenticeship at AIA Engineering Ltd. – APR 2005 to DEC 2005

PERSONAL PROFILE

Name	: Rajan Shah
Date of Birth	: 11th June, 1984
Permanent Address	: B/14, Panchtirth Appt, Nr. Old Aradhana School, Maninagar, Ahmedabad - 380008

Event Report

Name of Event	:	Workshop on "Applications of Modern Survey Instruments"
Date and Time of Event	:	09th September 2017, 9:15 AM – 4:20 PM
Event coordinator	:	Prakash Dabhi, Saraswati Pathariya, Jaydeep Desai, Sandip Valand
Resource person details (if any):		Mr. Yasin Vohra, Sr. Surveyor Consultant (Expert) and Mr Jay Bhavsar, Asst. Professor Civil Engineering Department, CSPIT.

Sr. No.	Name of the resource person	Organization of resource person
1	Mr. Yasni Vohra	Yasin Vohra Consultancy

Event Schedule:

Date	Time	Activity
09/09/2017	9:15 AM – 4:20 PM	Workshop

Summary of the Event (Maximum 200 words):

In conventional surveying, chain and tape are used for making linear measurements while compass and ordinary theodolites are used for making angular measurements. Leveling work is carried out using a Dumpy level and a leveling staff. With such surveying instruments, survey work will be slow and

tedious.

Hence modern surveying instruments are becoming more popular and they are gradually replacing old surveying instruments such as compass and Dumpy level. With modern surveying instruments (i.e. Total Station), survey work will be precise, faster and less tedious. Mr. Jay Bhavsar had delivered the lecture, familiarizing students to various modern survey instruments and cleared the concept of basic principle & operations on total station for the second year students. Mr. Yasni Vohra, Sr. Surveyor Consultant who has a wide experience in the field of surveying helped the students to carry out the practical hand on session with total station.

Registration fee (if any): 50 Rs.

No. of Participants: 51

List of Participants: **(Find Enclosure)**

Amount sanctioned by CSPIT/CHARUSAT:

Accounts details:

Report on One Day Work shop

"Recent Advances in Structural Engineering"

September 23, 2017

M. S. Patel Department of Civil Engineering
Chandubhai S.Patel Institute of Technology, CHARUSAT

Introduction:

M.S.Patel Department of Civil Engineering organized one day workshop on "Recent Advances in Structural Engineering" for M.Tech semester – 1 students for awareness towards role of structural engineering and enhancement for advanced methodology for structural analysis and effective approach of realistic solution using software. Total 24students and 8 faculty members were participated in workshop. Details of the workshop are as per following:

Industries Experts:

1) Mr. Satish Jethwani Business Development Partner & Training Head EZ Structure Consulting Engineers Vadodara	2) Mr. Sachin V. Vispute Principal Engineer Linde Engineering India Pvt. Ltd. Vadodara	3) Mr. Mihir Pandya Principal Engineer Linde Engineering India Pvt. Ltd. Vadodara

Convener : Dr. V. R. Panchal

Coordinators : Mr. Nirpex Patel
Mr. Ankit Wankawala
Mr. Dhaval Patel
Mr. Mohammad Jinyawala

Place: M. S. Patel Civil Engineering Department, CSPIT, CHARUSAT

Objectives of Workshop:

1. Role of Civil Engineer & Structural Engineer
2. Classification of types of support
3. STAAD.Pro software Introduction
4. Demonstration of Modeling, Analysis & Design Using STAAD.Pro
5. Direct Analysis Method – New approach for structural analysis
6. Introduction about Various projects carried out by Linde Engineering.
7. Basic Concepts about civil Engineering

Detail Schedule:

Date	Time	Session
23th September 2017	10:00 AM to 12:00 PM	**Mr. Satish Jethwani** - Execution of realistic condition and design using STAAD.Pro
	12:00 PM to 1:00 PM	Visit Manufacturing Plant
	1:00 PM to 3:00 PM	Visit Raw Material Yard & Construction Shed

List of Faculty Members Attended Workshop (23/09/2017)		
Sr No.	**Name**	**Designation**
1	Ms. Pinal Patel	Assistant Professor
2	Ms. Neha Chauhan	Assistant Professor
3	Ms. Dipali Patel	Assistant Professor
4	Mr. Vipul Vyas	Assistant Professor
5	Mr. Devang Patel	Assistant Professor
6	Ms. Gargi Ray	Assistant Professor
7	Mr. Gaurav Kapse	Assistant Professor
8	Mr. Jay Bhavsar	Assistant Professor

EQUAL OPPORTUNITY CELL

Event Report

Name of Department : M.S.Patel Department of Civil Engineering **Name of Event** : One Day Workshop on "Road Safety & First Aid" **Date and Time of Event** : 10th March 2018, 10:00 a.m. to 4:15 p.m.

Event coordinator : Kanchal Dave, Saraswati Pathariya

Resource person details :

Sr. No.	Name of the resource person	Organization of resource person
1	Mr. Ravi Thakkar, Ms. Isha Popat, Mr. Sudhichan Mehta	Life Line Foundation, Vadodara.

Summary of the Event:

One day workshop on " Road Safety & First Aid" for the students & faculties of its different institute under the Equal Opportunity Cell of M. S Patel Department of Civil Engineering was organized. The workshop was conducted by the Lifeline Foundation, Baroda headed by Padmshri Dr. Subroto Das.

During the workshop the team of trainers from Lifeline foundation has given hands-on training and theoretical background of first aid in different emergency conditions. Various techniques of Vital signs, TRIAGE, CPR, head injury, and wound & bleeding treatments were discussed and demonstrated and practical sessions were conducted on mannequin. Dr. AD Patel, Principal of Engineering College has inaugurated the function and while expressing his wishes to the program mentioned the need of such program for the future engineers and the society.

Event Schedule:

Time	Venue	Particulars
9:30 AM to 10:00 AM	RPCP Auditorium	Registration and Refreshment
10:00 AM to 10:30 AM	RPCP Auditorium	Inaugural Function
10:30 AM to 12:30 PM	RPCP Auditorium	Session-I Expert Talk
12:30 PM to 1:30 PM		Break
1:30 PM to 4:00 PM	RPCP Auditorium	Session-II Hands on Session for First-Aid on mannequin
4:00 PM to 4:15 PM	RPCP Auditorium	Valedictory Function

Registration fee (if any): NIL

No. of Participants: 46

List of Participants:

Sr. No.	Name of participant	ID No.

Programme Report

1. Title of the Programme:	:	"Finite Element Method and Applications in Civil Engineering"
2. Category: (Seminar/Symposium/Workshop/STTP/Conference/etc.)	:	STTP
3. Date/s and Duration:	:	04-09 June, 2018 (6 days)
4. Venue:	:	EE/EC Seminar hall Electrical Department, CSPIT, CHARUSAT, CHANGA.
5. Dignitary/s present at inaugural function: (i) Name (ii) Designation (iii) Name of institute (iv) Contact details	:	Annexure - I
6. Invited speaker / Expert: (i) Name (ii) Designation (iii) Name of institute (iv) Contact details (v) Topic of lecture (vi) Lecture / presentation notes	:	Annexure - II
7. Total no. of participants (provide full list with name, address, institutions and contact numbers)	:	51 Participants (Annexure – III)
8. Program summary (200 words). Technical brochure / leaflet (attached)	:	The Department of Civil Engineering at CSPIT, CHARUSAT organized a Six Day Short Term Training Programme on **"Finite Element Method and Applications in Civil Engineering",** from June 4 - 9, 2018. The STTP was organized for understanding the basics of FEM, step-by-step procedure to handle 1D, 2D and 3D problems, advanced techniques used in FEM, recent developments along with the applicability of FEM in Civil Engineering. For that we have invited well known professors having vast knowledge in this FEM field from reputed institute of India. This programme has particularly benefitted 51 participants mainly consisting of faculty members from technical institutions & Postgraduate students. The STTP was inaugurated on June 4, 2018 by the chief Guest Mr. Apurva N. Parikh, Director, Multi Media Consultants Pvt. Ltd., Ahmedabad. The inaugural function ended with the vote of thanks and National anthem. After this inaugural function the technical sessions were conducted by all the invited experts in the

six days as per the schedule of this programme. This programme is also having hands-on sessions for the participants for better understanding.

Dr. V. R. Panchal, the HOD Civil Engineering Department concluded with the highlights of the various sessions of STTP. The Certificates were presented to all participants of the STTP and the valedictory function ended with vote of thanks on June 9, 2018.

At the end of this programme, the participants were in a position to identify and select appropriate FEM methodologies for their special conditions. Overall the STTP was a grand success.

9. Final Statement of Income and Expenditure : Annexure - IV
10. Utilization Certificate with signature and Seal of the Head of the institute : Annexure - V

13. Press Release / Media Report, if any : As part of its continuing activity of knowledge dissemination, the Charotar University of Science & Technology CHARUSAT), Changa, District Anand, Gujarat hosted a six days Short Term Training Program (STTP) on “Finite Element Method and Applications in Civil Engineering” during June 4-9, 2018.

    The program was organised by the M. S. Patel, Department of Civil Engineering, Chandubhai S. Patel Institute of Technology, a constituent institute of CHARUSAT. The primary focus of the STTP was to train faculty members from technical institutions, research scholars, post graduate students and professionals working in industries and government organizations. The program was attended by more than 50 participants from various institutions of Gujarat.

    An eminent panel of experts drawn from reputed institutions like Indian Institute of Technology, Mumbai, Dharmsinh Desai University, Nadiad, Navrachana University, Vadodara, Pandit Deendayal Petroleum

University, Gandhinagar and Veermata Jijabai Technological Institute, Mumbai conducted the various training sessions.

In the inaugural function, Dr. Pankaj Joshi, Provost, CHARUSAT while acclaiming the theme of the STTP mentioned that by taking finite steps, CHARUSAT can be made into a world class university in future.

The Chief Guest, Mr. Apurva N. Parikh, Director, Multi Media Consultants Pvt. Ltd., Ahmedabad, stressed upon the importance of Finite Element Method and its applications in analysis of various structures.

The Principal, Dr. A. D. Patel welcomed dignitaries and participants and Dr. V. R. Panchal, Head, Civil Engineering Department, proposed a vote of thanks.

Provost, Chief Guest and Principal wished the STTP a grand success.

Annexure – I

Name of Dignitary/s present at inaugural function

Sr. No.	Name	Designation	Name of institute	Contact details
1	Mr. Apurva N. Parikh	Director	Multi Media Consultants Pvt. Ltd., Ahmedabad	Email: apurva@mmcpl.co.in Contact (o): 079-26423671
2	Dr. Pankaj Joshi	Provost	Charotar University of Science & Technology (CHARUSAT), Changa.	
3	Dr. A. D. Patel	Principal	Chandubhai S Patel Institute of Technology, CHARUSAT, Changa.	Email: adpatel.cspit@charusat.ac.in Contact (o): 02697-247500
4	Dr. V. R. Panchal	Head of Department (Civil Engineering)	Chandubhai S Patel Institute of Technology, CHARUSAT, Changa.	Email: vijaypanchal.cv@charusat.ac.in Contact: 09979046204

Annexure – II

Name of Invited speaker / Expert

Sr. No.	Name	Designation	Name of institute	Contact details	Topics Covered
1	Dr. Yogesh M. Desai	Professor (Department of Civil Engineering)	IIT Bombay	Email: desai@iitb.ac.in Contact: 022 576 7333	• Overview of FEM, 1D FEM • Error Estimation and Convergence • 2D Stress Analysis using FEM, CST • Iso-parametric Formulation • Numerical Integration • Conditions of Symmetry and Anti-Symmetry
2	Dr. A. N. Bambole	Professor and Head Department of Structural Engineering	Veermata Jijabai Technological Institute, Mumbai.	Email: anbambole@st.vjti.ac.in Contact: 022 24198248	• Theory of plate bending • Finite Element formulation for Plate Bending Problems • Fundamentals of Shell analysis
3	Dr. Dhananjay H. R.	Associate Professor Civil, School of Technology	Pandit Deendayal Petroleum University, Gandhinagar	Email: djaya_hr@yahoo.com Contact: +91-8050801248	• Introduction to Alternate Finite Element Method and its basic Theory • Kirchhoff theory-based plate bending finite elements using alternate FEM • Higher order plate bending finite elements for thin and thick plates using alternate FEM
4	Dr. Payal Desai	Associate Professor Civil Engineering, SET	Navrachana University, Vadodara	Email: payald@nuv.ac.in Contact: +91-9426779473	• Weighted residual approach in Finite elements: One dimensional axially loaded bar problem • Finite element procedures: Forming element stiffness, assembling of K matrix, method of solution, Transformation of Stiffness matrix (Explanation through

					1D problems) • Finite elements for beam bending problems: C1 formulation • Finite elements for beam bending problems: C0 formulation
5	Dr. Kedar Pathak	Associate Professor Mechanical Engineering, SET	Navrachana University, Vadodara	Email: kedarp@nuv.ac.in Contact: +91-8141128699	• Relevant background of PDEs • Polynomial reconstruction that forms the basis for more general functions in FEM • Dealing non-linearity in FEM • Realistic applications from solid and fluid mechanics
6	Shree K. N. Sheth	Professor and Head Department of Civil Engineering,	Dharamsinh Desai University, Nadiad.	Email: hod.cl@ddu.ac.in Contact:	• Concept & Development of FEM for Solid Mechanics • Mathematical Extension to other Engineering Branches • FEM problem formulation & steps, compatibility & convergence • Sample Applications, Limitations & Cautions

Annexure-IV

Final Statement of Income and Expenditure

Sr. No.	Details	Amount (Rs.)
Income		
1.	Registration by participants	1,02,000.00/-
2.	Sponsorships for STTP	45,900.00/-
3.	Sponsorship from GUJCOST	40,000/-
Total (Rupees One Lakh Eighty-Seven Thousand Nine Hundred Only)		**1,87,900.00/-**
Expenses		
3.	Honorarium given to the experts	35,000.00/-
4.	Travel and Accommodation	49,777.00/-
5.	Registration kit	20,810.00/-
6.	Lunch, Breakfast & Tea for participants	59,357.00/-
7.	Stationary, Printing and Memento	13,059.00/-
8.	Miscellaneous	3051.00/-
Total (Rupees One Lakh Eighty-One Thousand Fifty-Four Only)		**1,81,054.00/-**

Annexure - V

UTILIZATION CERTIFICATE (Year 2018-19)

(TO BE SENT IN 2 COPIES)

For the financial year (1st April to 31st March in every financial year)

1.	Title of the Project / Scheme	:	Six Days Short Term Training Programme on **"Finite Element Method and Applications in Civil Engineering"**
2.	Name of the Institution/ Organization	:	M. S. Patel Department of Civil Engineering, CSPIT, CHARUSAT.
3.	Principal Investigator	:	Dr. V. R. Panchal
4.	**GUJCOST** Sanction Order No & Date of sanctioning the project	:	**Order No:** 1847/2018-19/235 **Date:** 27th August, 2018
5.	Amount brought forward from the previous financial year. **GUJCOST** letter no and date on which the authority to carry forward the said amount was given.	:	NA
6.	Amount received from **GUJCOST** during the Financial year 2018-19 (sanction order No. & date as per Sr No. 4)	:	Rs. 40,000/-
7.	Total amount that was available for expenditure incurred during the financial year (Sr. 5+6)	:	Rs. 40,000/-
8.	Actual Expenditure Incurred during the financial year (up to 31st March)	:	Rs. 40,000/-
9.	Balance amount available at the end of a financial year (upto 31st March) (Sr. 7 - 8)	:	NA
10.	Unspent balance refunded, if any (please give details of chq no. & Chq Dt., with Forwarding letter no. & Ltr dt.)		NA
11.	Amount allowed to be carried forward to the next financial year (if applicable)	:	NA

Certified that the expenditure of Rs. **40,000/-** (Rupees **Forty Thousand Only**) mentioned against column 8 was actually incurred for Six Days Short Term Training Programme on **"Finite Element Method and Applications in Civil Engineering"** centre for the purpose for which it was sanctioned.

Event Report

Name of Event	:	Certificate course on STAAD Pro. and ETABS
Date and Time of Event	:	11th May 2018 to 17st May 2018
Event coordinator	:	Dipali Patel & Mohammad H. Jinyawala
Resource person details (if any):		Dipali Patel & Mohammad H. Jinyawala

Sr. No.	Name of the resource person	Organization of resource person
1	Dipali Patel	CHARUSAT
2	Mohammad H. Jinyawala	CHARUSAT

Event Schedule:

Date	Time	Activity
11/05/2018 – 17/05/2018	9:00 to 04:30	Hands on training on software

Summary of the Event (Maximum 200 words):

A six days software certificate course on STAAD.Pro and ETABS was organized by M. S. Patel Department of Civil Engineering, CSPIT, CHARUSAT from 11th May to 17th May 2018. Civil engineering is an extensive field where number of companies are working in different areas like planning, designing, construction,

management etc. Software skills are highly sought after skills in the industry today. The main objective of the workshop was to make the students aware about the advanced technology being used in civil engineering field and thus fill the gap between industrial demand and the academic supply.

The topics like modelling of beam, plane frame, space frame and Industrial building were explained with the application of primary loads and secondary loads including Earthquake load and wind load. Also the design of steel structures and RCC structure were explained in detail. The students gained the skill of modeling, analyzing and designing the structures with the help of softwares.

Registration fee (if any): Rs. 3000

No. of Entries: 12

List of Participants: **(Find Enclosure)**

Amount sanctioned by CSPIT/CHARUSAT: Nil

Overall impact of workshop: Very Good

Coordinator Sign: Dipali Patel

Report on Certificate Course

"Finite Element Simulation"
with hands on practice using software (Abaqus/CAE & ANSYS)

March 12-17, 2018

M. S. Patel Department of Civil Engineering
Chandubhai S.Patel Institute of Technology, CHARUSAT

Introduction:

Six day Certification Course - "Finite Element Simulation" with hands on software training (Abaqus/CAE & ANSYS) for B.Tech & M.Tech students of civil, mechanical & structural engineering discipline from various Institutes & Universities carried out by civil & mechanical engineering department. Total 14 participants are participated in this certificate course.

Objectives of the programme:

- To apply the Finite Element Method for solving basic problems related to spring analysis, stress analysis, strain, Fluid flow etc.
- To explore how to use APDL, ANSYS workbench and Abaqus tools to solve Engineering problems.
- Appropriate application of Finite Element Technique to simulate the object as per its application of usage.
- To understand pre-failure behavior of the object developed using simulation softwares.

Outline of Contents:

- Basics of FEM
- APDL Tool
- ABAQUS Tool
- ANSYS Workbench
- Hands on practice
- CDP
- Assembly & Job Creation
- Material Properties (Non-linear)
- Multiple Functions
- 1-D, 2-D & 3-D Problems
- Meshing Effectiveness
- Symmetrical Problems
- All Types of Elements
- Quasi-static Solutions
- Interpretation of Results

Experts:

1) **Mr. Nirpex Patel, Assistant Professor, Department of Civil Engineering, CSPIT, CHARUSAT**
2) **Dr. Dattatraya Subhedar, Asst Prof, Department of Mechanical Engineering, CSPIT, CHARUSAT**
3) **Mr. Dipal Patel, Asst Prof, Department of Mechanical Engineering, CSPIT, CHARUSAT**

List of Participants:

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)

UNIVERSITY INDUSTRY INTERACTION CELL (UIIC)

A Report on "Second Gala Industry Academia Meet-2017"

CHARUSAT fosters an aspiration of being a World Class University. It strives, initially, to be in the league of Top 20 Universities at National Level. As a step towards being a World Charotar University of Science and Technology (CHARUSAT), CHARUSAT has instituted a dedicated dais called University Industry Interaction Cell (UIIC). CHARUSAT-UIIC strives to systematize and catalyze the various joint activities between Industry and the University.

Keeping in mind the prime objective bringing together members of Scientific as well as Managements of various industries including a few leading entrepreneurs who could interact with the faculty members of CHARUSAT for trying to solve the Industry problems in the consultation with our faculties as well as the students who aspiring to join industry for their professional career, Second Gala Industry Academia Meet-2017 was organized by 'UIIC-CHARUSAT' in collaboration with Gujarat Council of Science and Technology (GUJCOST), Aimil India and Incredible AM Pvt. Ltd. An Industrial Metal Powders (India) Pvt. Ltd. venture on 11th October, 2017 at CHARUSAT Campus. Mr. Prakash Dhokha, M.D. Industrial Metal Power Pvt. Ltd. and Dr. S. B. Dangayach Sir M. D.,Sintex Industries Limited as the Chief Guest. The meet was graced by Shri Nitin Shukla MD & CEO, Hajira LNG Pvt. Ltd., Mr. Rajesh Sinha, HR Head, TBEA and Mr. Rajesh Bhatt, Technical Director, Steelfur System Pvt. Ltd. The meet was organized under the guidance of Shri. Ashok Patel, Advisor, CHARUSAT.

With a slogan, "Showcasing Capabilities of Industrial Collaborations", the meet was attended by top executives of 65 various Industries such as Aimil India, ***TCS, Collabera, GESIA, iGATE, eInfochips, Elitecore, Cyberoam, L&T Technology Services Limited,*** Industrial Metal Powders (India) Pvt Ltd,***Packaging Solutions, Royal Techosoft Pvt. Ltd., Steelfur System Pvt. Ltd., Lubgraf Synoils Pvt. Ltd., Infostretch Coporation I PL., Plasma and Vaccume Technologies Rise Elevators, ABB Ltd., Jyoti Switchgears, GAIL India Ltd., Transformers & Rectifiers (I) Ltd., Electrotherm India Pvt. Ltd., Ingersoll Rand, Horizon Microtech, KHS Machinery, Schneider Electric, Alstom, Polycab Wires Ltd, GEA Process Engineering, Essar Ltd., Hitachi Systems Microclinic Pvt. Ltd., PRL, InfoStretch Corporation (India) Pvt. Ltd., BISAG, Tech Mahidra. Major Organization and Associations like Federation of Gujarat Industries (FGI), Vadodara Chamber of Commerce & Industries (VCCI), Gujarat Electronics & Software Industries Association (GESIA) and many more participated in this event.*** More than 250 Industries were approached by UIIC for the meet and as a result of that 65companies have given the confirmation and 105 company executives have attended the meet.

Total 41 Major Research Project displayed in Exhibition, some of there are: prototype development of switch-sync simulator demo kit abb, switzerland; comparative study of bat and flower pollination optimization algorithmsin highly stressed large power system, hardwre implementation of static var compnesator, network enabled online casting simulation system, time-varying performance evaluation

of boundary mould elements (feed-aids) for effective application of cad and simulation technologies in indian foundries, tribological and wettability studies of nanostructured thin films synthesized by magnetron sputtering, designing and manufacturing a student formula 3 racing car, smart agro box-the future of agriculture, digital cinema watermarking for piracy deterrence, smart home – web based home automation system, wi-fi enabled biometric attendance system, soil moisture sensing based alarm system, evaluation of multicomponent *ayurveda* formulation - ashwagandhadi lehya, development and validation of stability indicating chromatographic methods (accelerated and real time stability study) for identification of some herbal formulations used in cns disorder, custom designed magnetorheological fluid for damper application , novel reactive supra dyes, xylanase for deinking of old newspaper pulps and many more.

'UII-Cell' has been established at CHARUSAT University with manifold aims. The primary aim is to design the curriculum in accordance with the demand of the industry. The other important aim is to provide platform to the students, Faculty Members and Industry People for exchange of ideas and information. It is important to mention here that in this year's Meet more than 100 in-house projects by student were showcased among them are Model Aircraft, Multifunctional Robot, Racing Car, and Thermoelectric Refrigerator etc. It is expected that this will motivate the students for new inventions. The exhibition was followed by a panel discussion for exchange of ideas among experts, faculty members and students. Several visiting companies were impressed by the projects and also conducted a meeting with faculty members of respective department for further discussion regarding their problems.

The UII- Cell serves as the single point of contact for industry related activities at CHARUSAT. The cell facilitates exchange of ideas amongst students, faculty, and the industry. By interfacing with the Industry for Guest Lectures, Leadership Talks, Competitions, Scholarships and Business conclaves, UIIC serves as the channel between Institutes and the corporate.

Workshop Schedule

3rd July, 2017, Venue: CE/IT Seminar Hall OR CMPICA Auditorium	
Time	Topic
9:10 to 11:10	Interaction/Expert Session for Staff: Smart Environments in IoT
12:10 to 2:10	Discussion on IoT applications
2:30 to 4:20	Discussion related to research in IoT
4th July, 2017	
9:10 to 11:10	Interaction/Expert Session for Staff: Fog computing, edge-centric computing, Internet edge intelligence
12:10 to 2:10	Discussion on Fog Computing Applications
2:30 to 4:20	Discussion related to research in Fog Computing
5th July, 2017	
9:10 to 11:10	Interaction/Expert Session for PG and UG Students: Smart Environments in IoT
12:10 to 2:10	Discussion on IoT projects for students
2:30 to 4:20	Discussion related to research in IoT
6th July, 2017	
9:10 to 11:10	Interaction/Expert Session for PG and UG Students: Fog computing, edge-centric computing, Internet edge intelligence
12:10 to 2:10	Discussion on projects related to Fog Computing for students
2:30 to 4:20	Discussion related to research in Fog Computing
7th July, 2017	
9:10 to 11:10	Interaction/Expert Session for Staff: Recommender systems in IoT
12:10 to 2:10	Analysis of Recommendation Systems for Internet of Things
2:30 to 4:20	Discussion related to research in IoT based Recommender Systems
8th July, 2017	
9:10 to 11:10	Interaction/Expert Session for Staff: Modeling for IoT-enabled systems
12:10 to 2:10	Survey and analysis of Modeling for IoT-enabled systems
2:30 to 4:20	Discussion related to research in Smart Museum

Expert Introduction

Name: **DMITRY KORZUN**

Institution	Petrozavodsk State University
From / To	1993 – 1997
Degree(s) or Diploma	B.Sc. in Applied Mathematics and Computer Science with distinction at 1997, Honours Diploma. Title of the thesis: *Language for Network Data Traffic Filtering and Processing*

Institution	Petrozavodsk State University
From / To	1997–1999
Degree(s) or Diploma	M.Sc. in Applied Mathematics and Computer Science with distinction at 1999, Honours Diploma. Title of the thesis: *TCPconan — a System with Flexible Management of TCP Connections Data Processing*

Institution	Petrozavodsk State University, Saint-Petersburg State University
From / To	1999-2002
Degree(s) or Diploma	Ph.D in Physics and Mathematics, specialization area: Mathematical Modelling, Numerical Methods and Software Systems with defence at 2002, Saint-Petersburg State University, Council D-212.232.50 on defences for Doctors of Science in Faculty of Applied Mathematics and Control Processes. Advisor: Dr. Y. A. Bogoyavlenskiy (PetrSU). Opponents: Prof. I. L Bratchikov (Saint-Petersburg State

	University), A. A. Makarov (Moscow State University). PhD Thesis: *Syntactic Algorithms for Solving Nonnegative Linear Diophantine Equations and their Application for Modelling of Internet Link Workload Structure.* Department of Computer Science, Petrozavodsk State University, 2002. 185p

Institution	Petrozavodsk State University
From / To	2002-2007
Degree(s) or Diploma	Scientific degree of Docent at Department of Computer Science and Mathematical Software by order no. 1818/898-д 18.06.2007 of Federal Department of Control in Education and Science, Russian Federation.

Institution	Helsinki Institute for Information Technology and Department of Computer Science and Engineering, Aalto University
From / To	2005-2014
	Research Scientist at Networking Research group. Projects: InfraHIP, TrustInet, NordicHIP, HUAWEI, SemoHealth, Internet of Things

Years within Organisations:

- Department of Computer Science, Petrozavodsk State University (PetrSU), Russia (Sep. 1993–ongoing), currently as Adjunct Professor
- Helsinki Institute for Information Technology (HIIT) and Department of Computer Science and Engineering (CSE), Aalto University, Finland (Jan. 2005–ongoing), currently as Senior Researcher
- Faculty of Mathematics, Petrozavodsk State University (PetrSU), Russia (Mar. 2013 - ongoing), Vide-Dean for Research
- Department of Computer Science, Petrozavodsk State University (PetrSU), Russia (Jan. 2014–ongoing), Principal Scientist

Key research topics:

– Modelling, algorithms, and experiments for
  - Routing in structured peer-to-peer systems
  - Ranking methods in peer-to-peer systems
  - Perfomance analysis and capacity planning of distributed systems
– Discrete methods in mathematical modeling and analysis of distributed systems and network traffic. Ontological modeling.
– Smart Spaces for future Internet applications, ubiqutous computing, Internet of Things.

- Algorithms for solving systems of linear Diophantine equations (nonnegative solutions), mainly novel syntactic methods.
- Applications of formal grammars and Diophantine analysis.
- Software Engineering (education, distributed development, mobile applications, multi-agent architectures, proactive services, Smart-M3 platform).

Technical Program Committee:

- Annual International Workshop on Advances in Methods of Information and Communication Technology (AMICT, former name is Finnish Data Processing Week at Petrozavodsk State University, FDPW; http://www.cs.karelia.ru/fdpw/index.php.en), 2001 - ongoing
- Conference of Open Innovations Association FRUCT (http://fruct.org/), 2010 - ongoing
- Conference on Internet of Things and Smart Spaces (ruSMART, http://rusmart.e-werest.org), 2011 - ongoing
- International Congress on Ultra-Modern Telecommunications and Control Systems (ICUMT, http://www.icumt.info/), 2010 - ongoing
- International Conference on Mobile Ubiquitous Computing, Systems, Services and Technologies (UBICOMM, http://www.iaria.org/conferences/UBICOMM.html), 2011-ongoing.
- IEEE International Conference on Communications (ICC). Second IEEE International Workshop on Smart Communication Protocols and Algorithms (SCPA), 2012, 2013.
- The International Baltic Conference on Databases and Information Systems (DB&IS, http://www.dbis.lu.lv/), 2016 - ongoing.
- The International Conference on Advances in Information Technology (IAIT, http://www.iait-conf.org/2016/com.html), 2016 - ongoing.
- The International Conference on Big Data and Internet of Thing (BDIOT, http://bdiot.org/), 2017 - ongoing.

Advisory Board:

- Open Innovations Association FRUCT (http://fruct.org/), 2009-ongoing

Editorial board (reviewer/editor):

- The International Journal of Embedded and Real-Time Communication Systems (IJERTCS, http://www.igi-global.com/journal/international-journal-embedded-real-time/1162), 2016 - ongoing. Associate Editor.
- International Journal On Advances in Internet Technology (by IARIA, http://www.iariajournals.org/internet_technology/index.html), 2012 - ongoing.
- Baltic Journal of Modern Computing (BJMC, http://www.bjmc.lu.lv/), 2015 - ongoing.

- Journal "SPIIRAS Proceedings" (http://www.proceedings.spiiras.nw.ru/), 2014 - ongoing.
- Journal of Theoretical and Applied Computer Science (JTACS, http://www.jtacs.org/), 2013, 2016.
- International Journal of Intelligent Engineering and Systems (IJIES, http://www.inass.org/publications.html), 2016 - ongoing
- Journal on Selected Topics in Nano Electronics and Computing (http://jstnec.petrsu.ru/), 2013 - ongoing.
- International Journal of Machine Learning and Cybernetics (IJMLC, http://link.springer.com/journal/13042), 2015 - ongoing.
- Computer Networks: The International Journal of Computer and Telecommunications Networking (COMNET, http://www.journals.elsevier.com/computer-networks), 2015 - ongoing.
- The IEEE Internet of Things Journal (IoT-J, http://iot-journal.weebly.com/), 2014 - ongoing.
- Journal of Network and Computer Applications (JNCA, https://www.journals.elsevier.com/journal-of-network-and-computer-applications/), 2016 - ongoing.
- Future Generation Computer Systems (FGCS, https://www.journals.elsevier.com/future-generation-computer-systems/), 2016 - ongoing.

Expert Communities:

- Expert of Russian Academy of Science, 2016 - ongoing.

Awards:

- Awarded paper at the Fourth International Conference on Mobile Ubiquitous Computing, Systems, Services and Technologies (UBICOMM 2010), October 25 - 30, 2010 - Florence, Italy:
  Generating Modest High-Level Ontology Libraries for Smart-M3
  by Dmitry Korzun, Alexandr Lomov, Pavel Vanag, Jukka Honkola, Sergey Balandin
  http://www.iaria.org/conferences2010/AwardsUBICOMM10.html
- Best Talk Award of Congress on Intellectual System and Information Technologies (September 2011, Divnomorskoe, Russia) for the paper:
  Overview of Smart-M3 principles for application development
  by D.G. Korzun, S.I. Balandin, V. Luukkala, P. Liuha, A.V. Gurtov.

DAY-WISE INTERACTION POINTS

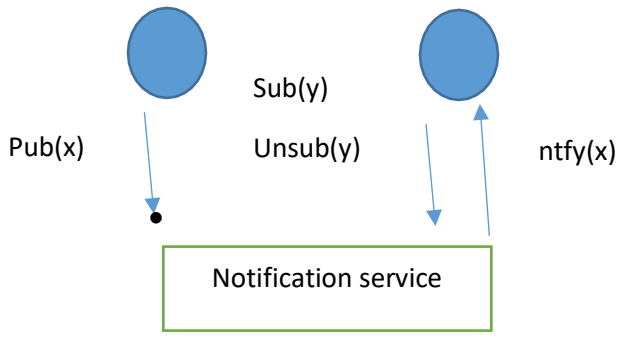

Following were the points Dr. Dmitry has discussed with approx. 55 faculty members and students:

IoT Day-1

- Paradigm for large scale Internet based systems include:
  1) **Publishers** , they generate content which is feed to subscribers (asynchronous send data to subscribers)
  2) **Subscribers**, specify content of interest (register their interest using infrastructure)
  3) **Infrastructure**, the system of interaction between publishers and subscribers
- Publishers i.e. they do not bother about who updates the content do not directly target subscribers; all they care about is the delivery of content to themselves.
- **PROPERTIES**
  1) Asynchronous communication
  2) Many to many relationships
  3) Anonymity
  4) Sub-Pub do not need to be up (online) at the same time.
  5) Information diffusion
  6) Decoupling in flow

IoT Day-2

- **CLASSIFICATION of services w.r.t data request:**
  1) Topic based: here data and channels between Pub-Sub is done by some context based predefined topics. Subscription to a topic receives asynchronous updates.
  2) Content based: subscribers query on content. Publishers searches in local data and returns result of query.
  3) Hybrid(amalgamation of above two)
- **NOTIFICATION SERVICE**

- **CASE STUDY 1: i3(** Internet Indirection Infrastructure) model (SIMPLE IMPLEMENTATION OF SENDER RECEIVER PARADIGM Using unique identifiers of individual node), i3 logical rendezvous
- **CASE STUY 2: Pub/Sub Web (Blogs, Wiki, News sites) (**Delivers updates to users quickly and efficiently, Asynchronous update notification**)**
- **Naïve approach**

1) Repeated polling at subscriber side. However, uncoordinated pooling suffers from poor performance and scalability.
2) **SOLUTION 1**: Slow receiving updates: Limit posed by the polling period. Control polling mechanism. Same content is polling independently to different subscribers.
3) **SOLUTION 2**: using **brokers**. It is a middleware to create infrastructure. Smart-M3 has semantic information brokers (SIBs). Each broker maintains its subs. It includes Sub table, Filtering, Store, and Forward mechanics for efficient delivery of data.

- SOFTWARE AGENTS.
  1) Programming aspects of agents interaction.
     i) DIRECT
        Due to hub-property, performance etc.
        Access to external data sources
     ii) INDIRECT
        Changes in smart spaces content are
        EVENT and INFO driven

IoT Day-3

- NETWORK CONNECTION
  - Agent- Smart Space.
  - Session-based: Join, leave, operate
  - Instability in network connection (esp. Mobile networks)
  - Security (Authority to publish, update, and Cryptosystems)
  - Multiple smart spaces (one agent participates in many smart spaces)
- CONTENT RETRIVAL
  - Search Queries with specification of data/info context or topic (Complex Queries)
  - SPARQL (from semantic web)
  - Representation of data.
- LOCAL STORE
  - TO process data, agent must download them from smart spaces.
- SYNC
  - Event driven and information driven programming.
  - Persistent search queries: Initiate, operate, terminate.
- LOAD PROCESSING
  - PARALLEL THREDS: main thread and subscription threads (OpenMP)
  - LOCAL REASONING: data received from smart space. Agents can be light and heavy powered (computation capability/capacity) devices.
- SEMANTIC WEB: Knowledge representation and reasoning
  - RDF
  - OWL

- SEMANTIC WEB.
  - Machines can process web of data directly and indirectly.
  - Semantic publishing and Semantic Blogging.

  - SMART DATA
  - Data that carries whatever it needed to make use of it. The smartness moves into the data itself rather than being hard-coded into the software
- FIVE APPROACHES TO SEMANTICS ANALYSIS
  - Tagging (Wiki)
  - Statistics (Google)
  - Linguistics
  - Semantic Web
  - AI (WoframAlpha)

IoT Day-4

- Semantic web construction. (Semantic Web Stack discussion)
  1) Querying: SPARQL, WQL (both supported by Smart-M3)][7
  2) ONTOLOGIES: OWL
  3) Syntax: XML
  4) CYRPTOGRAPHY
  5) Data interchange: RDF(Resource Description Framework), RDF triple store(Info is presented in set of triples)
  6) Identifiers: URI
  7) RULES: RIF (Rule Interchange Format)/SWRL (Semantic Web Rule Language)
  8) Character set: Unicode
- RDF triple store
- Ontological approach: Vocabulary for modeling a particular domain.
- Why Ontology (graph based algorithm) for local smart space environment and not for global Internet?(Answer: Processing efficiency of Graph Algorithms)
- Web Evolution by Nova Spivack (2009); Slide share link

RDF

- Knowledge representation model
  1) Data structures (Memory Cells and pointers)
  2) Logical: formal semantics in terms of relations among objects.
- Given a domain problem, step by step procedure to problem:
  1) Shared vocabulary
  2) Entities: Objects and their properties
  3) Relations
- Subject—Predicate—Object (RDF triple)
- URI – URI – URI
- URI – URI – String
- Knowledge Encoding
  1) Structure formalism (graph)
  2) Natural for Web Resources (links)

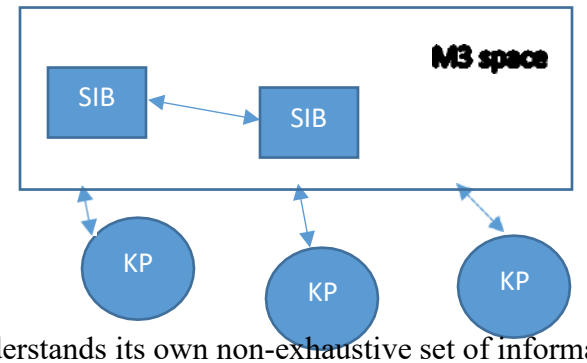

OWL

- Follows Object oriented approach
- OO-approach: Class, objects, properties, hierarchies
- OWL → RDF (tool: Protege)

- Development of Knowledge base:
  1) Classes in ontology
  2) Class structures, Superclass sub class, inheritance
- Ontology development: A guide to creating first ontology (N.F Noy)

IoT Day-5

- **SOFIA project, DIEM project, FRUCT**
- ARCHITECTURAL OVERVIEW
  1) Digital convergence and interoperability (Many ways for communication in WWW, Domain specific interoperability standards e.g. UPnP, Limited set of use case, Lengthy and uncertain standardization process)
  2) Ubiquitous computing
  3) GIANT GLOBAL GRAPH OF SEMANTIC WEB VS DYNAMIC and LOCAL semantic web.
  4) Interoperability via information sharing (Standardization of Ontology).
  5) SIB (Semantic Info Broker) and KP (Knowledge Processor/ M3 agent)
  6) SSAP (smart space access protocol)
  7) M3 space
  8) KPI (KP-SIB interface)
- **Smart-M3(**M: Multi-domain, M:Multi-Device, M:Multi-Vendor**)**
- **SSAP**
  1) JOIN
  2) LEAVE
  3) INSERT
  4) REMOVE
  5) UPDATE
  6) SUBSCRIBE and USUBSCRIBE
  7) Supported Query language: SPARQL

- KP Ontology
  1) Each KP understands its own non-exhaustive set of information
  2) Overlapping is essential for interoperability i.e. KPs can understand each other's action

3) KP types: Sensors, Clients, Reasoners
4) Open Problems with KP: synchronization (competing for the same resources), compositions, overlaying (KPs using different ontologies)

- SERVICE FORMALISM
    1) SSA services
    2) Semantics in Smart Space. Includes all relation between concepts and relation between facts and local relations.
    3) Content representation: OWL, RDF.
    4) P2P network of knowledge

IoT Day-6

Project Presentation by faculties and students

1. Smart Soil by Divyesh Patel
2. Smart Water irrigation system by Niliesh Dubey and Hardik Mandora
3. Smart Classrooms by Parth Shukla
4. Smart Traffic System by Harsh Gorakia and Yash Sodha

Workshop on

Internet of Things under Endowment Chair

Date:

July 3-8, 2017

Organizer:

U & P U. Patel Department of Computer Engineering,
CSPIT, CHARUSAT

Speakers:

Prof. Dmitry Korzun Petrozavodsk State University, Russia

Chandubhai S Patel Institute of Technology

CHARUSAT
CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Short Bio of Dr. Dmitry Korzun

Dmitry Korzun received his B.Sc. (1997) and M.Sc (1999) degrees in Applied Mathematics and Computer Science from the Petrozavodsk State University (PetrSU, Russia). He received Ph.D. degree in Physics and Mathematics from the St.-Petersburg State University (Russia) in 2002. He is an Associate Professor at the Department of Computer Science of PetrSU (since 2003).

Previously he was a part-time Research Scientist at the Helsinki Institute for Information Technology HIIT, Aalto University, Finland (2005-2014). Since 2014, he acts as Vice-dean for Research at the Faculty of Mathematics of PetrSU (now Faculty of Mathematics and Information Technology) of PetrSU and as Leading Research Scientist. Dmitry Korzun serves on technical program committees and editorial boards of a number of international conferences and journals. His research interests include analysis and evaluation of distributed systems, discrete modeling, ubiquitous computing and smart spaces, Internet of Things, software engineering, algorithm design and complexity, linear Diophantine analysis and its applications, theory of formal languages and parsing. More than 150 research and educational works have been published since 1997.

Research Opportunities in Internet of Things

Dr. Marcin Paprzycki
Associate Professor,
Systems Research Institute,
Polish Academy of Sciences,
ul. Newelska

Date: 12th to 16th February 2018

Convener:
Dr. Parth D. Shah

Coordinators:
Mr. Amit Nayak, Mrs. Chandni Shah
Mr. Sandip Patel

Organized by:
Department of Information Technology,
Chandubhai S. Patel Institute of Technology [CSPIT],
Charotar University of Science and Technology
[CHARUSAT],
CHARUSAT Campus, Changa - 388 421,
Dist: Anand (Gujarat)

2. Expert Details

3. About The Event

The Internet of Things (IoT) is the network of physical objects or "things" embedded with electronics, software, sensors and connectivity to enable it to achieve greater value and service by exchanging data with the manufacturer, operator and/or other connected devices. Each thing is uniquely identifiable through its embedded computing system but is able to interoperate within the existing Internet infrastructure.

Course Content:
IoT Introduction
IoT Applications
Introduction to Computer Security
Introduction to Security Algorithms
Research Issues in IOTs
Introduction to IOTs
Exploring IOTs Architecture
Security Concerns in IOTs
Research Issues in the field of IoT
IOTs security models

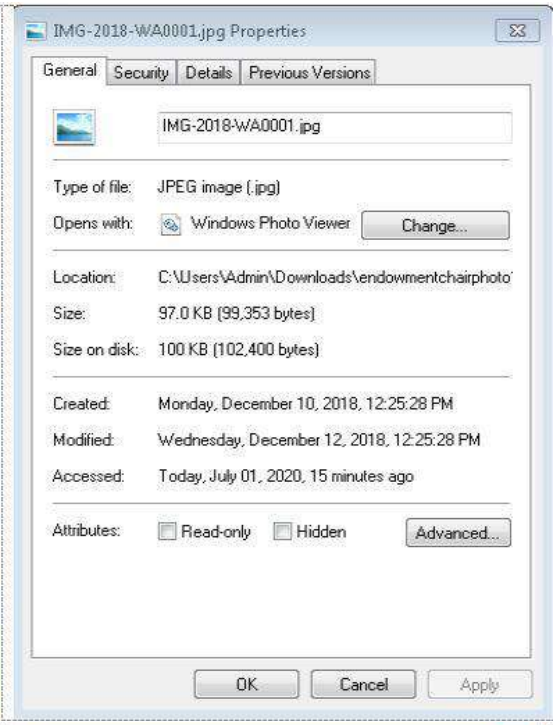

AIM:
Internet of Things is emerged as latest trend in research scholars, field practitioners and the industry personal. To work with the Internet of Things specific setup is required. It is also observed that research scholars related with this emerging field are facing problems regarding how to setup and how go through with advance security methodologies and tools available for that. Topics to be covered during the session clear the research scope and possibilities in IOTs security – Software Perspective.

Objectives:
On completion of the workshop, participants will be able to apply tools, security architecture model for IOTs and related technology to:

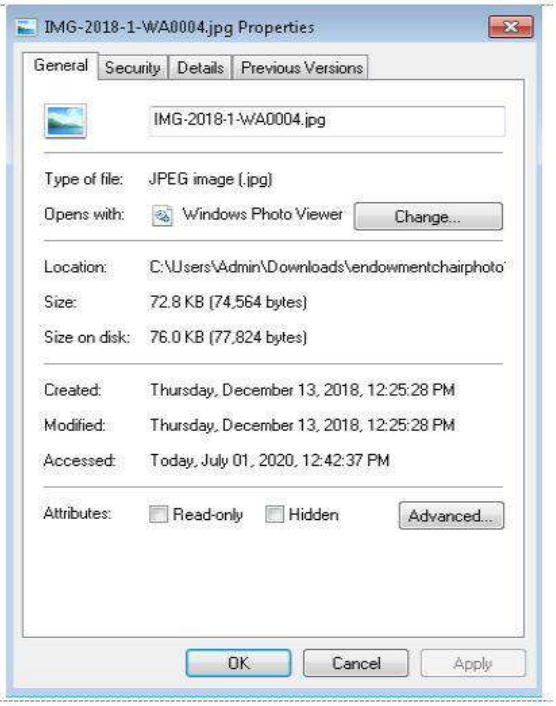

1. To make use of the concepts of Internet of Things.
2. To understand the need of Asymmetric and Symmetric Cryptography For Internet of Things.
3. To make use of IOTs Security models.
4. To interact with the experts relevant of the field.
5. To participate actively and using the tools with proper understanding.
6. To make use of tools for IOTs.
7. To make them aware about research issues associated with the Internet of Things.
8. To make them aware about security concern, scope and research direction about IOTs security.

Report for Event Organisation

Name of Teacher: Manthan S. Manavadaria **Date: 20/02/2018**

Type: Workshop

Title: Website Design Using Google Sites

Duration: 17-02-2018 (One Day)

Organizers: Manthan Manavadaria, Vishal Tank, Hardik Modi and Himanshu Patel

No. of Participants: 19

Sponsored by: Self

Location: AP-I Lab, EC Department, CSPIT, CHARUSAT, Changa, Ta.-Petlad, Dist-Anand, Gujarat, INDIA

Resource Person:

- Prof. Manthan Manavadaria, EC Department, CHARUSAT.

Topic Covered in Event:

- Overview of Google sites
- Creating and editing webpages
- Sharing and managing of sites
- Understanding the Domain

Outcome Remark: This workshop is really useful for updating knowledge in the field of website technology. The participants were very happy at the end of workshop which is also reflected in feedback.

Website Design using Google Sites

February17, 2018

SPONSORED BY

**Charotar University of Science and Technology
Changa - 388421,
Dist: Anand, Gujarat**

CHARUSAT is promoted by Shri Charotar Moti Sattavis Patidar Kelavani Mandal. It is established under Gujarat Act No. 8 of 2009, Govt. of Gujarat and recognized to award degrees as specified by UGC under Section 22 of UGC Act 1956. The university campus is sprawling over 105 acres of lush green landscape with ultra modern facilities for teaching, learning, research, sports, healthcare, student housing, food, banking, transportation etc. CHARUSAT is a dynamically growing research led university with nearly 5500+ students and more than 350 employees. CHARUSAT maintains an exceptional reputation for high quality work on honesty, transparency and integrity which puts it in a strong position to contribute to all aspects of the creation and dissemination of the knowledge.

About the Institute

CSPIT is constituent institute of CHARUSAT. The institute offers UG, PG and Ph.D programs in EC, ME, CE, IT, EE and Civil Engineering. It is established with a view to promote excellence in engineering education and to prepare the young talent to meet challenges of engineering and technology.

About the Department

V. T. Patel Department of Electronics and Communication Engineering of CSPIT, CHARUSAT is dynamically growing, fostering and offering diversities within its community. Excellence in UG and PG teaching and integration of research and education are core values of the department. The EC department is committed to excel in teaching, innovation and research. The department currently offers B. Tech., M. Tech., and Ph. D. Programs where it attracts outstanding students. The PG enrolment stands at more than 35 and Ph.D. enrolment stands more than 25. Research activities are undergoing in emerging area of Microelectronics, Electromagnetic and Antenna Design, Satellite and Wireless Communication, Image & Video Processing, Optical Communication & Next generation networks. The department is reacting rapidly to the changing technological landscape by adapting quickly to industry demands. It is also committed to adapt industry practices.

About the Workshop

Web Designing is the planning and creation of websites. This includes the information architecture, user interface, site structure, navigation, layout, colours, fonts, and imagery. All of these are combined with the principles of design to create a website that meets the goals of the owner and designer.

Workshop Contents

The workshop would cover following:

1. Overview of Google sites
2. Creating and editing webpages
3. Sharing and managing of sites
4. Understanding the Domain
5. Exercise session

Resource Person

Prof. ManthanManavadaria, CSPIT, CHARUSAT
Prof. Vishal Tank, CSPIT, CHARUSAT
Prof. Himanshu Patel, CSPIT, CHARUSAT
Prof. Hardik Modi, CSPIT, CHARUSAT

Registration Fees

Category	Registration Fees
Students	Rs. 50
Academician	Rs. 100

Workshop on "Antenna Design and simulation"

Dates:-10-02-2018 and 12-02-2018

No. of Participants:-47

Organized by:- Dr. Falguni Raval, Poonam Thanki, Dhara M Patel

Resource Person: - Dr. Falguni Raval, Poonam Thanki, Dhara M Patel

Contents:

Technical sessions on: Antenna basics

- dipole antenna
- Microstrip Patch antenna
- Yagi Uda array
- hands on training on simulation tool
- practical of return loss measurement
- anechoic chamber demonstration

Brief of workshop:

Day 1 and Day 2 of the workshop began with theory session of antenna basics which is followed by two more theory session on dipole and microstrip patch antenna. The simulation of dipole, yagi uda array and microstrip patch antennas were covered in second half. The practical measurement of return loss is also covered. There was demonstration of radiations pattern measurement in anechoic chamber. Students were given hands-on practice so that they could get comfortable with using the simulation tool.

The workshop concluded with the handing-out of certificate to all the participating students.

CHARUSAT is promoted by Shri Charotar Moti Sattavis Patidar Kelavani Mandal. It is established under Gujarat Act No. 8 of 2009, Govt. of Gujarat and recognized to award degrees as specified by UGC under Section 22 of UGC Act 1956. The university campus is sprawling over 105 acres of lush green landscape with ultra-modern facilities for teaching, learning, research, sports, healthcare, student housing, food, banking, transportation etc. CHARUSAT is a dynamically growing research led university with nearly 5500+ students and more than 350 employees. CHARUSAT maintains an exceptional reputation for high quality work on honesty, transparency and integrity which puts it in a strong position to contribute to all aspects of the creation and dissemination of the knowledge.

About the Institute

CSPIT is constituent institute of CHARUSAT. The institute offers UG, PG and Ph.D. programs in EC, ME, CE, IT, EE and Civil Engineering. It is established with a view to promote excellence in engineering education and to prepare the young talent to meet challenges of engineering and technology.

About the Department

V. T. Patel Department of Electronics and Communication Engineering of CSPIT, CHARUSAT is dynamically growing, fostering and offering diversities within its community. Excellence in UG and PG teaching and integration of research and education are core values of the department. The EC department is committed to excel in teaching, innovation and research. The department currently offers B. Tech., M. Tech., and Ph. D. Programs where it attracts outstanding students. The PG enrolment stands at more than 35 and Ph.D. enrolment stands more than 50. Research activities are undergoing in emerging area of Microelectronics, Electromagnetic and Antenna Design, Satellite and Wireless Communication, Image & Video Processing, Optical Communication & Next generation networks. The department is reacting rapidly to the changing technological landscape by adapting quickly to industry demands. It is also committed to adapt industry practices.

About workshop

HFSS stands for High Frequency Structural Simulator. It is one of the several commercial tools used for antenna design. Its accuracy, advanced solver and compute technology have made it an essential tool for engineers designing high-frequency and high- speed electronics components. The workshop will be useful for students to learn fundamentals of antenna. Students will be able to design several antennas in HFSS software.

Workshop Contents

The workshop would cover following contents:

- Antenna Fundamentals
- Introduction of HFSS
- Design and Simulation in HFSS
- Design of Patch antenna
- Design of Dipole antenna

Workshop on "Recent Trends in Wireless Communication"

Date : - 3rd February, 2018

No. of Participants: - 12

Organized by : - Prof. Sagar Patel
Prof. Dharmendra Chauhan
Prof. Rajat Pandey

Resource Person :- Prof. Sagar Patel
Prof. Dharmendra Chauhan
Prof. Rajat Pandey

About the Workshop:

This workshop is intended to provide participants with a detailed introduction of simulations for wireless communication systems. Bit Error Rate (BER) performance of various wireless systems such as Single Input Single Output (SISO), Recent trends in wireless communication such as cognitive radio, MIMO will be discussed. Hands-on Exercise will be provided to all participants

Contents:

- Recent trends in wireless communication
- Understanding fading channel: Statistical modeling of wireless channel, generation of channels using simulations.
- Performance of SISO system in fading environment: Understanding different detection techniques such as coherent, non-coherent and differential detections (MATLAB & Simulink).

Type: Workshop

Title: Website Design Using Google Sites

Duration: 09-09-2017 (One Day)

Organizers: Manthan Manavadaria, Vishal Tank

Sponsored by: Self

No. of Participants: 10

Location: AP-I Lab, EC Department, CSPIT, CHARUSAT, Changa, Ta.-Petlad, Dist-Anand, Gujarat, INDIA

Resource Person:

- Prof. Manthan Manavadaria, EC Department, CHARUSAT.

Topic Covered in Event:

- Overview of Google sites
- Creating and editing webpages
- Sharing and managing of sites
- Understanding the Domain

Outcome Remark: This workshop is really useful for updating knowledge in the field of website technology. The participants were very happy at the end of workshop which is also reflected in feedback.

About the Workshop

Web Designing is the planning and creation of websites. This includes the information architecture, user interface, site structure, navigation, layout, colours, fonts, and imagery. All of these are combined with the principles of design to create a website that meets the goals of the owner and designer.

Workshop Contents

The workshop would cover following:

1. Overview of Google sites
2. Creating and editing webpages
3. Sharing and managing of sites
4. Understanding the Domain
5. Exercise session

Report Summary
One Day Workshop
On
"Design of Embedded System Using Python Programming"

Dates :- 11th August, 2017
No. of Participants: - 39

Organized by :- Prof. Jignesh Patoliya

Prof. Dharmendra Chauhan

Prof. Miral Desai

Resource Person :- Prof. Jignesh Patoliya

Prof. Miral Desai

Contents:

Technical sessions on:

- Introduction of Python Programming
- Application of Python Programming in Designing of Embedded System
- Concept of Variable & Conditional statement in Python Programming
- Concept of String, Lists & Tupples in Python programming
- Concept of Dictionary, function, Modules & Package in Python Programming
- Hands on session of GPIO Controlling using Micropython

Brief of Workshop:

Workshop is conducted under the Career Development & Placement Cell of Department to enhance technical skill of students for placement.

The 1st Session of Workshop is started with the Introduction of Python Programming. The second half of the first session is continued with the application of Python Programming in Designing of Embedded System

The 2nd session is started with the concept of variable and conditional statements of python programming. It is continued with the hands on exercises of variable and conditional statements of python programming. The second half of the 2nd session is continued with the concept of string, lists & tupples in python programming. It is continued with the hands on exercises of string, lists & tupples in python programming.

The 2nd session is started with the concept of Dictionary, function, Modules & Package in Python Programming. It is continued with the hands on exercises of Dictionary, function, Modules & Package in Python Programming. The second half of the 3rd session is continued with the hands on session of GPIO Controlling using Micropython.

Workshop was concluded with the handing out of Certificate to all participants.

The department is reacting rapidly to the changing technological landscape by adapting quickly to industry demands. It is also committed to adapt industry practices.

About the Workshop

Python is a powerful high-level, object-oriented programming language created by Guido van Rossum. It has simple easy-to-use syntax, making it the perfect language for someone trying to learn computer programming for the first time. The syntax of the language is clean and length of the code is relatively short. It's fun to work in Python because it allows you to think about the problem rather than focusing on the syntax. The C/C++ programming languages dominate embedded systems programming, though they have a number of disadvantages. Python, on the other hand, has much strength that makes it a great language for embedded systems. Embedded algorithms are getting increasingly complex. Simple control loops are being replaced by neural networks and other heavily-involved processes that have helped Python gain its foothold. There are Python libraries like Theano that will optimize Python code for these processes.

Workshop Contents

The workshop would cover following:

- Introduction of Python Programming
- Application of Python Programming in Designing of Embedded System
- Concept of Variable & Conditional statement in Python Programming
- Concept of String, Lists & Tupples in Python programming
- Concept of Dictionary, function, Modules & Package in Python Programming
- Hands on session of GPIO Controlling using Micropython

Report Summary
One Day Workshop
On
"Programming with Raspberry Pi"

Dates :- 5th August, 2017

No. of Participants: - 35

Organized by :- Prof. Jignesh Patoliya

Prof. Hitesh Patel

Prof. Miral Desai

Resource Person :- Prof. Jignesh Patoliya

Prof. Hitesh Patel

Prof. Miral Desai

Contents:

Technical sessions on:

- Introduction of Raspberry Pi Board
- Basics of Linux Command
- Basics of Python Programming
- Raspberry Pi GPIO Programming
- Implementation of ArduPi
- Implementation of WiringPi

Brief of Workshop:

Workshop is started with the Introduction of Raspberry Pi Board. It is continue with the use of Raspberry Pi Board in real time application in Embedded Linux. The second of the first session is continued with the basics of Linux command and its implementation.

The 2nd session is started with the Basics of Python Programming. It s continued with the basics of python script and application of python script in the implementation of GPIO Programming of Raspberry Pi. It is hands on session of GPIO Programming with the Raspberry Pi.

The 3rd session is started with the Introduction of ArduPi and set up procedure of ArduPi on Raspberry Pi board. ArduPi is method to implement Arduino code on Raspberry Pi board. It is continued with the Introduction of WiringPi and set up of WiringPi on Raspberry Pi board. WiringPi is method to implement Arduino code in C language on Raspberry Pi board.

Workshop was concluded with the handing out of Certificate to all participants.

Organizes

ONE DAY WORKSHOP
ON
PROGRAMMING WITH RASPBERRY PI

5th August, 2017

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY
CHANGA - 388421,
DIST: ANAND, GUJARAT

About the University

CHARUSAT is promoted by Shri Charotar Moti Sattavis Patidar Kelavani Mandal. It is established under Gujarat Act No. 8 of 2009, Govt. of Gujarat and recognized to award degrees as specified by UGC under Section 22 of UGC Act 1956. The university campus is sprawling over 105 acres of lush green landscape with ultra modern facilities for teaching, learning, research, sports, healthcare, student housing, food, banking, transportation etc. CHARUSAT is a dynamically growing research led university with nearly 5500+ students and more than 350 employees. CHARUSAT maintains an exceptional reputation for high quality work on honesty, transparency and integrity which puts it in a strong position to contribute to all aspects of the creation and dissemination of the knowledge.

About the Institute

CSPIT is constituent institute of CHARUSAT. The institute offers UG, PG and Ph.D programs in EC, ME, CE, IT, EE and Civil Engineering. It is established with a view to promote excellence in engineering education and to prepare the young talent to meet challenges of engineering and technology.

About the Department

V. T. Patel Department of Electronics and Communication Engineering of CSPIT, CHARUSAT is dynamically growing, fostering and offering diversities within its community. Excellence in UG and PG teaching and integration of research and education are core values of the department. The EC department is committed to excel in teaching, innovation and research. The department currently offers B. Tech., M. Tech., and Ph. D. Programs where it attracts outstanding students. The PG enrolment stands at more than 35 and Ph.D. enrolment stands more than 25. Research activities are undergoing in emerging area of Microelectronics, Electromagnetic and Antenna Design, Satellite and Wireless Communication, Image & Video Processing, Optical Communication & Next generation networks. The department is reacting rapidly to the changing technological landscape by adapting quickly to industry demands. It is also committed to adapt industry practices.

About the Workshop

The goal of this workshop is to enhance the skill of the participants in the future technology of Embedded Linux along with software & hardware realization on special Embedded SoC Board. Embedded Linux is extremely high requirement for industry in today's era. The Raspberry Pi board will be a platform for the students to grab knowledge in the field of Embedded Linux. The Raspberry Pi is a very low cost and small single-board computer with all requires peripherals. The workshop not only focuses on the raspberry pi board, but also includes all peripheral programming with the raspberry pi. This would provide an extensive opportunity to the participants for getting knowledge of Python Language and its real time application on raspberry pi board. Under this perspective, aim of this workshop is to discuss in depth engineering applications utilizing Raspberry Pi Board and cater to the needs of students, faculty members and practicing engineers.

Workshop Contents

The workshop would cover following:

- Introduction of Raspberry Pi Board
- Basics of Linux Command
- Basics of Python Programming
- Raspberry Pi GPIO Programming
- Implementation of ArduPi
- Implementation of WiringPi

Contents:

Technical sessions on:

- IoT Architecture
- Interactive Computing with NodeMCU
- Implementation of Offline Web Server using IoT
- Implementation of Online Web Server using IoT
- IoT Protocol: MQTT
- Over The Air (OTA) using NodeMCU

Brief of Workshop:

The 1st session of Workshop is started with the Introduction of Internet of Things (IoT). It is continue with the real time application of IoT. The second half of the first session is continued with the IoT architecture. It is continued with the introduction of IoT module as NodeMCU and hands-on session of Interactive Computing with the NodeMCU.

The 2nd session is started with the implementation of offline web server using IoT. This is based on the Home Automation application using Network of Things (NoT). It s continued with the implementation of online web server using IoT. This is based on the Home Automation application using Internet of Things.

The 3rd session is started with the Introduction of IoT protocols and Introduction of one of the protocol of IoT as MQTT. It is continued with the hands on application of IoT using MQTT protocol. The second half of the session is continued with the implementation of Over the Air (OTA) programming using NodeMCU.

Workshop was concluded with the handing out of Certificate to all participants.

The department is reacting rapidly to the changing technological landscape by adapting quickly to industry demands. It is also committed to adapt industry practices.

About the Workshop

The Internet of Things (IoT) is an important topic in technology industry, policy, and engineering circles and has become headline news in both the specialty press and the popular media. This technology is embodied in a wide spectrum of networked products, systems, and sensors, which take advantage of advancements in computing power, electronics miniaturization, and network interconnections to offer new capabilities not previously possible. An abundance of conferences, reports, and news articles discuss and debate the prospective impact of the "IoT revolution"—from new market opportunities and business models to concerns about security, privacy, and technical interoperability. The large-scale implementation of IoT devices promises to transform many aspects of the way we live. For consumers, new IoT products like Internet-enabled appliances, home automation components, and energy management devices are moving us toward a vision of the "smart home'', offering more security and energy efficiency. Other personal IoT devices like wearable fitness and health monitoring devices and network enabled medical devices are transforming the way healthcare services are delivered. This technology promises to be beneficial for people with disabilities and the elderly, enabling improved levels of independence and quality of life at a reasonable cost. IoT systems like networked vehicles, intelligent traffic systems, and sensors embedded in roads and bridges move us closer to the idea of "smart cities'', which help minimize congestion and energy consumption.

A Report on

One Day Workshop on "High Voltage Engineering through practical exposure"

Organizer: M & V Patel Department of Electrical Engineering, CSPIT, CHARUSAT, Changa

Electrical Insulation is the backbone of all modern power system networks. The electrical stresses experienced by the insulations will reduce the life expectancy of high voltage equipments. Hence, a thorough understanding of the fundamental properties of the materials and their failure mechanisms during service is essential for appropriate and optimal design. As a result, high voltage insulation technology has undergone many changes, with advances being made in the area of testing, measurement and development of new materials.

A one day workshop is organized by the M & V Patel Department of Electrical Engineering on 07/04/2018 for the Electrical Engineering students of Ipcowala Institute of Engineering and Technology, Dharmaj who are studying in 6th semester. Prof. Mihir A. Bhatt and Prof. Rahul Soni of M & V Patel Department of Electrical Engineering are the resource persons for the conduction of the workshop.

20 number of students had attended the workshop at M & V Patel department of electrical engineering. In first session the theoretical aspects of high voltage insulation and testing had been discussed thoroughly among all the students. The second session explains the various high voltage generation, measurement and testing techniques to evaluate the electrical performance of high voltage equipment and insulations under different conditions practically.

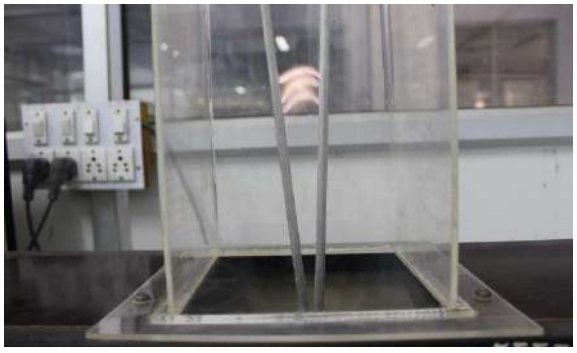

The main objectives of this workshop are to enhance the knowledge regarding the importance of high voltage insulation and different types of high voltage tests conducted on electrical assets. The following outcomes have been derived:

- The students understood about the basics of insulation technology.
- The students have gain the enough knowledge related to the generation and measurement of high voltages in high voltage laboratories.
- The students have gain the thorough understanding of different types of high voltage testing conducted on high voltage insulation and assets under the application of heavy electrical stresses.
- The students have also gain the in-depth knowledge of thrust areas in high voltage insulation.
- The students were got basic informations related to various types of standards applicable for testing the quality of insulation and hence the high voltage equipments.

Photographs:

FEEDBACK from the participants

1. Explanation techniques are good and easy.
2. Faculty response is good.
3. Laboratory construction and equipments is in well condition.
4. Teaching methods like as IIT and NIT.
5. Safety equipments are present in lab.

Rahul Soni
Assistant Professor
Chandubhai S. Patel Institute of Technology
M & V Department of Electrical Engineering
CHARUSAT University
Changa, Anand, Gujarat-388120

Mr. Rahul Soni has obtained his Bachelor of Technology (B.Tech) in Electrical Engineering from Charotar University of Science & Technology (CHARUSAT), Changa, Gujarat in 2013; Master of Technology (M.Tech) in Power Systems from Pandit Deendayal Petroleum University (PDPU), Gujarat in 2015. He worked as a Full time Project Fellow at Transformers & Rectifiers Ind. Ltd. (T&R) at Ahmedabad, Gujarat. He is working as an Assistant Professor at Department of Electrical Engineering, CHARUSAT, since January 2016. His research interest includes Condition Monitoring of Power Transformers, Flashover studies of insulators under contamination possession and High voltage engineering. He has guided 01 M.Tech dissertation, 03 B.Tech Projects and has 03 conference papers & 01 Journal publications on his name by October 2018. At department/Institute level committee, he is serving as a B.Tech & M.Tech Projects coordinator, E-Governance co-coordinator and Administrative member of various committees like NAAC, NBA, SIRO, and IQAC.

Mihir Bhatt
Assistant Professor
Chandubhai S. Patel Institute of Technology
M & V Department of Electrical Engineering
CHARUSAT University
Changa, Anand, Gujarat-388120

Mihir A. Bhatt has obtained his B.E and M.E. degree in Electrical Engineering from Charotar Institute of Technology in 2005 and B.V.M. College of Engineering, Gujarat in 2007. At present, he is pursuing Doctorate degree at CHARUSAT University and working as an Assistant Professor in the M&V Patel Department of Electrical Engineering at Chandubhai S. Patel Institute of Technology. His interest of research areas includes condition monitoring of High Voltage Engineering, Flashover characteristics of insulators and Nano fluids. He has presented/published 04 research papers in the National/International conferences and 05 in reputed Journals by October 2018. He was invited as an expert by various engineering institutions and as a reviewer in international conferences. He has completed the industry based assigned project on “Hot Spot and Overloading Capacity Analysis with temperature rise test on ester oil filled power transformer”. At Department/Institute/University level committee, he is looking after all career development related activities and placements.

CHARUSAT UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT), CHANGA – 388 421

EQUAL OPPORTUNITY CELL

Event Report

Name of Department : M&V Patel Department of Electrical Engineering

Name of Event : Seminar on 'Maru kamj maru Gaurav"

Date and Time of Event : 17th February, Saturday, 2018, 12:30 p.m. To 02:30 p.m.

Event coordinator : Mihir R Patel (Assistant professor Electrical Dept.)

: Jignesh S Patel (Assistant professor Electrical Dept.)

Resource person details:

Sr. No.	Name of the resource person	Organization of resource person
1.	Mr. Shetal Gonsai	Self-employed

Event Schedule:

Date	Time	Activity
17th February, 2018	12:30 p.m. To 02:30 p.m.	Seminar

Summary of the Event (Maximum 200 words):

As a part of EOC we have arrange a Seminar on 'Maru kamj maru Gaurav" on 17th February, 2018. Mr. Shetal Gonsai, speaker has conducted this seminar during 12:30 p.m. to 02:30 p.m.

Mr. Shetal has explained role and value of group D employees to them and also, helped them evaluate their duties. He has also explained how to enjoy the work they do and, explained them that every work is noble work. Sir has also explained how to be happy and how to make others happy on workplace. Sir has explained and proved all his points by making them involved in small activities/games. Sir, has concluded his session by saying "God lives in Clean Places, so you are making place where God wants to live".

The participants have enjoyed the seminar and felt very grateful for Equal Opportunity Cell, CHARUSAT for organizing this activity.. Equal opportunity Cell has also appreciated participation by honoring them with token of love.
I am very thankful to department head Dr. Praghnesh Bhatt sir, EOC chairperson Dr. Vijay Panchal sir, Mr. Jignesh Patel estate department, Principal MTIN and student coordinators for their supports for making this event successful.

Registration fee (if any): No registration fees

No. of Participants: 61 + 05(Event coordinators) =66

Accounts details:

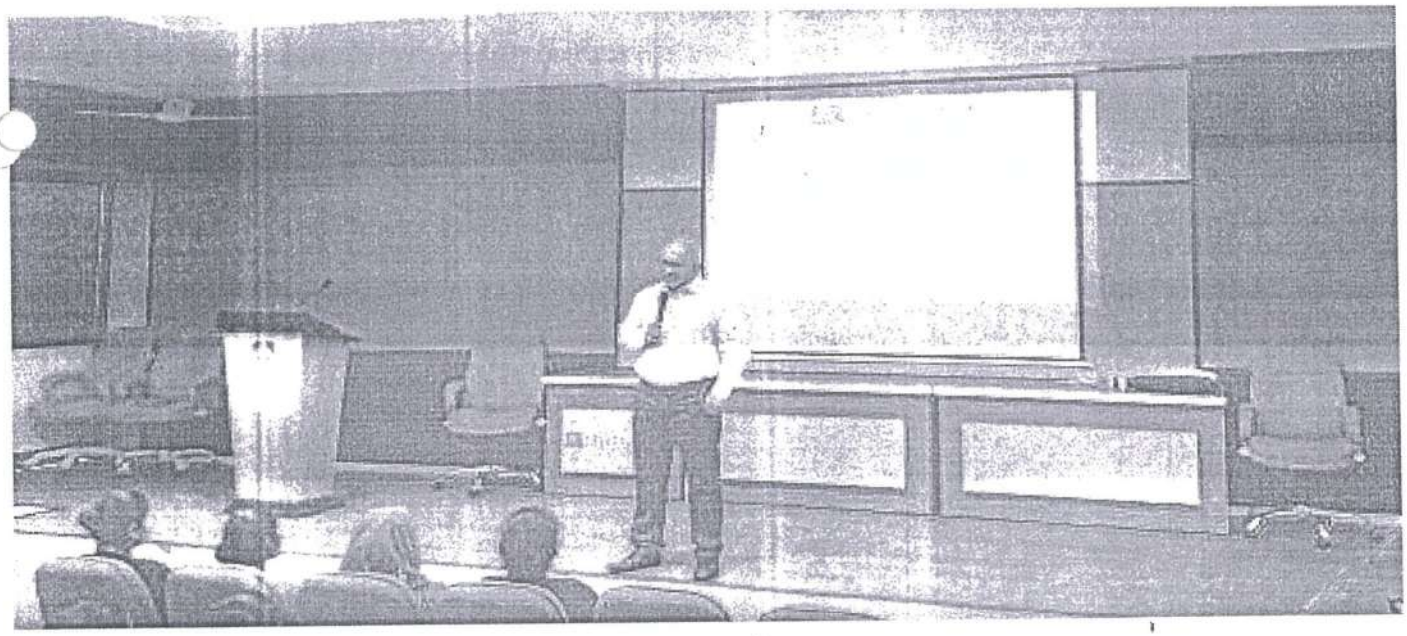

Sr. No.	Details	Rupees
Income: Sponsor by CHARUSAT University		
1.	Honorarium + Traveling allowance	3000/-
2.	Token of Appreciation for Participants	3485/-
Total	Two thousand Five hundred Ninety-five Only.	6485/-

Overall impact of seminar: Excellent

Event name: Date: 17 February 2018

Resouce person Mr. Shetal gonsai with group D employee of charusat

About Shetal Gonsai

Director of Mango Training Consultancy, Daman
Certified International Trainer from Junior Chamber International.
20 Years of experience in soft skill training.
85+ soft skill training subjects.
Saved 31000+ girls from cheating through Body Language subject.
Author of Book "बेहतरीन जीवन जीने के १०८ तरीके..."
Personal & Corporate Counselling.
Solved 60+ suicidal case through counseling.
3950+ Trainings throughout the world.
One of the Founder of AOE (Association of Engineers).
Data Analyst, Research Analyst & Testing Specialist.
Won Outstanding Trainer Award of Zone VIII, Gujarat for the year 2014, 2016, 2017, 2018.
Won Outstanding Trainer Award "RAVI PURASHKAR" of India awarded by JCI India for the year 2014.

Two days international workshop of Sustainability of Energy Systems Through Smart Grid and Renewable Energy Integration

Date: 12-13 December 2017

The Workshop on "Sustainability of Energy Systems Through Smart Grid and Renewable Energy Integration" was envisaged for the faculties of M&V Patel Department of Electrical Engineering during 12-13 December 2017. Every session of workshop were flavoured with comprehensive Hands-on training on every topic. This workshop will help to develop a workforce which has knowledge of ELECTRICAL POWER SYSTEM.. This workshop will enable the aspirant researchers of the Electrical Engineering field to explore various applications and innovations based on Power System. envisaged for the faculties of M&V Patel Department of Electrical Engineering during. Every session of were flavoured with comprehensive Hands-on training on every topic. This will help to develop a workforce which has knowledge of Smart Grid. This will enable the aspirant researchers of the Electrical Engineering field to explore various applications and innovations based on Smart Grid.

Introduction

A Smart Grid is an electricity network that can intelligently integrate the actions of all users connected to it – generators, consumers and those that do both – in order to efficiently deliver sustainable, economical and secure electricity supplies.

Advances in power electronics, monitoring systems, sensor technology, communication systems, data analytics, and smart metering have led to the evolution of the Smart Grid where the resources and demand can be better managed. Smart Grid technology facilitates the integration of energy storage and renewables with the grid to ensure sustainability of electricity supply, mitigate rising power outages and help to meet the rapidly rising demand for clean energy in urban and rural areas.

Smart Grid employs innovative products and services together with intelligent monitoring, control, communication, and self-healing technologies to:

- Better facilitate and manage the connection and operation of all sources of energy
- Give consumers more choice so they can help to optimize energy use
- Significantly reduce the environmental impact of the whole electricity supply system
- Deliver enhanced levels of reliability and security of supply

Government energy policies across the globe have essentially promoted the power generation by renewable energy sources (RES) due to several reasons such as reduction in carbon emission, enhancing energy security, sustainability and affordability. The power generation by RES have already begin to contribute significantly to power system where solar and wind power generations are being dominating. The larger penetration of RES has changed the operation and control of conventional grid due to their intermittent nature and they have different system wide impacts such as voltage control, frequency control, fault ride through capability, reactive power capability and stability studies.

The main objectives of the workshop are to stimulate interdisciplinary thinking between generation-transmission-distribution utilities, universities and industries by providing a common platform for discussion and sharing new ideas in the field of grid integration of renewable energy and emerging smart grid technologies. The workshop will promote and

Call For Participation & Workshop Details

M & V Patel Department of Electrical Engineering of Charotar University of Science and Technology (CHARUSAT) has been awarded an Industry Academia Partnership Programme-India (IAPP-I) titled "Industry-Academia Collaborative Project to Address System Wide Impacts of Renewable Energy Sources in Engineering Program" by The Royal Academy of Engineering (UK) under Newton-Bhabha Fund to enhance research and innovation capacity through building industry-academia linkages. CHARUSAT and School of Engineering of Cardiff University, UK are the academic collaborator whereas Uttar Gujarat Vij Company Ltd (UGVCL) and Sigil (India) Services Private Ltd. are the industry partners for this programme.

The aims of Industry Academia Partnership Programme are to improve engineering education and research output through strengthening industry linkages and to foster innovation within engineering pedagogy, more specifically in renewable energy and emerging smart grid. This will, in turn, enhance employability of graduates and encouraging technology transfer into industry.

Under this IAPP-I programme, Department of Electrical Engineering, CHARUSAT is organizing two days workshop on "Sustainability of Energy Systems Through Smart Grid and Renewable Energy Integration". The workshop is designed to give a critical understanding of the main concerns related to the emerging ideas of smart grid and renewable energy. The major focused areas are:

- Smart Grid for Sustainable Energy System
- Impacts of Renewable Energy Penetration on Distribution Network (DN) Performance
- Role of Power Electronics for Performance Improvement of DNs
- Grid Integration Challenges and Prospective Solutions

Eminent Speakers

- Demand Side Response, Electric Vehicles, Management of Active Distribution Network

Sessions delivery of workshop has been planned with project collaborators from Cardiff University-UK, eminent professors from IITs, NITs and other leading institutions, engineers from electric utilities and industries to engage

About CHARUSAT

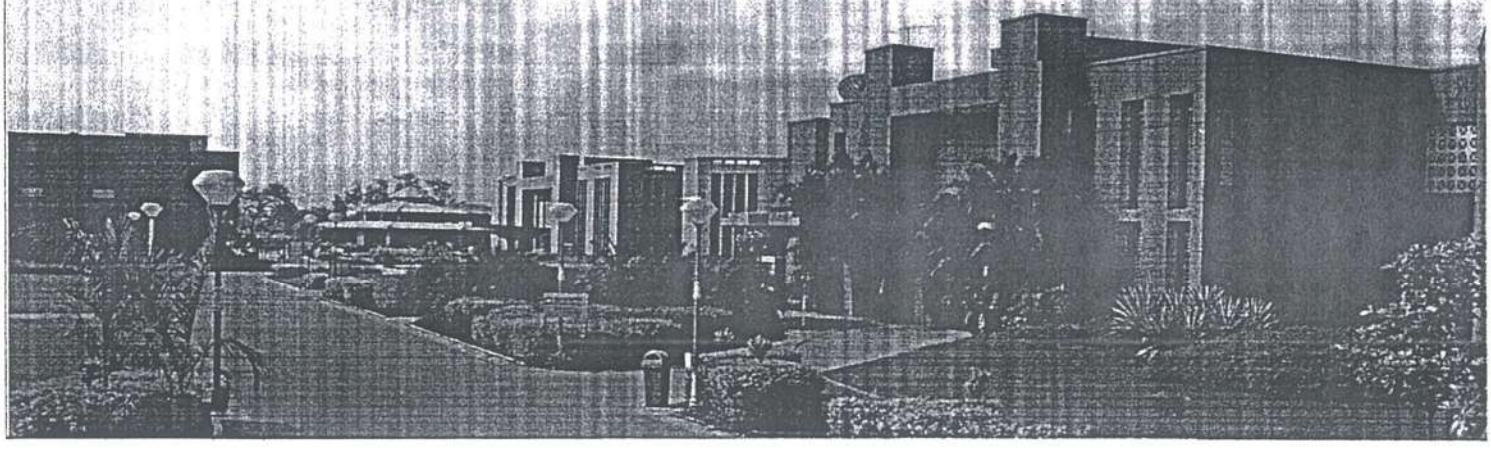

CHARUSAT has been conceived by Shri Charotar Moti Sattavis Patidar Kelavani Mandal - a not for profit premier education trust of India having a social lineage of more than 118 years. CHARUSAT has been established by promulgation of Gujarat Private University Act, 2009. It is empowered to confer degrees under Section 22 of UGC Act, 1956. Presently, CHARUSAT offers 64 programs from UG to Ph D under the tutelage of 8 Institutes and 6 Faculties. They are in the allied disciplines of Technology & Engineering, Pharmacy, Computer Applications, Management Studies, Applied Sciences, Nursing, Physiotherapy, and other Paramedical Sciences. Curriculum and Pedagogy at CHARUSAT correspond with societal needs. CHARUSAT strives to prepare students for global

About C. S. Patel Institute of Technology

CSPIT is the first institute established in year 2000 at Education Campus, Changa (now CHARUSAT). The institute is managed through a think tank of technocrats, administrators, scientists and engineers, educationalist, businessmen, stakeholders and other well&-wishers from all parts of the world. Started with 240 seats with the Bachelor Degree in Engineering Programme in the year 2000, the institute now has total intake of 720 in Electronics & Communication Engineering, Computer Engineering, Mechanical Engineering, Electrical Engineering, Information Technology and Civil Engineering. The institute also offers a Postgraduate and Ph.D. programmes in its all discipline.

About M & V Patel Department of Electrical Engineering

M & V Patel Department of Electrical Engineering is a part of Chandubhai S. Patel Institute of Technology since its inception in 2000. The EE department is committed to excel both in teaching and research. EE department currently offers B.Tech, M. Tech. and Ph.D. Programs. The department is having highly qualified and experienced faculties. Research activities are carried on Power Systems, Power Electronics, Advanced Micro-controllers & Renewable Energy. The department was accredited by National Board of Accreditation (NBA) twice in year 2008 and 2016.

Dr. Praghnesh Bhatt

Professor & Head of Electrical Department
CSPIT, CHARUSAT

Dr. Praghnesh Bhatt is Head and Professor of Electrical Engineering Department, CHARUSAT University. He has received his PhD from SVNIT, Surat in 2012. He has more than 15 years of teaching Experience. His areas of interest are Power System Analysis, Stability and Control, Grid Integration of Renewable Energy, Power System Protection and Smart Grid. He has guided more than 15 PG dissertation and 7 Research scholars are pursuing PhD under his guidance. He is member of IEEE, ISTE and SPE. He has published more than 35 research papers in reputed international journal.

Dr. Naran M. Pindoriya

Assistant Professor
IIT Gandhinagar

Dr. Naran Pindoriya joined IIT Gandhinagar in November, 2010 as an Assistant Professor (present). From January, 2010 to November, 2010 he was a research fellow in Nation University of Singapore (NUS).He received his PhD in 2009 from IIT Kanpur.From October, 2009 to December, 2009 he was Sr. Project Engineer in IIT Kanpur. From July, 2007 to May, 2009 he was a tutor at IIT Kanpur. He has also worked as a Lecturer at CSPIT, Changa during May, 2003 to December, 2005.

His research interest includes Restructured Power Systems – Operation and Management, Smart Distribution Grid and Microgrids, Grid Integration of Decentralized Energy Resources and Energy Management, Load Demand and Electricity Price Forecasting. He has awarded "Outstanding Engineer Award" for the research contribution in power systems and smart distribution grid from IEEE Power & Energy Society (PES) - Gujarat Chapter. He has associated with Springer and CRC Press, and published book chapters in field of Integration of Renewable Energy Sources, Security Challenges in Smart Power Grid and Residential Demand Response Algorithms.

Math Bollen

Professor, Chaired Professor
Luleå University of Technsology
Sweden

Prof. Math Bollen is Professor in Luleå university of Technology- Sweden since May, 2004. He was in STRI AB, Gothenburg Sweden (High Voltage Testing and Consulting) as R & D Manager from October, 2012 to October, 2014 and as Technical Manager (power quality and distributed generation) from November, 2003 to April, 2010. He was technical expert as Energy Markets inspectorate from April, 2010 to September, 2012. He was professor in Chalmers university of Technology-Sweden for 7 years 4 months (Sep 1996 to Dec 2003). He was lecture in University of Manchester Institute of Science and Technology from July, 1993 to August, 1996.He has completed his Post-Doctoral Research from Eindhoven University of Technology in June, 1993. He was guest researcher at University Netherlands Antilles from September 1992 to December 1992. He has received his PhD from Eindhoven University of Technology in 1989. His research area is electrical power engineering.

Dr.Kartik Pandya

Professor
CSPIT, CHARUSAT

Dr. Kartik Pandya is Professor of Electrical Engineering Department, CHARUSAT University. He has received his PhD from M S University, Vadodara in 2012. He has more than 15 years of teaching Experience. His areas of interest are Power System Optimization, Deregulation, Artificial Intelligence, Renewable energy sources, Applications of Power Electronics to Power Systems. He has guided more than 15 PG dissertation and 5 Research scholars are pursuing PhD under his guidance. He is associate member of IEEE,and member of TheInstitution of Engineering. He has published 6 research papers in reputed international journal.

Dr. Chao Long
Research Associate
Centre for Integrated Renewable Energy Generation and Supply (CIREGS)
Cardiff University

Dr. Chao Long is Postdoctoral Research Associate in Cardiff University, UK since July, 2015. From August, 2013 to May, 2015 he was Postdoctoral Research Associate in University of Manchester, UK. He has received his PhD in August, 2013 from Glasgow Caledomian University, UK on thesis titled Voltage Performance in Residential Distribution Networks with Small Wind Turbines (SWTs) and Battery Electric Vehicles (BEVs), through ,Probabilistic Power Flow Analysis. He research areas are (i) Renewable energy sources integration (ii) voltage control in smart distribution grids, (iii) using power electronic devices as alternative solutions to smart distribution grids, (iv) peer-to-peer energy trading.He has 2 patterns registered at China.

Manisha Shukla
Freelance trainer in the field of electrical engineering, business processes and life skills

Manish Shukla is freelancer in the field of electrical engineering, business process and life skills. She was at ABB for past 20years. On the positions of Business manager High Voltage Services (Dec 2014 to Feb 2017), Business manager & global management team member Distribution Automation (Oct 2008 to Nov 2014), AVP & Operation head (Oct 2006 to Oct 2008), Manager - Product Engineer (Jan 2004 to Sep 2006), Engineer – Marketing (Mar 1997 – Dec 2003). She was Sr. Engineer – Switchboard Design and Planning at Jyoti Limited-Vadodara from October, 1994 to February, 1997. She has received her Bachelor of Electrical Engineering from Birla VishwakarmaMahavidyalaya in 1994. She has conducted various workshops in field of electrical engineering, business processes and life skills.

Dr.Priyesh J. Chauhan
Research Fellow
National University of Singapore (NUS)

Dr. Priyesh Chauhan is Postdoctoral Research Fellow at National University of Singapore (NUS) since September, 2014. He was an Associate Professor in Marwadi University-Rajkot from 2012 to 2014. He received his PhD in June, 2012 from IIT Delhi.He was lecturer in Government Engineering College-Bhuj from November, 2004 to March, 2008 and in Nirma University from 2001 to 2003.
Dr.Piyush carry out his research in field of power Electronics in Renewable Energy Sources based Standalone and Autonomous Microgrid Interactive Distributed Generation applications, Design of Non-Fragile Closed-Loop Control Systems. He has patent filled on "Voltage and Frequency Control of Self Excited Induction Generator in Isolated Three-Phase Four Wire System under Balanced & Unbalanced Operation" [Applied through Foundation for Innovation & Technology Transfer, IIT Delhi].

Dr.Dipankar Deb,
Associate Professor,
IIT- RAM
Ahmedabad

Dr. Dipankar Deb is Associate Professor in IIT- RAM (Institute of Infrastructure Technology, Research and Management) since July, 2015. From November, 2012 to July, 2015 he was Lead Engineer at GE Global Research, Bangalore. FromApril 2012 to November 2012 he was Academic Lead at Learningware, Hyderabad. From September, 2010 to April 2012 he was Assistant Professor at IIT Guwahati, Assam. From November, 2007 to September, 2010 he was senior Design Engineer RSM Electron Power Inc., New York, USA.He has received his PhD from University of Virginia in Octomber,2007. From May, 2003 to August 2004 he was Research Engineer, Barron Associates Inc., Virginia, USA. From January, 2002 to April, 2003 he was Graduate Teaching Assistant, Department of Mathematics, University of Florida, USA. From July, 2000 to July, 2001 he was Software Engineer in Future Software Ltd., Chennai. He has 6 US patterns and 17 Indian Patterns. He has associated with Springer and published book chapters.

A Report On
"One day Energy Conservation Awareness" workshop sponsored by Gujarat Energy Development Agency, Gandhinagarconducted By Chandubhai S. Patel Institute Of Science And Technology, CHARUSAT,Changa on 01.08.2017

Hosting College: Chandubhai S. Patel Institute Of Science And Technology, CHARUSAT, Changa.
Hosting Department: Electrical Engineering Department.
Conducting Consultant: SWAJAL TECHNOLOGIES, Anand.

Brief Report:

This workshop has been coordinated by Assistant Professor Vibha Parmar of Electrical Engineering Department. The workshop starts on 09:30 am in the early and end on 4:30 pm with final session of renewable energy and case study of audit.

In this workshop Total 252 student from Electrical and Mechanical department of Chandubhai S. Patel Institute Of Science And Technology, CHARUSAT, Changa have been participated.

The workshop is conducted by Swajal Technologies, Anand.

The students are encouraged and aware in the field of energy conservations. An expert had covered so many new content at industrial level, residential level and domestic level.

Contents like Recent trends in energy in india, Energy Efficiency in lighting system, pumps, motors, cooling towers , Variable frequency drives, boilers, furnace, air compressor and different utilities in industrial and domestic level and potential of renewable energy sources been discussed.

We would like to conduct similar activity in future.

CHANDUBHAI S. PATEL INSTITUTE OF TECHNOLOGY • CHARUSAT-CAMPUS CHANGA

Event name: One-day workshop on "Energy Conservation Awareness"

Date: 01 August 2017

Resource person: Yogesh prajapati with students

Dr. Y R Prajapati,

EA BEE,

Assistant Professor,

BVM Engg. College.

Mr. Yogesh is an electrical engineer and has audited industries in the field of chemical, steel, pharma sector dairy industries, etc. He has audited in the field of thermal as well electrical. Conducted more than 25 workshops. Experience in thermal as well as electrical energy audit of chemical, steel, pharma sector dairy industries, etc. He has also served Gujarat Electricity Board as a Junior Engineer for Two Years

Charotar University of Science & Technology

Devang Patel Institute of Advance Technology and Research

A Report on

"Building Youth Leadership through Social Entrepreneurship"

Date: 6/03/2018
Time: 12:10pm – 2:00pm
Venue: DEPSTAR Seminar Hall
Faculty Coordinator: Ms. Nidhi Barodawala

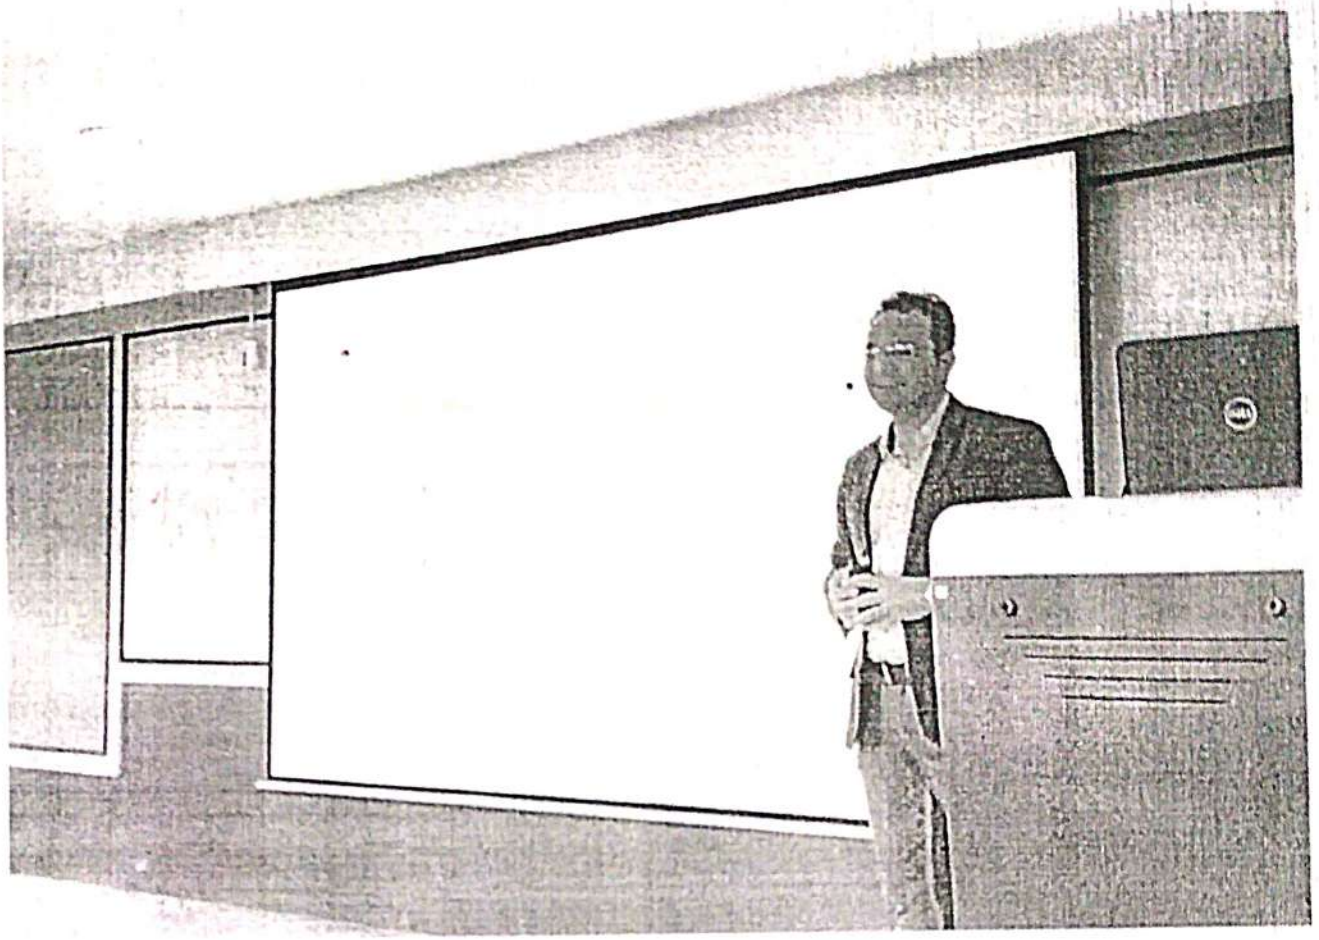

An expert lecture was organized by the DEPSTAR on 6th March 2018 at seminar hall. The main objective of it was to inspire the students and to make them aware about youth leadership and entrepreneurship.

About Expert:

Mr. Nitin has done his M.Tech in IT from IIIT- Banglore. He is gold medalist and been awarded as entrepreneur of the year award by IIIT- Banglore in July 2014. He has been honored by Shree Lajpatray Verma award in 2014 for his social projects. He became first **TEDx speaker** from his region and he was key speaker in various renowned national youth forums in India, which includes NIT Conclave at NIT Surat, AIESEC social youth conclave, Josh Talks and See talks at IIT Mumbai. He one of the member of advisory board in various incubation centers in different university of Gujarat and he also mentored many student startups. He is also working closely with government on startup policies to promote entrepreneurship. Sir was also one of the panelists in **India's first Tribal Entrepreneurship Summit**, on 14th Nov 2017.

He started his social venture **'Serve Happiness Foundation'** aimed at building and improving grass root communities by connecting passionate individuals to them. Narmada Prerna Yatra, Sabarmati Prerna Yatra, Tapi Prerna Yatra – were some of their initiatives. He is CEO and Founder of Serve Happiness Foundation, Bharuch, Gujarat, India. As part of his foundation's mission to spread happiness globally, they used to organize youth inspirational programs and journeys to not only unravel the ethereal beauty

of your country but importantly imbibe and spread the cultural values and the ensuing happiness onto their personal and the world at large!

Following topics were included in the talk:

1) Social Entrepreneurship Programs
2) Narmada Prerna Yatra
3) Sabarmati Prerna Yatra
4) Tapi Prerna Yatra
5) Inspirational stories
6) Bharuch Sujni Craft
7) Story of Real Padman - Arunachalam Muruganantham

SOCIAL ENTREPRENEURSHIP PROGRAMS:

They also organize entrepreneurship programs based on their grass root experiments with urban and rural youth that empowers youth across the country to kick start social entrepreneurship activities in rural India. In course of their work we've had the pleasure to work on our programs with

organizations and individuals from organizations such as NASSCOM, Banasthali University, Gujarat National Law University, IIIT Bangalore, Gujarat Technological University, Petronet LNG Ltd., NIT Surat etc.

NARMADA PRERNA YATRA:

Narmada Prerna Yatra - is one of their initiatives - an inspirational journey of its kind to inspire youth by connecting them with real life heroes from varied sectors like health, education, agriculture etc. in the Narmada region. He Inspired student of the institute with the inspirational stories of the people they have met throughout the journey

SABARMATI PRERNA YATRA:

The river Sabarmati has been historically significant to the people of the world's largest democracy viz. India. The Father Of The Nation - Mohandas Karamchand Gandhi spent a considerable amount of time (1917-1930) along its banks at Sabarmati Ashram. It was here that he developed the Gandhian concept of the Charkha (a symbol of self-entrepreneurship), which alone, he believed could help the nation protect its bio-diversity and provide sustenance to the poorest of the poor.
In line with the Mahatma's vision as above, Serve Happiness Foundation has organized a one-of-a-kind revolutionary 4 days yatra - Sabarmati Prerna Yatra - a journey to evolve and inspire the youth by connecting them with the real heroes of Sabarmati region who are effortlessly for improving rural development, health, agriculture, dairy technology, handicraft, education, women empowerment.

TAPI PRERNA YATRA

As it is rightly said "Ganga Snan, Yamuna Pan, Tapi Smaaran and Reva Darshan" is the way to attain 'Moksha'. Tapi Prerna Yatra is a youth inspirational bus journey to evolve and inspire the youth by connecting them with the real heroes of Tapi and South Gujarat region who are effortlessly

working for improving rural development, health, agriculture, dairy technology, handicraft, education, women empowerment.

BHARUCH SUJNI CRAFT PROJECT:

There are several such hidden talents of artisans living in the interiors of India, which need to be exposed to the world and given a platform to create a market for their product. At Serve Happiness Foundation We firmly believe that it's our responsibility to revive this skilled craft and give a platform to rural people for showcasing real Indian art at international level. We have started such amazing project called Bharuch Sujani Craft founded to revive this unique dying art of Bharuch called Sujani. Bharuch Sujani Craft is associated with the Serve Happiness foundation and all the proceeds from the sales of the products at Sujani Looms go to the foundation for rural development and youth empowerment projects. Sujani is exquisitely woven into beautiful geometric designs and stuffed with clouds of cotton to make warm cozy fabric. This product can be used as a quilt, bed spread, runner or a throw.

Expert talk on Cyber Security laws and policies

15th March, 2018

The experts talk on "Cyber Security laws and policies" was conducted by Dr. Hardik Parikh. Dr. Hardik H. Parikh is currently serving as Assistant Professor of Law and Officer on Special Duty, Office of Registrar, Gujarat National Law University. The students of DEPSTAR IT, CE, CSE were attended this workshop on Cyber Security laws and policies.

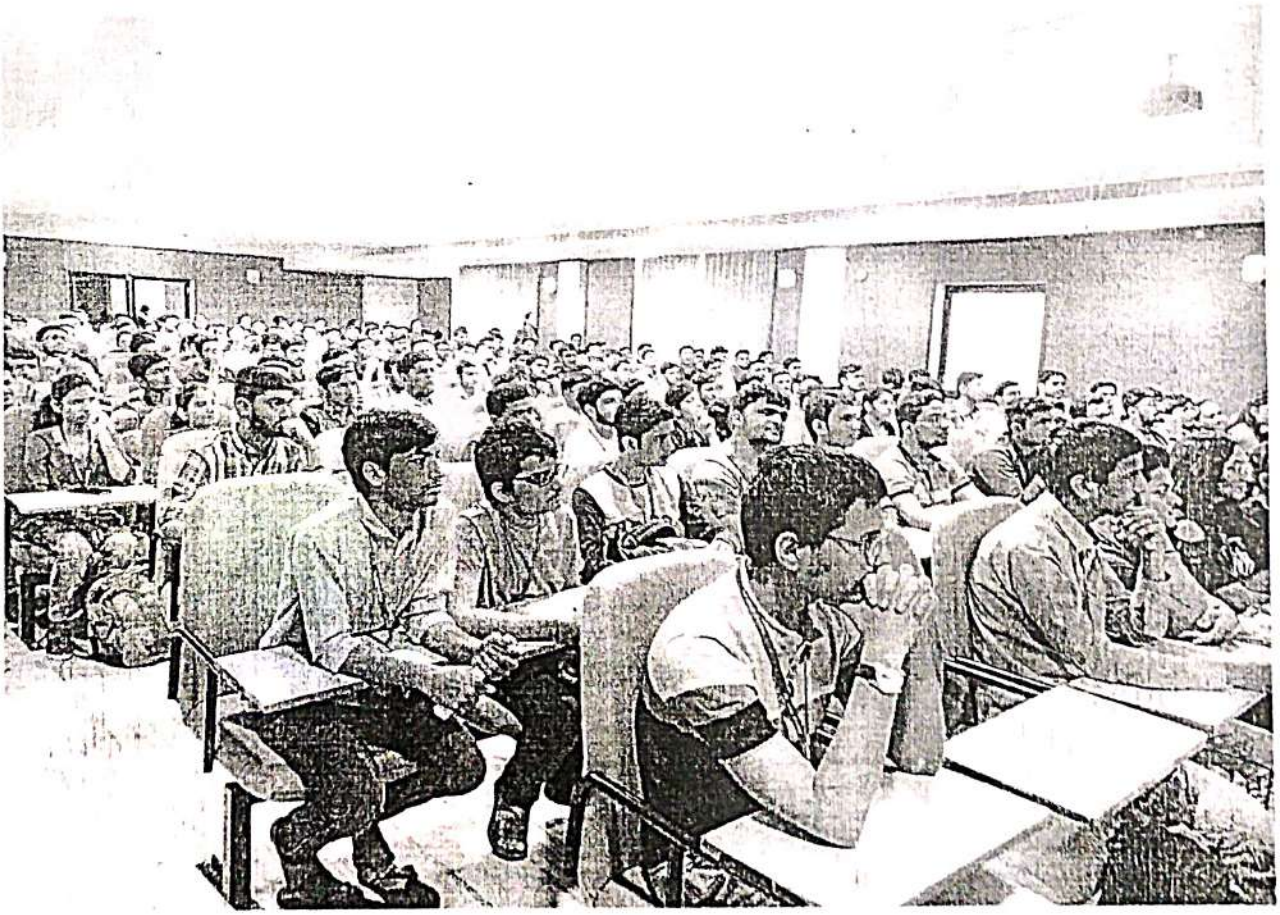

The objective of the workshop was to aware the students regarding the cyber-crimes, their impacts and charges.

The expert talk was started with the introductory of laws and different types of it. Then different cybercrimes and their real incidence were explained by experts. They also discussed Indian national laws and their policies.

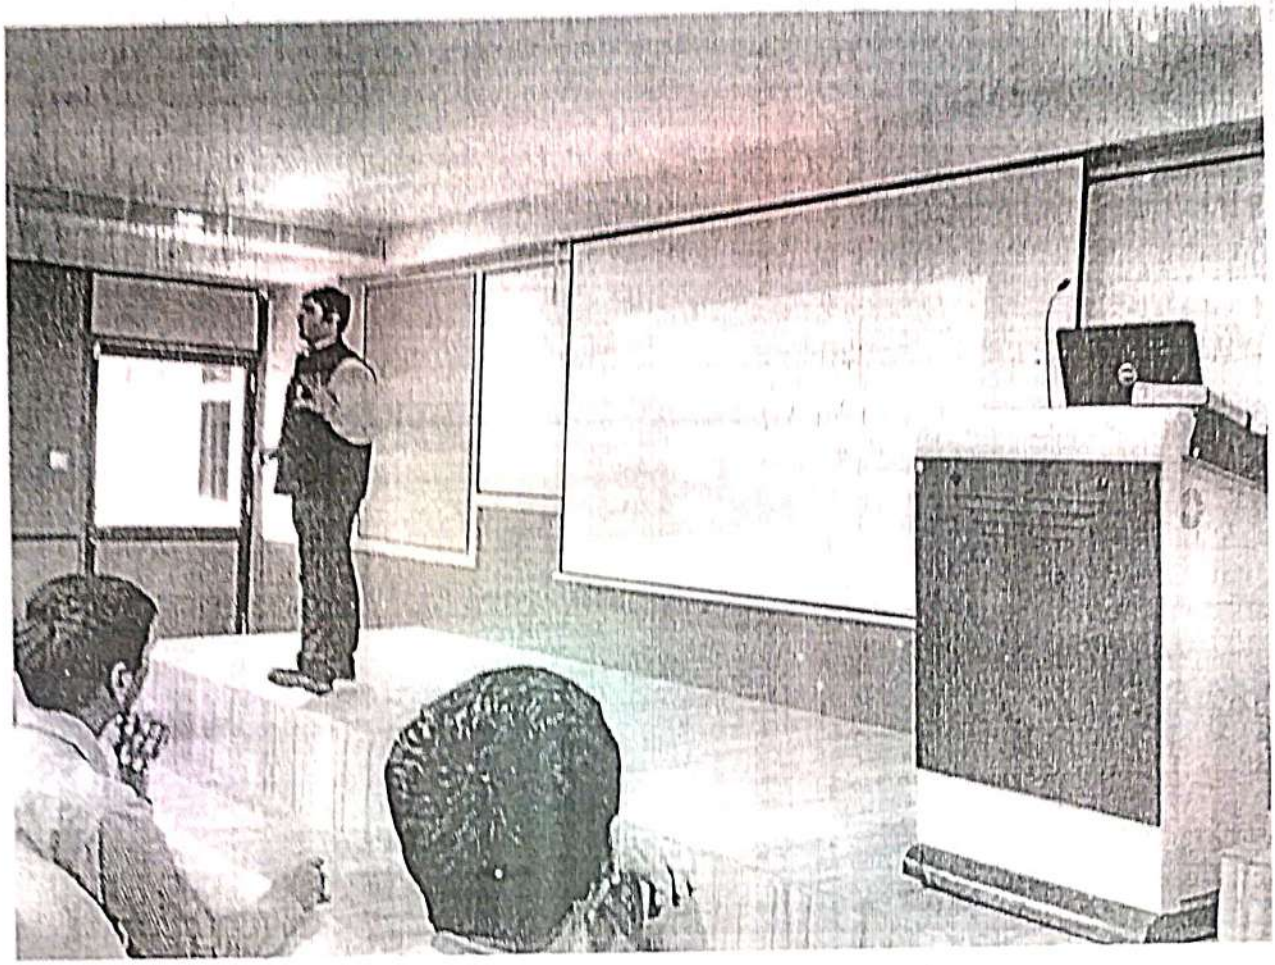

The students were very satisfied with the expert talk topic, content and delivery of the content. They are expecting many more fruitful sessions regarding this area. Following are the photos of Expert talk.

Report on Expert Talk Lecture for Object Oriented Programming Concepts in C++ (OOPC) by Prof. M.T.Savaliya

An Expert lecture for C++ was delivered by Prof. M.T.Savaliya on 22nd March 2018. The main objective for the talk was to provide more knowledge on basics of OOPC concepts. Following were the topics covered throughout the talk.

- Introduction to OOPC and Design
- Classes, Objects and their importance
- Functions, Function overloading & Operator Overloading
- Constructors & Destructors
- Inheritance & Pointers
- File Handling Functions

About Expert:

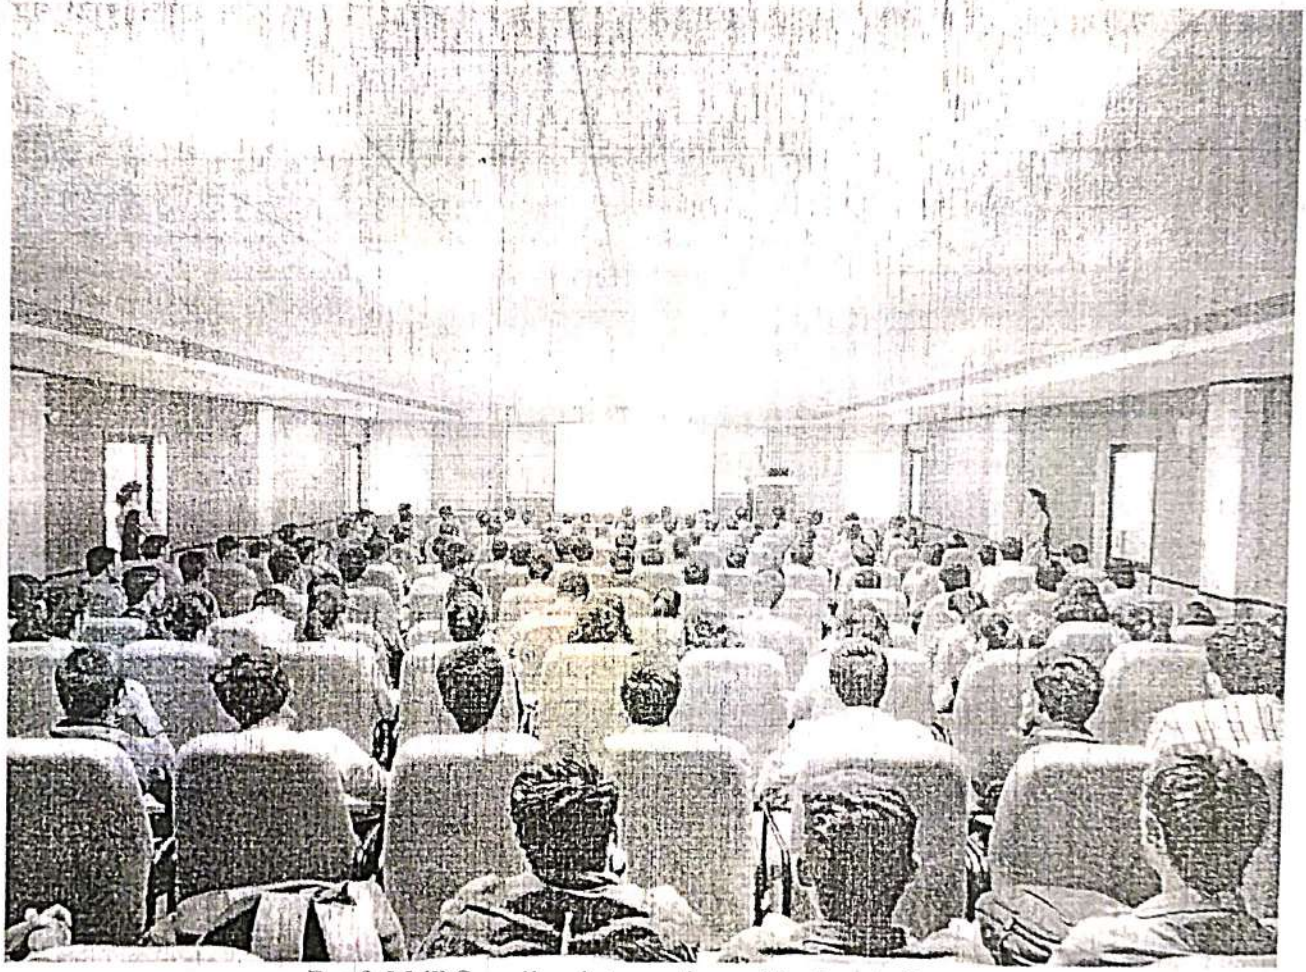

Prof. M.T.Savaliya is presently working as an Associate Professor in Vishwakarma Government Engineering College, Chandkheda, Ahmedabad. He has expertise in the subjects like OOP, Microprocessor, Distributed Computing and Web Technologies. He has more than 10 publications of different subjects. Prof. M.T.Savaliya has been awarded with Significant Contribution Certificate under CSI Ahmedabad Chapter in 2006 – 2007. He is also been endowed with Chapter Patron Award under CSI in 2013-14.

About the talk:

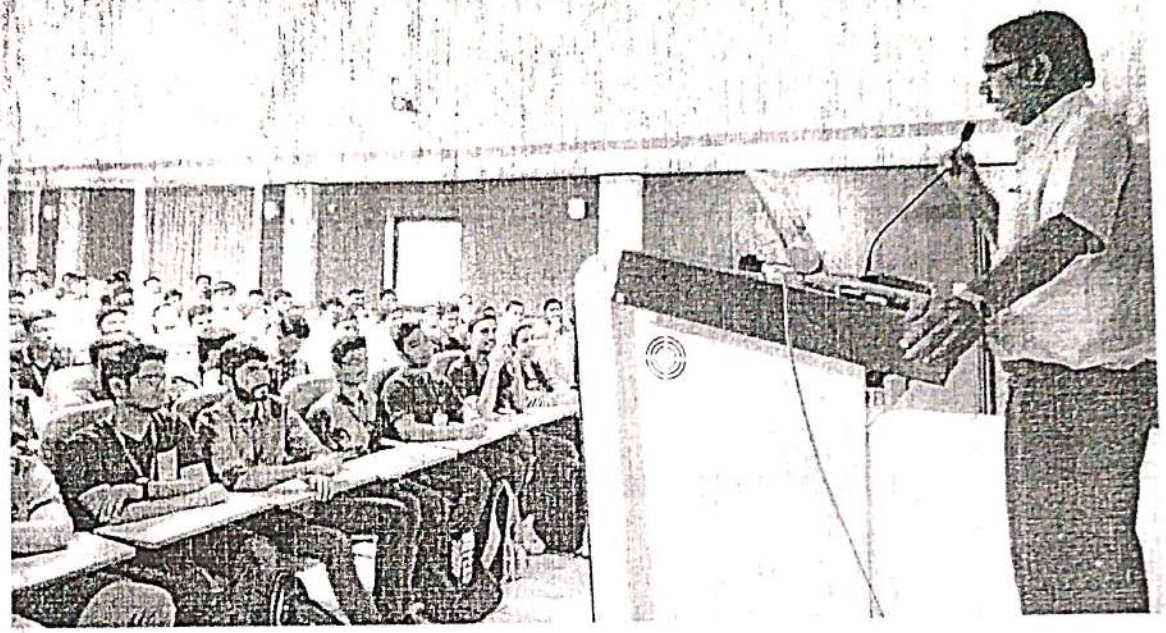

The talk initialized with the interactive discussions on C concepts, its importance and requirement of OOPC as a programming language. He discussed his knowledge about OOPC concepts, functions in C++ and explained them with real world examples. Further, in the talk, students interacted with him about overloading concept of functions and operators. File handling

and error handling functions were also introduced in brief to the students. The talk ended with the discussion on OOPC as a platform for learning advanced programming languages. Students enjoyed the talk.

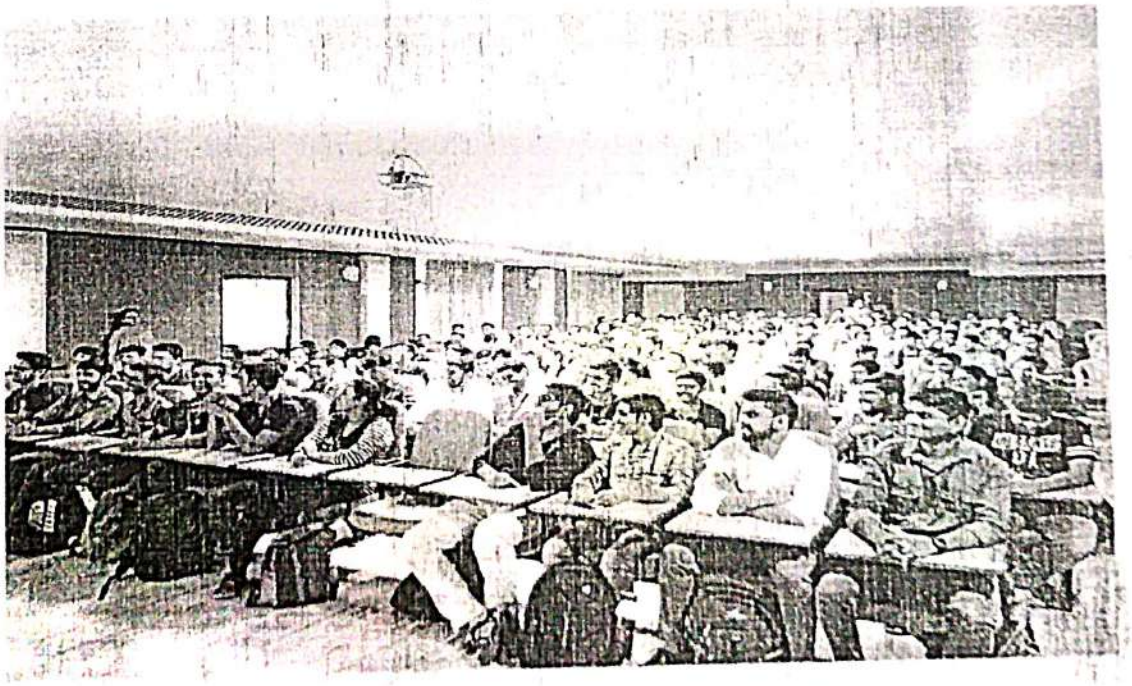

Some photographs captured during the expert talk is showcased below.

Prof. M.T.Savaliya interacting with the students

Report on "Interaction Session for Attitude building"

An interactive session was organized by DEPSTAR faculties for the students of CSE/IT/CE classes on 27th March 2018 at DEPSTAR seminar hall. The main objective for session was to build the positive attitude for learning strategies, research work and develop professional behavior in students.

Motivation plays a major role in students' academic work and in their achievement. It reflects in students' choices of learning tasks, in the time and effort they devote to them, in their persistence on learning tasks, in their coping with the obstacles they encounter in the learning process.

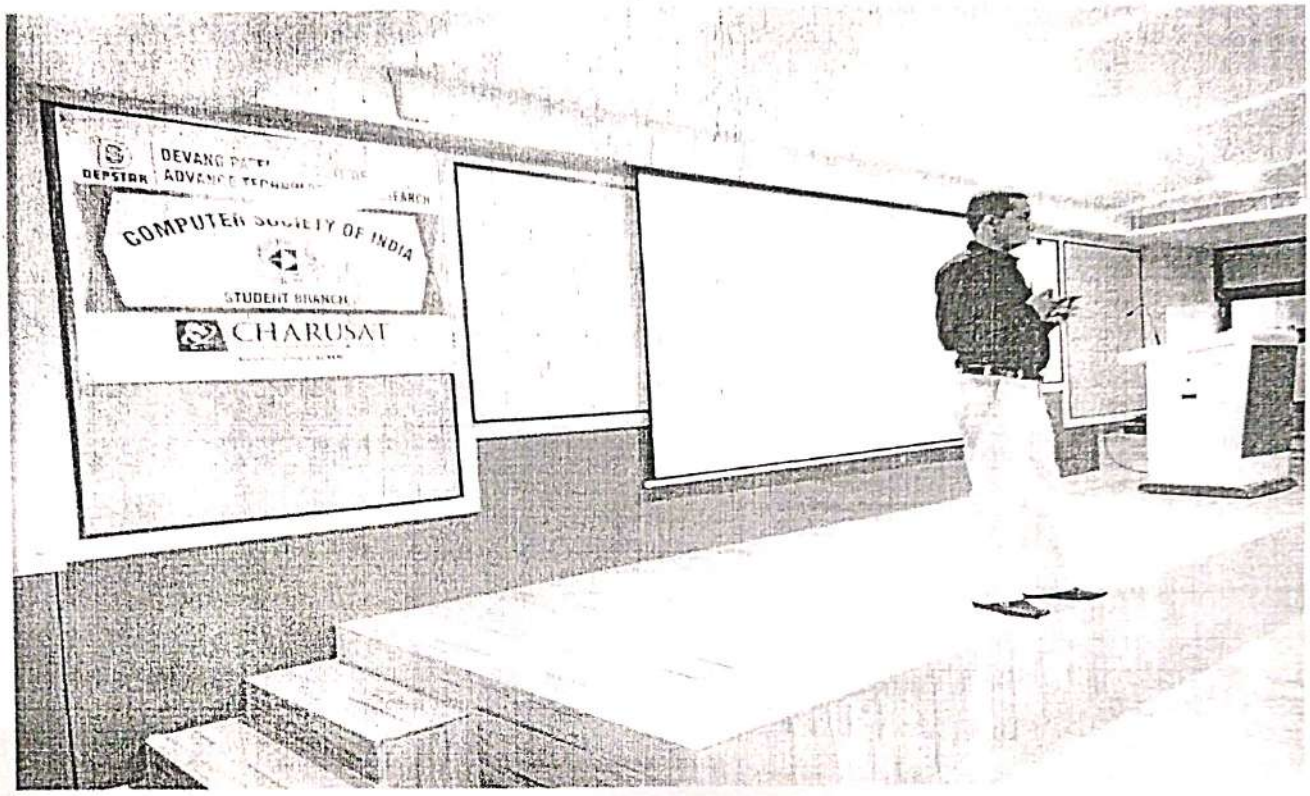

With this aim **Dr. Amit Thakkar, Associate Professor (IT Department,CSPIT)** inspired students to learn the basics concepts and focus on them. Justify your role as an engineer i.e he should be well aware of his own field.

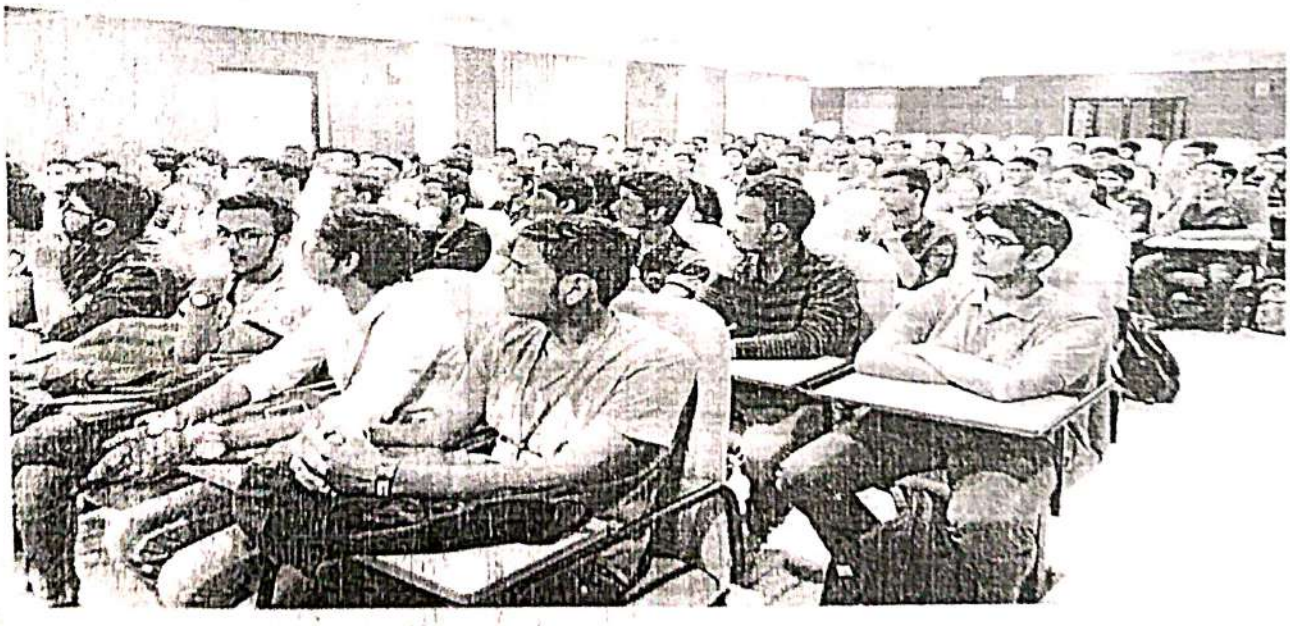

Todays' era is where an Engineer need to more skillful as well as a person with multi-dimensional vision. He should be problem solver.

Sir, motived by giving few goals to achieve in within these 4 years of career building like

- To have at least one own channel on YouTube channel or similar sites
- To have 3 apps on Goggle PlayStore

Some of the glimpses of the session are as follows:

Students Feedback:

Sr. No.	Statements	Average out of 5	Average %	Over All out of 5	Over All %
1	The Resource Person(s) was / were well organized.	4.15	83.00	3.96	79.10
2	The Resource person made good use of the time allotted.	3.90	78.00		
3	The Resource Person had conceptual clarity and knowledge about the topic.	4.15	83.00		
4	The Resource Person' presentation style was effective in helping me learn.	3.70	74.00		
5	The teaching/training methods used were appropriate for the audience.	3.75	75.00

Report on "Technological Advancements in Computer-IT Industry"

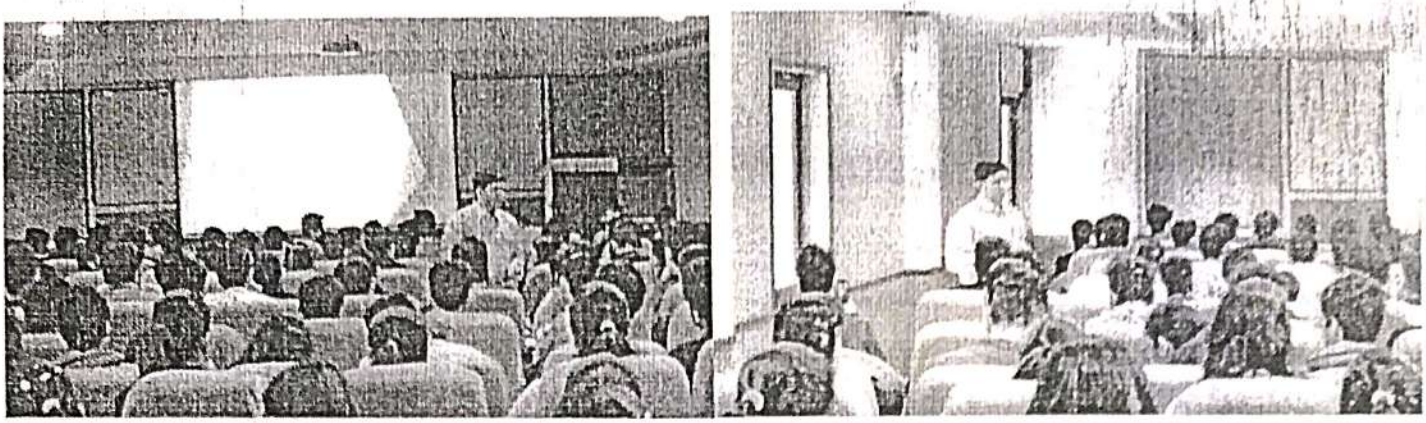

A Technical expert lecture was organized by the DEPSTAR Faculties on 7th of February 2018 at seminar hall. The main objective of it was to inspire the students and to aware them about the advancement and current trends in the computer and IT industry.

The speaker was Dr. Ritesh Patel, Associate Professor of Computer Engineering Department, CSPIT. He began the session by encouraging students to gather more and more knowledge other than the books. He motivated the students to be attentive in theory classes of all subjects with interest. He inspired students that age is no bar for gaining knowledge; a student can work on advance technology also if he has passion to learn and proper guidance.

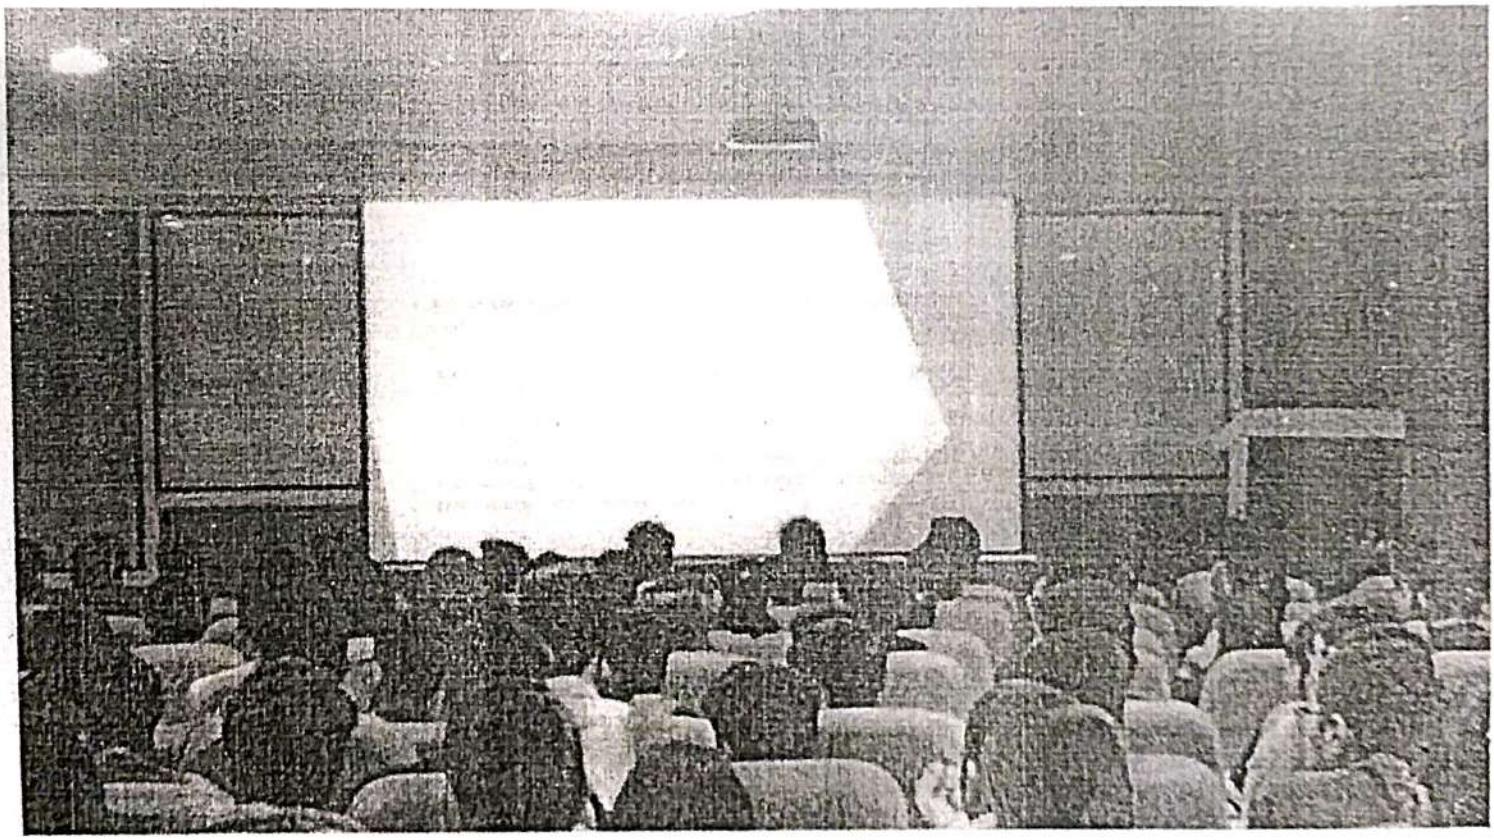

Sir then enhanced the knowledge of students in the field of Cloud Computing, Super Computers and Server Technology. He also explained the latest trend in this industry called Containment that is used on large-level server-based implementation to prevent the server from crashing. The students were also briefed about Super Computers and how they can be made. They were then provided information about servers and the processors used in servers. He also made the students understand Server Technologies via various videos and his PPT presentation.

The session was conducted at seminar hall and about 200 students were present from CSE,CE,IT classes of DEPSTAR. It was combined effort of all the faculties under guidance of Dr. Amit Ganatra (Principal DEPSTAR, Dean-FTE)

Career Objective

Obtain a very good teacher position in my carrier where i can maximize my teaching experience, student's development skills by encouraging creativity and research oriented thinking, which will support to develop a good nation.

Educational Qualification

DEGREE	MONTH/YEAR	BOARD/UNIVERSITY	PERCENTAGE
Ph.D.	Oct 2017	CHARUSAT	--
M.E. Computer	April-2004	DDIT (Deemed Uni.)	66.47%
B.E. Computer	May-2002	North Gujarat University	64.84%
NAME OF EXAM	**MONTH/YEAR**	**BOARD/UNIVERSITY**	**PERCENTAGE**
H.S.C.	March-1998	GESB	74.30%
S.S.C	March-1996	GSEB	71.29%

Other Qualification

- Cisco Certified Network Associates (CCNA) in Dec-05 from IIIT, Hyderabad.
- Cyberoam Certified Network Security Professionals (CCNSP) in July 2013

Professional Qualification

1. Working in CSPIT-Changa as an **Associate Prof.** in Computer Engg. Dept.(CSPIT-Changa), Since May 2004
2. Worked as a visiting faculty for the **P.G. and U.G. Course at Computer Engg.** DDU, Nadiad (2008).
3. Working as a **CCNA instructor** and governing Cisco Networking Academy at Education Campus Changa since July-2005
4. Project Leader of **E-Governance** Project of ECC (Since Jan, 2009 to Oct 2012)
5. Project Co-ordinator of CHARUSAT Sophos Security Lab (July to Dec 2017)
6. Working as a **CCNSP instructor** since July, 2013

Seminars/Course Attended

- Seminar attended on **TCP/IP** organized by CSI Ahmedabad during august, 2004.
- 2nd National Symposium on "**Data and Knowledge Engineering"** organized by A. D. Patel Institute of Technology, V.V. Nagar and Sponsored by ISTE Chapter on 25th Sep-2005
- Workshop on **FDP** organized by ISTE Chapter, ECC during Jan –7 and 8 –2005
- Attended workshop on "***Networking Security***" at DDU During 18-20 March 2006
- 14 days SDP on "**Network Routing Algorithms**" sponsored by AICTE during 13-24 Nov, 2006 at Tamilnadu.
- Participated in '**e-Resource Management"** organized by IIIM, Ahmedabad during January 19-20, 2007.
- One week FDP on "**Linux Installation and Programming"** organized by GEC, Gandhinagar during September 24-29 2007.
- One day seminar on "**IS027001:IS017799 DEMYSTIFIED**" organized by CSI Mumbai Chapter at Andheri, Mumbai on 31st Jan-2008.
- Attended FDP on "Information Security, web services & Expectation of IT Industry" on 28th Sept, 2010 at TCS, Gandhinagar
- Attended FDP on "***Research Methodology and SPSS***" organized at S.K Patel Insti, Gandhinagar During on 22-24th April 2010
- Attended FDP on "***Effective Teaching Methodology***" at CHARUSAT during 3-4 March 2011.
- One week STTP on "***Wireless Sensor Networks: Secure Data Aggregation and Related Issues***" at SVNIT, Surat during 15-19, May 2013
- One week STTP on "Software Based Networks, SDN and Integratin of Virtualization" at NIT, Suratkhal, Manglore during 19-23 December 2017

Workshop Organized

- National Level Six Days workshop on "Internet of Things: Privacy and Security in a connected World" during 4-9, Sept, 2017at CHARUSAT Changa
- National Level Three Days workshop on "*Network Simulation using NetSim*" during Sept, 2015 at CHARUSAT Changa
- National Level Two Days workshop on "Network Simulation using NS-2" during Nov, 2014 at CHARUSAT Changa
- Institute Level Two Days workshop on "Network Simulation" during July , 2013 at CHARUSAT Changa
- National Level Two Days workshop on "Network simulation using NS-2" during June 08-09, 2013 at CHARUSAT Changa
- Two days' workshop on "Advanced Data Communication and Networking" at CIT-Changa in Feb-2005.

Expert Talk Delivered

- Delivered Expert talk on "*IP Addressing*" at NITK, Suratkhal during 3 Days workshop in "Simulation of Wired and Wireless Networks (SWN - 2015)**",** June 8 - 10, 2015
- Delivered lecture on "Computer Hardware Troubleshooting" at student convention DDIT in July-2006
- Delivered Expert Lecture at "Emerging Trends in Mobile Computing and security" at ISTE Short term training program organized by S.K. Patel College of Engg. Visnagar during 21-26th May-2007.
- Delivered Expert Talk on "Basics of Routing" at DDU, Nadiad under CSI Chapter during 23-25 July,2008
- Delivered Expert Talk on "Basic of IP Routing" at ADIT, VV Nagar. During 10th January, 2009
- Delivered Expert Talk on "Basics of Linux Architecture and Power of Shell Scripting" on 21st February, 2011 at Ipcowala Institute of Engineering and Technology, Dharmaj, Gujarat.

- Delivered expert talk on Fundamentals of IP at National level Emerging trends in Mobile Computing and Security organized by Sankalchand Patel College of engg., Visnagar during 22 May 2007
- Delivered expert talk on Basics of Linux Architecture and Power of Sheel Scripting at State level Basics of Linux Architecture and Power of Shell Scripting organized by IIIM, Charusat during 21 Feb 2013
- Delivered expert talk on Performance Analysis of Transport Layer Protocol at National level "Research Issues and Challenges in Next Generation Networks (NGN) NetSim: Insights and Innovations" organized by GUJCOST sponsored, CHARUAT during 24 Sept 2015
- Delivered expert talk on Simulating Performance Analysis of Transport Layer Protocol at National level "Research Issues and Challenges in Next Generation Networks (NGN) NetSim: Insights and Innovations" organized by GUJCOST sponsored, CHARUAT during 24 Sept 2015
- Delivered expert talk on Virtualization: Fundamental and Implementation of Cloud Computing at State level Virtualization: Fundamental and Implementation of Cloud Computing organized by GANPAT university, Ahmedabad Extension Center during 6-11 June 2017
- Delivered expert talk on Creating and analyzing private cloud using Xen Architecture at State level Open Source private cloud computing organized by SCET, Surat during 6-7 Oct, 2016
- Delivered expert talk on Creating and analyzing private cloud using Xen Architecture at State level Fundamentals of Cloud Computing organized by UKA Tarsadia Univeristy, Bardoli during 3-4 march 2017
- Delivered expert talk on Virtualization: Fundamental and Implementation of Cloud Computing, Creating a Private Cloud :Installing and configuring OS at State level Experience the Cloud and Cluster Computing organized by UKA Tarsadia Univeristy, Bardoli during 43150
- Delivered expert talk on Analyzing Live Migration of VM, Analyzing Live VM migration with CPU bounded, Search Engine lab setup, Programming using Jcloud at State level Experience the Cloud and Cluster Computing organized by UKA Tarsadia Univeristy, Bardoli during 23-24 Feb 2018
- Delivered expert talk on Analyzing performance of traditional network with Software Defined Network at State level Emerging trends in Networking & Security in Connected world organized by Darshan Institute of Engineering and Technology, Rajkot during 12 May 2018

Technical Skill

- NetSim, Packet Tracer, NS-2 & NS-3 Network Simulator Configuration for Data Analysis
  CloudSim, iCanCloud, CloudSched Datacenter Configuration and Data Analysis
- Configuring and Administering
  - **Windows 2012 Server**: IIS, DNS, DHCP, RIS, Active Directory with Policy, WSUS Ser., Exchange Server, SMS Server, NLB, Cluster, HPC, Virtualization
  - **Linux Server** : Web Server, Mail Server, DNS, DHCP, Samba, FTP, IPsec server, Proxy server, Firewall, SELinux, MCS Security, ACLs, NLC, Cluster, Virtualization etc
- **Cloud Configuration and Execution**
- **CISCO Router Configuration** :RIP, EIGRP, BGP, CIDR, VLSM
- **CISCO Switches Configuration**: Configuring and Maintaining VLAN & VTP
- Cyberoam Configuration and Administration

Workshop Attended

- Faculty Development Program during 7-8 Jan 2005 Organized by CHARUSAT
- CCNA 1 & 2 during 13-27 June 2005 Organized by Guru Gobind Singh Indraprastha University, New Delhi
- Linux on Networking & Security during 38794 Organized by DDU
- CCNA 3 & 4 during 12-23 Dec 2005 Organized by International Institute of Information Technology Hyderabad
- Network Routing Algorithms during 13-24 nov 2006 Organized by Mepco Schlank Engineering College
- E-Resource management during 19-20 January, 2007 Organized by IIM, Ahmedabad
- Linux Installation and Programming during 24-29 Sept, 2007 Organized by GEC, Chandkheda
- ISO 27001/ISO 17799 Demystified during 31 St Jan 2008 Organized by CSI Mumbai
- Research Methodology & SPSS during 23-24 April, 2010 Organized by S.K Patel Institute of management and Computer Studies
- Effective Teaching Methodology during 3-4 march 2011 Organized by CHARUSAT
- Information Security and Web Services during 40449 Organized by TCS, Garima Park, Gandhinagar
- Computer Networking during 28th May-5th July 2014 Organized by IIT Bombay
- Cloud Computing during 10-13 march 2014 Organized by NIT, Surat
- Wireless Sensor Networks: Secure data Aggregation and Related Issues during 15-19 July 2013 Organized by NIT, Surat
- Windows Azure Cloud Training workshop during 41821 Organized by CHARUSAT
- Development of Policy Framework for Innovation, Student Entrepreneurship & IPR during 21st & 22nd November, 2014 Organized by GTU, Ahmedabad

- Simulation of wired and wireless networks during 8-10 June 2015 Organized by NIT, Suratkal
- Azure Cloud Campus during 26-27 June 2015 Organized by CHARUSAT
- Training program on 'Art & Science of Counselling: Developing Behavior change, Communication and Basic Counselling skills" during 8th October to 16th October 2015 Organized by B.I. Patel Human Resource Development Center
- Online Course on Introduction to Linux during Jan to March, 2016 Organized by Edx
- A System View of Communications: From Signals to Packets (Very good course. I included into practical) during Nov 2015 to February, 2016 Organized by Edx
- "Outcome Based Education (OBE)' during 08th April-09th April, 2016 Organized by Academic Development and Research Cell, Nirma University
- "Digital learning, Artificial Intelligence during 54th May, 2016 Organized by TCS, Garima Park, Gandhinagar
- Art and Science of Counselling during 8-16 Oct, 2015 Organized by CHARUSAT
- Outcome Based Education during 8-9 April, 2016 Organized by Nirma University
- Faculty Development Program during 06th June to 10th June, 2016 Organized by Infostretch, Ahmedabad
- Understanding Fundamentals Tradeoffs in Computer Design and Organization during 21-25 Nov 2016 Organized by GIAN, LD College of Engg., Ahmedabad
- FDP on Splunk Search Processing Language during 22-26 May 2017 Organized by Crest Data System Pvt ltd.
- Internet of Things and its Applications during 05-10 Oct 2017 Organized by NIT,Surat
- Teacher Effectiveness during 42588 Organized by CHARUSAT
- IoT and Fog Computing during 3-8 July 2017 Organized by CHARUSAT
- Cloud Computing during Aug-Oct 2017 Organized by NPTEL Online Certification
- Creativity, Problem Solving and Innovation during 13-22 Nov 2017 Organized by CHARUSAT
- Software Based Networks, SDN and Integrating of Virtualization during 19-23 Dec 2017 Organized by NIT, Suratkhal

Technical support: Mr. Alex Chauhan and Mr. Nilesh Pandey PhD Scholars, PDPIAS, CHARUSAT

DOMAIN KNOWLEDGE TRAINING (DKT) is a summer training program created by Charotar University of Science and Technology (CHARUSAT) to make the teacher abreast about real time applications of tenets of their domain area. Domain Knowledge Training at RPCP was based on theme "**Cell Culture Techniques**" with an aim to train 25 teachers in the techniques to handle various cell lines and also designing of cell line protocol. University has approved the budget of Rs.1, 20,660/- to organize this training program.

The "Cell Culture Techniques" training program intended to introduce the participants with basic practices being routinely followed in a cell culture laboratory. In the six days participants got acquainted with laboratory safety, aseptic techniques, media preparation as well as passaging, freezing, and thawing of cultured cells and MTT based cytotoxic assay. Though, the basics of cell culture experiments and techniques share many common features, the cell culture conditions vary with one cell type to another. The instructions provided in this manual mainly focuses on human cervical and/or breast cancer cell lines (annexure –I). The schedule for the domain knowledge training:

Training Schedule on "Cell Culture Techniques"			
Instructor: Dr.Neeraj Jain, Assistant Professor, P D Patel Institute of Applied Sciences			
Date	**Day**	**Activity**	**Training Day No.**
23.06.2017	Friday	Fumigation and Video Preparation	0
27.06.2017	Tue (First Half)	1. Video on Cell Culture Lab Sterilization 2. Complete Media Preparation 3. Media Preparation for Cryopreservation	1
	Tue (Second Half)	Demo on sub-culturing Demo on Cells Preservation	
28.06.2017	Wed	Hands on sub-culturing + Cells Preservation	2
29.06.2017	Thu	Hands on sub-culturing + Cells Preservation	3
30.06.2017	Fri	MTT starts Day 1 + Cells Revival	4
01.07.2017	Sat	MTT Day 2 (48 hrs treatment) + Cells Revival	5
02.07.2017	Sun	Incubation	
03.07.2017	Mon	Reading after 48 hrs treatment	6

6 days DKT on cell culture techniques (27 June 2017 - 03 July 2017)

Dr Neeraj Jain

Associate Professor

Charotar University of Science and Technology

Thrust area of research involves identification of susceptibility markers related to HPV infection and cervical carcinogenesis, development of magnetic fluid based hyperthermia for cancer treatment, and in-vitro identification of ionic-liquid based novel anti-cancer compounds. The research work has been supported by grants from DST-SERB, DST-GUJCOST, and CHARUSAT. In 2014, participated in the WHO Global HPV LabNet HPV DNA Genotyping Proficiency Panel.

A brief report on a National Workshop on Integrating ICT Tools in Instructional Pedagogy in Pharmacy

A National Workshop on Integrating ICT Tools in Instructional Pedagogy in Pharmacy was organized on January 4, 2018. Dr. Anwar Sheikh, Professor and Head, Department of Pharmaceutical Sciences, Allana College of Pharmacy, Pune was the Resource person. 25 faculty members from 15 Pharmacy Institutes of Gujarat, Madhya Pradesh and Maharashtra had participated in the workshop.

The aim of the workshop was to create awareness about the effective use of ICT tools in pharmacy curriculum, development of e-content and designing of online instructional materials. The workshop included demonstration of virtual laboratory available at CHARUSAT to the participants as well as training sessions for the use of ICT tools in pharmacy teaching. Participants were exposed to animation software, scientific animation making, advanced slide show and video preparation techniques and use of social media in 24X7 connectivity with students. Hands on training was also imparted to the participants. Relevant software was provided to participants at the end of the workshop by the host institute.

Organizing Committee

Patrons:

- **Shri Surendrabhai Patel**, President - CHARUSAT & Kelavani Mandal
- **Dr. M.C. Patel**, Hon. Secretary - Kelavani Mandal
- **Dr. B. G. Patel**, Provost - CHARUSAT

Advisors:

- **Dr. Devang Joshi**, Registrar, CHARUSAT
- **Dr. H. J. Jani**, Advisor, CHARUSAT
- **Dr. S. P. Kosta**, Advisor, CHARUSAT
- **Dr. R. M. Patel**, Advisor, CHARUSAT
- **Shri Ashok Patel**, Advisor, CHARUSAT

Dean & Principal - RPCP:

- **Dr. Anuradha Gajjar**

Event Coordinator:

- **Dr. Vijay Parmar**, Associate Professor, RPCP

Registration Details

Registration Fees	800 INR

- For Online Registration & Payment: http://charusat.net/registration/
- Limited seats are available
- Registration fees include registration kit, day-time hospitality and software package.

Report

Convener:-
Dr. Atul Patel, Dean & Professor, CMPICA, CHARUSAT, Changa

Coordinator:-
Dr. Sanskruti Patel, Assistant Professor, CMPICA, CHARUSAT, Changa

Brief Details of Workshop:-

Research is an integral part of academic and industrial world. It plays an important role in growth of the business organizations and progress of a nation. The nations which had invested in research have prospered more and provided higher standards of living to its citizens. In order to carry out research, the personnel need to be trained in research methodology and quantitative techniques to design experiments.

A GUJCOST Sponsored Short Term Training Program (STTP) of 07 days on “Research Methodology and Quantitative Techniques” was organized during May 14-19, 2018 at Smt. Chandaben Mohanbhai Patel Institute of Computer Applications, CHARUSAT, Changa, Gujarat. Total 25 enthusiastic participants (including faculties and research scholars) had

enrolled in the STTP from different institutions. STTP consists of technical sessions followed by hands on sessions on various aspects of Research Methodology and Quantitative Techniques. The aim of the STTP was to make participants understand about planning and conducting scientific experiments for collecting data, and analyzing the data to have fruitful conclusions. The content was designed to familiarize with theory contents with Hands-on sessions.

The Inaugural session of the STTP was started at 09:15 AM on May 14, 2018 at CMPICA building. During this session, participants were made aware about the aim and objectives of the workshop. Also, the detailed schedule of the STTP is made available to them.

The first session was conducted by Prof. Dr. Ashok Shanubhogue on May 14, 2018. He covered various aspects of quantitative techniques that includes Introduction to Quantitative Analysis and Descriptive Statistics (Descriptive Versus Inferential Statistics, Scale of Measurement, Frequencies, Percentage, Proportions, Histogram, Data Preparation, Univariate Analysis, Bivariate Analysis). In Second Session, Dr. Atul Patel covered the topics in his lecture that includes Introduction to Research, Research Issues & Challenges and Research problem identification and formulation.

On second day May 15, 2018, the first session was conducted by Dr. Amit Ganatra on "Problem Identification and Formulation". He explained and presented the different techniques available for Hypothesis Testing with hands-on session. He also explained the participants the usage of different tools available for the same. The second session was taken by Dr. Vyomesh Nadurbarkar on "Sampling and Probability Theory". He covered it in detail by providing insights on Sampling, Mean, Median, Mode, Standard Deviation and Introduction to Probability.

On third day May 16, 2018, the first session was conducted by Dr. D B Choksi. He wad delivered a talk on "Research Design and Methods", where he included the aspects like Features of a good research design, Exploratory Research Design – concept, types and uses, Descriptive Research Designs – concept, types etc. The second session was delivered by Mr. Shailesh Khant on "Lab View", where he explained the usage and advantages of this software in research. The third session was conducted by Dr. Pritpal Singh on "Correlation and Regression".

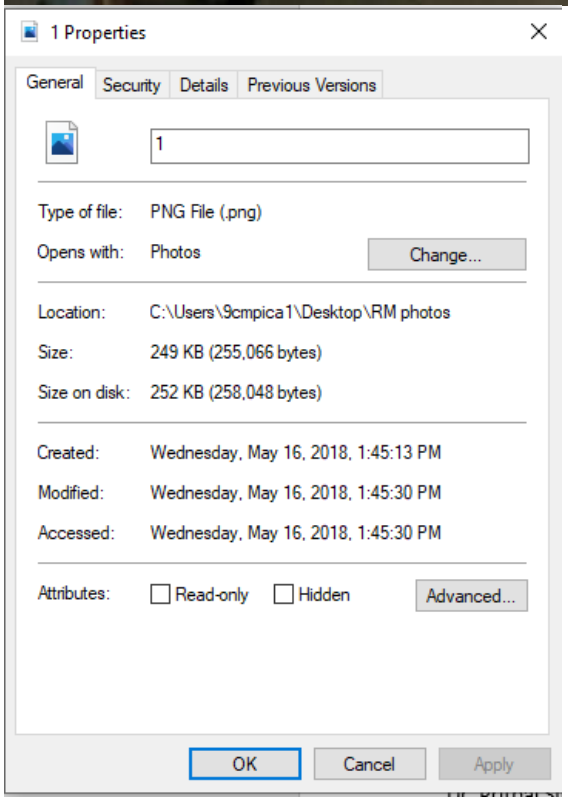

On Forth day May 17, 2018, the first session was conducted by Dr. Vyomesh Nadurbarkar, where he covered the topics on "Hypothesis and Testing" in detail. Dr. Bankim Patel had taken the second session where he provided his valuable inputs on Data Collection, Analysis and Interpretation.

On Fifth day May 18, 2018, the first session was conducted by Dr. Pritpal Singh, where he explained the participants on how to write research paper and thesis writing. He further covered the ethical issues involved in research in detail. Dr. D P Raykundaliya had taken the second session and explained an Introduction of R Language and started hands-on session.

On the last day of STTP, Dr. D P Raykundaliya had continued the hands-on session on R Language by showing different experiments. Then after, Dr. Pritpal Singh demonstrated the SPSS software and explained the different experiments.

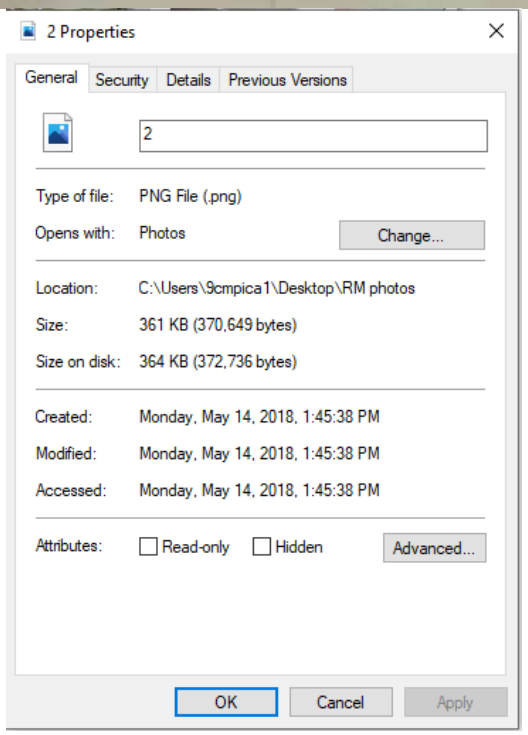

STTP ends with the assessment test and certificate distribution to the participants. At the end of STTP, participants shared their view along with their feedback.

Sub: Financial Support of GUJCOST for the programme of National Workshop on "Research Methodology and Quantities techniques."
Ref: Your Proposal, dated 20*"' January, 2018

Dear Sir,

Warm Greetings from Gujarat Council on Science and Technology (GUJCOST), Gandhinagar.

It is our pleasure to inform *you* that your proposal for holding the National Workshop on "Research Methodology and Quantities Techniques" during 26'^ May, 2018 has been considered for the financial support.

L!JCOST is in principle approved an amount of Rs.30,000/- (Thirty Thousand rupees) fnr this program. You are requested to send us the detailed program report, statement of income and expenditure, utilization certificate and copy of vouchers for releasing the financial assistance.

Thank you and with best regards,

Yours sincerely,

(Narottam Sahoo)

Brief Details of Workshop: -

A three hour expert lecture on "Software Project Management" was organized on march 23rd, 2018 at Smt. Chandaben Mohanbhai Patel Institute of Computer Applications (CMPICA), CHARUSAT, Changa. To provide indepth knowledge of SPM processes and various tools for project management. 68 students from BCA semester – VI participated in the expert lecture. The lecture begin with understanding need of SPM and why it is important. Mr. Nirav went on to describe how businesses are utilizing SPM and introduced various tools and methodologies used in industry for it.

The main goal of this Expert Session was to make students aware how SPM is used in industry and various tools and methodologies not included in syllabus.

Summary of the

Conference/Symposium/Seminar/Workshop Organized

Event Type:	Expert Session
Topic:	Responsive Website Design using Boostrap, PHP Mysql
Resource Person(s):	Mr. Krunal Panchal, Mr. Sagar Patel, Groovy The web firm, 414-415, Center Square, Santram Road, Nadiad, Gujarat 387001 **Krunal.patel@groovyweb.firm.in, sagar.patel@groovyweb.firm.in**
Duration:	5th October, 2017
Funding from any Outside Agency:	None
Targeted Audience:	BCA – III, BCA - V
No. of Participants:	BCA- III (66), BCA – V (62)
Overview of the Content Covered:	Overview to HTML, CSS, Bootstrap. Introduction to web server, MySQL and database connectivity of PHP with MySQL.

"Responsive web site design using Bootstrap, PHP and MySQL"

Oct 5, 2017

Report

Brief Details of Workshop: -

A one-day Expert Session on "Responsive web site design using Bootstrap, PHP and MySQL" was organized on October 05, 2017 at Smt. Chandaben Mohanbhai Patel Institute of Computer Applications (CMPICA), CHARUSAT, Changa. To provide in depth knowledge of Bootstrap for designing responsive website and to develop dynamic web pages using PHP and MySQL. Total 66 students from BCA Semester –III and 64 students from BCA Semester – V participated in the Expert Session. The session was started with the introduction to HTML and CSS. Expert demonstrated installation of bootstrap and explain how to make responsive web site, which can be displayed on various devices including different browsers. He also discuss about database connectivity of PHP and MySQL. At the end of the session, he discussed about the current trends of IT.

The main goal of this Expert Session was to aware students about how to make website responsive using bootstrap, PHP and MySQL.

Hardik Trivedi

Founder & CEO at Om Infosolutions | Success strategist | Innovator | Growth Catalyst
Ahmedabad

Summary

At Om Infosolutions, we hold the exquisite resources for creating a prouctive brand image and value in the market. We aim to deliver the same for the selective clients to provide suitable resources for them to bring forward their aptitude in the market, something that is currently lacking and in genuine need of. We shall contribute towards the 'Value Creation' of their company and its products and witness an impactful brand advertising in the market for the real worth of the company.

Understanding the objective of work, we are delighted to work in coordination with companies as a Growth Catalyst that holds substantial potential and require a platform to outstretch their product or aptitude onto another level of development and global advancement. We work as a synergist to help them diversify their brand and outreach their company's market and worth.

Experience

Om Infosolutions Inc.
Founder & CEO
August 2009 - Present (11 years 8 months)

At Om Infosolutions,
we see beyond business protocols to match minds and find an unmatchable mind space.

It's been more than 9 years & countless hours of experience that we have put forward to create "value" for some of the best brands/products in the world. In short - We are team seriously talented designers, developers, thinkers and makers having decades of experience in building brands that bloom within evolving environments. sometimes business just needs a turbo boost to reach customers and that is what we help with.

The secret lies in our "approach" we believe it's important to understand the minds first than the market. We observe, we map patterns, inspire our minds to ideate something, which is 'WOW'

There are two ways, we help brands create value:

By following a rigorous brand building exercise.
By bringing digital innovation and activations close to the brand.

Past few years have been fantastic for us and we have worked with some of the renowned brands in the world, such as X-mini, Times Network, Scaale Group, Decathlon Sports India, Singapore Post and many more.

KeyNIE
Founder & CEO
January 2018 - Present (3 years 3 months)
Ahmedabad Area, India

KEYNIE is a leading provider of digital door locks, a convenient and secured alternative to traditional locks and keys. You can now remotely lock and control access to your door with ease from your Smartphone. Users can remotely lock and unlock the door using Bluetooth or card or passcode. You can even share access with other family members, friends and guests using mobile apps or by simply sharing a code.

KeyNIE Door Lock is suitable for residential homes, commercial buildings, offices, short-stay homes, warehouses, storage sheds, perimeter gates, etc.

Bachelor of Engineering (BE) / MBA, Marketing, Human resource management · (1989 - 2001)

DST – NIMAT PROJECT
POST PROGRAMME REPORT (PPR) OF TEDP

1. Name & Address of Programme :

   Charotar University of Science & Technology (CHARUSAT)

   CHARSUAT Campus Changa, Off Nadiad – Petlad Highway, Dist. Anand

   02697-265171, Fax: 02697-265007; Email: govinddave.mba@charusat.ac.in

2. Programme : Technology based Entrepreneurship Development Programme (TEDP)
   Trade : Data Mining and Network Security

3. Programme Location : Interaction Theater – (IT) VI,
   Indukaka Ipcowala Institute of Management (I^2IM), CHARUSAT

4. Programme Date : From **December 11, 2017** to **January 20, 2018**

5. Name of the Coordinator : **Dr. Govind B Dave,**
   Dean, Faculty of Management Studies, CHARUSAT
   Principal, Indukaka Ipcowala Institute of Management (I^2IM)
   CHARUSAT

6. Methods adopted to promote the programme:

   - [✓] Pamphlets / Broacher
   - [ ] News paper Advertisement
   - [✓] Posters/ Hand Bills
   - [✓] Other (Please Specify) – Promotion had been done through Social Media

7. Date of interview : December 07, 2017

8. No. of application received : 45

9. No. of candidates attended the interview : 35

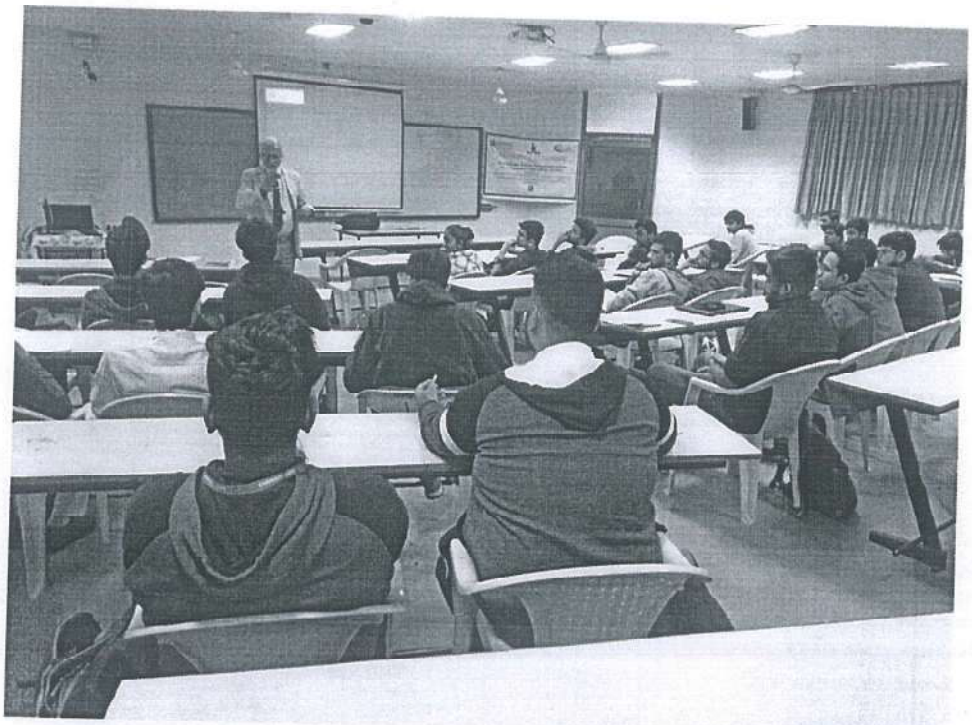

10. No. of candidate selected : 30

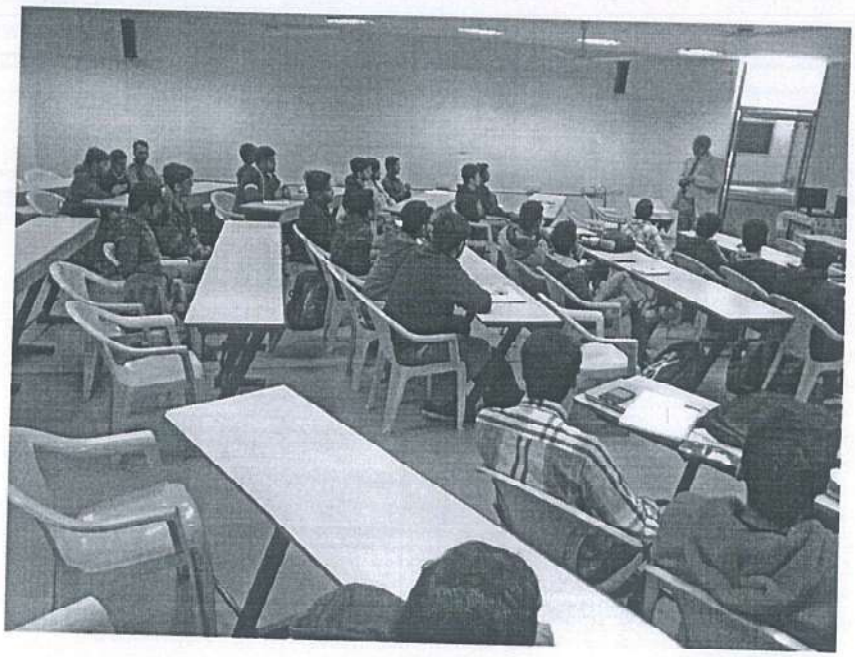

11. No. of candidate completed the programme successfully: Male: **27** Female: **03**

12. List of participants : ANNEXURE – I
13. Program schedule : ANNEXURE – II
14. List of resource persons : ANNEXURE – III
15. List of industries visited : ANNEXURE – IV
16. Participant's feedback : ANNEXURE – V

Nin Desai

President and CEO at NIN Ventures
Greater Chicago Area

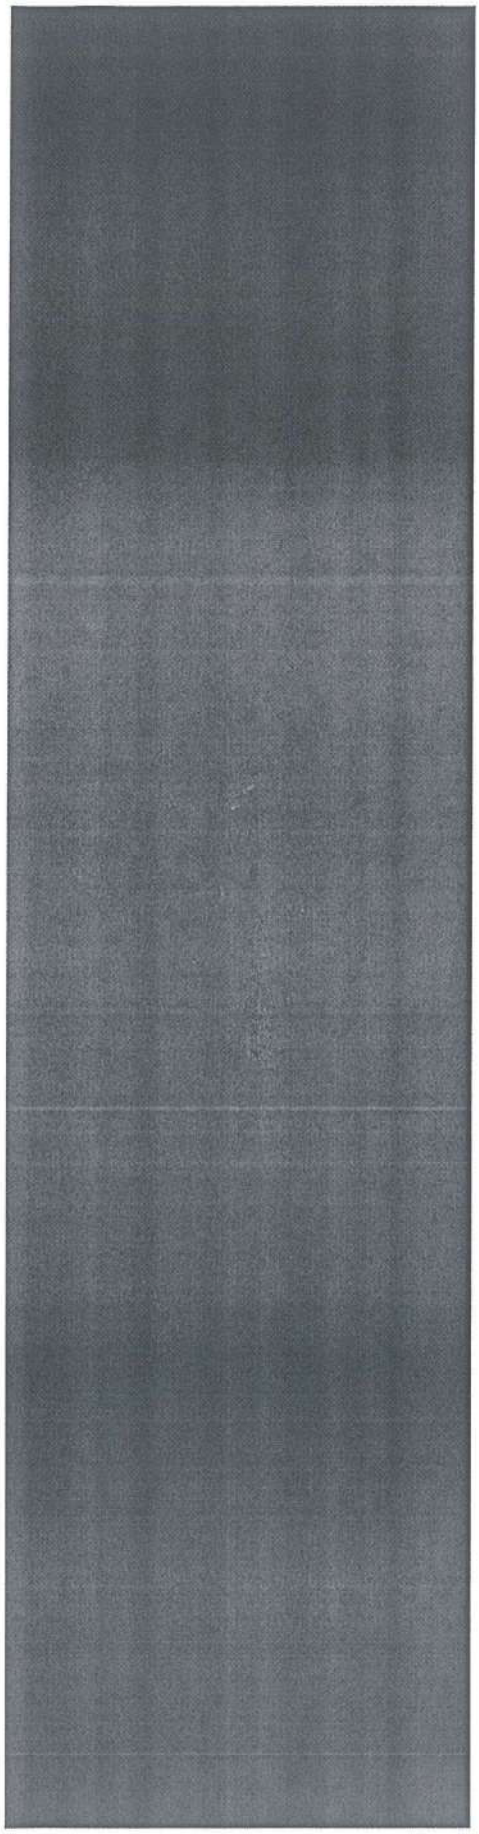

Experience

NIN Ventures
President and CEO
September 2013 - Present (7 years 7 months)
Greater Chicago Area

Ms. Nin Desai is an experienced fund manager and a technology geek. Her experience spans all facets of mergers and acquisitions, and corporate finance including public offerings and private placements. Her sweet spot is investing in disruptive technologies.

The 2008 Financial Meltdown led to a liquidity crises for entrepreneurs, companies, LPs, & VCs. Fewer IPOs in the market means no exits for VCs, no returns for LPs, and as a result venture funds were on a decline. No new funds means less startup funding, low employment, and slow economic growth. Thus on April 5, 2012 The Jumpstart Our Business Startups Act (the JOBS Act) was introduced which enables crowdfunding for all Americans and that's how NIN Ventures (or NIN.VC) came into existence. NIN.VC is a crowdfunded technology venture capital firm that is offering membership interests under the JOBS Act & Regulation D of the US Securities Act of 1933. NIN.VC is a unique and first of its kind attempt to bring venture capital retail and give people the freedom to directly invest in a fund with an amount of their choice, which also leads to a better financial reward system.

Ms. Desai has been awarded 2015 CEO Of The Year – Illinois, for innovation and contribution to the Venture Capital & Private Equity industry by Acquisition International magazine and Private Equity Fund Manager to Watch for 2017 by Corporate America. NIN.VC has been the recipient of several awards including Wealth and Finance International Magazine's "Best Technology Venture Capital Fund - Illinois" for the Alternative Investment Awards, the "Best Crowdfunded Technology Venture Capital Fund - US" for the Fund Awards, and "Leaders in Private Equity – Illinois" by Corporate Vision magazine to name a few. She has been featured in VentureBeat, Chicago Tribune, Chicago Sun Times, Forbes, Inc, WGN's After Hours with Rick Kogan, NBC Weekend Web with Charlie Wojciechowski, Bloomberg's Taking Stock, Crowdfund Insider, and CIO Review to name a few.

Alpha Capital Partners
Strategy & Corporate Development Advisor
September 2007 - October 2017 (10 years 2 months)

Ms. Desai joined Alpha Capital Partners in 2007. Her experience spans all facets of mergers and acquisitions, and corporate finance including public offerings and private placements. At Alpha Capital Partners (or Alpha), Ms. Desai was responsible for identification and evaluation of potential investments across a range of industries. At Alpha, she successfully completed the sale of Sircon (portfolio company), a software as a service provider company, to Vertafore. Prior to Alpha she was with Pacific Crest Securities (or PCS), a technology investment banking firm. Her PCS corporate finance transactions include RACK, LOOP, LQDT, DBTK, AMIS, SLRY, VOCS, OWW and others. Her M&A deal sheet includes the sale of Financial Profiles to EISI, Buyseasons to Liberty Media, and others.

She started her professional career at Merrill Lynch. She is a Microsoft Certified Systems Engineer (MCSE) and has a technical diploma in E-commerce by IBM, holds Series 7 and 63 licenses from NASD, and is an B.B.A and M.B.A in Finance/International Business from Loyola University of Chicago. She recently attended a leadership program in Private Equity and Venture Capital at Harvard Business School.

Pacific Crest Securities
Technology Investment Banking Analyst
October 2005 - September 2007 (2 years)

PCS is a boutique technology investment bank offering IPO, M&A and Financial Advisory Services.

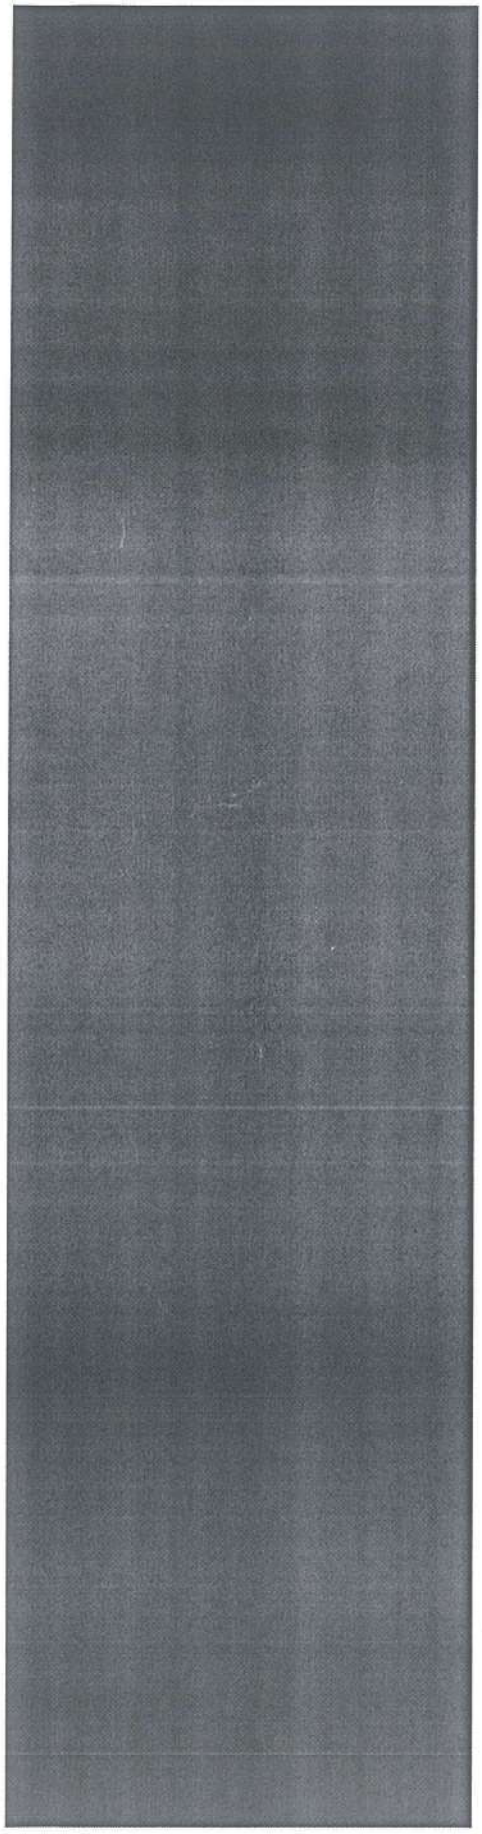

Merrill Lynch
Investment Management Analyst
May 2002 - July 2005 (3 years 3 months)
Chicago

Elasticsearch for Hadoop

Vishal Shukla

Entrepreneur, BigData Expert & Author
Ahmedabad

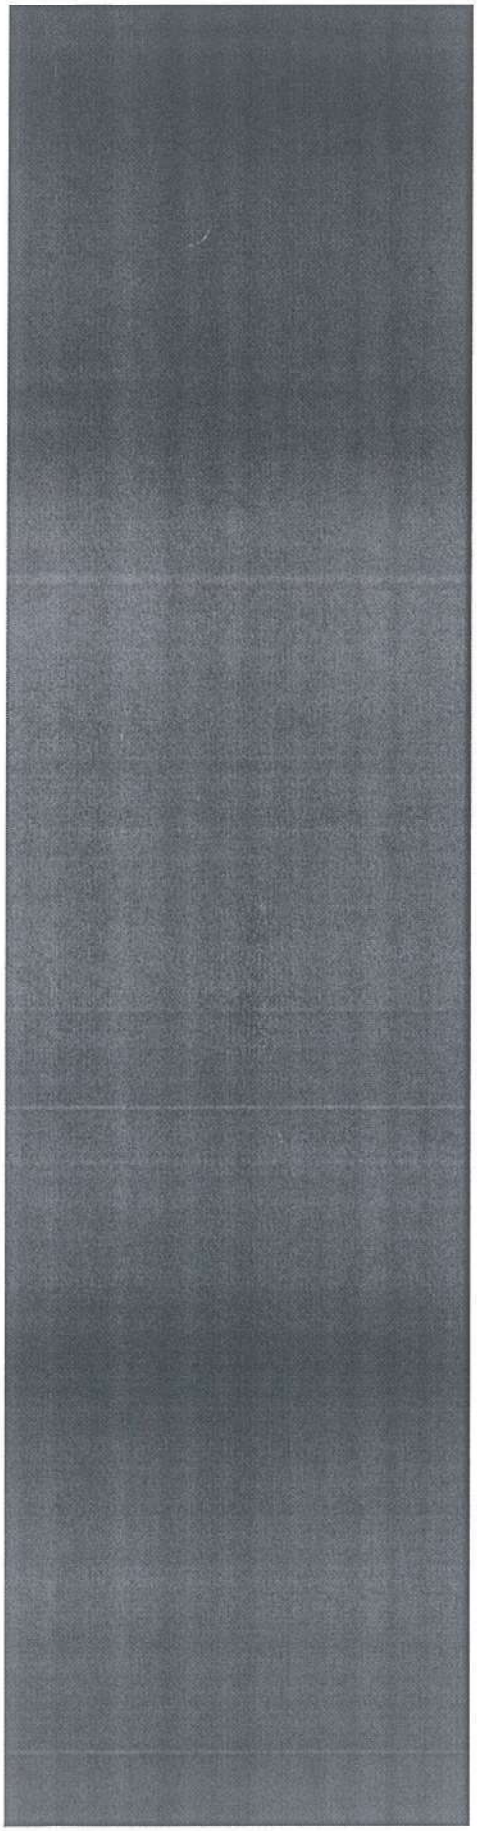

Summary

An Entrepreneur, Software Scientist, ElasticSearch & Java expert with passion of technology. I help clients develop lean, sustainable and scalable Big Data Analytics solutions.

✓ Specialties:
- Differentiators: Clean code, Sustainable, Scalable, Resilient, Responsive, Reactive, Docker, Jenkins Pipeline, BDD, TDD, CI/CD, Sonar, Fail Fast, Lean, Agile
- Languages: Java, Scala, Groovy
- BigData: ElasticSearch, Spark, Kafka, Cassandra, ElasticSearch-Hadoop, Kibana, HBase, Hadoop, Apache Titan, Logstash, Beat
- FrontEnd: ReactJS, Redux, D3JS, NVD3, AngularJS, Angular 2
- Other: REST, SOAP WebServices, SpringBoot, Hibernate, Micro-services, OSGi, Play, Akka
- Testing: Cucumber, Serenity, Selenium, Protractor
- Development Techniques: BDD, TDD, Agile, Pipeline as a code, Continuous Integration & Delivery(CI/CD)

✓ Domains:
SupplyChain in Retail, Food Traceability, Product Traceability, E-procurement, Social, Advertising, Infrastructure monitoring

✓ Experience:
- Founded Brevitaz Systems in 2014
- Authored "Elasticsearch For Hadoop" book by Packt Publication
- Inherent Agile & Lean development practitioner
- Architected highly modular systems using micro-services architecture in OSGi with Polyglot persistence involving Elasticsearch, Apache Titan, LDAP, PostgreSQL
- Skilled in all software development lifecycle phases from requirement understanding to continuous delivery
- Deep understanding with hands-on experience of cutting-edge technologies of all tiers including FrontEnd, Integration, Databases

- Successfully delivered for Lean/Agile transformation catalyst role in multiple projects with geographically disparate team
- Have proven experience of quickly getting mastery in new tools & technologies
- Lead by example to motivate the team and perform at their best

Experience

Brevitaz
Director, Founder
August 2014 - Present (6 years 8 months)

Packt
Reviewer of Elasticsearch video course
2016 - 2016 (less than a year)

Packt Publishing
Author - Elasticsearch for Hadoop
2015 - 2015 (less than a year)

About This Book

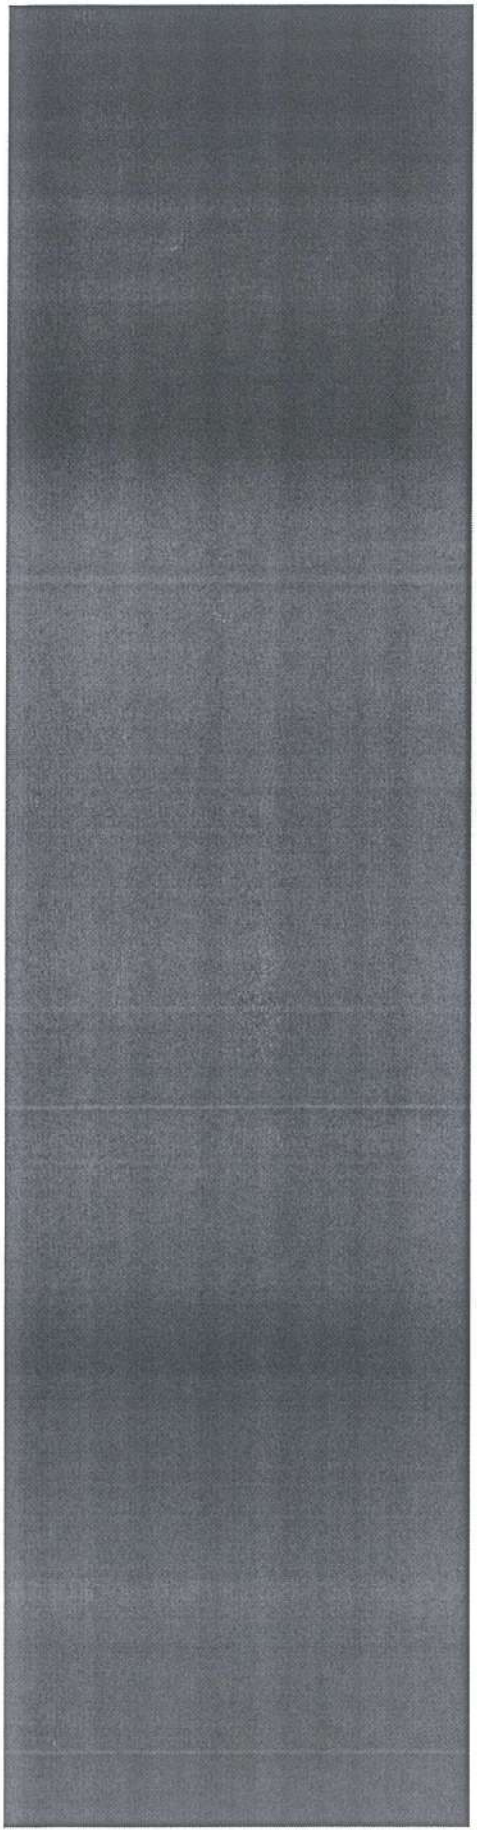

Build production-ready analytics applications by integrating the Hadoop ecosystem with Elasticsearch
Learn complex Elasticsearch queries and develop real-time monitoring Kibana dashboards to visualize your data
Use Elasticsearch and Kibana to search data in Hadoop easily with this comprehensive, step-by-step guide

Who This Book Is For

This book is targeted at Java developers with basic knowledge on Hadoop. No prior Elasticsearch experience is expected.

What You Will Learn

- Set up the Elasticsearch-Hadoop environment
- Import HDFS data into Elasticsearch with MapReduce jobs
- Perform full-text search and aggregations efficiently using Elasticsearch
- Visualize data and create interactive dashboards using Kibana

- Check and detect anomalies in streaming data using Storm and Elasticsearch
- Inject and classify real-time streaming data into Elasticsearch
- Get production-ready for Elasticsearch-Hadoop based projects
- Integrate with Hadoop eco-system such as Pig, Storm, Hive, and Spark

Ishi Systems Inc.
Programmer Analyst
September 2013 - August 2014 (1 year)

Cybage
Sr. Software Engineer
May 2010 - September 2013 (3 years 5 months)
Gandhinagar

DIGICORP Information Systems pvt.ltd
Software Developer
December 2008 - February 2010 (1 year 3 months)
Designation: Junior Java Developer
Role: System Requirement Analysis and Design

NVIDIA
SWQA Engineer
2008 - 2008 (less than a year)

Education

DST – NIMAT PROJECT
POST PROGRAMME REPORT (PPR) OF WEDP

1. Name & Address of Programme :

   Charotar University of Science & Technology (CHARUSAT)

   CHARSUAT Campus Changa, Off Nadiad – Petlad Highway, Dist. Anand

   02697-265171, Fax: 02697-265007; Email: govinddave.mba@charusat.ac.in

2. Programme : Women Entrepreneurship Development Programme (WEDP)

3. Programme Location : Interaction Theater – (IT) VI,
   Indukaka Ipcowala Institute of Management (I^2IM), CHARUSAT

4. Programme Date : From **January 22, 2018- February 19, 2018**

5. Name of the Coordinator : **Dr. Govind B Dave,**
   Dean, Faculty of Management Studies, CHARUSAT
   Principal, Indukaka Ipcowala Institute of Management (I^2IM)
   CHARUSAT

6. Methods adopted to promote the programme:

   - [ ] Pamphlets / Broacher
   - [x] News paper Advertisement
   - [x] Posters/ Hand Bills
   - [x] Other (Please Specify) – Promotion had been done through Social Media

7. Date of interview : January 19, 2018

8. No. of application received : 90

9. No. of candidates attended the interview : 55

10. No. of candidate selected : 30

11. No. of candidate completed the programme successfully: Male: **00** Female: **30**

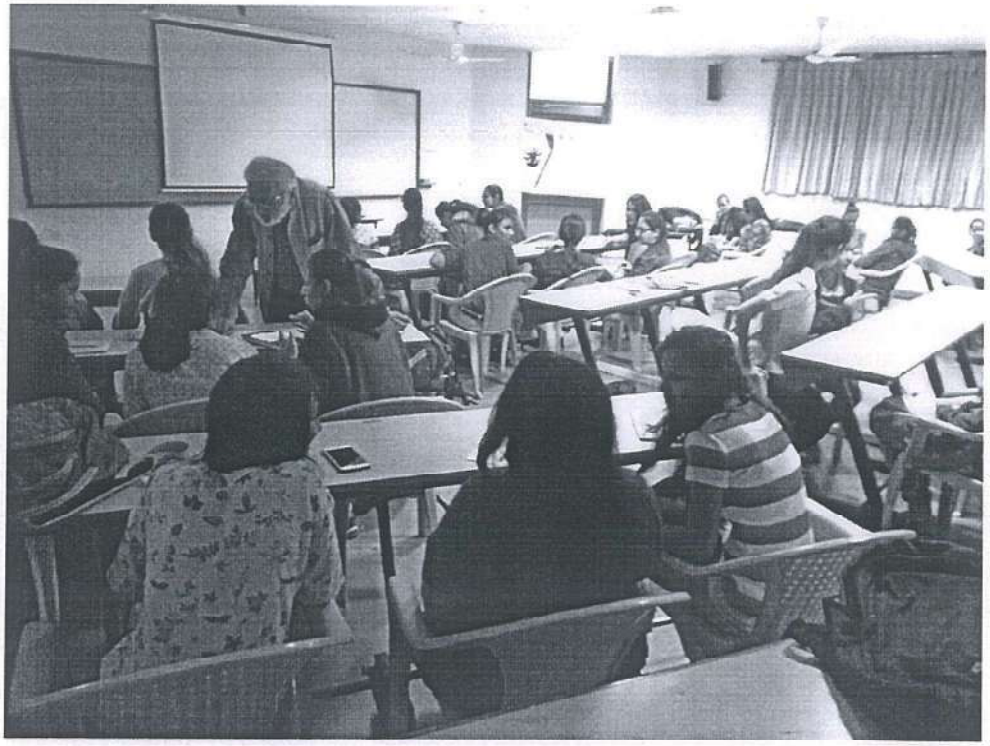

12. List of participants : ANNEXURE – I
13. Program schedule : ANNEXURE – II
14. List of resource persons : ANNEXURE – III
15. List of industries visited : ANNEXURE – IV
16. Participant's feedback : ANNEXURE – V

17. Photographs of Programme :

A Report on
Entrepreneurship Awareness Workshop

Date	**:**	March 15, 2018
Timing	**:**	09:10 AM to 04:25 PM
Audience	**:**	Final Year Students of BBA
Venue	**:**	Smt. S. I. Patel Ipcowala College of Education, Petlad

A. The Background

Entrepreneurship is the process of starting a business, typically a startup company, based around an innovative product, process or service. The term "entrepreneur" is often conflated with the term "small business." While most entrepreneurial ventures start out as a small business, not all small businesses are entrepreneurial in the strict sense of the term.

Many small businesses are sole proprietor operations consisting solely of the owner, or they have a small number of employees, and many of these small businesses offer an existing product, process or service, and they do not aim at growth. In contrast, entrepreneurial ventures are based around an innovative product, process or service, and the entrepreneur typically aims to scale up the company by adding employees, seeking international sales, and so on, a process which is financed by venture capital and angel investments.

The entrepreneur develops a business plan, acquires the human, financial and other required resources, and is responsible for its success or failure. Entrepreneurship operates within an entrepreneurship ecosystem which includes government programs and services that support entrepreneurs, not-for-profit entrepreneurship resources (e.g., incubators and accelerators), entrepreneurship education and training and financing (e.g., loans, venture capital, and grants).

B. WORKSHOP OBJECTIVES

By the end of this workshop, you should be able to:

- To explore entrepreneurship as a potential career.
- Impart basic knowledge, skills and attitude related to entrepreneurship

C. The Schedule

A Report on
Entrepreneurship Awareness Workshop

Date	**:**	March 19, 2018
Timing	**:**	09:10 AM to 04:25 PM
Audience	**:**	Final Year Students of B Sc
Venue	**:**	Shri R. K. Parikh Arts & Science College

A. The Background

Entrepreneurship is the process of starting a business, typically a startup company, based around an innovative product, process or service. The term "entrepreneur" is often conflated with the term "small business." While most entrepreneurial ventures start out as a small business, not all small businesses are entrepreneurial in the strict sense of the term.

Many small businesses are sole proprietor operations consisting solely of the owner, or they have a small number of employees, and many of these small businesses offer an existing product, process or service, and they do not aim at growth. In contrast, entrepreneurial ventures are based around an innovative product, process or service, and the entrepreneur typically aims to scale up the company by adding employees, seeking international sales, and so on, a process which is financed by venture capital and angel investments.

The entrepreneur develops a business plan, acquires the human, financial and other required resources, and is responsible for its success or failure. Entrepreneurship operates within an entrepreneurship ecosystem which includes government programs and services that support entrepreneurs, not-for-profit entrepreneurship resources (e.g., incubators and accelerators), entrepreneurship education and training and financing (e.g., loans, venture capital, and grants).

B. WORKSHOP OBJECTIVES

By the end of this workshop, you should be able to:

- To explore entrepreneurship as a potential career.
- Impart basic knowledge, skills and attitude related to entrepreneurship

CHAROTARUNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
Entrepreneurship Development & Incubation Cell
(EDIC)

A Report on
Inter University Business Plan Competition (IUBPC)

March 29, 2018

A. Event Summary

Sl. No.	Particulars	Details
1	**Total No. of Students Participated**	**150**
2	**Total No. of Teams Selected For Pitching**	**27**
3	**No. of Teams Won**	**03**
4	**No. of Tracks**	**06**

B. Eligibility Criteria

- Final/Pre-final year students of engineering co / B-Schools / B Pharm / Applied Sciences / Physiotherapy / Nursing

C. Competition Format

There will be three levels of selection.

1. Screening of a one-minute video pitch from all participating teams.
2. Regional Level contests for the selection of final teams from Delhi, Kolkata, Bengaluru, and Mumbai regions.
3. National level Contest

D. Timeline

Round 1: Region-Wise Screening of Entries

- Elevator Pitch (Video of 60 sec)
- Pitching the idea (2-page Word Document)
- Submission Deadline: **21st March 2018**

E. Guidelines and Rules

1. Any number of business plans from an institution may be allowed, provided that the teams have no common members.
2. All submissions to be submitted using this link - **B-Plan Submission / Pitch** and communication will be sent to the email id given under contact details.
3. Elevator pitch should broadly address the problem targeted, how it would be resolved, who all will benefit, and how you will reach the first customer; any prototype or Minimum Viable Product could also be displayed.
4. While presenting the Business Plan funding requirements, current and projected financials, broad break-up of application of funds, and scaling-up strategy may be explained.
5. Judges' decisions will be final.
6. The panels for screening and selection at the competition will include angel investors, entrepreneurs, and, additionally, venture capitalists at the final stage.

F. List of Participants / Teams

"KNOWLEDGE MANAGEMENT SERIES"
FEBRUARY 12-14, 2018

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
FACULTY OF MANAGEMENT STUDIES (FMS)
INDUKAKA IPCOWALA INSTITUTE OF MANAGEMENT (I²IM)

ENDOWMENT CHAIR
"KNOWLEDGE MANAGEMENT SERIES"

Preamble

Charotar University of Science and Technology (CHARUSAT) has a vision of becoming a World class university by committing itself for development of its teachers, attracting world class faculty, fostering research and innovation, imbibing constant innovations in pedagogy, benchmarking with best practices of the world. In view of these aspirations, CHARUSAT has initiated establishment of Endowment Chair for each of the university's faculties.

Endowment Chair of Faculty of Management Studies (FMS) has been established on September 21, 2013. The ***Endowment Chair*** is established with the purpose of promoting excellence in Department/ Institute / Faculty.

This may entail:
a. Inviting distinguished professors of National and International repute.
b. Promoting research and innovation
c. Organising seminar/ workshop/ other such activities.
d. Extension activities for benefit of the society.
e. Any other activity which may be approved by the Provost.

Objective of the Seminar

KNOWLEDGE MANAGEMENT SERIES (KMS) aims to invite prominent persons with academic / industry experience across spectrum so as to provide in-depth knowledge/ exposure to students, faculty members in particular and all other participants in general.

Resource Person

Dr. Subhash Sharma is a leading Indian Management thinker and author of well known creative and thought provoking books such as Creation from Shunya, Management in New Age: Western Windows Eastern Door, Quantum Rope: Science, Mysticism & Management, New Mantras in Corporate Corridors, New Earth Sastra and Wisdom & Consciousness from the East: Life, Living & Leadership (French translation, Leadership Par La Sagesse & La Conscience). His academic contributions have been acknowledged as 'creative and original' with 'quite a few exciting, non-traditional and revolutionary points of view' (Business Standard).

He has also made significant contributions to institution building. He is founding member of WISDOM (Women's Institute for Studies in Development Oriented Management), Banasthali University, Banasthali, Founding Director, Indian Institute of Plantation Management, Bangalore and is currently Director, Indus Business Academy (IBA), Bangalore.

As an Innovative Experimenter, Prof. Subhash Sharma has been experimenting with innovative approaches to teaching and learning such as the idea of Poetic methodology to teach management and leadership concepts through his well known 'Corporate Rhymes' and 3D (Discussion, Dialogue and Discourse) model of learning. His innovations have drawn print and Television media attention.

He is recipient of excellence, achievement and leadership awards for his significant contributions to management and social thought.

Endowment Chair – KMS – 12-Feb-2018 to 14-Feb-2018

Endowment Chair – KMS – 12-Feb-2018 to 14-Feb-2018

Dr. Subhash Sharma

Bio Note

Educated in India and USA, **Dr Subhash Sharma** holds Ph D from the University of Southern California (USC), Los Angeles and Post Graduate Diploma in Management (PGDM) from Indian Institute of Management, Ahmedabad (IIMA) with earlier background in science. In his work Dr Sharma combines in a creative manner Eastern and Western management ideas and approaches and provides a futuristic vision of synthesis through the metaphor of Western Windows Eastern Doors. His significant academic contributions towards a creative synthesis of Western and Eastern concepts in management and social thought have received wide attention and acknowledgement by many reputed scholars.

Dr Sharma has authored well known and path breaking books, viz. Creation from Shunya (1993), Management in New Age: Western Windows Eastern Doors (WWED) (1996, 2006), Quantum Rope: Science, Mysticism and Management (1999) and Arrows of Time: From the Blackholes to the Nirvana Point (2001). A number of his scientific and spiritual verses are quite popular among his students and professional managers across the country.

Prof Subhash Sharma has unique experience of association with many 'creations from shunya', particularly in the management education field in India. These institutions are now well known at the regional, national and international levels. He started his academic career from B.K.School of Business Management Gujarat University, Ahmedabad, during its foundational years. He was among the founding faculty of the Institute of Rural Management, Anand (IRMA), Gujarat. Prof Subhash Sharma has also assisted in conceptualization and development of Women's Institute for Studies in Development Oriented Management (WISDOM) at Banasthali Vidhyapith, Banasthali, Rajasthan. He is Founder Director, Indian Institute of Plantation Management, Bangalore and Founding Member, Indian Business Academy (IBA), Bangalore. Currently he is Dean, IBA, Bangalore (http://www.ibainternational.org/).

Prof Subhash Sharma is on the academic advisory committee of several educational institutions and is also associated with many leading professional bodies. He has been executive committee member of Bangalore Management Association (BMA), National Institute of Personnel Management (NIPM), Karnataka Chapter, Indian Institute of Public Administration (IIPA), Karnataka Regional Branch and Association of Indian Management Schools (AIMS). He is member of Southern Economist Study Circle, Bangalore and executive committee member, Strategic Management Forum of India.

Prof Subhash Sharma has mentored many and also assisted many in unleashing their creative potential. Through his talks, seminar presentations, creativity workshops and personal interactions, he has popularized many new concepts in management and leadership. In his work, he combines management thought, social discourse and spiritual concerns as a basis for a new vision of sacro-civic society. He has widely experimented with new approaches to learning and creativity e.g. innovative technique of 'sabd yoga', 'osmotic meditation' approach to enhance creativity, 'mind flying' techniques to get a feel of 'enlightening experiences', 'hello' approach to invoking creativity, self transformation & development of positive attitude, poetic approach to teach management ideas and Etc (Extended transcendental consciousness) Etc technique to invoke 'charismatic creativity'.

ENDOWMENT CHAIR - MGMT IN NEW AGE

CHARUSAT

Reshma Sable <reshmasable.mba@charusat.ac.in>

CHARUSAT - FMS - IIIM - Endowment Chair - DLS | KMS - 2017-18

Govind Dave <govinddave.mba@charusat.ac.in> Thu, Feb 8, 2018 at 11:07 AM
To: MBA <mba@charusat.ac.in>

Dear All,

As you are aware that we have been organizing various activities under our 'Endowment Chair' since 2013. Till date, as a part of Distinguish Lecture Series (DLS) and Knowledge Management Series (KMS) many eminent resource persons from state, national and international levels have delivered talks / seminars / conducted workshops / panel discussions / etc.

This year, under Knowledge Management Series (KMS) we have invited eminent resource person as under:

Dr. Subhash Sharma
Dean and Founder Member, Indus Business Academy (IBA), Bangalore,
Founder Director, Indian Institute of Plantation Management, Bangalore,
Former Professor, Institute of Rural Management (IRMA), Anand
Former Faculty, B K School of Management

Please find enclosed herewith tentative schedule / topics for your ready reference, preparations and kind considerations.

We request your attendance (as discussed / planned) and whole-hearted participation for the same.

Thanking you,

With regards,

Govind B Dave

FDP @ IIIM - Building Research Capacity through Integration and Application of Resources - June 4-9, 2018

Govind Dave <govinddave.mba@charusat.ac.in> Sat, Jun 2, 2018 at 6:37 PM
To: MBA <mba@charusat.ac.in>

Dear All,

I²IM, as a part of Faculty Development initiative, has organized a six-day FDP on ***"Building Research Capacity through Integration and Applications of Resources"*** from June 4-9, 2018 with an objective to provide Domain Knowledge Training (General and Specific Modules) to its faculty members of Management.

The details of the session are as mentioned below:

FACULTY DEVELOPMENT PROGRAMME
ON
BUILDING RESEARCH CAPACITY THROUGH INTEGRATION AND APPLICATIONS OF RESOURCES
June 4 – 9, 2018

Venue: Conference Room / Computer Lab / Centre for Research 24x7, I²IM Building

Time	Topic	Resource Person(s)
Day 1 - June 4, 2018 (Monday)		
Applications of Resources for Research and Decision Making		Dr. Govind B Dave
09:10 AM – 10:10 AM	Introduction to the Theme • Discussion Paper on the World Class B-School / Management Institute (UG / PG) Model	
Use of Resources for Effective Teaching – Learning, Evaluation and Research		
10:30 AM – 12:30 PM 01:00 PM – 03:00 PM	Integration of Information Resources with Course Outline / Session-wise Schedule - Identification, Approval and Integration	
Use of Software (Licensed / Open Source) for Management Science		
03:15 PM – 05:15 PM	Software for Research - Working through / on Research Projects	
05:30 PM – 6:30 PM	Simulation Software for Operations Research	Project Team: Operations Research
Day 2 - June 5, 2018 (Tuesday)		
Application of Business Analytics		Dr. Keyurkumar M Nayak Director, Laxmi Institute of Management, GTU, Sarigam, Valsad, Gujarat
09:30 AM – 11:30 AM	Overview and Applications of Data Mining	
11:45 AM – 01:15 PM	Data Mining through "Sentiment Analysis"	
02:00 PM – 03:30 PM	Data Mining through "Market Basket Analysis"	

Day 3 - June 6, 2018 (Wednesday) Database for Managerial Applications Database # 1 – IndiaStat, Datanet India, New Delhi / Mumbai, India		
09:30 AM – 10:30 AM	Working with IndiaStat	*Library Information Center, I²IM*
10:45 AM – 12:30 PM	Webinar on Revealing India Statistically	Interactive Session
	Visual Analytics and Applications of Data	*Library Information Center, I²IM*
Financial Analysis for Decision Making		
01:00 PM – 03:00 PM	Basics of Technical Analysis - Chart Type and Pattern	Dr. Narayan C Baser Associate Professor, Pandit Deendayal Petroleum University (PDPU), Gandhinagar, Gujarat
03:15 PM – 5:15 PM	- Technical Indicators - Price Forecasting	
Day 4 - June 7, 2018 (Thursday) Database # 2 – Prowess for Interactive Querying (IQ) Centre for Monitoring Indian Economy (CMIE), Mumbai, India		
09:30 AM – 11:30 AM	Introduction to Prowess, CMIE	Mr. Prashant Joshi Business Development Manager, CMIE, Ahmedabad
11:45 AM – 01:15 PM	Solutions using Company databases	
02:00 PM – 03:30 PM	Insights into Household Well-being Economic databases, analysis & forecasts	
Day 5 - June 8, 2018 (Friday) Database # 3 – EBSCO EBSCO Industries, USA		
09:30 AM – 11:30 AM	EBSCO Business Elite Plus	Dr. G. K. Upadhyaya Training Manager, EBSCO, New Delhi and Mr. Vishal Verma Business Manager, West India, India Operations- EBSCO New Delhi
11:45 AM – 01:15 PM	EBSCO Discovery Services	
02:00 PM – 03:30 PM	EBSCONET Analytics	
Day 6 - June 9, 2018 (Saturday) Database # 4 – J-Gate Informatics Publishing Ltd., Bangalore / Mumbai, India		
09:30 AM – 11:30 AM	India Business Insights	Mr. Mayank Dadhai Manager Training and Business Development – West Zone, IPL, Mumbai
11:45 AM – 01:15 PM	Institutional Repository	
02:00 PM – 03:30 PM	• Integrating Databases in Teaching, Learning and Research	Dr. Govind B Dave
	Open Session / Feedback / Evaluation	

Kindly note that the institute shall function up to 08:00 pm to facilitate Practical Hands-on Training, Discussions and Group Assignments. All the faculty members are requested to bring their Laptop.

Looking forward to your attendance, active participation and research based contributions for the same.

Thanking you,

With regards,

Govind B Dave

FACULTY DEVELOPMENT PROGRAMME FMS-IIIM-2017-18

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
FACULTY OF MANAGEMENT STUDIES (FMS)
INDUKAKA IPCOWALA INSTITUTE OF MANAGEMENT (I^2IM)

FACULTY DEVELOPMENT PROGRAMME

EVENT REPORT

"Building Research Capacity through Integration and Application of Resources"

Faculty Development Programme on "***Building Research Capacity through Integration and Application of Resources***" was organized by the institute during June 4-9, 2018. A total of seven participants (Ms. Reshma Sable, Mr. Arpit Patel, Dr. Pranav Desai, Mr. Rajesh Sadhwani, Mr. Binit Patel, Mr. Snehal Bhatt, and Ms. Khyati Patel) from I^2IM actively participated in the FDP. The renowned national level resource persons include Dr. Keyurkumar M Nayak, Director, Laxmi Institute of Management, GTU, Sarigam, Valsad, Dr. Narayan C Baser, Associate Professor, Pandit Deendayal Petroleum University (PDPU), Gandhinagar, Mr. Prashant Joshi, Business Development Manager, CMIE, Ahmedabad, Dr. G. K. Upadhyaya, Training Manager, EBSCO, New Delhi and Mr. Vishal Verma, Business Manager, West India, India Operations- EBSCO, New Delhi and Mr. Mayank Dadhai, Manager Training and Business Development – West Zone, Informatics Publishing Ltd. (IPL), Mumbai.

Dr. Govind Dave covered the following topic on the first day:

- Discussion paper on the World Class B Schools
- Integration of information resources with course outline/ session-wise-schedule
- Software for research
- Simulation software for OR

Dr. Keyurkumar M Nayak, Director, Laxmi Institute of Management, GTU, Sarigam, Valsad, Gujarat was the resource person for Day-2. The topics covered on the second day were:

- Overview and applications of data mining
- Data mining through Sentiment Analysis
- Data mining through Market Basket Analysis

Dr. Narayan C Baser, Associate Professor PDPU, Gandhinagar, Gujarat was the resource person for Day-3. On Day-three following resources/topics were introduced:

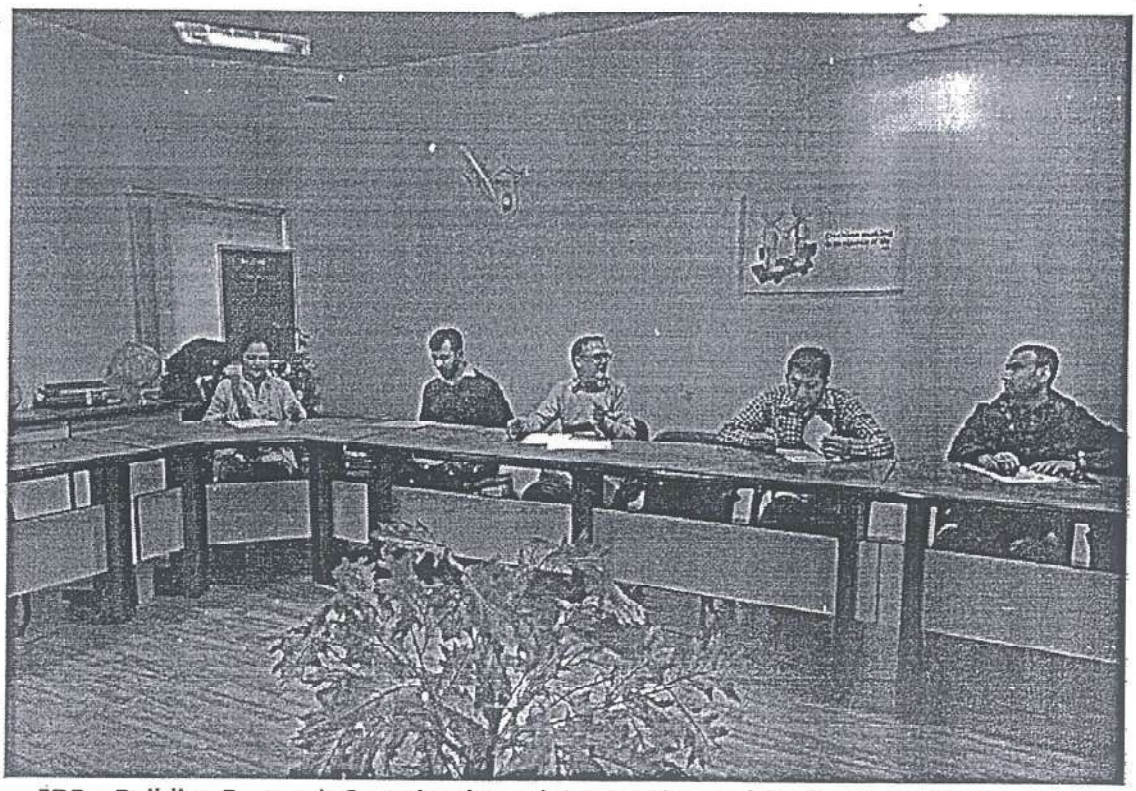

- Working with IndiaStat
- Webinar on Revealing India Statistically
- Visual analytics and applications of data
- Basics of Technical analysis

Mr. Prashant Joshi, Development manager, CMIE Ahmedabad was the resource person for Day-4. The topics covered on the fourth day were:

- Introduction to Prowess, CMIE

FDP – Building Research Capacity through Integration and Application of Resources – 04th June 2019 to 9th June 2018

FDP – Building Research Capacity through Integration and Application of Resources – 04th June 2019 to 9th June 2018

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY (CHARUSAT)
FACULTY OF MANAGEMENT STUDIES (FMS)
INDUKAKA IPCOWALA INSTITUTE OF MANAGEMENT (I²IM)

Dr. Keyur Nayak
Director Laxmi Institute of Management
Verified email at laxmi.edu.in

About:

- Dr Keyur Kumar M Nayak is a Director in Laxmi Institute of Management and Corporate Consultant, Coach, Mentor Trainer and Entertainer who had presented papers in 36 International and 40 National Conferences including IIM –A, IIM K, MDI Gurgaon, and PIMR Indore.

- He has also published more than 25 papers in journals and edited books and guided more than 100 MBA Students for projects, 01 research scholar has completed M.Phil. successfully and 4 research scholars have registered under his guideship for Ph.D.

- Dr Nayak has also reviewed International Papers of Villanova University, Pennsylvania, USA and also chaired sessions in the international conferences.

Education Qualification:

Degree	University	Course Outline
B. Com	VNSGU	Advanced Accounting and Auditing
M.Com	VNSGU	Cost Accounting and Industrial Management
Ph.D.	VNSGU	Capital Market
MBA	Vinayak Mission Open-University	HRM
M.Phil.	VNSGU	Finance and Financial Management

Experience:

- Full time lecturer at ISBM Regular and Distant Education
- Full time lecturer at R.K Desai College of Commerce & Management
- Associate Professor at Administration and Compliance Teaching and Research Accreditation Organizing Conference, Seminar, Workshop.
- Leadership Role in Higher Education - Accreditation, Research, FDP, MDP and Consulting at Laxmi Institute of Management.
- Director at Laxmi Institute of Management.

Achievements:

- 3 E Scholar National Level Award
- Leadership in Higher Education
- Pedagogical Innovation Award

Dr. Narayan C Baser
Associate Professor,
Pandit Deendayal Petroleum University (PDPU), Gandhinagar, Gujarat

GK Upadhyaya
Training Manager at EBSCO Information Services
Thane, Maharashtra, India

Experienced Training Manager with a demonstrated history of working in the information services industry. Skilled in E-Learning, Coaching, Editing, Databases, and Microsoft Office. Strong professional graduated from Institute of Science Mumbai.

Educational Qualification:

Degree	Specialisation	University	Year
Master's Degree	Library and Information Science	University of Mumbai	2001
Master of Philosophy	MPhil, Library and Information Science	Madurai Kamaraj University	2009
Master's Degree	Theoretical and Mathematical Physics, 1	University of Mumbai	1999
Bachelor's Degree	Physics – 1	University of Mumbai	1995

Work Experience:

1. EBSCO Information Services
   Training Manager
   Nov 2012 – Present 8 years 4 months
   Mumbai Area, India

   1. Design effective product training strategies, and plan the roll out to various facilities, to include academic institutions, Universities, hospitals, medical colleges.
   2. Develop effective strategies to improve usage.
   3. Deliver onsite and WebEx (remote) training to end users to increase usage and awareness within each site
   4. Develop, and strengthen, relationships with multiple key contacts and influencers who can support, promote, and coordinate product training within each site.
   5. Influencing colleagues to achieve their targets by setting examples.
   6. Participate in train the trainer programs to certify end users
   7. Maintain accurate training reports, and account contact updates for head office via our CRM system
   8. Team leader.

2. G V Acharya Institute of Engineering and Technology
   HOD & Assistant Professor
   Aug 2009 - Nov 20123 years 4 months
   Mumbai Area, India

3. SIES Graduate School of Technology, Mumbai
   Librarian
   Sep 2002 - Aug 20097 years
   Navi Mumbai.

Prashant Joshi

Assistant Vice President at Centre for Monitoring Indian Economy

- **Education**

- Veer Narmad South Gujarat University, Surat Master of Business Administration (MBA), Marketing · (2006 - 2008)
- Ahmedabad Management Association Diploma in International Business Management, International Finance Management, International Marketing Management, ExportImport · (2009 - 2010)
- GLS Centre for Management Excellence PPHRM, Human Resource Management · (2005 - 2006)
- Saurashtra University Bachelor of Business Administration (BBA), Marketing, Managerial Accounting · (2002 - 2005)

P D Patel Institute of Applied Sciences
Charotar University of Science and Technology

Event Report

Experimental workshop – Basic understanding of synthesis and characterisation of nanoparticles – level 1

Workshop topic: Basic understanding of synthesis and characterisation of nanoparticles – level 1
Category: Skill development and research methodology
Date: 26 – 30 December 2017
Number of participants: 15
Resource person: Dr. C. K. Sumesh, HOD, Department of Physical Sciences, PDPIAS

P D Patel institute of Applied Sciences had organised a five day workshop on 'Basic understanding of synthesis and characterisation of nanoparticles – level 1' from 26 to 30 December 2017. This workshop was specially organised for the final year students of B.Sc. Physics for learning the basics of synthesis and characterisation of nanoparticles in laboratory.

During the workshop the students were made aware about the Department of Physical Sciences and the courses offered at the institute. The students were then introduced to basics of nanoparticles and their importance in future applications. The students were introduced to the scanning electron microscopy, dynamic light scattering and Fourier-transformed infrared spectroscopy which they were going to use for characterisation of the synthesised nanoparticles; these topics were explained to the students through powerpoint presentation before actual hands-on training.

The students were divided in two batches are were given thorough hands-on training for the synthesis of iron oxide magnetic nanoparticles using chemical co-precipitation route. The synthesised nanoparticles were then characterised by using scanning electron microscopy, dynamic light scattering and Fourier-transformed infrared spectroscopy. On every day learning outcome and feedback from the students was recorded.

The workshop was completed with successful synthesis and characterisation of iron oxide magnetic nanoparticles by the students under the guidance of their batch mentors.

3.3.2 2017-18

Brochure and Schedule (1)

Schedule of Experimental workshop

"BASIC UNDERSTANDING OF SYNTHESIS AND CHARACTERIZATION OF NANOPARTICLES: LEVEL –I"

For the Final Year B.Sc. Physics students of St. Xavier's College, Ahmedabad

26th -30th December, 2017

Day-1 26-12-2017			
Time	**Program**		**Remarks**
09.30-10.30	General Introduction to Department		Dr. C K Sumesh
10.45-11.45	Glimpse of M.Sc. Program		
11:45-12.15	Introduction to Experimental Workshop		
12.15-01-15	Lunch		
01.15-02.45	Basic understanding of synthesis of nanoparticles		Prof. R V Upadhyay
02.45-03.45	Lab visit		Dr. C K Sumesh
03.45-04-15	Reflections and Feedback		
Day-2 27-12-2017			
09.10-10.40	Future Prospects of Nanoscience and Technology		Prof. R V Upadhyay
10.45-12.15	Morphology: SEM- Introduction and Analysis		Dr.Anjana Kothari
12.10-01-10	Lunch		
01.10-02.10	Structural Characterization: DLS - Introduction and Analysis		
02.10-03.30	Spectroscopy Characterization: FTIR - Introduction and Analysis		Dr. Rucha Desai
03.30-04-00	Submission: Learning Outcome and Feedback		Dr. Rucha Desai
Day- 3 28-12-2017			
09.10-12.10	Batch-1 Synthesis of Nanoparticles	Batch-2 Characterization Technique: DLS	Dr.C K Sumesh Dr. Rucha Desai Ms.Nidhi Ruparelia
12.10-01-10	Lunch		
01.10-03.30 03.10-04-10	Batch-2 Synthesis of Nanoparticles	Batch-1 Characterization Technique: DLS	Dr.C K Sumesh Dr. Rucha Desai Ms.Nidhi Ruparelia
03.30-04-00	Submission: Learning Outcome and Feedback		Dr. Rucha Desai
Day- 4 29-12-2017			
09.10-10.10	Importance of Quantum Mechanics in Nano science		Dr.Bhaskar Boarah
10.10-12.10	Batch-1 Characterization Technique: FTIR	Batch-2 Characterization Technique: SEM	Mr.Saurabh Parmar Dr.Mithesh Patel
12.10-01-10	Lunch		
01.10-03.30	Batch- Characterization Technique: SEM	Batch-2 Characterization Technique: FTIR	Mr.Saurabh Parmar Dr.Mithesh Patel
03.30-04-00	Submission: Learning Outcome and Feedback		Dr. Rucha Desai
Day-5 30-12-2017			
09.10-12.10	Batch-1 Student Result Discussion	Batch-2 Student Result Discussion	
12.10-01-10	Lunch		
01.10-02.10	Submission: Learning Outcome and Feedback		Dr. Rucha Desai
02.10-03-10	Conclusion		

Details of resource person

Dr. C. K. Sumesh, HOD, Department of Physical Sciences, P D Patel Institute of applied Sciences, Charotar University of Science and Technology.

Dr. Sumesh is well-known expert on Condensed Matter Physics including fabrication, treatment and testing of materials and structures, electronic transport properties of semiconductors (crystal, thin film and nanostructures) and Photodetector applications of Metal semiconductor structures and Heterogonous nanostructures, Photo-electrochemical applications of 2D layered , anomaterials, and hybrids for environmental remediation and energy storage. D. Sumesh has authored about 50 research articles in peer-reviewed journals.

EXPERIMENTAL WORKSHOP

"BASIC UNDERSTANDING OF SYNTHESIS AND CHARACTERIZATION OF NANOPARTICLES: LEVEL –I"

For the Final Year B.Sc. Physics students of St. Xavier's College, Ahmedabad

26th -30th December, 2017

Aim: To synthesize Fe_3O_4 magnetic nanoparticles using chemical co-precipitation route.

Chemical required for 1.16 g

		Volume make-up
$FeCl_2$ $4H_2O$ (1M)	5 ml	50 ml
$FeCl_3$ $6H_2O$ (1M)	10 ml	50 ml (distilled water)
NaOH	20 ml	
Acetone	75 ml	

Procedure:

1. Note down the color and pH of both $FeCl_2$ $4H_2O$ and $FeCl_3$ $6H_2O$ solutions.
2. Mix $FeCl_2$ $4H_2O$ and $FeCl_3$ $6H_2O$ solutions. Note down the pH. Also note down the color of mixed solution.
3. Now drop-wise add ammoniated water in the above iron salt solution.
4. You will observe the change in color of the precipitated particles. Also observe that instead of ionic solution now it turns to precipitates.
5. Constantly stir the solution, while adding ammoniated water.
6. After adding ammoniated water completely in the salt solution, Note down the pH. Stir the precipitated solution for more 20 minutes. This is a Digesting step.
7. Now, keep the beaker on the magnet and note down your observation.
8. Decant the water on separation of magnetic particles.
9. Remove the beaker from the magnet and add water (50 ml) into the slurry of magnetic particles. Stir it for ~ 1-2 mins. This is a washing step to remove Chlorine impurities. Repeat step-8.
10. Repeat step-9.
11. Add acetone (25 ml) in the particles and stir well.
12. Remove acetone using magnetic decantation.
13. Repeat acetone wash and magnetic decantation steps two times.
14. Finally, spread the acetone wet slurry in the beaker.
15. Keep the beaker in water free area. You will observe that acetone is evaporating.
16. Dry the particles naturally and collect it once dry properly.
17. Clean all the used beakers, measuring cylinder etc. glass/plastic-wares.
18. Also clean your working space before leaving the lab.

Characterizations to be done: FTIR and SEM

Registration

Event Report
Hands on experiments in Nanoscience and Material Science

Workshop topic: Hands on experiments in Nanoscience and Material Science
Category: Skill development
Date: Details given in the table.
Number of participants: Total 251 students and 30 faculty members
Resource person: Dr. C. K. Sumesh, HOD, Department of Physical Sciences, PDPIAS

A series of experimental workshops on **"Hands on experiments in Nanoscience and Material Science"** was organized by Department of Physical Sciences, PDPIAS, CHARUSAT for B.Sc. Physics students from various colleges across Gujarat.

The aim of the workshops was to motivate the students towards newly emerging interdisciplinary field such as Nano-science & Technology and to reduce the knowledge gap by **Hands on experiments in Nanoscience and Material Science.**

Workshop proceedings were initiated by Dr. C. K Sumesh, Head, Department of Physical Sciences and one of the coordinator of the program by welcoming all the participants. In his address, he informed about CHARUSAT, PDPIAS and functioning of Department of Physical Sciences. He has also highlighted the theme and schedule of the workshop and called upon the participants to make the best use of the workshop.

Prof. R V Upadhyay, Principal, PDPIAS delivered lecture on "Basic understanding of synthesis of nanoparticles and the future prospects of Nanoscience and Technology" to each batch of students. He has inspired the students by clearing many doubts in basic concepts of nanoscience and technology through interaction with student.

The pre-lunch sessions were scheduled with three different activities related to nanoscience and technology. Hands-on activities were performed by each student related to surface area to volume ratio, size effect etc. The activities were coordinated by Dr. Rucha Desai along with Dr. Bhaskar Boarah, Dr.Shweta Dabhi, Mr. Swapnil Mhajan, Dr. Manan Shah, Mr. Sanni

Kapatel and Dr. C K Sumesh of Department of Physical Sciences. The sessions were concluded by discussing the overall learning outcome of the activities.

In the post lunch session, the students were divided in to four batches and sent to four different research labs of PDPIAS. The experimental demonstration of Atomic force microscopy and UV-visible Spectrometer was carried out by Dr. Anjana Kothari of KRADLE. The magnetic characterization and demonstration of magnetic fluid was managed by Dr. Kinnari Parekh of KRADLE. Scanning electron microscopy demonstration and explanation was carried out by Mr. Saurabh Parmar, Research Student, PDPIAS. The optical lab and demonstration of holography was managed by Mr. Swapnil Mahajan of PDPIAS. All the students were given the opportunity to visit and understand the functioning of instruments in the laboratories properly by managing them in batches.

A total of 251 students participated in the series of these workshops along with 30 faculty members from various institutes and colleges; the corresponding details are given below:

Workshop number	Date	Number of students	Name of participating college/institute
1	06-01-2018	38	B.Sc. Physics students, K K Shah Jarodwala Maninagar Science college Ahmedabad
2	27-01-2018	56	B.Sc.Physics students, Government Science College, Vankal, Surat
3	03-02-2018	30	B.Sc. Physics students M.G Science Institute, Ahmedabad
4	10-02-2018	26	B.Sc. Physics students M.B Patel Science College,Anand
5	12-02-2018	47	B.Sc. Physics students Sir P. T. Sarvajanik College of Science, Surat Navyug Science College, Surat Smt. GM Pandya Science and commerce college, Surat NVPAS College of Pure and Applied Sciences, V.V Nagar
6	14-02-2018	10	M.Sc. Physics students, R R Mehta College of Science, Palanpur
7	22-02-2018	35	B.Sc. Physics students C U Shah Science College, Ahemedabad
8	03-03-2018	09	B.Sc. Physics students Grow More Institute of Science, Himatnagar

A Special workshop For Final Year B.Sc. (Physics) Students
JAN-FEB 2018

ANNOUNCES

One day Workshop on

"Hands on experiments in Nanoscience and Material Science"

"There's Plenty of Room at the Bottom" ..... Richard Feynman, 1959

About Nanoscience and Nanotechnology .....

Nanotechnology is science, engineering, and technology conducted at the nanoscale, which is about 1 to 100 nanometers. Nanoscience and nanotechnology are the study and application of extremely small things and can be used across all the other science fields, such as chemistry, biology, physics, materials science, and engineering.

APPLICATIONS

Technology and industry sectors:

- Information technology,
- Homeland security,
- Medicine,
- Transportation, Energy,
- Food safety, and
- Environmental science.

Everyday materials and processes:

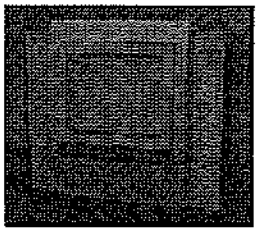

- Nanoscale additive in fabrics: to resist wrinkling, staining, and bacterial growth
- Nanoscale films on eyeglasses, computer and camera displays, windows: to make water- and residue-repellent, antireflective, self-cleaning, to ultraviolet or infrared light, resistant etc.
- Light weighting of electronic gadgets, vehicles, space craft, etc.

How to feel and/or understand "NANO"?

The "Nano" can be understood by characterizing the material.

The aim of this workshop is to help students to realize "How Big is Nano?" using ...

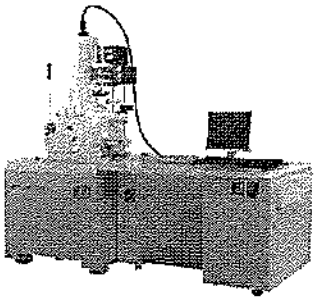

- Specially designed Hands-on experiments
- Demonstration of various characterization techniques like powder X-ray diffractometer (XRD), Scanning Electron Micorscope (SEM), Atomic Force Microscope (AFM), etc.
- Sophisticated Instruments Laboratory visits: For analysis of materials

Powder X-ray diffractometer

Main features of the workshop

- ✓ Experiment performance in a small group – Individual attention
- ✓ Introduction , applications and demonstration of XRD, SEM and AFM.
- ✓ Lecture cum demonstration of other aspects of "Nanoscience and Technology"
- ✓ Total batch size of 50 students only
- ✓ Career counseling - opportunities and avenues in physics

Scanning Electron Microscope (SEM)

- **Registration fees: Rs. 200 /-per person**
- **Certificate of Appreciation for each Participant**

Domain knowledge training for Technicians

Date: 7th June, 2018-13th June, 2018

(One week)

Training started with introduction of the topics to be covered and introduction of resource person by Dr. Janki N Thakker.

Resource persons involved were Mr. Alex Chauhan, Mr. Keyur Patel, Ms. Kirti Parwani and Ms. Vidhi Kalola

Training participants were all the technicians of Biological sciences namely Miral Patel, Sonal Desai, Minal Mamotra, Sonika Patel, Khusbhoo Patel, Dhruval Patel, Anjali Barot, Nidhi Jani, Bavini Patel

June 7- Mr. Alex taught the preparation of Molecular Biology reagents like 1 M Tris, 1 M EDTA, Tris saturated phenol, TAE buffer etc used for DNA isolation, Agarose gel electrophoresis etc

June 8- Ms. Kirti taught about the preparation of Reagents for Biochemical assays like Bradford ragent, DNSA etc which are routinely used for assays for Bachelors students

June 9- Mr. Keyur Patel operation of all instruments in the department like centrifuge, autoclave, laminar air flow, oven and explained principle of each reagent

June 10- Mr. Keyur Patel explained about the operation of Biorad thermal cycler and Shimadzu UV visible spectrophotometer along with its principle

June 12- Mr. Alex continued with preparation of Tris saturated phenol.

June 13- Ms. Vidhi explained about media preparation, Spreading, streaking etc widely used for Microbiology experiments

Training was arranged to well verse the technicians with various instruments, reagent preparation and microbiology techniques widely used in routine practicals.

Reagent preparation was main aim, which may help to make the reagents in house instead of purchasing the costly reagents from outside.

Coordinator

Janki N Thakker

To: Miral Patel <miralpatel.bt@charusat.ac.in>, Sonal Desai <sonaldesai.bt@charusat.ac.in>, khushbu patel <khushbupatel.bt@charusat.ac.in>, nidhi jani <nidhijani.bio@charusat.ac.in>, dhruval patel <dhruvalpatel.bio@charusat.ac.in>, minal mamtora <minalmamtora.bt@charusat.ac.in>, Sonika Patel <sonikapatel.bio@charusat.ac.in>, Anjali Barot <anjalibarot.bt@charusat.ac.in>, Bhavini Patel <bhavinipatel.bt@charusat.ac.in>, Alex Chauhan <researchteam.bs@gmail.com>, keyur patel <keyur29baroda@gmail.com>, Kirti Parwani <kirtiparwani@gmail.com>, vidhi kalola <vidhikalola93@gmail.com>, Janki Thakker <jankithakker.bt@charusat.ac.in>, Principal PDPIAS CHARUSAT <principal.pdpias@charusat.ac.in>

Dear Technicians

As per discussion with principal sir, a training of technicians is scheduled from tomorrow for 6 days in lab 224.

Alex will inform about the time and other details.

All should remain present on time

Miralben please prepare autoclave distil water 5 Lts today and provide the chemicals required by Alex and other research students involved. Keyur, kirti and vidhi will also be taking few sessions for microbiology and biochemistry. Alex will take molecular biology sessions.

Regards
Janki

RESEARCH EXPERTISE

Marine Biotechnology – Isolation and purification of bioactive components from marine microbes and their applications

Plant Biotechnology - Plant pigments, Plant-Microbe interactions

Environment Biotechnology- Development of Eco-friendly products and its applications

Nanotechnology – Biosynthesis of Nanoparticles (using plant and microbes) and its applications

PUBLICATIONS

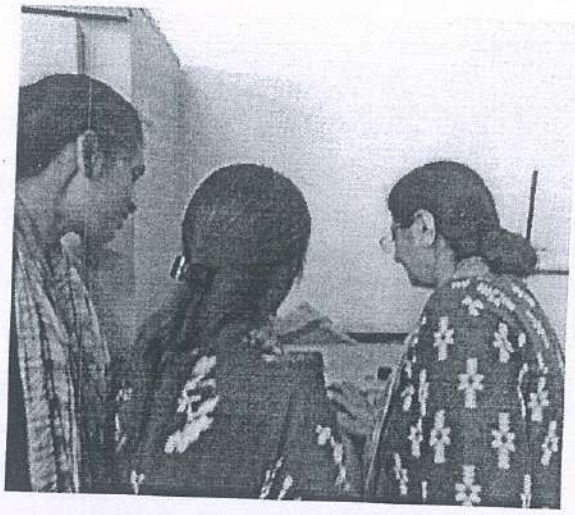

Research Papers: 16

Book Chapters: 06

Review: 02

Projects: 2 completed, 1 ongoing

Participants learning operation of precision balance and Colorimeter

Evidence Based Review of Neurophysiotherapy Approaches

27th & 28th April 2018

Two days CPD on Approaches in Neuro Physiotherapy : An Evidence based Review was organized by the Neuro department and IQAC on 27th and 28th April 2018. Dr. Prakash delivered a talk on evolution of modern Neurophysiotherapy, Motor relearning program, Functional activity based approach, How to evaluate Neurophysiotherapy Approaches for its scientific merit and clinical benefit? Dr. L Surbala delivered a talk on Brunstorm's Approach and proprioceptive neuromuscular facilitation. Dr. Mansi Soni delivered a talk on sensory integration and Bobath/Neuro developmental technique. Dr. Vandita Soni delivered a talk on Rood's approach. Total 68 students from 4th year BPT and MPT participated. 12 PG students from SPB Physiotherapy college, Surat also participated. Overall feedback provided by the participants were good for the contents and it's presentation.

Faculties of ARIP delivering talks on effectiveness of various treatment approaches in treating Neurological conditions

Report of Workshop on Therapeutic Taping: Evidence Based Techniques

A one day workshop on "**Therapeutic Taping: Evidence Based Techniques**" was organized by the **Department of Musculoskeletal Sciences and IQAC**, Ashok & Rita Patel Institute of Physiotherapy on 14th of April, 2018. The workshop began with the inaugural speech of **Dr. M. Balaganapathy, Ph.D.**, Principal, ARIP which motivated and encouraged all the participants to learn and practice clinically. The workshop was conducted by, **Dr. P. Ratan Khuman** (PT) on the Taping techniques in Lower Limb Musculoskeletal Conditions, **Dr. Hemal Patel (PT)** on the Taping Techniques in Upper Limb Musculoskeletal Conditions and **Dr. L. Surbala (PT)** on the Taping Techniques in Common Neuromuscular Conditions.

The objective of the workshop was to teach the basic principles of taping techniques to the students and to review the evidences on taping. The workshop provided Hands-on-Practice of using different varieties of tapes, tape application and removal, tape tearing and tape cutting in different shapes and sizes, and taping techniques in common conditions seen in the clinical setting.

A total 128 participants including students of 8th semester BPT, MPT students of Musculoskeletal Sciences, Sports Sciences, Rehabilitation and Neurological Sciences participated in the workshop. The participants expressed overall satisfaction in the theoretical contents and the practical aspects of the taping techniques. They also identified the need and desire to have longer time duration of the practice sessions.

Guest Lecture on "Sports Management: An Emerging Entrepreneurial Venture"

R - L
B - L
F - Nil
CV - L

Organized by: Department of Sports Sciences, ARIP
March 30, 2018

About the Topic

The world of sports has seen some interesting changes in the way game is played on and off the field. Experts have stated that talent contributes to only 10-15% of sporting success while the remaining is dependent on attitude and pressure-handling skills. Life skills like perseverance, dedication and sincerity are played and practiced by individuals and teams, however, these qualities needs to be channelized and directed well to get the desired outputs, hence the need for a sports manager has risen in the last decade.

Objectives of Lecture:

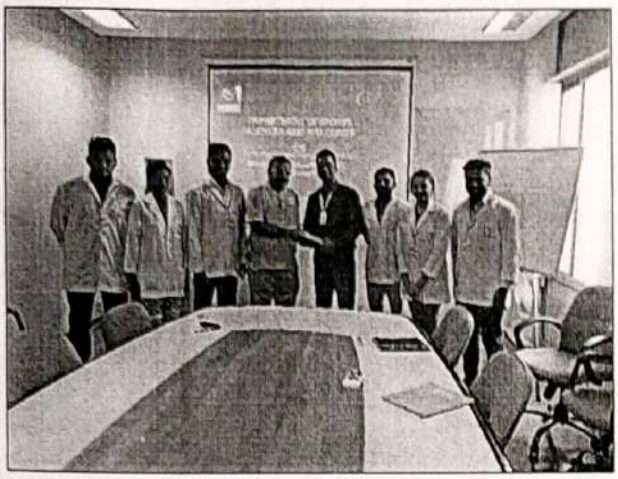

1. To make the students aware about the need and relevance of management in team building approach for an effective athlete management
2. To learn the role of managerial roles and deliberate upon the role of sports sciences and sports management
3. To provide the students with an adequate background on capacity building in sports management and apply personal and interpersonal competencies work group skills and leadership abilities to effective sports facility management

About the Resource Person

Dr Sudhir Kumar Sharma, Associate Professor, in Department Of Physical Education at Swarnim Gujarat Sports University, Gandhinagar, with an experience of more than 20 years in sports as an athlete and administrator has been at the forefront of some being a part of organizing teams of various sports events including Delhi Commonwealth Games-2010. He has authored 10 international publications in peer-reviewed journals of Sports Sciences and is actively involved in organising various "O" Level Certificate course for coaches in collaboration with Baseball Development council Asia.

About the Lecture

Dr Sharma talked at length about the various roles, scope of practices and areas of application of sports management across the major disciplines of sports sciences. From his experience of handling mega events like Delhi CWG-2010, he stressed upon skill diversification of all the professionals who work with an athlete for pre-event and post-event issues. Stressing on leadership qualities and how an effective leader should be, Dr Sharma mentioned about some of the reasons why leadership fails and what appropriate steps may be adopted to avoid such situations. At conclusion, Dr Sharma opined to have an ethical view to all the practices of sports sciences and strategies on adopting ethically robust and practical approach to an effective athlete management. Total 7 participants attended the lecture

Developing a Quantitative Research Proposal

A two days' workshop on "Developing a Quantitative Research Proposal" was organized by Ashok & Rita Patel Institute of Physiotherapy (ARIP), a constituent of CHARUSAT on 9th and 10th March 2018. This course was conducted by Dr Prakash V PT, Ph.D., and coordinated by Dr Megha Gohil (PT), Assistant Professor, ARIP

The primary objective of this course was to guide students and faculties in developing a quantitative research proposal. The course provided a broad overview of steps involved in developing a research proposal and practice to develop skills required for preparing and writing a quantitative research proposal. Twenty four participants including physiotherapy faculties and post graduate students had participated in the workshop. This workshop was based on problem-based learning methods which included group activity on developing a research problem and research question, and designing a study with a given research problem. At the completion of the workshop, participants reported increased levels of knowledge about formulating hypothesis, identifying research variables, study design, developing and critiquing research questions. They expressed overall satisfaction with the learning outcomes of the workshop.

Participants engaged in various activities during the workshop conducted by Dr Prakash

ACTIVITY REPORT

Name of an Event: "Breast Self-Examination"

Date of an event: 8th March, 2018

Date of Submission: 12th March 2018

Organizer(s):

- Women Development Cell and Women's Health Department Ashok and Rita Patel Institute of physiotherapy

Venue – Seminar Hall, ARIP, CHARUSAT Campus

Coordinator Details:

Coordinator (1)

Name: Dr L Surbala Devi (PT)

Designation: Asst. Professor

Department: Physiotherapy

Email: lsurbala.phy@charusat.ac.in

Coordinator (2)

Name: Dr. Garima Gedamkar (PT)

Designation: Assistant Professor

Department: Physiotherapy

Email: garimagedamkar.phy@charusat.ac.in

Submitted by: Dr L Surbala Devi (PT) **(Coordinator signature)**

ACTIVITY REPORT

The seminar focused on awareness and demonstration sessions on the techniques of breast self-examination among the BPT and MPT students of ARIP. The rationale for advocating students of breast self-examination is to promote early detection of breast cancer

Objectives

- Identify the early unusual changes of breast.
- Understand different findings of normal and abnormal breast.
- Motivate to perform steps of breast self-examination for early detection of breast cancer
- Teach their relatives, near and dear ones and fellow friends about self breast examination

Members involved and their roles

- **Co-ordinator**: Dr. L. Surbala Devi (WDC coordinator - ARIP) organized and coordinated the whole event.

- **Co-coordinator**: Dr. Garima Gedamkar (Assistant Professor & In-charge, Department of Women's Health, ARIP)

- **Resource Person**: Dr. Garima Gedamkar (PT) & Dr. L. Surbala Devi (PT)

Proposed budget and actual expenditures

Proposed budget- nil
Actual expenditure- nil

Activities carried out and beneficiaries

Activities:

- Talk on breast cancer and early detection of breast cancer
- Demonstration of Breast self-examination

Beneficiaries:

Students of BPT and MPT, ARIP

- Number of students: 85

Outcome of the activities – Increased awareness about Breast Cancer and breat self-examination among the students

Event clicks

Picture: Demonstration of Self-Breast Examination (08/03/2018)

RESUME

PERSONAL STATEMENT

- To become a part of innovative and challenging environment, where I can constantly learn and utilise my knowledge and successfully deliver solutions to problems.
- Participate in the planning & implementation of services designed to provide the optimum healthcare for the community while complying with the laws and regulations governing the practice of physiotherapy.

EMPLOYMENT HISTORY

2019-present — **Physiotherapist** at Revival Physiotherapy, Anand, Gujarat
Duration: 1st January 2019 **Working hours:** 48hrs/week (Full time)
Key responsibilities: Assess patients' physical abilities, establish treatment goals based on physical diagnoses, Plan and implement physiotherapy treatment; health promotion programs for patients, & community; Maintaining patients' medical records & database.

2016-18 — **Assistant Professor** at Ashok and Rita Patel Institute of Physiotherapy, CHARUSAT University, Anand, Gujarat
Duration: 1st April 2016 to 21st December 2018 **Working hours:** Full time
Key responsibilities: In charge Head of Department Women's Health Physiotherapy; Taking lectures for undergraduate & post graduate students; Research coordinator for undergraduates; Guide students for their research & clinical development; curriculum development; Assess, plan & implement physiotherapy management for patients; Community service; university development and administration.

2015-16 — **Lecturer** at Ashok and Rita Patel Institute of Physiotherapy, CHARUSAT University, Anand, Gujarat
Duration: 8th August 2015 to 30th March 2016 **Working hours:** Full time
Key responsibilities: Taking lectures for undergraduate & post graduate students; Assess, plan & implement physiotherapy management for patients; Community service.

2011-12 — **Physiotherapist** at All India Institute of Physical Medicine and Rehabilitation, Mumbai, Maharashtra
Duration: 3rd November 2011 to 21st April 2012 **Working hours:** 38.5 hours (Full time)
Key responsibilities: Physical evaluation & planning suitable exercise programme; Clinical teaching and demonstration for short courses; Assisting in research.

EDUCATION

2012-14 — **Master of Physiotherapy (MPT) (Neurology)** (GPA – **3.0**/4)
Swami Vivekanand National Institute of Rehabilitation Training and Research, Cuttack
Utkal university, Bhubaneshwar, Odisha
Thesis: Effect of cervico-thoracic mobilization on shoulder pain and functional independence in paraplegics.

2010-11 — **Diploma in Rehabilitation (Physiotherapy)**
All India Institute of Physical Medicine and Rehabilitation, Mumbai
SNDT University, Mumbai, Maharashtra
Thesis: Effect of dual task and base of support in standing on postural stability of

subjects between 25-35 years.

2005-09 **Bachelor of Physiotherapy (BPT)** (GPA **3.44**/4)
Krupanidhi College of Physiotherapy, Bangalore
Rajiv Gandhi University of Health Science, Bangalore, Karnataka

World Stroke Day 2017

Stroke: Prevent first, Treat early

3rd November 2017

Event Report

Our Stroke Day event "Stroke: Prevent first, Treat early" was organized on 3rd November 2017. This event was planned as an awareness and knowledge translation program which will be followed up for a period of one year through sustained efforts involving volunteers. The objectives of this event was to promote stroke prevention efforts through providing knowledge of stroke risk factors and its consequences and to emphasize the need for early and sustained rehabilitation for promoting optimal post stroke recovery. The event was organized by the Department of Neurophysiotherapy, Ashok & Rita Patel Institute of Physiotherapy, Charotar University of Science and Technology (CHARUSAT).

Students and experts interacting during various activities on World Stroke Day

The events included: 1) Public Talk on: How to prevent stroke? by Dr Himanshu Patel MD, Neurologist, CHRF 2) Poster exhibition on public awareness and education of stroke prevention, warning signs, risk factors and management by MPT Neuro Students 3) Stroke risk screening by ARIP Interns, 4)CPD on Recovery after stroke: Which factors influence good recovery? by V Prakash MPT, Asst.Prof & I/C NeuroPT OPD, ARIP. More than 100 participants including general public, patients with stroke and their family and physiotherapy students have participated in various events.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

FACULTY OF MEDICAL SCIENCES

ASHOK & RITA PATEL INSTITUTE OF PHYSIOTHERAPY
(A Constituent of CHARUSAT)

A REPORT ON WORLD HEART DAYCELEBRATION

29th SEPTEMBER, 2017

Ashok & Rita Patel Institute of Physiotherapy (ARIP), A constituent of Charotar University of Science & Technology (CHARUSAT) has celebrated the "World Heart Day" on 29th September 2017 at CHARUSAT campus. Department of Cardiorespiratory Physiotherapy had arranged the events for the day. Theme of this year was "Share the Power".

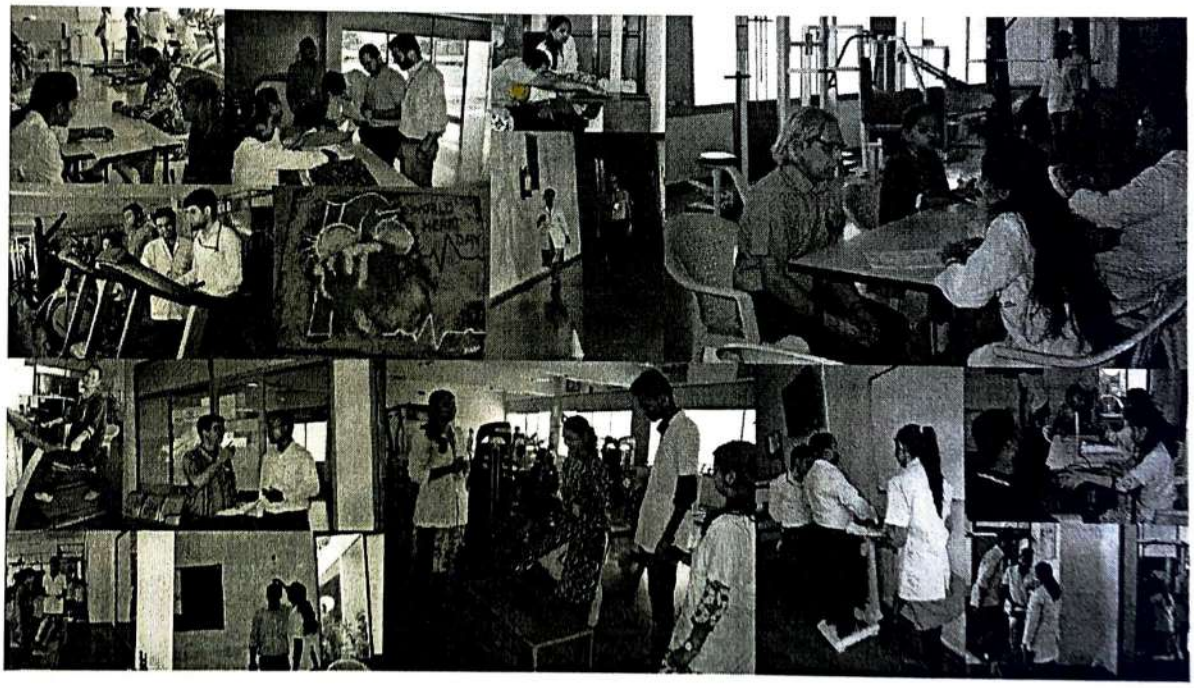

Events for celebration included **"Comprehensive Fitness Evaluation"** of CHARUSAT faculties and students and **expert talk by Dr. Sanjeeth Peter**, Director of DDMM heart Institute, Nadiad.

For "Comprehensive Fitness Evaluation" a goggle sheet was spread with the CHARUSAT family and voluntarily participation were invited. Total 50 voluntarily participation was invited and all 50 registration was obtained. This campaign was arranged during 9:00 am to 2:00 pm at ARIP. On the day of event total 30 participants came. All of them underwent a thorough fitness evaluation. Fitness evaluation team included faculties of Dept of Cardiorespiratory Physiotherapy (Dr. Arpita Jingar, Dr Vidhi Thakar, Dr Megha Gohil), PGs (Cardiorespiratory Sciences and Rehabilitation) and Interns. Fitness evaluation included vitals measurement, body composition analysis, risk screening for the development of cardiovascular disease, flexibility testing and exercise testing.

Afternoon session (3:00 to 4:00 pm) consisted of an expert talk by Dr. Sanjeeth Peter. Faculties, all PG students, few interns and 7th sem BPT students attended the talk. During the session Dr. Arpita Jingar (PT) welcomed everyone, explained the importance of World Heart Day and

highlighted the activities of morning session. Than session was handed over to Dr. Sanjeeth Peter. He explained the current and a different mechanism of understanding heart physiology. Also he had highlighted importance of clear communication with the patient. Faculties and students participated in the question answer session post talk. Dr. Megha Gohil (PT) delivered the vote of thanks to CHARUSAT, Principal of ARIP, Dr. Sanjeeth Peter, all the Departmental Incharges of ARIP, students and participants of Fitness Evaluation Campaign.

Content of the Event:

- Comprehensive Fitness Evaluation
- Different mechanism of understanding of heart physiology
- Communication with patient

Date: 29.09.2017
Timings: 09.00 am to 02.00 pm

Venue:
ARIP,
CHARUSAT
CHANGA

DR. SANJEETH PETER

Designation : Director and Chief Cardiac Surgeon

Qualification :

MBBS from Christian Medical College, Vellore in 1988, Madras University, Madras

MS from Christian Medical College, Vellore in 1993 Dr M.G.R. University, Madras

M.Ch in Cardiothoracic Surgery from Christian Medical College, Vellore in 1996, Dr M.G.R. University, Madras.

DNB in Cardiothoracic Surgery National Board of Examinations in 1996

Fellow in Cardiac Surgery, From Melbourne Hospita(Australia)

Achievements:

PAEDIATRIC : More than 300 cardiac surgeries (ASD, VSD Closure, Total correction of TOF, BT Shunt, Divisioning and suturing of PDA, AV Canal Defect, PAPVC, and TAPVC) performed successfully on small children- youngest being 32 hours, 1.5 kg and 1.7 kg.

ADULTS: Coronary Artery Bypass Graft Surgeries, TAR (Total Arterial Revascularization), beating heart surgeries 'Y' Graft technique, Correction of complex defects of the heart, Valve Replacement, Peri-cardiectomy, Aorto Bi Femoral, Aortic Root Replacement and Sparing.

Academic Achievements:

- Has described methods of closing holes in the heart using patient's own pericardium.
- Presented various techniques of cardiac surgeries in National and International Conferences.

Date: 05/05/2018 **Day: Saturday** **Timings: 10:00 am to 12:30 pm**

I. Introduction:

Women Development Cell of Manikaka Topawala Institute of Nursing, Changa had organized a half day Workshop on "Breast Self Examination" for teaching and non teaching female faculty members of CHARUSAT University. Ms. Anjali Tiwari, and Ms. Rameshwari Zala, were the incharge faculties of the workshop.

II. Aim

The workshop on "Breast Self Examination" was aimed to enable the women to gain in-depth knowledge and hands on practice regarding Breast Self Examination.

III. Objectives

At the end of the event, participants will be able to

1. Identify the early unusual changes of breast.
2. Understand different findings of normal and abnormal breast.
3. Demonstrate techniques/steps of breast self examination.
4. Demonstrate the best position for breast self examination.
5. Discuss the regular interval and time of breast self examination.
6. Discuss variations and special consideration in performing breast self examination techniques appropriate for the different age clients.

IV. Participants/Beneficiaries

Total 28; Female employee of CHARUSAT

V. Description of the event

Women Development Cell of Manikaka Topawala Institute of Nursing, Changa had organized a half day Workshop on "Breast Self Examination" for teaching and nonteaching staff of CHARUSAT university on5th May, 2018. Ms. Anjali Tiwari, and Ms. Rameshwari Zala were the faculties of the workshop.

The workshop started with registration along with giving pink bow for creating awareness for breast self examination. All participants were given pretest for 10 minutes.

A session on breast cancer by Ms. Anjali Tiwari was started by 10:15 am. She enlighted participants by giving historical background of breast cancer awareness through pink bow. She has covered risk factors, sign and symptoms through which one can make primary diagnosis of unusual mass in breast that can be either benign or malignant but by this method survival rate of suffers are increased due to early detection and proper treatment. At the end of the session participants were divided into equal groups for hands of training of breast self examination.

After that from 11:00am to 11:30 am refreshment break was given to the participants.

Second session was started by 11:31 am regarding steps of Brest Self Examination. Trainers and volunteer students from 4th Semester M.Sc. nursing students had demonstrated visual steps of Breast Self Examination and approached every participant to recap all the learning and techniques of it. Then after for demonstration of palpation method of breast self examination trainers and volunteer students got change in their skill station. They had demonstrated circular and line method of detection of lump or any unusual mass by bare finger tip techniques in standing position as well as lying position.

At the end at each skill station all participants were given posttest assessment and Feedback from participants were taken regarding the execution of workshop and take home message through workstation of the workshop.

The workshop ended by 12:30 pm with healthy discussion regarding myths and its possible scientific solution on one-to-one base.

VI. Feedback Analysis Report

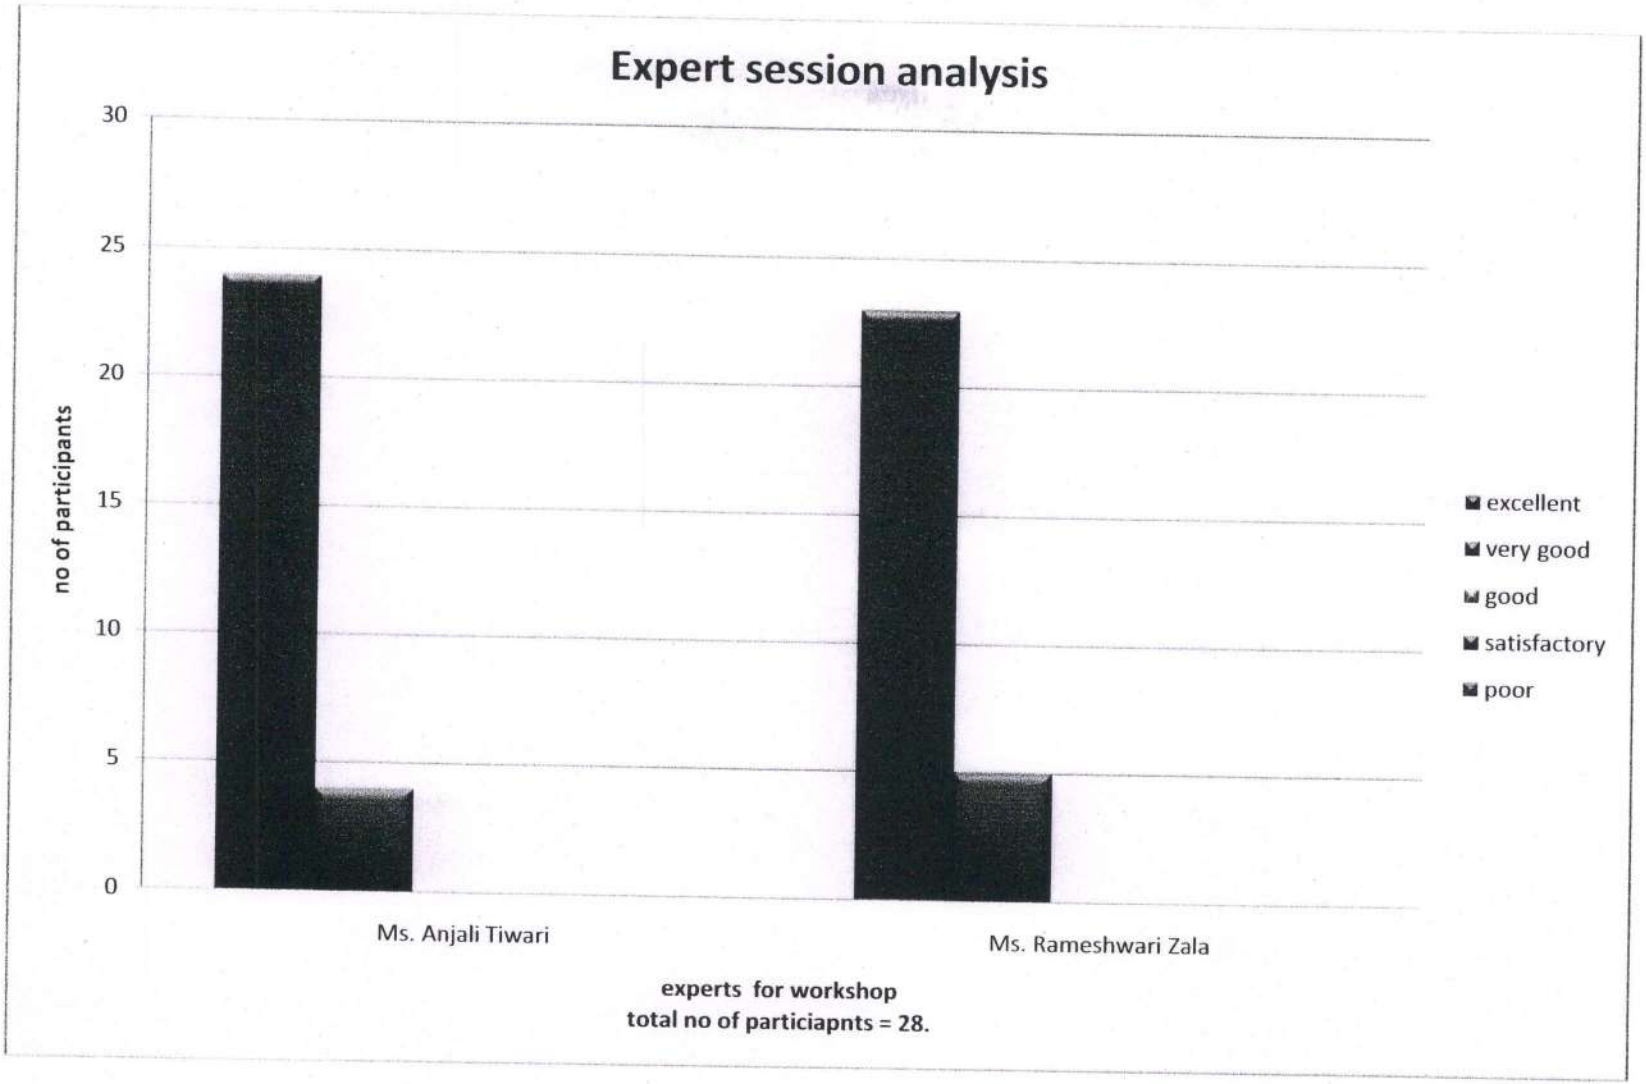

A. Number of participants: 28

B. Table of feedback form with number of participants' response in each category.

D. Graphical Representation of Feedback (Item 5)

VIII. Conclusion

It was very informative to all the participants from CHARUSAT university. It served a platform for the women to gain knowledge through hands on practice under the guidance of incharge faculty of workstation. We extend our heartfelt thank to Dr. Devang Joshi sir, Registrar CHARUSAT, Dr. Anuradhra Gajjar mam, Chairpesron WDC CHARUAT, Dr. Gayatri Patel mam, Convener WDC CHARUAT, Dr. Anil sharma sir, Principal, Manikaka Topawala Institute of Nursing, CHARUSAT, Changa for giving us opportunity for organizing such event. We thank all the participants for their active participation; without them this is impossible.

"Report On Continuing Nursing Education on Pediatric Drug Dose Administration and Calculation"

Date: 9/0 3/2018

Day: Friday

Timings: 9.00 am to 5.00 pm

I. Introduction:

Manikaka Topawala Institute of Nursing constituent of CHARUSAT University is one of the leading Institutions in providing quality education in various UG & PG program.

Children are the wealth of tomorrow. Being a nurse we have to deliver specific qualitative care to all age groups of children. Pediatric drug administration and dose is a vital aspect which should be requiring higher amount of attention and skill full practice, with this aim Department of pediatric nursing of MTIN has set an awesome benchmark in the field of education by conducting the skilled based, hands on practice CNE through innovations in practice on 9thMarch 2018. The topic for this CNE was Pediatric Drug Dose Administration and Calculation.

II. Objectives:

At the end of the CNE the audience will be able to understand:

1. To review anatomical and physiological features of pediatric patients that influence drug administration.
2. To elaborate various routes of pediatric drug administration.
3. To discuss and demonstrate various routes of drug administration in children.
4. To explain pediatric drug doses calculation in children.
5. Hands on training on various routes to drug administration.

III. Participants/Beneficiaries: 179 Nursing Staff and Nursing students from various Hospitals and Nursing Institute across the Gujarat State.

IV. **Agenda:**

Day 1 (9/03/2018)

SN	Topic	Time	Resource person
	Morning session		
1	Introduction to Paediatric Drug Administration and Calculation	9:45 am to 10:15 am	Mr.VipinVageriya HOD Pediatric MTIN-Changa
2	Routes of Drug administration	10:20 am to 11:00 am	Mrs.Himali Prajapati Asst. Professor H.O.D of Child Health C.M Patel College Of Nursing, Gandhinagar
3	Paediatric drug dose calculation	11:00 am to 12 noon	Mr Himanshu Trivedi Principal, Sahajanand College of Nursing, Ahemdabad
	Lunch break (12:00 to 12:45 pm)		
	Hands on Practice session		
4	Simulation on Oral Drug Administration	12:45 pm to 4:30 pm	Mr. Vijay Nursing Tutor MTIN
5	Simulation on Intramuscular Drug Administration		Mr.Bapu K Nursing Tutor MTIN
6	Simulation on Topical Drug Administration		Ms. Binal Joshi Nursing Tutor MTIN
7	Simulation on Inhalation And Subcutaneous Drug Administration		Ms. Franny Emmanuel Nursing Tutor MTIN
8	Simulation on IV Infusion		Ms. Rameshwari Asst. Professor MTIN
	Valedictory session with certificate distribution	4.30-5.00 Pm	

V. In Detail Explanation of Event With Colored Print of Photographs

Day-1: 9/3/2018

The event of Continuing Nursing Education on Pediatric Drug Dose Administration and Calculation was started by registration of delegates from various institutes and Hospitals. Participants were allowed to occupy their seats in auditorium of MTIN. Ms. Niyati (1st yearM.sc. Nursing student) addressed all delegates with heartwarming welcome. She had briefed the agenda and Sessions to the participants. Participants were encouraged to fill pre-test forms.

The CNE was inaugurated by Dr. Anil Sharma, Principal MTIN with the invocation to Almighty. He had started his speech with beautiful introduction of CHARUSAT University and the historical achievement of MTIN. He explained about importance of pediatric patient, he extended his speech by highlighting priorities of pediatric drug calculation and drug administration in nursing sir congratulated the team and blessed the occasion to lead in good success. He addressed young and fresh blood of the MTIN to boost their knowledge attitude and practice by these hands on practice session and so all can deliver the qualitative care to the all needy patients, He congratulated each participants and faculty of Pediatrics. He welcomed and introduced the resource person to the delegates followed by Lamp lighting by invited guest Mrs. Vashudha Prajapati and Mrs.Raxaben from Gujarat Nursing Council and Resource persons.

Session -1 : **Introduction to Pediatric Drug administration**
Speaker : Mr. VipinVageriya HOD Pediatric, MTIN
Time : 9.45-10.15a.m

He quoted that remarkable progress has been made in the clinical management of disease and its treatment in pediatric patients. He had focused on anatomical difference between child and adult. He highlighted important principles of pediatric pharmacotherapy that must be considered while treating a child. He enlightened the various routes of drugs, various types of drugs regimen. He also differentiated the adult dose and pediatric dose, and their effect on the bodily system. He had narrated factors affecting drug dosage and drug interaction.

Session -2 : **Routes of Drug Administration**

Speaker : Mrs. Himali Prajapati, Asst. Professor-CMPCON

Time : 10.20- 11.00 am

She initiated her class with one good exercise to boost the participants for active participants. She explained the purpose of different routes of drugs. She told that the route of drug administration in pharmacology and toxicology is the path by which a drug, fluid, poison, or other substance is taken into the body. Routes of administration are generally classified by the location at which the substance is applied. She gave Common examples and intravenous administration. Routes can also be classified based on where the target of action is. Action may be topical (local), enteral (system-wide effect, but delivered through the gastrointestinal tract), or parenteral (systemic action, but delivered by routes other than the GI tract).The new technology and devices for administration of drug in children are covered in the session. She ended her session by showing a video on Medication Error.

Session 3 : **Pediatric Drug Dose Calculation**

Speaker : Mr. Himanshu Trivedi, Principal SCON, Ahemdabad

Time : 11.00 am -12.00 Noon

He explained drug dose calculation. He elaborated that administering medications in the medical field involves not only knowing what and when to give but also how much to administer. Dosing calculations are just as important as knowing what to give. Medications take many forms, but dispensing liquids are usually the hardest to calculate. Liquids and fluids come in different containers and concentrations but using simple math calculations can simplify this task and lower the risk of potential errors. Three formulas will help with dosing calculations. He made students practiced to do several examples.

Hands on Practice session

It requires nurses to understand the prescription and to have knowledge of common indications, dosages and side-effects of the medications. If any error occurs during the procedure the practitioner has a professional responsibility to report this in accordance with local risk

management procedures. Ultimately, the practitioner is responsible for ensuring the correct patient, dose, drug, time and route

For this CNE all the group members were distributed among 5 different groups these groups have to attend each station around 45 min. where respected teachers showed the demonstration and also gave opportunity to practice the participants. All delegates received the equal opportunity to perform and put their hands on practice thus the goal of the CNE is successfully achieved.

Procedure : **Simulation on Oral Drug Administration**
Skilled personnel : Mr. Vijay, Nursing Tutor, MTIN

He explained the procedure very tremendously. He involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, and entire steps of the procedure. He also demonstrated the role of nurse and skill based activities. He allowed group members to perform and even to evaluate their colleague.

Procedure : **Simulation on IntramuscularDrug Administration**
Skilled personnel : Mr. Bapu K, Nursing Tutor, MTIN

He demonstrated the procedure very tactfully. He involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, and entire steps of the procedure. He emphasized the all the aspects of the IM procedure like deltoid, vastus lateralis he allowed group members to demonstrate and re demonstrate.

Procedure : **Simulation on Topical Drug Administration**
Skilled personnel : Ms. Binal Joshi, Nursing Tutor, MTIN

She demonstrated the procedure very attractively. She involved the purpose, indication, contraindication, side effects, preliminary assessment, and position of the patient, different types of the topical medication and entire steps of the procedure. She covered all the aspects of topical medication such as ear, nose, eye drop instillation, and various types of skin applications. She allowed group members to perform.

Procedure : **Simulation on Inhalation and Subcutaneous Drug Administration**
Skilled personnel : Ms. Franny Emmanuel, Nursing Tutor, MTIN

She demonstrated the procedure very delightfully, she involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, different types of the insulin and nebulization, methods of filling the insulin in the syringe, entire steps of the procedures was been demonstrated by her, she also told about the insulin pen. She allowed group members to perform and even to evaluated their colleague

Procedure : **Simulation on IV infusion**
Skilled personnel : Ms. Rameshwari, Asst. Professor, MTIN

She demonstrated the procedure very satisfyingly. She taught that Intravenous therapy (IV) is a therapy that delivers liquid substances directly into a vein (intra- + ven- + -ous). Theintravenous route of administration can be used for injections (with a syringe at higher pressures) or infusions (typically using only the pressure supplied by gravity). She involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, different types of the intravenous methods, all the steps of the procedures was been demonstrated by her, she also stressed more about the comfort of the position while IV catheterization, she allowed group members to perform and even to evaluated their colleague.

Valedictory Session, Vote of thanks

At the end of the CNE program was concluded by the sharing of participants feedback. Many participants shared their positive views for this CNE. They have found it as a worthy, interesting and most needful which improves their skill, and expertise their practice in the field of Pediatric, many students fulfilled their wish of being a MTIN Students by attending this CNE, Participants were allowed to fill their Post test and feedback forms, Mr. Arpan Pandya Gave Vote of thanks and certificate distribution were held, At last all were dispersed after having ice-cream.

VI. Conclusion

At the end of the conference group was satisfied and gathered the profound knowledge and gained mastery over the practical skills, thus we have fulfilled the objectives of this CNE. Entire Group improved their confidence level while dealing with the pediatric patients; they did practice of drug administration and calculations. The facilitators were incredibly helpful and motivating the group for the hand on practice sessions. Overall students learnt the good practical aspects. Feedback was collected and it suggested that they welcomed this initiative and they are motivated to explore more dimension in this platform also they are willing to use this same simulation technique in future We are thankful to CHARUSAT and Principal of MTIN for providing us the opportunity to organize the CNE .

Report On Continuing Nursing Education on Pediatric Drug Dose Administration and Calculation

Date: 10/0 3/2018

Day: Saturday

Timings: 9.00 am to 5.00 pm

I. Introduction:

Manikaka Topawala Institute of Nursing constituent of CHARUSAT University is one of the leading Institutions in providing quality education invarious UG & PG and PhD program.

Children are the wealth of tomorrow. Pediatric dosage is the determination of the correct amount, frequency, and total number of doses of a medication to be ad ministered to a child or infant. Amount of dose is affected by the age, weight, body surface area, and ability of the child to absorb, metabolize capacity. Various formulas have been devised to calculate pediatric dosage from a standard adult do se, although the mostreliable method is to use one of the formulas to calculate the proportional amo unt of body surface area to body weight. Pediatric drug administration and dose is a vital aspect which should be requiring higher amount of attention and skill full practice, with this aim Department of pediatric nursing of MTIN had organized CNE through innovations in practice on 10th March 2018. The topic for this CNE was Pediatric Drug Dose Administration and Calculation.

II. Objectives:

At the end of the CNE the participants will be able to understand:

1. To review anatomical and physiological features of pediatric patients that influence drugadministration.
2. To elaborate various routes of pediatric drug administration.
3. To discuss and demonstrate various routes of drug administration in children.
4. To explain pediatric drug doses calculation in children.
5. Hands on training on various routes to drug administration.

III. Participants/Beneficiaries: 192 Nursing Staff and Nursing students from various Hospitals and Nursing Institute across the Gujarat State

IV. **Agenda:**

Day 2 (10/03/2018)

SN	Topic	Time	Resource person
	Morning session		
1	Introduction to Paediatric Drug Administration and Calculation	9:45 am to 10:15 am	Mr.VipinVageriya HOD Pediatric MTIN-Changa
2	Routes of Drug administration	10:20 am to 11:00 am	Mrs.Himali Prajapati Asst. Professor/ H.O.D of Child Health C.M Patel College Of Nursing, Ghandhinagar
3	Paediatric drug dose calculation	11:00 am to 12 noon	Mr Shailesh G Panchal Associate Professor Shree G H Patel College of Nursing,KAramsad,Gujarat
	Lunch break (12:00 pm to 12:45 pm)		
	Hands on Practice session		
4	Simulation On Oral Drug Administration	12:45 pm to 4:30 pm	Mr. Vijay Nursing Tutor MTIN
5	Simulation On Intramuscular Drug Administration		Mr. Bapu K Nursing Tutor MTIN
6	Simulation On Topical Drug Administration		Ms. Binal Joshi Nursing Tutor MTIN
7	Simulation On Inhalation And Subcutaneous Drug Administration		Ms.Franny Emmanuel Nursing Tutor MTIN
8	Simulation On IV Infusion		Ms.Rameshwari Asst. Professor MTIN
	Valedictory session with certificate distribution	4.30-5.00 Pm	--

V. **In detail explanation of the event with colored print of photographs**

VI. **In Detail Explanation Of Event**

Day-2: 10/3/2018

The event of Continuing Nursing Education on Pediatric Drug Dose Administration and Calculation was started by Registration of delegates from various institutes and Hospitals. Participants were allowed to occupy their seats in auditorium of MTIN .Ms. Niyati(1st year M. Sc. Nursing student) addressed all delegates with heartwarming welcome. She had briefed the agenda and Sessions to the participants. Participants were encouraged to fill pre-test forms.

The CNE was inaugurated by Dr. Anil Sharma, Principal MTIN with the invocation to Almighty. He had started his speech with beautiful introduction of CHARUSAT University and the historical achievement of MTIN. He focused on role and responsibilities of a nurse in ward. He highlighted that children are considered as vulnerable age group, who are prone to get any type of infection. He discussed about various initiates taken by government to avoid prescription error. He explained about importance of pediatric patient, he extended his speech by highlighting priorities of pediatric drug calculation and drug administration in nursing. He congratulated the team and blessed the occasion to lead in good success. He addressed young and fresh blood of the MTIN to boost their knowledge attitude and practice by these hands on practice session and so all can deliver the qualitative care to the all needy patients, He congratulated each participants and faculty of Pediatrics. He welcomed and introduced the resource person to the delegates followed by Lamp lighting by invited guest Mrs.Vashudha Prajapati and Mrs. Raxaben from Gujarat Nursing Council and Resource persons.

Session -1	**:Introduction to Pediatric Drug administration**
Speaker	:Mr.VipinVageriya HOD Pediatric, MTIN
Time	: 9.45-10.15a.m

He explained about various factors which are responsible for absorption of drug among children. He stressed upon anatomical and physiological changes among adult and children. Each system of child is immature so physiology of each part is poor. He talked about various

abbreviations used in prescription of drug like , hs, prn, bd, td, SoS etc. He also explained about factors which are responsible for high IMR rate in India. He highlighted research study on medication error and its frequency in hospitals. He taught about preventive aspects to decrease the medication and prescription error. He told various rights of nurses during administration of drug like right patient, right time, right dose, right drug, right documentation etc.

Session -2 **:Routes of Drug Administration**

Speaker : Mrs.Himali Prajapati, Asst. Professor, Asst. Professor/H.O.D of Child Health, C.M Patel College Of Nursing, Ghandhinagar

Time : 10.20- 11.15 am

She initiated her class with one good exercise to boost the participants for active participants, she explained the purpose of different routes of drugs, She added that the route of drugadministration in pharmacology and toxicology is the path by which a drug, fluid, poison, or other substance is taken into the body. Routes of administration are generally classified by the location at which the substance is applied. She gave Common examples and intravenous administration. Routes can also be classified based on where the target of action is. Action may be topical (local), enteral (system-wide effect, but delivered through the gastrointestinal tract), or parenteral (systemic action, but delivered by routes other than the GI tract).The new technology and devices for administration of drug in children are covered in the session. She had ended her session with a video on Medication Error.

Session 3 **: PediatricDrug Dose Calculation**

Speaker :Mr. Sailesh G. Panchal,Asso. Professor, Shri G.H. Patel College of Nursing, Shree Krishna Hospital, Karamsad (Gujarat)

Time : 11.10-12.00 noon

He explained drug dose calculation, he elaborated that Giving medications in the medical field involves not only knowing what and when to give but also how much to administer. Dosing calculations are just as important as knowing what to give. Medications take many forms, but dispensing liquids are usually the hardest to calculate. Liquids and fluids come in different containers and concentrations but using simple math calculations can simplify this task and lower

the risk of potential errors. Three formulas will help with dosing calculations. She made students practiced to do several examples.

Hands on Practice session

It requires nurses to understand the prescription and to have knowledge of common indications, dosages and side-effects of the medications. Should any error occur during the procedure the practitioner has a professional responsibility to report this in accordance with local risk management procedures. Ultimately, the practitioner is responsible for ensuring the correct patient, dose, drug, time and route

For this CNE all the group members were distributed among 5 different groups these groups have to attend each station around 45 min. where respected teachers showed the demonstration and also gave opportunity to practice the students. All students received the equal opportunity to perform and put their hands on practice thus the goal of the CNE is successfully achieved.

Procedure **:Simulation on Oral Drug Administration**
Skilled personnel : Mr. Vijay, Nursing Tutor, MTIN

He explained that Oral medications are the route most preferred by patients and are one of the most commonly used routes of medication administration by providers. Most oral preparations are taken by mouth, swallowed with fluid, and absorbed via the gastrointestinal tract. Oral medications are available in solid forms (*e.g.*, tablets, capsules, caplets, and enteric-coated tablets) and liquids forms (*e.g.*, syrups, elixirs, spirits, and suspensions). Most oral medications have a slower onset of action and, in the case of liquids and swallowed oral medications, may also have a more prolonged effect. He demonstrated the procedure of oral drug administration. He motivated group members to perform and even to evaluate their colleague.

Procedure **:Simulation on Intramuscular Drug Administration**
Skilled personnel : Mr. Bapu K, Nursing Tutor, MTIN

He demonstrated the procedure very tactfully, he involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, and entire steps of

the procedure, he emphasized the all the aspects of the IM procedure, he allowed group members to perform and even to evaluated their colleague

Procedure **:Simulation on Topical Drug Administration**
Skilled personnel : Ms. Binal Joshi, Nursing Tutor, MTIN

She explained that topical medication is a medication that is applied to a particular place on or in the body. Most often topical administration means application to body surfaces such as the skin or mucous membranes to treat ailments via a large range of classes including creams, foams, gels, lotions, and ointments. She Demonstrated the procedure very attractively, she involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, different types of the topical medication and entire steps of the procedure, she Prominence all the aspects of topical medication such as ear, nose , eye drop instillation, and various types of skin applications she allowed group members to perform.

Procedure **:Simulation on Inhalation and Subcutaneous Drug Administration**

Skilled personnel : Ms. Franny Emmanuel, Nursing Tutor, MTIN

She told that A subcutaneous injection is administered as a bolus into the sub cutis, the layer of skin directly below the dermis and epidermis, collectively referred to as the cutis. Subcutaneous injections are highly effective in administering vaccines and medications such as insulin, morphine, diacetylmorphine and goserelin. She Demonstrated the procedure very delightfully, she involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, different types of the insulin and nebulization, methods of filling the insulin in the syringe, entire steps of the procedures was been demonstrated by her.

Procedure **:Simulation on IV infusion**
Skilled personnel : Ms. Rameshwari, Asst. Professor, MTIN

She demonstrated the procedure very satisfyingly, she involved the purpose, indication, contraindication, side effects, preliminary assessment, position of the patient, different types of the

intravenous methods, all the steps of the procedures was been demonstrated by her, she also stressed more about the comfort of the position while IV catheterization, She allowed group members to perform and even to evaluated their colleague.

VII Valedictory Session

At the end of the CNE program was concluded by the sharing of participants feedback, many participants shared their positive views for this CNE, they have found it as a worthy, interesting and most needful which improves their skill, and expertise their practice in the field of Pediatric, many students fulfilled their wish of being a MTIN Students by attending this CNE, Participants were allowed to fill their Posttest and feedback forms, Mr. ArpanPandya gave Vote of thanks and certificate distribution were held, At last all were dispersed after having ice-cream .

VII. Conclusion

At the end of the conference group was satisfied and gathered the profound knowledge and gained mastery over the practical skills, thus we have fulfilled the objectives of this CNE. Entire Group improved their confidence level while dealing with the pediatric patients, they did practice of drug administration and calculations. The facilitators were incredibly helpful and motivating the group for the hand on practice sessions.Overall students learnt the good practical aspects. Feedback was collected and it suggested that they welcomed this initiative and they are motivated to explore more dimension in this platform also they are willing to use this same simulation technique in future We are thankful to CHARUSAT and Principal of MTIN for providing us the opportunity to organize the CNE .

MANIKAKA TOPAWALA INSTITUTE OF NURSING

A CONSTITUENT OF

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Accredited Grade "A" by NAAC and KCG

Invitation

We cordially invite you to participate in Continue Nursing Education (CNE) on

PEDIATRIC DRUG DOSE ADMINISTRATION AND CALCULATION

on

9th March, 2018, Friday

Venue : MTIN Auditorium, CHARUSAT

Dear Colleagues,

Warm greetings from MTIN - CHARUSAT !!

We are pleased to invite you to participate in CNE organizing by **Manikaka Topawala Institute of Nursing** on **"PEDIATRIC DRUG DOSE ADMINISTRATION AND CALCULATION "**

CHARUSAT

CHARUSAT is one of the leading universities in providing quality education with more than 6500 students, 450 faculties, 500 staffs and offering more than 72 programs in UG & PG. It is approved by UGC under section 22 of UGC Act and formed under Gujarat state act No.8 of 2009. CHARUSAT has been accredited with "A" grade by both NAAC (National Assessment & Accreditation Council), Government of India and KCG (Knowledge Consortium of Gujarat), Education Department,Government of Gujarat.

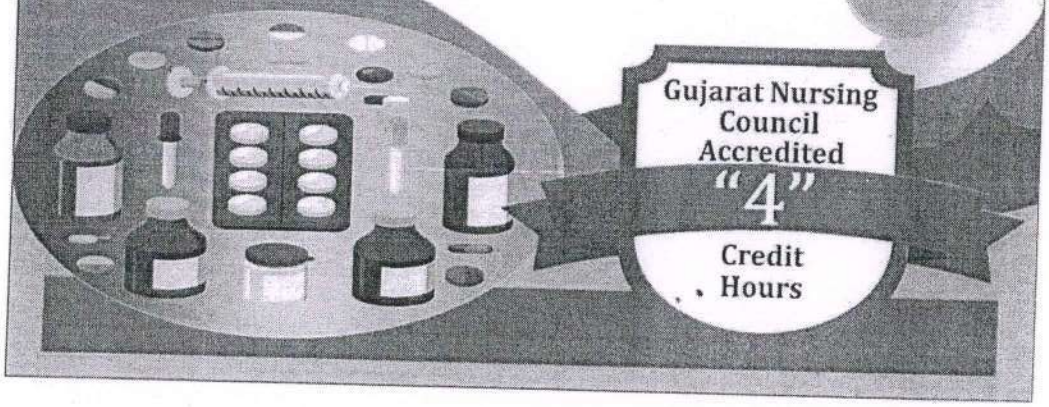

MTIN

Vision

To become a premier institute in the field of Nursing education, practice & research.

Mission

To prepare competent, knowledgeable and compassionate nurses having leadership quality and inclination to serve the society

OBJECTIVE

- To review anatomical and physiological features of pediatric patients that influence drug administration.
- To demonstrate various routes of pediatric drug administration.
- To aware about rights of pediatric nurse during drug administration.
- To practice pediatric drug doses calculation.
- Hands on training on various routes to drug administration.

AGENDA

SN	Topic	Time	Resource Person
	Registration & Breakfast	9:00 am to 9:30 am	
	Morning Session		
1	Introduction to pediatric drug administration & calculation	9:30 am to 10:00 am	Mr. Vipin Vageriya, HOD-Pediatric, MTIN- CHARUSAT
2	Routes of drug administration	10:00 am to 11:00 am	Ms. Himali Prajapati, Asst. Professor cum HOD Pediatric, C. M. Patel CON, Gandhinagar.
3	Pediatric drug dose calculation	11:00 am to 12:00 Noon	Mr. Himanshu Trivedi, Principal cum HOD Pediatric, Sahajanand CON, Ahmedabad.
	Lunch break (12:00 pm to 12:45 pm)		
	Hands on Practice session		
4	Simulation on oral drug administration	12:45pm to 4:30pm	Mr. Vijayakumar M.B., MTIN - CHARUSAT
5	Simulation on Intramuscular drug administration		Mr. Bapu Khodnapur, MTIN - CHARUSAT
6	Simulation on topical drug administration		Ms. Binal Joshi, MTIN - CHARUSAT
7	Simulation on inhalation and Subcutaneous drug administration		Ms. Franny Emmanuel, MTIN - CHARUSAT
8	Simulation on IV infusion		Ms. Rameshwari Zala, MTIN - CHARUSAT

Career Objective

To obtain a challenging position in nursing profession, where I can contribute in different positive ways in Pediatric Nursing department.

Academic Qualification

Course	Institution	Board / University	Year of completion	% Marks
M.Sc (N)	Vinayaka Mission's Annaporrona college of Nursing, Salem.	Vinayaka Mission's University, Salem	Apr -2009	First class
B.Sc (N)	Annai Mennakshi college of Nursing, Coimbatore	DR. MGR Medical University, Chennai	Nov -2003	First class
HSC	D.A.V. Higher Sec. School	Madhya Pradesh	1997	First class

Specialty- M.Sc. in Pediatric Nursing

Professional Experience

- Staff Nurse in Casualty, Ambulance In charge, MICU, SICU, General and Special wards. in Apollo International Hospital, Ahemadabad from Jan 2004 to June 2005.
- Assistant Lecture in Spurthy College of Nursing, Bangalore delivering lecture on various subject like Anatomy, Medical Surgical Nursing & Nursing foundation from July 2005 to March 2006.
- Vice Principal In Deomogra School of Nursing delivering lecture on various subject like, Medical Surgical Nursing, Psychiatry, Pediatrics and Nursing foundation and also administration from April 2006 to May 2007.

8.	Teaching Experience		7 Years

ACADEMIC QUALIFICATION –

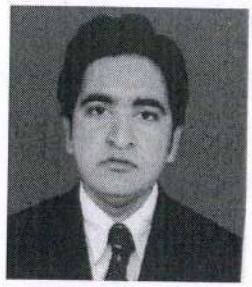

1.	SSC/ Board/Class	Passed in 2003/ GHSEB/ First Class with Distinction
2.	HSC/Board/Class	Passed in 2005/ GHSEB /First Class

PROFESSIONAL QUALIFICATION

1.	B.Sc. Nursing/University/class	Passed in 2009/S.N.D.T University(Mumbai)/First Class
2.	M.Sc. Nursing/University/class	Passed in 2012/ Gujarat University/First Class
3.	E-learning course	Completed e- course module on GFATM Training Programme on 5th August 2015.
4.	Certificate Course (through KSV)	Completed "Educational Pedagogy for teaching learning process" Course from Kadi Sarva Vishawvidyalaya

WORK EXPERIENCE

1.	As a Nsg. Tutor	2009-2010 (M.M Sighi Institute of Nursing,Ahmedabad) (C.M Patel College of Nursing, Gandhinagar) 2010-2012 (As a Deputed Staff)
3.	As an Asst. Professor	2012- 2015 (C.M Patel College of Nursing, Gandhinagar)
4.	As an H.O.D of CHN department	2015- till date (C.M Patel College of Nursing, Gandhinagar)

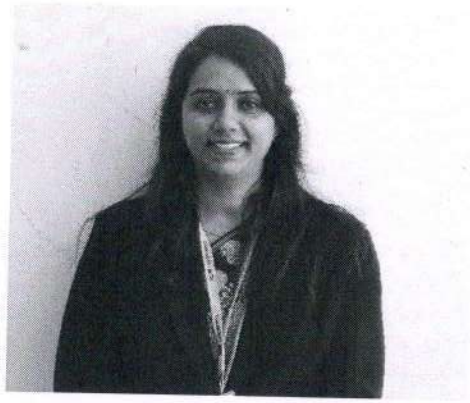

NAME AND AFFILIATION-

MR. VIPIN VAGERIYA, ASSISTANT PROFESSOR, MANIKAKA TOPAWALA INSTITUTE OF NURSING-CHARUSAT UNIVERSITY-CHANGA-ANAND-GUJARAT

Short CV —

- **Mr. Vipin Vageriya is working as Assistant Professor cum head of department of Child Health Nursing at MTIN-Changa-CHARUSAT**. He had diploma in yoga and naturopathy (NDDY). He had more than 10 year of teaching experience. He is pursuing his PhD from CHARUSAT. He is author of "**Text book of Anatomy and Physiology for nurses & Allied Health Sciences**". He is trainer for Neonatal Resuscitation Program (NRP) of IAP. He had participated in more than 30 international and national conference, workshop, and seminar. **He recognize with teaching Excellence Award-2018 by MTRES agency.** He had delivered many lectures in national conference and workshop. He had successfully completed online NPTEL course on "**Health Research Fundamental** and **Outcome based Pedagogic Principles for Effective Teaching**" by ICMR-Chennai and IIT-Kharagpur. He had undergone with GVK EMRI one week training for Basic life Support, ECG and Pharmacology. He had undergone PALS (Pediatric Advance Life Support). He is Nodal officer for MHRD and departmental E-Governance coordinator. He is paper setter and examiner for many universities. He worked as university press officer and university central assessment coordinator. He had reviewed many nursing books and competitive books. He is member of editorial board and reviewer of reputed journals. He is district trainer for Neonatal Resuscitation Program. He

Ms. Binal Joshi is presently working as Assistant professor at Manikaka Topawala Institute of Nursing, Department of Child Health Nursing at the University of Charotar University of Science and Technology (CHARUSAT) Changa. She has finished her Master of Science in Nursing in 2012 from Gujarat University in Child Health Nursing Speciality.

She has over 7 years of teaching experience and 3 years of Clinical Experience. She has worked as Vice Principal and Academic Co-ordinator at Sahajanand College of Nursing, Zundal, Ahmedabad. She was Vice Principal and Academic Co-ordinator for B.Sc. Nursing programme at Shrey Institute of Nursing and allied sciences, Ahmedabad. She has been awarded for best paper at prestigious conference and has several paper publications to her credit. She has also served as Resource person in various Continuing nursing education programme. She is a life-time member of Trained Nurses Association of India (TNAI) and Nursing Research Society of India (NRSI) and Indian Association of Neonatal Nurses (IANN).She is Paper setter and Examiner at Gujarat Nursing Council, Gujarat University, KSV University, SP University and Sumandeep University.

Ms. Rameshwari Zala

Education:

- M.Sc. Nursing 2012 (Child Health Nursing)
- P.B.B.Sc. Nursing 2009
- GNM nurisng 2005
- Hospital Administration and Management Course 2006-07
- Professional Training in Advanced Medical Transcription 2009

Experience:

- Teaching Experience : 7 Years
- Clinical Experience : 2 Years
- Research Experience : Guided research project (Completed & Ongoing): 4 UG project, 1 PG project.

Few Activities of Eminence

- Certified Trainer under BNCRP Provider Course Part-I by Indian Academy of Pediatricians
- National Neonatal Emergency Simulation Trainer
- Life time Member in NRSI (Nursing Research Society of India).
- Life time member in IANN (Indian Association of Neonatal Nurses).

Research Area: Growth and development of children- cognitive development, Clinical research, Epidemiological research.

Current Position: Assistant Professor at Manikaka Topawala Institute of Nursing, a constituent of Charotar University of Science & Technology (CHARUSAT), Changa, Anand-Gujarat - 388421.

Research/Technical Publications:

- **Principal investigator in one Intramural research projects of CHARUSAT funded on anaemia.**
- 3 paper presented in various international, National conferences
- 3 Research paper published in National & International Journals of repute.
- Guest speaker in more than 3 National conferences, workshops, CNE's.
- Session Chaired in 1 international conference.
- Organized 7 scientific events such as conference, workshop, CNE's, Seminar and endowment event.
- Participated in 28 scientific events such as conference, workshop, CNE's, Seminar and endowment chair.

Date: 29th January, 2018 **Day: Monday** **Timings: 09.00 am to 01.30pm**

I. Introduction:

Disaster management essentially deals with management of resources and information towards a disastrous event and is measured by how efficiently, effectively and seamlessly one coordinates these resources. The ability to effectively deal with disasters has become a challenge to modern technology.

It is apparent that disaster problems cut across various disciplinary lines. One cannot effectively address disaster management difficulties by focusing on the isolated problems of a single type. Effective disaster management is influenced by the activities of a host of independent organisations at national and inter-national level.

Disaster management at the individual and organisational level deals with issues of planning, coordination, communication and risk assessment. Accordingly, this book also covers these subjects to enhance their ability for better disaster response.

Mock drill on disaster is most important for preparedness.

Agenda:

Time	Activities
9.00 am to 10.15am	Pre preparation
10.00am to 11.00am	Registration
11.15am to 12.45pm	Moch drill on disaster management on earthquake & rescue
12.45 to 1.30pm	Exhibition of material used for rescue

II. Objectives of the event:

1. To bring aware about Disaster management among the student and staff of CHARUSAT.
2. To describe the causes & effects of disaster.
3. To explain the preventive measures of Disaster.
4. To demonstrate controlling measures of disaster.
5. To explain complication of Disaster on Health & environments.
6. To ensure the safety of all employees and visitors at the site/facility.
7. To protect vital information and records.
8. To promote personal skill in managing disaster safety in communities .
9. To reduce the risk of disasters caused by human error, deliberate destruction, and building or equipment failures.
10. To be better prepared to recover from a major natural catastrophe.

III. Participants/Beneficiaries:

Interested Students & faculties of Charusat from all departments.

IV. In detail explanation of the event with coloured print of photographs.

We Manikaka Topawala Institute of Nursing organized an Expert session on "***Mock drill on disaster management for earthquake & rescue*** on 29th January, 2018 at MTIN lawn. We have invited National disaster response force A/06th BN NDRF for mock drill from Vadodara. The participants were nursing students, nursing teachers. Charusat hospital staff, Physiotherapy students & staff. Total 291 participants were participated from department of university the registration was started at 10.00am on wards & sessions was started at 11.00 am & end at 01.30pm.

The theme of session and its importance was delivered by Mrs. Alpna Patel. Moreover, She also introduced & welcome address to NDRF team to all.

The first session was started with small introduction related to disaster & disaster management by Mr. R.K. Mishra, Deputy Commandant, NDRF. He explained about role of NDRF team to all.

What is a disaster?

A disaster is a sudden, calamitous event that seriously disrupts the functioning of a community or society and causes human, material, and economic or environmental losses that exceed the community's or society's ability to cope using its own resources. Though often caused by nature, disasters can have human origins.

Types of Disasters

Natural Types of Disasters

- Agricultural diseases & pests
- Damaging Winds
- Drought and water shortage
- Earthquakes
- Emergency diseases (pandemic influenza)
- Extreme heat
- Floods and flash floods
- Hail
- Hurricanes and tropical storms
- Landslides & debris flow
- Thunderstorms and lighting
- Tornadoes
- Tsunamis
- Wildfire
- Winter and ice storms
- Sinkholes

Man-Made and Technological Types of Disasters

- Hazardous materials
- Power service disruption & blackout
- Nuclear power plant and nuclear blast
- Radiological emergencies
- Chemical threat and biological weapons
- Cyber attacks

- Explosion
- Civil unrest

Disaster Preparedness

Disasters often strike with little or no warning, and the damage can be staggering. It's not a question of if, but when a disaster will occur in your area. Preparedness activities can help put your community in a better position to respond to a disaster and shorten your community's recovery time.

These activities are designed to minimise loss of life and damage – for example by removing people and property from a threatened location and by facilitating timely and effective rescue, relief and rehabilitation. Preparedness is the main way of reducing the impact of disasters. Community-based preparedness and management should be a high priority in physical therapy practice management.

Disaster relief

This is a coordinated multi-agency response to reduce the impact of a disaster and its long-term results. Relief activities include rescue, relocation, providing food and water, preventing disease and disability, repairing vital services such as telecommunications and transport, providing temporary shelter and emergency health care.

Feedback Analysis report:

A. Number of participants: 117

B. Table of feedback form with number of participants' response in each category.

Was the programme relevant to your needs and interests?

Very Much	To Some Extent	Not at all
100	17	00

Rating of programme for Content

Workshop content and organization	Excellent	Very good	Good	Fair	Poor
How would you rate the content of the programme?	77	33	07	00	00
How did you find the Delivery Process?	89	21	07	00	00
How would you rate the overall programme?	80	36	01	00	00
How were the training facilities?	81	28	08	00	00

How would you rate the programme on the following parameters on the Content?

	Excellent	Very Good	Good	Fair	Poor
Coverage	101	11	05	00	00
Clarity	75	33	09	00	00
Utility	92	19	06	00	00

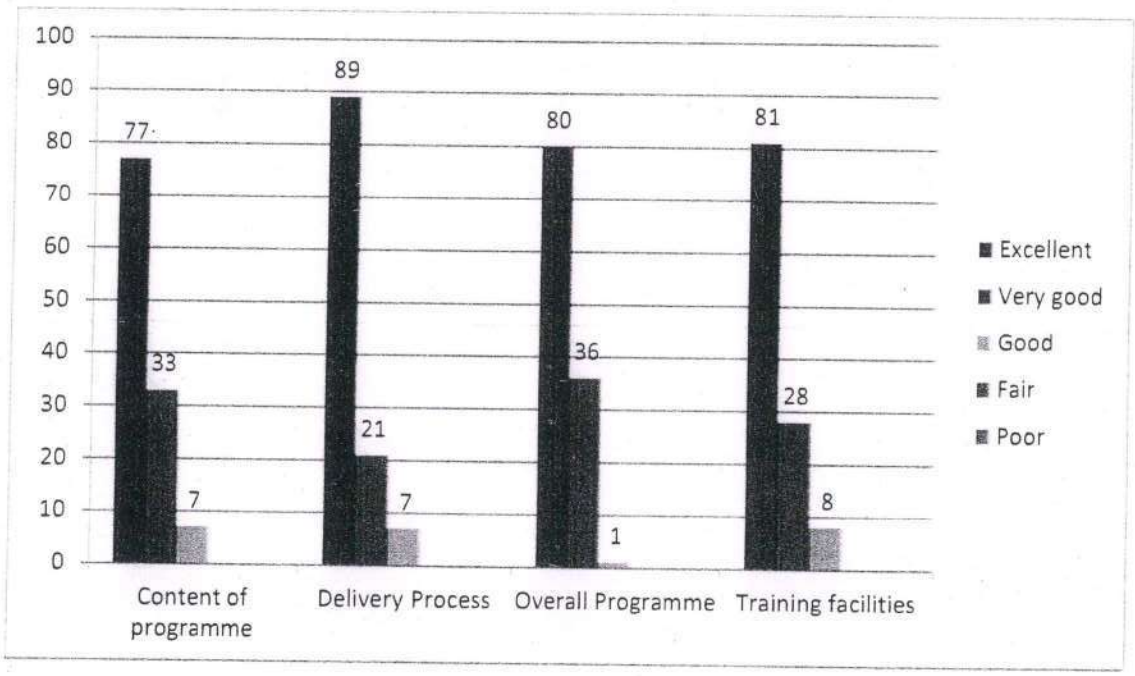

How would you rate the facilitator in terms of the following?

	Excellent	Very Good	Good	Fair	Poor
Communication	85	32	00	00	00
Enthusiasm	89	18	10	00	00
Subject Knowledge	90	23	04	00	00
Friendliness	82	30	05	00	00
Time Management	86	20	11	00	00

Date: 21/12/2017 **Day: Thursday** **Timings: 9.00 am to 04.00 pm**

I. Introduction:

Manikaka Topawala Institute of Nursing, A constituent Charotar Institute of Science and Technology has started endowment chair session since 2014, we had 5th endowment chair session from 21st December 2017 to 23rd December 2017 at MTIN, Auditorium.

II. Objectives of the event:

- To enhance the knowledge regarding research basics and statistical analysis
- To orient to various reporting guidelines of publication research paper
- To have hands on training on SPSS

III. Participants/Beneficiaries:

Faculty, Ph.D Scholar, M.Sc Nursing and B.Sc Nursing students of MTIN

IV. Description of the event:

Endowment session was planned for 3 days in a workshop mode on Evidence Based Practice.

Dr. Suresh Kumar Sharma, Principal, College of Nursing, All India Institute of Medical Sciences, Rishikesh was invited as resource person, all the session were attended by faculty , P.G students and 3rd day last session was attend by U G students also.

Workshop was very fruitful as faculty, Ph.D Scholar and students were actively participated in various group activities.

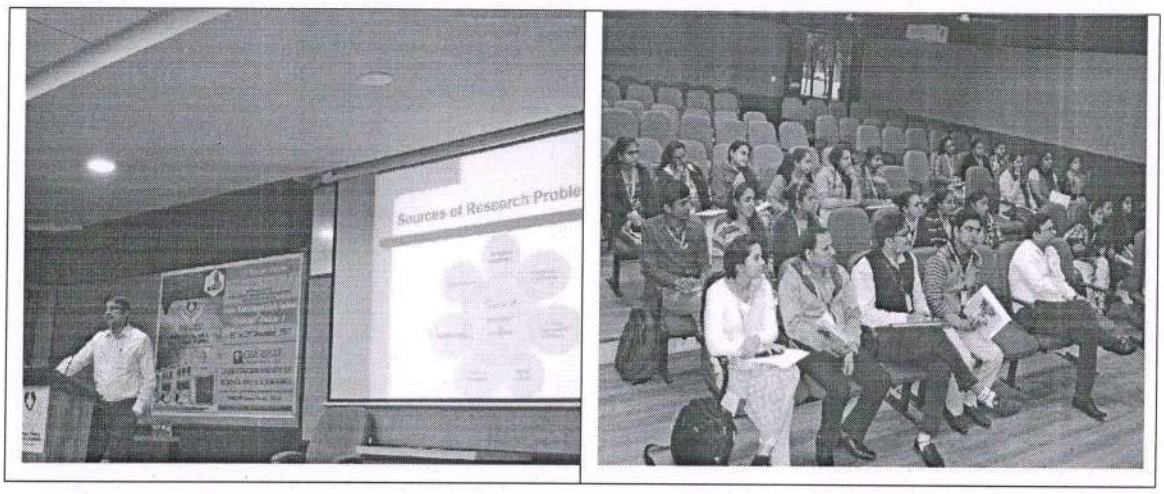

Dr. Suresh Kumar Sharma is a great author and researcher in nursing; he has many National Assignments from Health and family welfare, Govt. of India. He is also serving at University of California and University of Pretoria.

1st Day:

Session 1: Formulating Research Problem/ Question

STEPS	*EXAMPLE*
Selection of a research topic	Initially a researcher selects a broad area for study such as *Hospital Acquired Infection*
Reviewing the literature and theories	To know what already has been done in this area, and to develop an original and unique research problem an extensive review of literature and theories is done at this stage
Delimiting the research topic	HAI is very broad area so at this stage researcher delimits the topic from *Hospital Acquired Injection* to the *incidence of VAP*
Evaluating the research problem	At this stage researcher evaluate the research problem for feasibility, substantive, methodological, ethical dimensions.
Formulating final statement of research problem	Finally a statement of problem is formulated keeping in mind basic components of research problem. Example, *"A descriptive study on incidence of VAP among patients on MV admitted in ICU of AIIMS. Rishikesh"*

VAP: Ventilator Associated Pneumonia; HAI: Hospital Acquired Infection; MV: Mechanical Ventilator

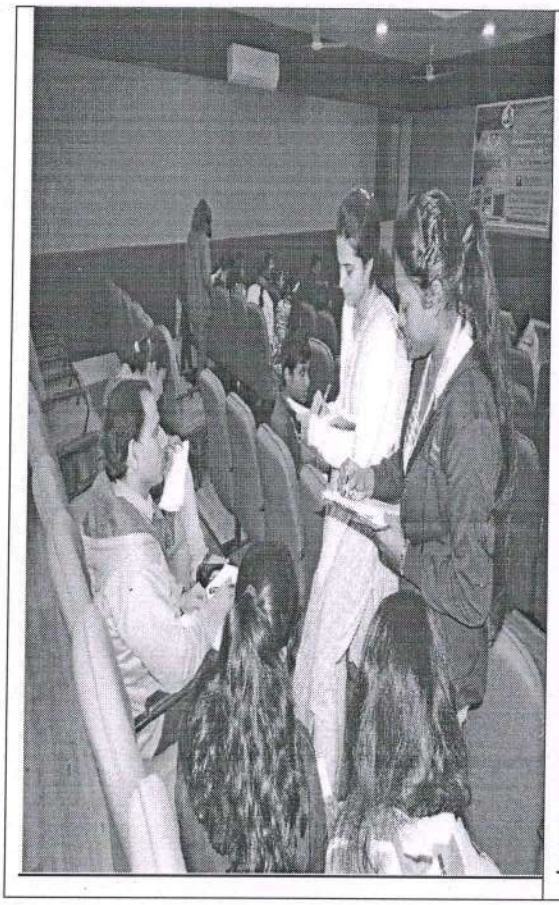

Session 2: Writing Research Objectives

Types of Research Objectives

- Primary Objective: The main objective to be achieved.
- Secondary Objectives: The subsidiary objectives may considered to extend the scope of study.

Stating the objectives

- The objectives should be presented **briefly and concisely**.
- Objectives must be **in concurrence with research problem** and must be stated in *coherent* way and in a *logical sequence.*
- The objectives are ***clearly phrased*** **in** ***operational terms***, specifying exactly what researcher is going to do, where, and for what purpose.
- **Use action verbs** those are specific enough to be evaluated.

Session 3: Hypotheses and Assumptions

Types of Hypotheses

I. Simple and complex hypothesis:

Simple hypothesis: It is a statement which reflects the relationship between two variables.

For example, 'the lower the level of hemoglobin, the higher is the risk of infection among postpartum women'.

Complex hypothesis: It is a statement which reflects the relationship between more than two variables.

For example, 'satisfaction is higher among patients who are older and dwelling in rural area than those who are younger and dwelling in urban area'.

II. Associative and causal hypothesis:

Associative hypothesis: It reflects a relationship between variables that occurs or exists in natural settings without manipulation. This hypothesis is used in correlational research studies.

Example: The lower the cost of care, the higher is the satisfaction among patients

Causal hypothesis: It predicts the cause-and-effect relationship between two or more dependent and independent variables in experimental or interventional setting, where independent variable is manipulated by researcher to examine the effect on the dependent variable.

For example, prevalence of pin site infection is lower in patients who receive pin site care with hydrogen peroxide as compared to patients who receive the pin site care with povidone iodine solution.

III. Directional and non-directional hypothesis:

Directional hypothesis:

For example, 'there is a positive relationship between years of nursing experience and job satisfaction among nurses'.

Non-directional hypothesis:

For example, 'there is relationship between years of nursing experience and job satisfaction among nurses'.

IV. Null and research hypothesis

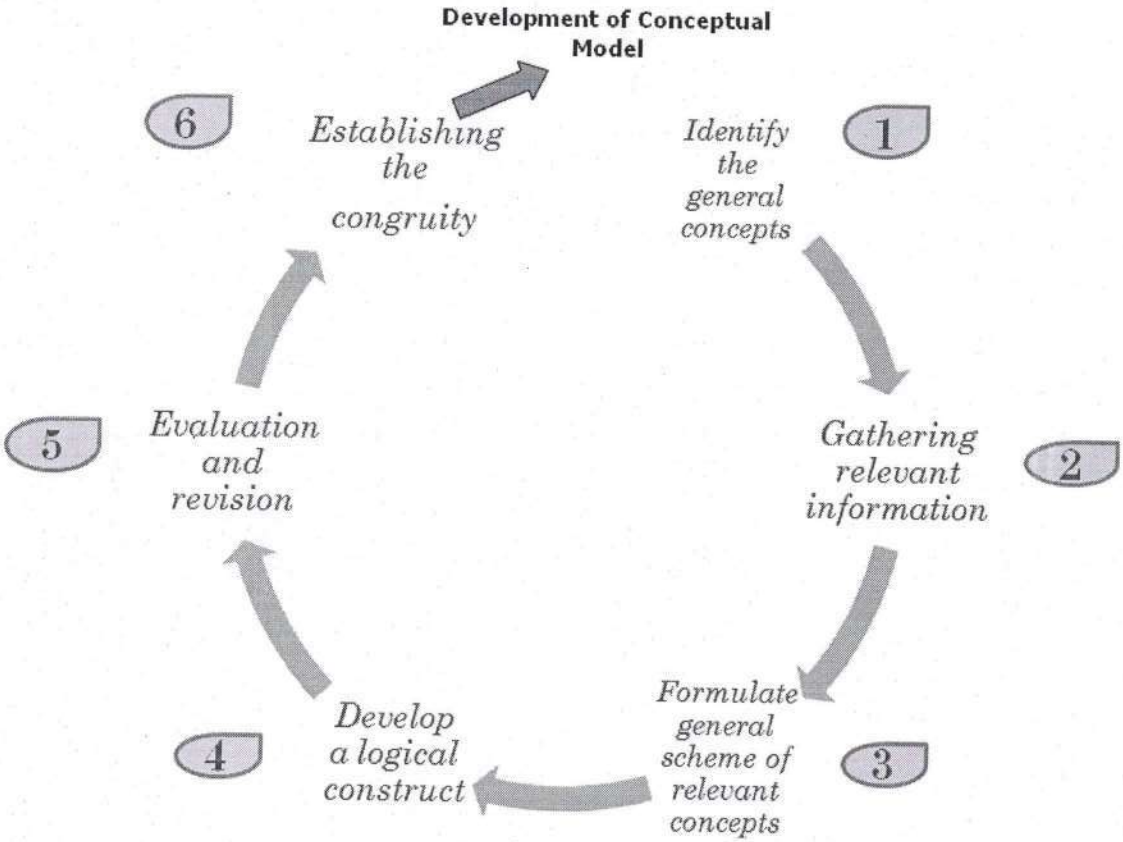

Null hypothesis (H0):

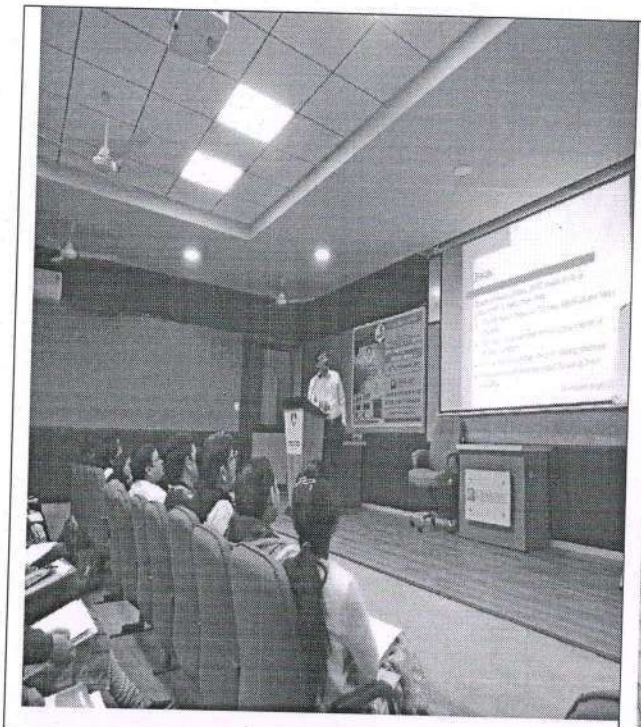

For example, 'there is no relationship between smoking and the incidence of coronary artery disease'.

Research hypothesis (H1)

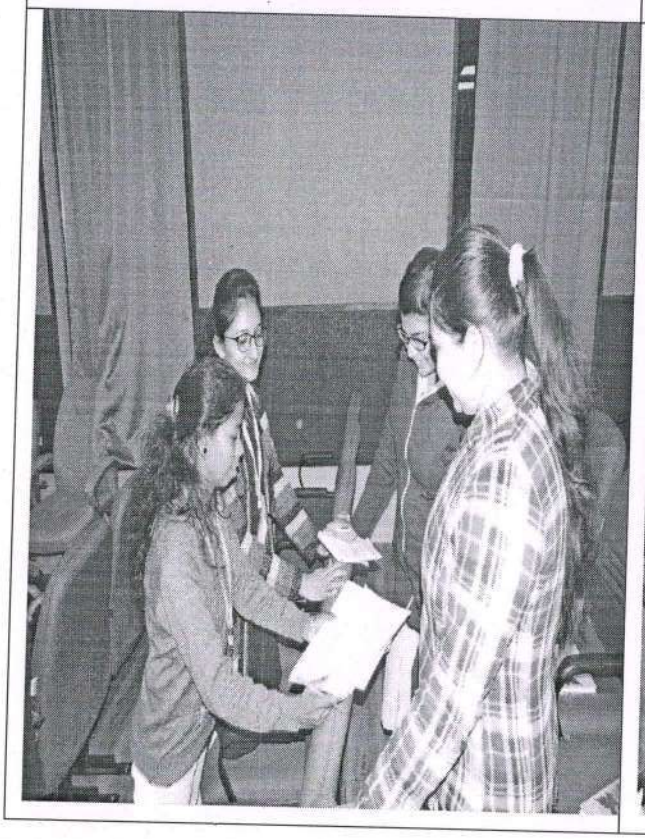

For example, 'there is relationship between smoking and incidence of lung cancer'.

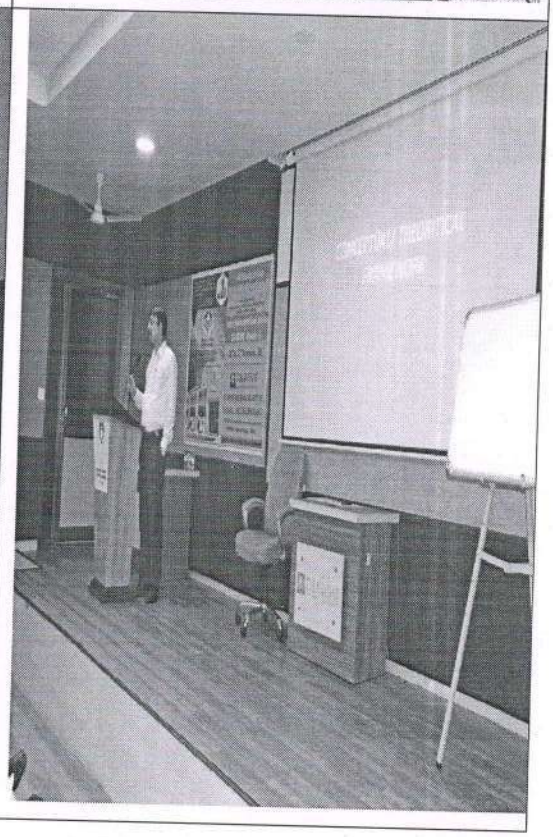

Session 4: ***CONCEPTUAL/ THEORITICAL FRAMEWORK***

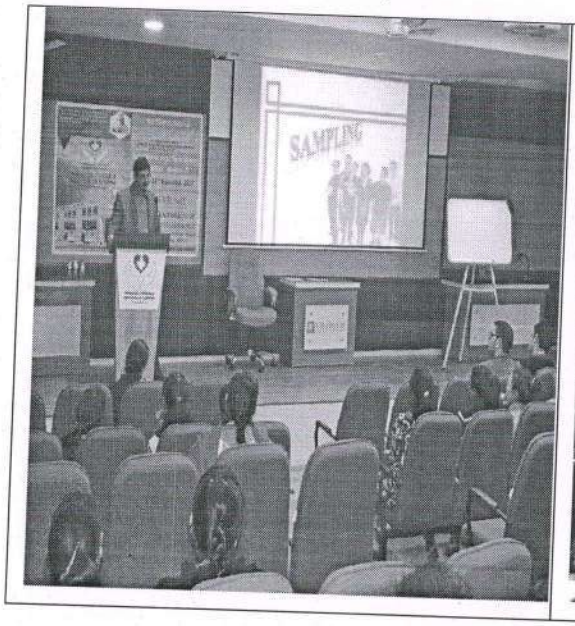

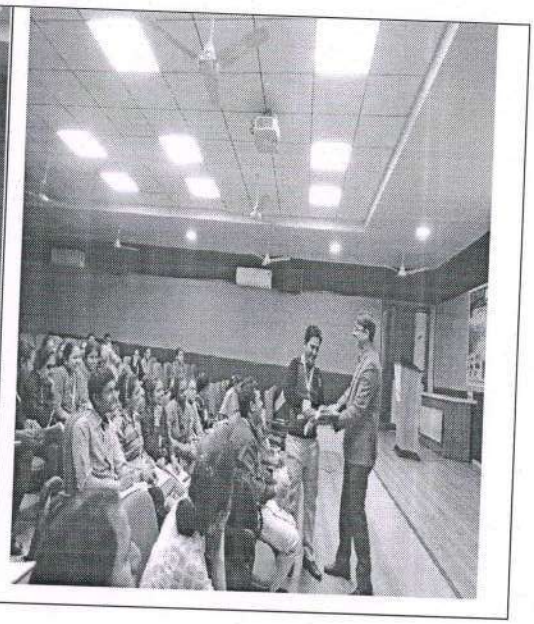

2nd Day:

Session 1: SAMPLING

- Terminology Used In Sampling
- Schematic Presentation Of The Sampling
- Purposes Of Sampling
- Characteristics Of Good Sample
- Sampling Process
- Factors Influencing Sampling Process
- Types Of Sampling Techniques

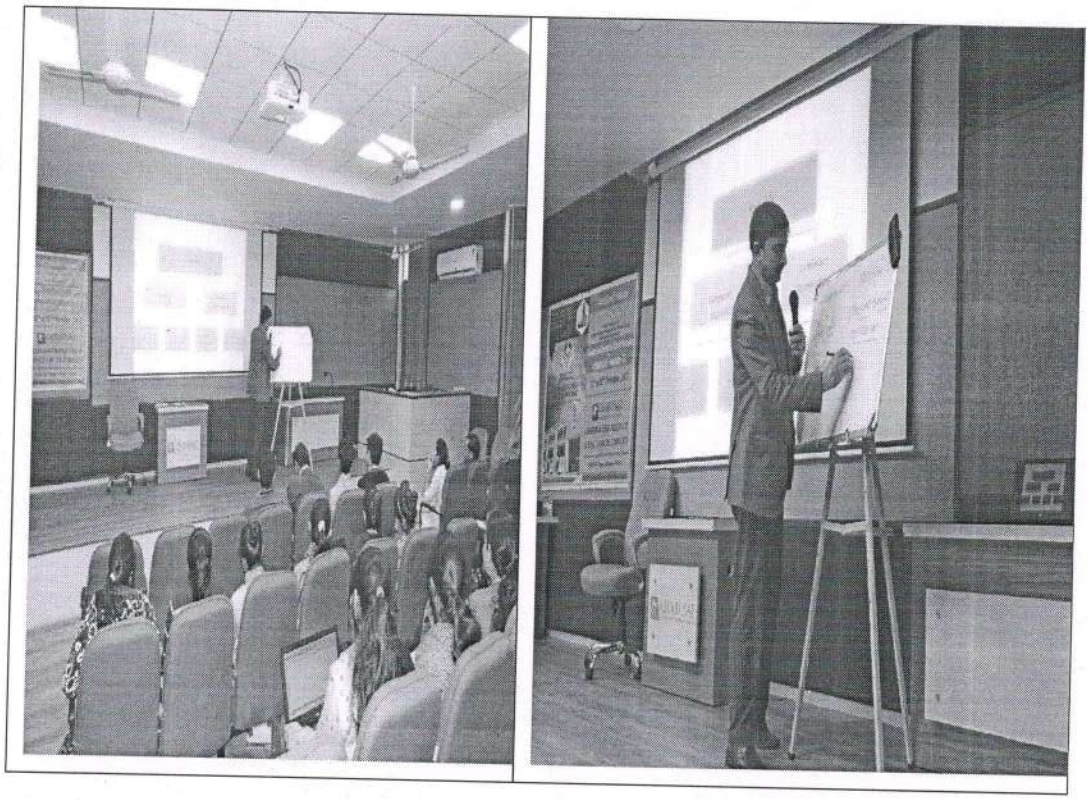

Session 2: RESEARCH DESIGNS: Choosing the right one

Following topics were covered with many activities

- Research approach
- Research design
- Quantitative research designs
- Qualitative research designs
- Mixed Method Research

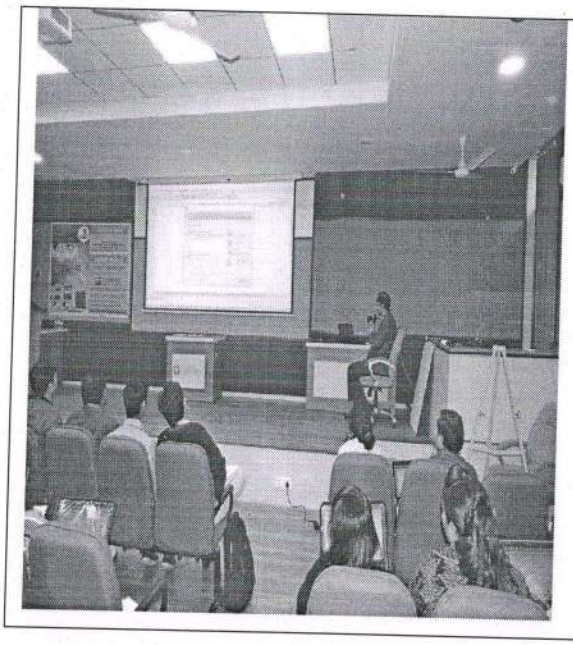

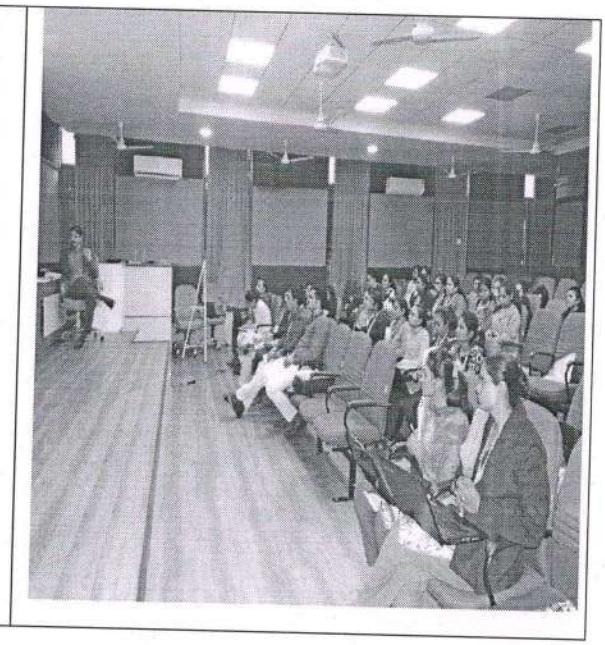

Session 3: Choosing appropriate statistic

- Normal Distribution
    - **Parametric test**
    - T test, ANOVA
- Non-normal distribution
- (Distribution free test)
    - **Non- Parametric Test**
    - Chi 2 test, Wilcoxan rank test, Mann-Whitney test, and Kruskal-Wallis test

Demonstrated live on SPSS along with all the participants and ensured everyone were able to Practice by using SPSS.

Application of various tests according to Nature of Data

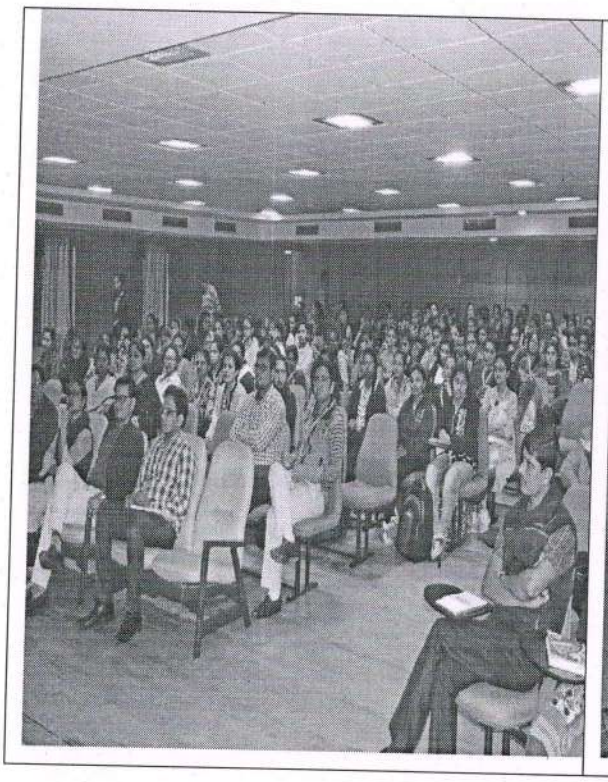

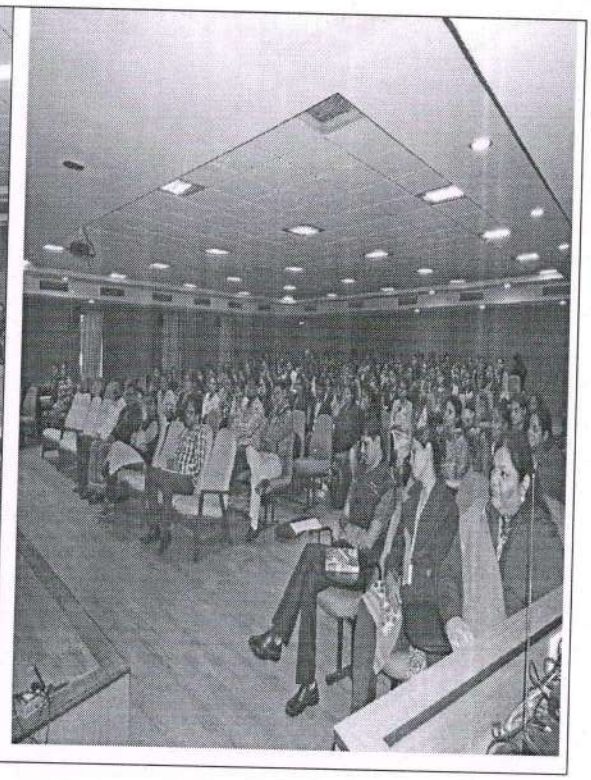

Study groups	Data Type of one dependent variable			
	categorical		Continuous	
	Nominal	Ordinal	Normal Distribution	Non – Normal Distributi
2 groups	Chi² test	Mann- Whiteny U Test	t-test	Mann-Whiteny U Test
3 or more	Chi² test	Kruskal-Wallis H test	ANOVA (F-test)	Kruskal-Wallis H test
Continuous	Simple logistic regression	Non-parametric correlation	Linear correlation Simple Linear regression	Spearman's Ranked Correlation

3rd Day:

Becoming Nurse:

We had wonderful session on last day of event, which was attended by all nursing students of MTIN on Becoming Nurse.

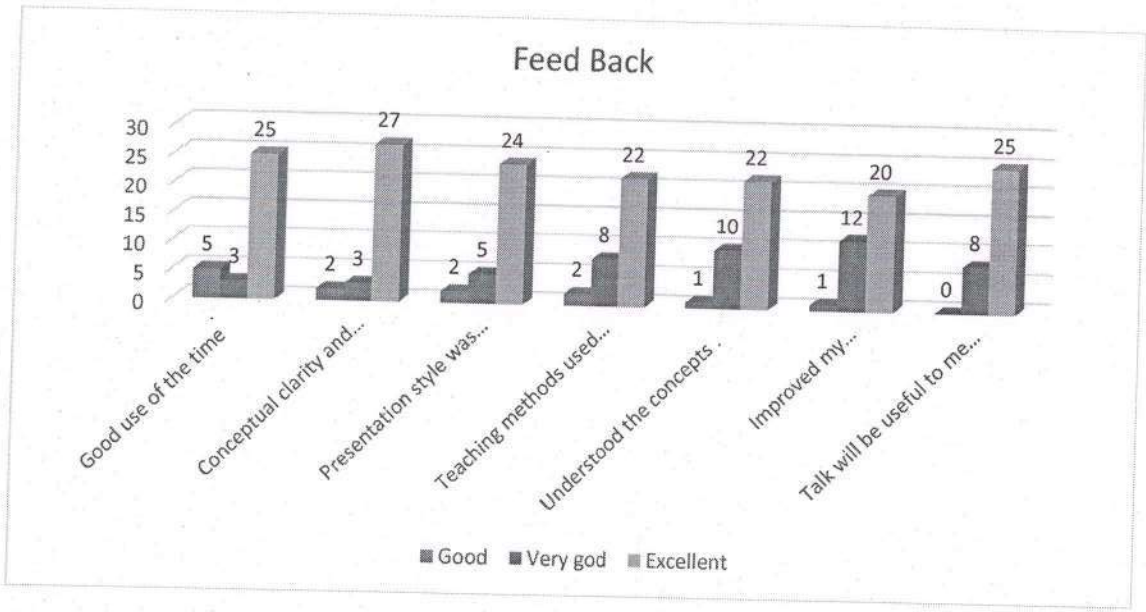

V. Conclusion

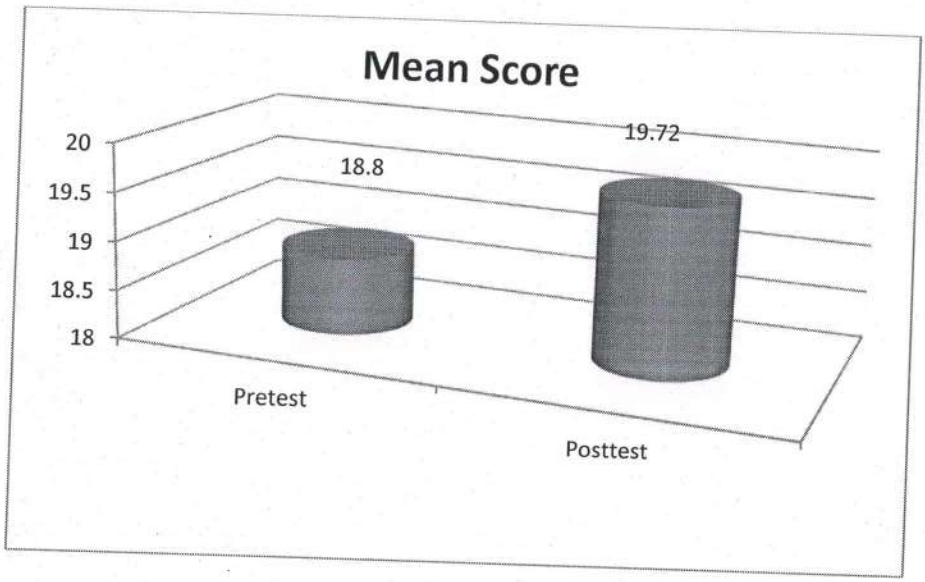

We extend our heartfelt thank to Dr. Anil Sharma, Principal, Manikaka Topawala Institute of Nursing, Changa for giving us opportunity to organize this event. We would extend our thanks CHARUSAT management for giving us all the support. We thank to the participants without them this event was impossible. Special thanks go to Dr. Suresh Sharma for accepting our invitation and enriching us with great deliberations.

VI. Feedback:

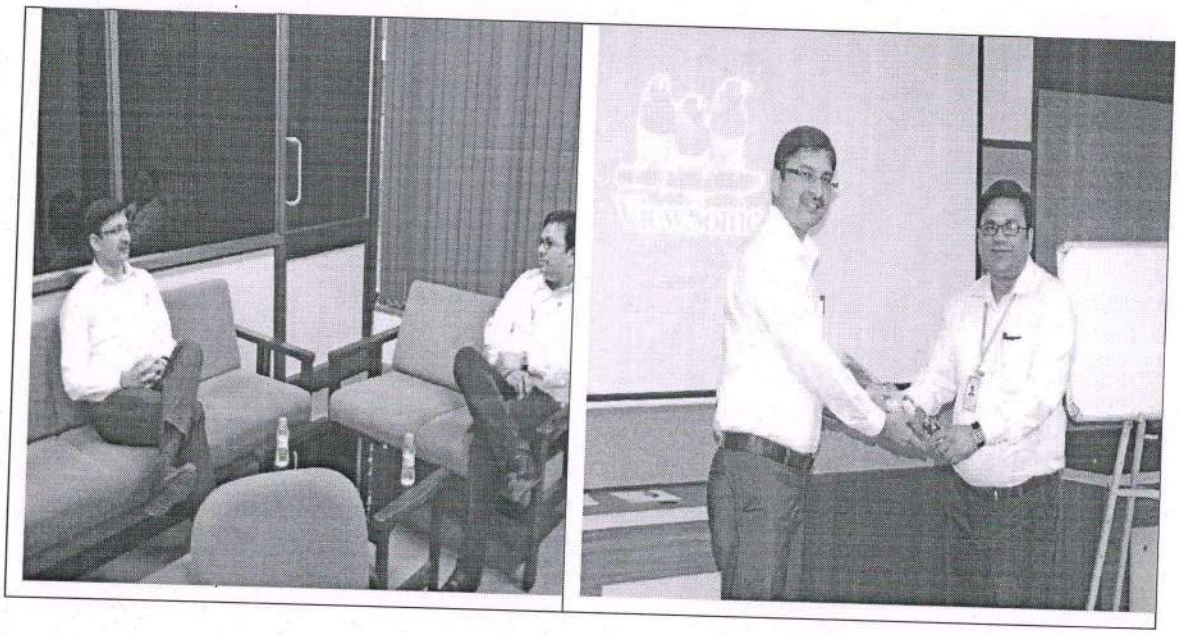

Scale: 5-Excellent; 4-Very Good; 3-Good; 2-Satisfactory; 1-Poor						
Sr. No.		**1**	**2**	**3**	**4**	**5**
1	The resource person made good use of the time allotted.	0	0	5	3	25
2	The Resource person had conceptual clarity and knowledge about the topic.	0	0	2	3	27
3	The resource person' presentation style was effective in helping in them.	0	0	2	5	24
4	The teaching/training methods used were appropriate for the audience.	0	0	2	8	22
5	I understood the concepts as presented in the talk.	0	0	1	10	22
6	The talk improved my understanding of the topic.	0	0	1	12	20
7	The learning derived for the talk will be useful to me in future.	0	0	0	8	25

Report of Workshop on operations Research in Health care management

Jointly Organised by

MTIN AND I2IM on 11th November 2017 at CMPCIA Auditorium

Introduction:

We MTIN and I²IM jointly Organized a workshop on operations Research in Health care management with internationally acclaimed experts .Operation research in health care newly and innovative type of research which is concern with smooth functioning of hospitals .It mainly based on simulation technique (Without disturbing patient in actual setting .We provided a platform to develop an understanding of various tools and techniques of Operations Research .It also optimise use of various resources for effective functioning of health care delivery systems through simulations techniques.

The theme of workshop is "**Operations Research in Health care management**". With this theme we Planned efficient speakers for the workshop , looking at the expertise and experience in the field, we invited Three Guest speaker **Prof. Martin Pitt** Associate professor of Health care modeling and simulationDirector of University of Exerter: Medical school ,UK to deal with Health care Modeling Information, Visualization Implementation ,**Dr.Claire Worthington** Senior lecturer ,School of management University of central Lancashire,UK, shared the session to deal with Simlean Health care (Description of Health care Model), **Dr. Govind Dave,** Dean, Faculty of Management Studies, CHARUSAT to deal Presentation of the Operations Research Project Case study :Health care management practices.

We applied accreditation of this workshop to Gujarat Nursing council to get Credit hours on dated 5th October 2017. Gujarat Nursing Council allotted "**five Credit Hours**" to Workshop on date 17/10/17.We started preparation to organize workshop through various committee like Invitation, Registration Stage Management, Catering committee, Finance, Audience management.

Workshop was well attended. There were 477 participants in the workshop while the workshop was planned only for 350 participants. The participants were invited from Nursing institutions and hospitals Professionals.

Theme and objectives of Workshop:

Theme: **Operations Research in health care management**

Objectives of Workshop

1. To create awareness of contemporary Operations Research practices for Nurses and other health professional.

2. To develop an understanding of various tools and techniques of Operations Research for Nurse Administrator and Researchers.

3. To optimize use of various resources for effective functioning of health care delivery systems through simulations techniques 1:- A technique to develop smooth functioning of hospital.

4. To explore potential of Hospital /clinical system modelling in health care practices illustrated with applied examples.

Accreditation:

Gujarat Nursing Council allotted "**five Credit Hours** "to Workshop.

AGENDA FOR WORKSHOP

Time	Topic	ResourcePerson
08.30-09.15am	Registrationandbreakfast	
09.15 -10.00am	Inauguralsession& Keynote address	**DR. Anil Sharma ,** Principal ,Manikaka Topawala Institute of Nursing – CHARUSAT, Changa
10.00-12.00pm	**Session -I:** Health care Modeling Information, Visualization &Implementation	**Prof. Martin Pitt,** Associate professor of Health care modeling and simulation Director of penCHORD (Peninsula Collaboration for Health Operational Research& Development) NIHR CLAHRC South West Peninsula (PenCLAHRC) University of Exerter: Medical school ,UK
12.00-1.00pm	Lunch	
01.00-3.00pm	**Session -II:** Simlean Health care (Description of Health care Model)	**Dr.Claire Worthington** Senior lecturer , School of management University of central Lancashire,UK
3.00 - 3.15 pm	**Tea Break**	
3.15-05.15pm	**Session -III:** Presentation of the Operations Research Project Case study :Health care management practices	**Prof. (Dr.) Govind B Dave** Dean ,Faculty of management Studies (FMS) Principal ,I²IM,Charusat and Project team members
05.15-05.30pm	Valedictorysessionwith Certificatedistribution	

Registration and Breakfast:

Registration Desk was open from 8 am to 9:15 am, there were total **477**delegatesregistered for workshop from 33 colleges across India. Breakfast was arranged for delegate at CMPCIA Square and for Guests at Board room, CMPCIA.

Prayer:

Ms. Khushbu and group were called for prayer to seek blessings of almighty God.

Welcome Speech:

Dr. Anil Sharma, one of the Organising Chairperson of workshop (Principal), MTIN introduced the theme of the workshop, genesis of Charotar University of Science and Technology, Manikaka Topawala Institute of Nursing, and Indukaka Ipcowala Institute of management introduced all the guest speakers and welcomed with bunch of flowers.

Lamp Lighting:

God's first and foremost appearance is in the form of light, which we call as Divyajyoti the Divine Light. Guest speakers came forward to light the divyajyoti and Guest were escortedby Dr. Anil Sharma, Principal, MTIN and Dr.Govind B. Dave Dean and Principal of I²IM.

Inaugural Session & Keynote address - Dr. Anil Sharma, Principal MTIN & Organizing chairperson

The inaugural of the Workshop on "**Operations Research in health care management**" commenced with the lighting of lamp by a group of dignitaries, Organizing chairpersons, Secretary of the workshop. Dr. Anil Sharma formally welcomed all the dignitaries present on the dais and participants, Principals of various institute, colleagues & students.

Keynote address by Dr .Anil Sharma Principal MTIN mentioned about the Importance of Operation research in health care setting .Sir explained about theme of workshop and motivated everyone to actively participate in the workshop to get benefited. In his address, Dr. Sharma briefed about the importance of the topic and our esteemed resource persons. He wished for the success of the workshop and inspired the participants. Dr. Anil Sharma also explained that Operational Research is the scientific study of operations for the purpose of making better decisions.

Following points is covered:-

- Operation research is a discipline that deals with application of advanced analytical methods to facilitate better decisions
- It represents the study of optimal resource allocation.
- Modern synonyms for Operational Research are **Management Science** or **Decision Science**.
- It is often considered to be a sub-field of mathematics

Now a days the principles and techniques of Operational Research are being applied in every field of human research and development including Health Care Sciences.The use of systematic research techniques for program decision making to achieve a specific outcome.

Objectives of OR

- Decision making and improve its quality.
- Identify optimum solution.
- Integrating the systems.
- Improve the objectivity of analysis.

- Minimize the cost and maximize the profit.
- Improve the productivity.
- Success in competition and market leadership
- The difference between Problem-Solving process (Nursing Process)and Operations Research Process
- "OR in healthcare is in its infancy"
- < 3% of OR researcher actually focus on Health Care

Healthcare: a business unlike all others:

- Financial model does not reward efficiency
- Patients are **customer** and **product** at the same time
- Patients cannot be refused
- Interventions cannot be preempted
- More variability than in any other industry

Explained about application of Operations research in health care system

Session- 1:

Health care Modeling Information, Visualization &Implementation – **Prof. Martin Pitt,**

Prof. Martin Pitt is a Associate professor of Health care modeling and simulation. He is also Director of penCHORD (Peninsula Collaboration for Health Operational Research& Development) NIHR CLAHRC South West Peninsula (PenCLAHRC) University of Exerter: Medical school, UK.

Presentation includes,

- Introduction
- What is Operational Research ?
- The PenCHORD Research Group
- Two Examples of Application
- OR in India – Dr Jani

- Round up / Questions

Evolution of OR

- Inception around time of World War II
- Military / Manufacturing basis (e.g. Car Production)
- Gradual adoption in Service Sector
- Development within Management Science
- Increasingly embracing and interfacing with other disciplines (e.g. Analytics, Business Intelligence, Behavioural sciences, Implementation science)
- Human aspects in modelling increasingly important

Application areas

- Military
- Manufacturing
- Service Sectors
- Health service
- Finance
- Government

Operational Research Methods

Discrete Event Simulation

Bayesian Methods

Spatial/Geographical Modelling

Linear Programming

Lean thinking

OR in India

- DEVELOPMENT OF OR IN INDIA OR being a new discipline started a bit late in India with its inception at Regional Research Laboratory at Hyderabad and at the same time a group was established in Defence Science Laboratory to solve the 10 PRINCIPLES OF OPERATIONS RESEARCH problems of stores, purchase and planning.
- Indian OR society was formed in 1953.

- Today OR subject is very popular and is being taught at graduation and post graduation level in all the university of the country. It is also being used in industrial establishment extensively to improve decision-making process.
- **Collaborative Project and Capacity Building Opportunities**

Key Challenges

- Networking
  - Sharing best practice /experience, Linking stakeholders, Communicating benefits
- Capacity Building
  - Familiarity, appreciation, skills, resources
- Data
  - Access, Ethics, Quality, Suitability, Information Governance
- Engagement/Integration
  - Developing active relationships, Relevance, Presentation, Dissemination
- Evaluation
  - Proof of impact, generating perceived value, Understanding mechanisms

Prof. Martin Pitt, felicitated with token love and appreciation by Dr Anil Sharma, Organising Chairperson of Workshop.

Lunch:

Lunch was arranged to all delegates at CMPCIA Square and for guests at Board room, CMPCIA

Session- 2:

Simlean Health care(Description of Health care Model) **–Dr.Claire Worthington**

Senior lecturer, School of management University of central Lancashire,UK. **Dr.Claire** , is a Senior lecturer, University of central Lancashire. She supervises MSC projects at Lancaster University and is a consultant with HCS Ltd. Claire has a long standing interest in the teaching and more importantly ,the application of operational research in business, both in public and private sector .

Dr.Claire introduced Simlean health care and explained about Simlean technique how we can utilize in health setting. She also explained about Description of health care model

Presentation include:-

What is Operational Research?

- 'Operations Research' vs 'Operational Research'
- Relation of OR to Management Science
- Relation to Analytics
- 'OR applied to Business Processes' – Stafford Beer.
- Hard 'OR' versus Soft 'OR'
- Current and Future Developments in OR
- Limitations of OR

Example OR application areas in Health

- Contingency Planning
- Location Planning
- Work force planning
- Demand forecasting (eg demographic changes)
- Commissioning
- Service Redesign/Patient Pathway
- Resource planning/Cost reduction/service optimisation
- Strategic planning and decision support (whole systems)
- Epidemiological models

Dr. Claire Worthington, was felicitated with token love and appreciation by Mr.Deepak K, Head of Department mental health nursing, MTIN

Session- 3:, Presentation of the Operations Research Project Case study :Health care management practices– Dr. Govind Dave took thought provoking session with application of various models Operations Research (O.R.) is the discipline of applying advanced analytical methods to help make better decisions.

Presentation includes Following points:-

History of O.R - Scientific approach to management principles was put forward by Frederick Taylor in the early 1900s.

Necessity of O.R -After the Industrial Revolution, different sections like manufacture, marketing, financing, healthcare occurred in industrial / social /service enterprises. Approaches of problems between these sections and finding better solutions caused the evolution of OR

Basic Properties of O.R.

- Use the System Approach
- Is an Interdisciplinary Approach
- Use of Scientific Methods

Applications of O.R

Transportation and Travel-OR techniques are used by airlines and rail companies to offer varying fares and make higher revenues by filling more seats at different prices. All airlines depend on the effective use of OR techniques to make them operate at a profit.

Retailing-In supermarkets, data from store loyalty card schemes is analysed by OR groups to advise on merchandising policies and profitability improvement. OR methods are also used to decide when and where new store developments should be made.

Health-Hospital managers use OR to make decisions such as determining the optimal utilization of operating rooms and personnel, assessing the risks posed by patients with various medical conditions, and deciding necessary levels of perishable medicine in stock.

Financial Services -OR practitioners address issues such as portfolio and risk management, planning and analysis of customer service. They are widely employed in Credit Risk Management—a vital area for lenders needing to ensure that they find the optimum balance of risk and revenue.

Government Services -OR is a key contributor in modernizing government services and making them more efficient. Some OR applications include modelling the impact of performance related paying for teachers, evaluating government call-centres, projecting the size of the prison population, and national defence.

Systemic Hospital Issues: The Four Faces of Health Care*

Problems in Indian Health Care

- Patients have to wait for long to see the Doctors in spite of a prior appointment
- Lack of infrastructure
- Inefficient workforce

There is only one doctor per 1,700 citizens in India when compared to an estimated 1:1,000 in China and 1:350 in the United States (USA).

- Unwillingness to work in the rural area
- Indian government only invests about 1% of the GDP in public healthcare
- Emergency Department Delays
- Delays for ED Physicians
- Delays for Inpatient Beds
- Delays for Medical Appointments
- Delays for Nursing Care
- **Case Study: 1**
  Ontario Waitlist Initiative
- Target to reduce wait times to benchmarks for five priority areas:
- Cardiac, Cataract, Cancer, Hip & Knee Replacement, MRI/CT
- Problem: How many (cataracts) do we need to do to meet benchmark (90% wait less than 26 weeks) by March 2007?
- **Case Study : 2**
  Local Health Integration Networks (LHINs)
- GIS models of Supply & Demand

  Planning Tools for "Aging at Home" - GIS models of Supply & Demand

  Constraints to Using OR to Reduce Healthcare Delays
- Lack of Operational and Performance Data
- Physician Resistance
- Lack of Cost/Revenue Information

- "Toxic" Payment Systems
- Estimating Demands

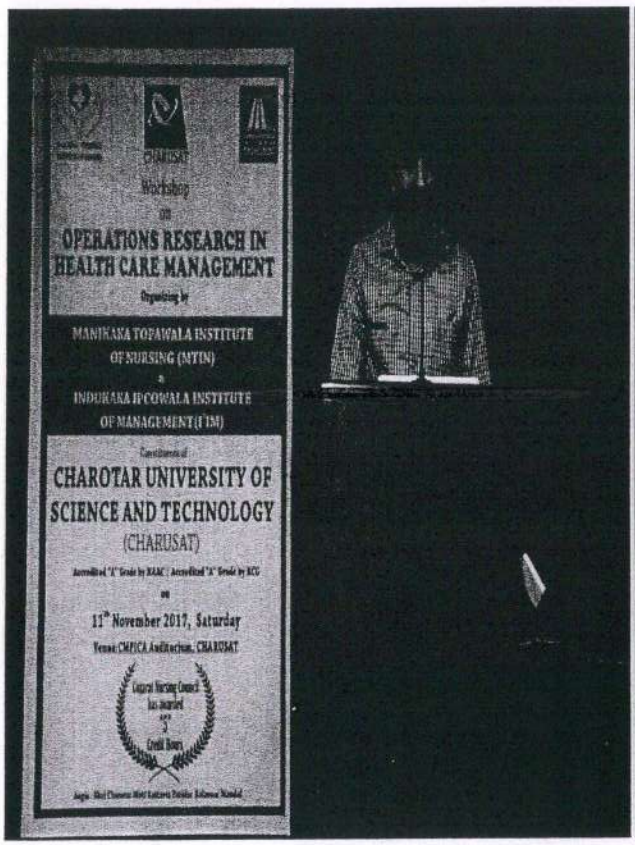

Future of OR in Health Care

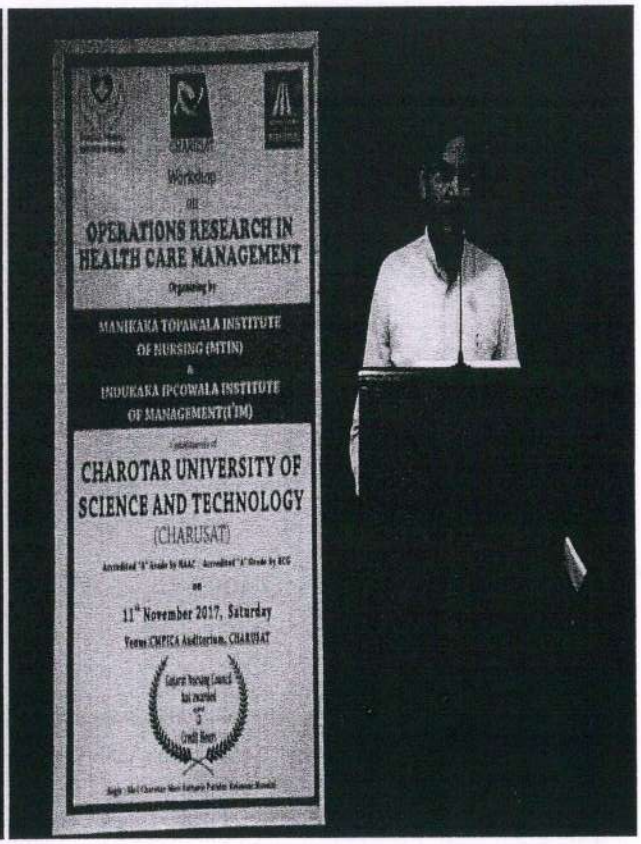

- The growing capabilities and installation of healthcare IT systems in hospitals and healthcare practices are making it increasingly possible to collect and organize the data needed to create and implement OR methodologies.
- However, OR professionals are needed to help guide the development of these systems so that the appropriate data will be identified and processes developed to collect and use these data to fuel the methodologies.
- Sometimes, the process of conducting a study in a healthcare facility can lead to the needed IT capabilities
- Operations research can and should play a role in these critical discussions and decisions regarding capacity needs and uses.
- The potential impact can literally make a difference of life or death for many people.

Feedback of Delegates:

Delegates have appreciated all the sessions as most of them mentioned that all the sessions were new and emerging in Operations Research in health care setting

Suggestions/ Feedback by the delegates:

It was the great opportunity to acquire knowledge regarding the Operations research in health care management

Theme of the workshop was excellent and highly updated amazing opportunity to learn from internationally experts.

Hospitality and management in the workshop was appreciated.

The presentations of experts were helpful and interested.

We get to know more about the operations research in health care management.

Valedictory session and distribution of Certificates:

Valedictory session was held and certificates were distributed to delegates and one representative from each institution is called on stage for collecting certificates.

Vote of Thanks:

Mr. Jayesh Patidar, Organising secretary delivered the vote of thanks on behalf Manikaka Topawala Institute of Nursing and Indukaka Ipcowala Institute of Management, He thanked all the invited guests and participants for gracing the occasion by their solemn presence. He also

extended thanks to Patrons, Advisory committee, Guests speakers, Organising team, faculty, for providing all kind of facilities to conduct such workshops.

Conclusion:

Workshop on Operations Research in health care management jointly organised by MTIN and I^2IM was grand success with more than 477 delegates across the country. We are grateful Dr. Anil Sharma, and Dr. Govind B Dave Organising Chairperson and Management of CHARUSAT for their constant guidance and continuous support.

Valedictory Session with Certificate Distribution

We are indeed happy to invite you for workshop on **"Operations Research in Health Care Management "** on 11th November, 2017 at CMPICA Auditorium, CHARUSAT. This gathering will have renowned galaxies of Nursing, Physiotherapy, Optometry, Hospital professional across India. The event has been awarded " 5" Credit Hours by Gujarat Nursing Council. Looking forward for your presence.

With Regards
Principal & Faculty
MTIN & I²IM

11th November 2017, Saturday
Venue:CMPICA Auditorium, CHARUSAT

CHARUSAT
CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

Gujarat Nursing Council has awarded "5" Credit Hours

INVITATION

Warm greetings from MTIN & I²IM!
We are pleased to invite you to attend a Workshop organized by **Manikaka Topawala Institute of Nursing** & **Indukaka Ipcowala Institute of Management** on ***"Operations Research in Health Care Management"***

CHARUSAT

CHARUSAT is one of the leading universities in providing quality education with more than 6500 students, 450 faculties, 500 staffs and offering more than 64 programs in UG & PG. It is approved by UGC under section 22 of UGC Act and formed under Gujarat state act No.8 of 2009. CHARUSAT has been accredited with "A" grade by both NAAC (National Assessment & Accreditation Council), Government of India and KCG (Knowledge Consortium of Gujarat), Education Department, Government of Gujarat.

Vision

To become a dynamic global institution in a knowledge driven world through excellence in teaching, research and social contributions

Mission

To serve society by striving to transform it through creation, augmentation, dissemination & perpetuation of knowledge

MTIN

Vision

To become a premier institute in the field of Nursing education, practice & research.

Mission

To prepare competent, knowledgeable and compassionate nurses having leadership quality and inclination to serve the society

I²IM

Vision

"To emerge as an eminent management institute for meeting the needs of society by creation and dissemination of world-class knowledge."

Mission

To develop managers with excellent entrepr... and leadership qualities

OBJECTIVES

1. To create awareness of contemporary Operations Research practices for Nurses and other health professional.
2. To develop an understanding of various tools and techniques of Operations Research for Nurse Administrator and Researchers.
3. To optimize use of various resources for effective functioning of health care delivery systems through simulations techniques.
4. To explore potential of Hospital /clinical system modeling in health care practices illustrated with applied examples

MINI- BIOGRAPHIES FOR MARTIN PITT AND CLAIRE WORTHINGTON

Prof. Martin Pitt is Director of PenCHORD - *The Peninsula Collaboration for Health Operational Research and Development*. PenCHORD (part of the SW CLAHRC in Exeter University: Medical School) is a research team which works in close collaboration with NHS organisations in the south-west of the UK to improve health and care delivery using OR approaches. He joined Exeter University in 2003 during which time he helped establish and now co-ordinates MASHnet - The UK Network for Modelling and Simulation in Healthcare. Martin has a long-standing and wide ranging experience in healthcare modelling ranging from economic modelling in health technology assessment to discrete event simulation and operational models for service re-design. His research interests are broadly the application of modelling techniques to improve health and care with a particular interest in the implementation of these approaches to policy and decision making process. He has a specific research focus on use of visualisation techniques to improve the accessibility of information for key stakeholders in the NHS.

Dr. Claire Worthington is a Senior Lecturer at the University of Central Lancashire. She supervises MSc Projects at Lancaster University and is a Consultant with HCS Ltd. Claire has a long standing interest in the teaching and, more importantly, the application of operational research in business, both in public and private sectors. Recently she has specialised in computer simulations ranging from quick models for improvement projects to more detailed models of A&E departments and cancer pathways.Previous work includes the 'SimLean project' at Warwick Business School which led to collaborative work with SIMUL8.

She has conducted consultancy and research projects for a wide range of organisations including West Yorkshire Police, Liverpool School of Tropical Medicine, various NHS Trusts including North Cumbria, St Helens and Knowsley. Claire is a member of the UK Operational Research Society

BRIEF PROFILE

Prof. (Dr.) Govind B Dave

BBA, MBA (Marketing and Entrepreneurship), APA, FDP (IIMA), Ph.D.,

Dr. Dave completed his UG and PG studies from University of Madras. He holds a Ph.D. from Sardar Patel University, Vallabh Vidyanagar, Gujarat and is an alumni of Indian Institute of Management, Ahmedabad. He is a Full *Professor* in the field of Management and Marketing, *Dean*, Faculty of Management Studies and *Principal*, Indukaka Ipcowala Institute of Management, Constituent of Charotar University of Science and Technology (CHARUSAT) – University accredited with Grade 'A' by NAAC, UGC, Govt. of India and AAA, KCG, Govt. of Gujarat, Changa, Gujarat, India. He has more than 20 years of experience in the field of management education. He has parallel visiting faculty experience of more than 15 years. A veteran academic, Dr. Dave is an approved Ph.D. *Research Supervisor* and has published and presented more than 70 papers / case studies / projects in national and international journals of repute. He has also published books in the area of *Consumer Behavior* titled "Consumer Buying Behaviour for White Goods" (*ISBN: 978-3-8454-3624-1),* Branding titled 'Employer Branding - Concepts, Importance and Theories' (ISBN: 978-1535285537) and 'Employer Branding - Concepts, Functional and Contemporary Perspectives' (ISBN: 978-1535286633). Under his guidance one research scholar has completed/awarded Ph.D. Degree and eight more are pursuing their research. He has guided more than 376 PG and 132 UG Projects. He has organized FDPs, Case Study and Research Methodology workshops. His leadership paved the way for setting-up Department of Humanities and Social Sciences under Faculty of Management Studies and Entrepreneurship Development and Incubation Centre (EDIC) at CHARUSAT. The Centre has many collaborative associations with industry and commerce bodies and association and been receiving funds under Department of Science and Technology (DST), Govt. of India and Student Start-up and Innovation Policy (SSIP), Govt. of Gujarat. He has been a prominent resource person for DST, NSTEDB sponsored EACs, FDPs and EDPs among many other such programmes. Academies for Various Proficiencies and launching and institutionalization of many innovative teaching-learning models like Holistic Exposure Learning Programme (HELP), Simulations / Management Games. He has worked as the *Principal Investigator* and led a team for the preparation of District Human Development Report for Vadodara and Chhotaudepur Districts, Govt. of Gujarat. He is the *Chairperson* Board of Studies & Faculty Board; *Member,* Board of Management, CHARUSAT and *Reviewer* to International Journals. He is a contributory member of various management associations like All India Management Association (AIMA), American Marketing Association (AMA), and Strategic Management Society (SMS), Academy of Marketing Science (AMS) among many others.

Dr. Anil Sharma CV

Dr. Anil Sharma graduated & post graduated in Medical-surgical nursing (Cardiovascular & thoracic nursing) from Rajiv Gandhi University of Science and technology, Bangalore. He holds a PhD degree from Charotar University of Science & Technology (CHARUSAT), Gujarat. Dr. Anil holds life membership of Trained Nurse Association of India, Nursing Research Society of India, Critical Care Nursing Society, India & Member of Global Research Nurse's Network. He holds post of Joint Secretary at Nursing Research Society of India. He served as an editorial board member in various scientific journals such as International Journal of Nursing Education, International Journal of Cardiovascular Nursing, International Journal for Emergency & Trauma Nursing, Journal of Nursing Today (JOLNT), The Journal of Health Informatics and many more. He is Certified Trainer under BNCRP Provider Course Part-I by Indian Academy of Pediatricians and certified BLS provider. He is extensively involved in Task Force team member in Critical care Nurses Society for formulating SOP's for Indian ICU setup. Dr. Anil is Board of studies member in MTIN-CHARUSAT and College of Nursing M.S. University. He is PhD thesis examiner at INC Consortium with RGUHS, Bangalore. He has 12 paper publication in indexed journals and participated as invited speaker or chairperson in 18 scientific events of International & National level. Presently Dr. Anil Sharma is Associate professor at Manikaka Topawala Institute of Nursing, A constitute of CHARUSAT, accrediated grade "A" by NAAc & KCG.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY
FACULTY OF MEDICAL SCIENCES
CHAROTAR INSTITUTE OF PARAMEDICAL SCIENCES (A Constituent of CHARUSAT)
DEPARTMENT OF OPTOMETRY

A REPORT ON WORLD SIGHT DAY CELEBRATION
12TH OCTOBER, 2017

Theme of the seminar was "Digital Eye strain & Galloping myopia".

Every year World Sight Day is celebrated on the second Thursday of October, to focus global attention on blindness and vision impairment. This year CIPS and CHRF decided to celebrate World sight day on 12th Oct 2017 keeping the same goal in mind.

The central theme of the event was to spread the awareness in youth about Digital eye strain and progressively increased risk of getting Myopia. All the students and staffs from each constituent institution of Charusat and CHRF were invited to attend the expert talk. A total of 150 students are participated in the event.

Event started with Prayer and then gathering was addressed by Dr. Uma Patel (COO CHRF). She very nicely explained importance of World sight day and initiated the event.

Master of ceremony Optom. Jaydevsinh Pargara introduced our first speaker. Optom.Jyoti Dave Singh (Managing trustee Jyoticare Benevolent Foundation). She is Contact lens practitioner in India as well as UK. She gave talk on ***"Galloping Myopia"***. She Enlighted the gathering about increased prevalence of Myopia among youth. The statistics about myopia were eye opening and everyone realized why it is considered as a global issue.

Inauguration ceremony on world sight day celebration

Following to that Optom.Yogesh Vaghela Assistant Professor, Dept. of Optometry, CIPS gave a very insightful talk on "***Digital eye strain***" He very nicely explained sources of Digital eye strain and how to alleviate symptoms related to that.

Experts delivering talk

After the talk there was a Panel discussion comprising Experts from the field of Optometry and Ophthalmology. The main aim of the panel discussion was to answer the questions and eradicate any myths related to eye health. There were many questions from audience and all were satisfactorily addressed by Experts from panel.

Once Panel discussion was over Optom.Jaydevsinh Pargara Shared heart touching poem **"Prabhu Tamaro khub khub abhar"** Written by II sem B.optometry student Nisarg Pandya. All were moved by his words.

Event concluded with very informative video on **"Prevention of Avoidable blindness"**

Panel discussion on digital eye strain

CHARUSAT

Artee Tyagi <arteetyagi.cips@charusat.ac.in>

An Invitation to join us tomorrow on WORLD SIGHT DAY to "SAVE YOUR SIGHT "

1 message

Dr. Uma Patel <drumapatel.adm@charusat.ac.in> Wed, Oct 11, 2017 at 12:56 PM
To: Charusat Family <charusatfamily@charusat.ac.in>
Cc: jyoti dave <jyoticlc@hotmail.com>, Jyoti Singh <jyoti@jyoticare.org>

Every year **World Sight Day** is celebrated on the second Thursday of October, to focus global attention on blindness and vision impairment. .

Global Mission of International Agency for the Prevention of Blindness is " A World in which nobody is needlessly visually impaired, where those with unavoidable vision loss can achieve their full potential and where there is universal access to comprehensive eye care services."

We ,at CHARUSAT hospital and the Department of Optometry, CIPS are working on the above global mission...

To commemorate WORLD SIGHT DAY 2017 , CHARUSAT Hospital and Charotar Institute of Paramedical Sciences(CIPS) have came forward to spread the message to save the sight of professionals, students who are avid users of digital gadgets by organizing Seminar along with talk involving well known Professional Optometrist Dr. Jyoti Dave-Singh tomorrow on 12 October 2017 at CHARUSAT campus.

TOPIC:	Digital Eye Stress & Galloping Myopia (near sightedness)
VENUE:	Ambalal I Patel Auditorium, CMPICA, CHARUSAT
DAY & DATE :	Thursday , 12 October, 2017
TIME :	2:30 pm

All are invited to join this eye opening Seminar to save your sight.

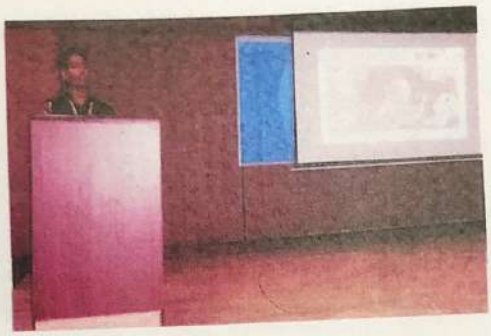

Dr.Uma Patel
Chief Operating Officer,
CIPS

Curriculum Vitae

Jyoti Dave - Singh is a contact lens specialist qualified from the UK& registered in UK. She has been practicing contact lenses since 1978 and started her career in the UK, where she owned two practices.

She started practicing in Mumbai, India in 1986, specializing in therapeutic contact lenses, with particular attention to keratoconus. Presently she practices in both the countries.

She is a Fellow of the ‘British Contact Lens Association’ and also a Fellow of the ‘International Association of Contact Lens Educators’.

She has industry experience in contact lens design and manufacture.

She has formulated and manufactured Contact Lens Solutions under the brand name ‘Contacare’ & ‘Jyoticare’ in India since 1984.

Yogesh R.Vaghela

Assistant Professor cum Research Fellow
Department of Optometry
Charotar institute of Paramedical sciences
Charotar University of Science & Technology

Degree	Specialization	University	Year	Percentage
M.Optom	Optometry	Guj.University	2014	68.57 %
B.Optom	Optometry	Guj.University	2010	70.28 %

Professional experience:

Position held	Name of the organization	From	To
Asst.Professor Cum Research fellow	CIPS/CHARUSAT, Changa	May 2019	Present
Asst.Professor	CIPS/CHARUSAT, Changa	Feb 2017	May 2019
Lecturer	AJ institute of medical sciences & Research, Mangalore	Aug 2014	Jan 2017
Lecturer	Hari jyot college of Optometry, Navsari	May 2014	July 2014

Administrative duties:

- Member IQAC CIPS, CHARUSAT
- Admission counsellor for CIPS, CHARUSAT
- Member University Industry Interaction cell CIPS, CHARUSAT
- Member Training and Placement cell CIPS, CHARUSAT
- Member Anti ragging committee CIPS ,CHARUSAT

Experience:

- Teaching: 6 years

Areas of Interest/Research/Expertise:

- Visual psychophysics/Visual cognition/Crowding
- Eye tracking for deception detection
- Interaction between Visual and vestibular system
- Stereopsis
- Ophthalmic anthropometry

Awards:

- **Student research grant From India vision institute (IVI) for M.optom research Project "Ophthalmic Anthropometry for Spectacle frame designing"**

Conference proceedings:

- **Spillmen's Ocluder as screening tool for Accomodative esotropia** –Eso's International vision science and Optometry conference. EIVOC (2015) **(Second author)**
- **A qualitative study based on 3D movies to find whether it can be used as screening tool for convergence insufficiency or not ?-** 16th E V Memorial, Sankarnethralaya Chennai (2017).**(First Author)**

Funded Research project:

- **Deception detection with the help of eye tracker & GSR; An eye tracking & Electro dermal study. (Role : Primary Investigator) Intramural Grant by CHARUSAT**
- **Machine learning for rapid detection of pediatric ocular abnormalities (Role : Co investigator) Intramural Grant by CHARUSAT**

Linguistic fluency:

- English
- Hindi
- Gujarati

Software skills:

- MS Office, SPSS
- Image J/Fiji
- Mat lab/Psychtoolbox (Learning)

Hobbies:

- Reading
- Cycling

International Radiology Day 2017

Radiation awareness: we care for you

8th November 2017

Event Report

Our International Radiology day event was organized on 8th November 2017. The event was planned with a theme "Radiation awareness: we care for you" to create awareness and knowledge among students and public about the effects of radiation. This event basically aimed to aware students and general public about the measures and precautions required to avoid unnecessary exposure to radiation while working or visiting Radiology department such as X ray, CT scan, Mammography, Ultrasound etc. The event was organized by the Department of Medical Imaging and Radiology Technology, Charotar Institute of Paramedical Sciences (CIPS), Charotar University of Science and Technology (CHARUSAT).

Collage of photographs showing the activities of overall event

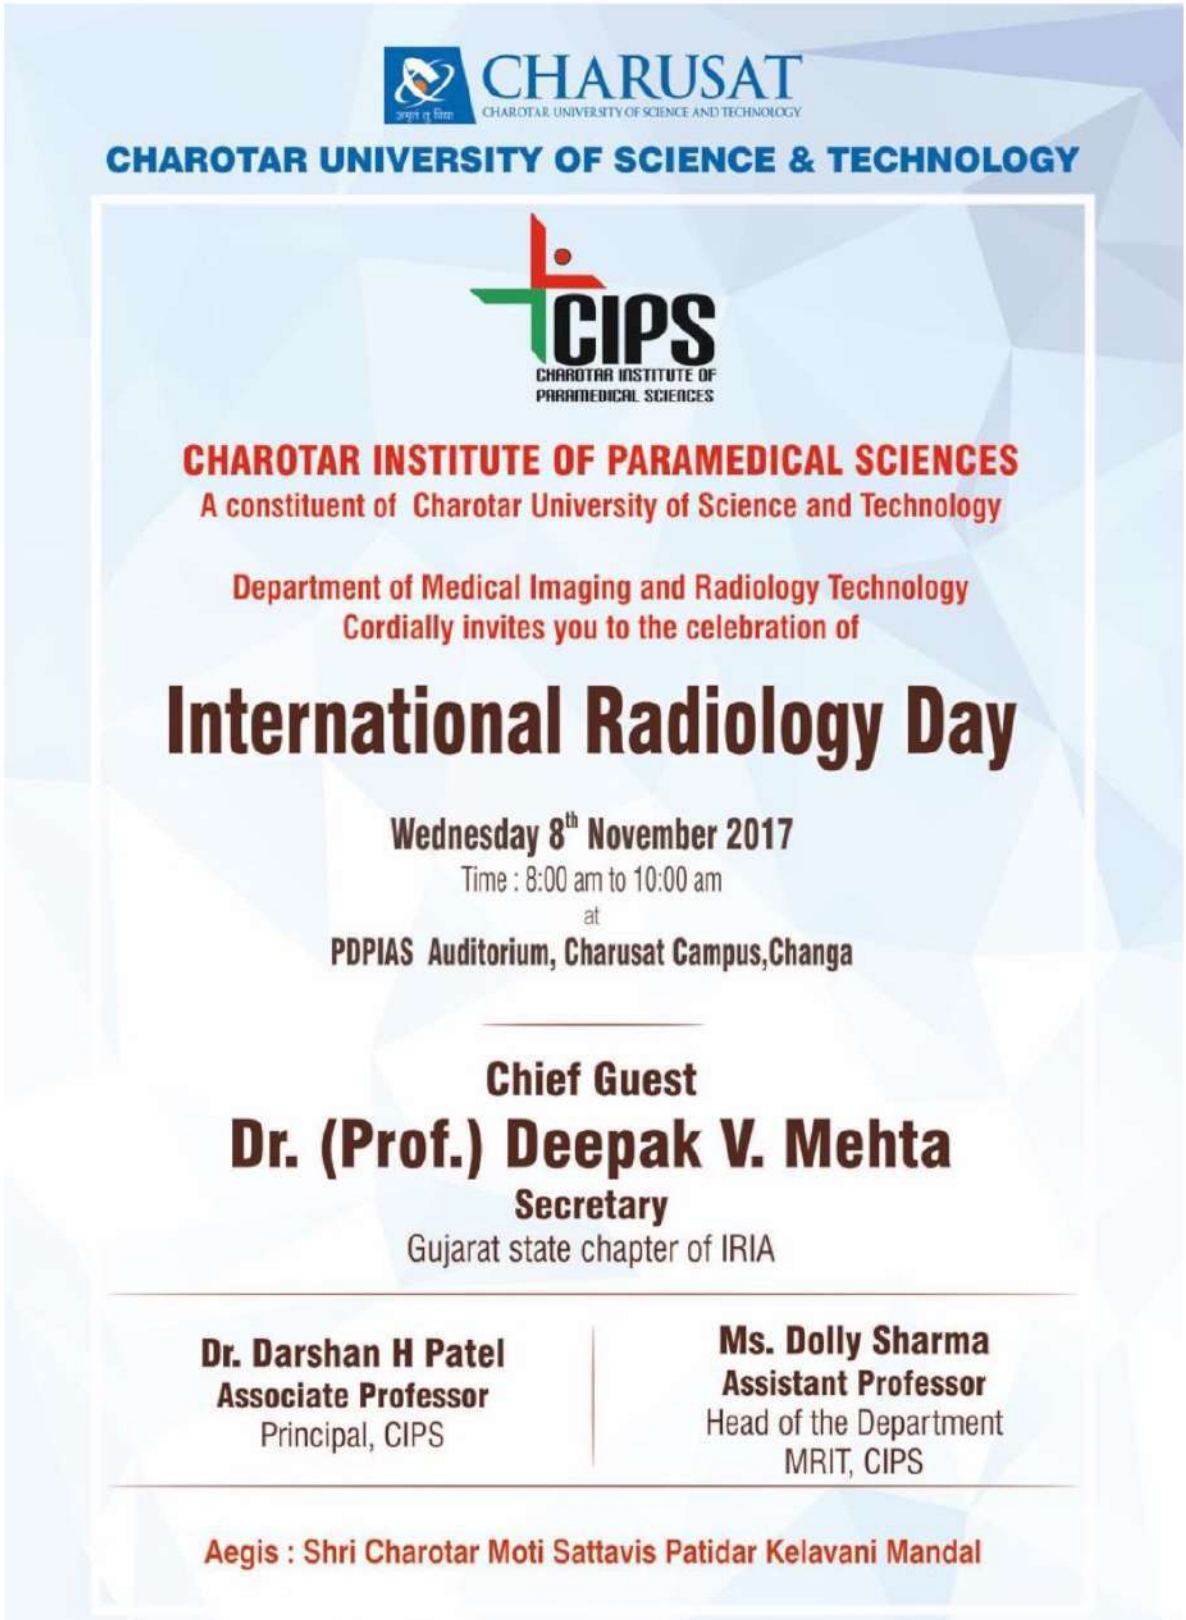

The event enclosed:

1. Guest speaker talk on CT and MRI safety in Radiology department by Dr. (prof.) Deepak V Mehta, Dept. of Radio Diagnosis, Karamsad Medical College.

2. Poster presentation on Personal Radiation Dosimetry, Precautions to be followed for Female patients during their clinical visits to radiology department by MRIT 3rd semester students.

3. Radiation awareness symbol presentation by MRIT 1st semester students.

4. Radiation awareness template preparation and distribution by Ms. Dolly Sharma, Assistant professor, MRIT Dept., CIPS. More than 100 participants including staffs and students have participated in this program.

Designation

Professor

Name: Dr. Deepakkumar V Mehta

Education: MBBS, DMRD,DNB (Radiodiagnosis)

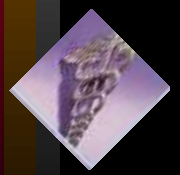

E-mail: deepakvm@charutarhealth.org

Dr. (Prof.) Deepak V. Mehta

MBBS, DNB (Radio.), DMRD, MNAMS, FICR, ACME
Professor and Head, Department of Radio-diagnosis,
Pramukhswami Medical College & Shree Krishna Hospital, Karamsad.

DVM

- Medical study from Government Medical College, Vadodara.
- Recongnised U.G. Teacher, P.G. Teacher and Ph.D. Guide of Sardar Patel University, Vallabh Vidyanagar and now, of Bhaikaka University, Karamsad. Adjunct Faculty PSMC MCI Nodal Centre.
- Adjuct Faculty, Department of Medical Education & Pramukhswami Medical college NMC Nodal Centre, Karamsad.
- Member Board of Studies of Bhaikaka University, Karamsad and Maharaja Sayajirao University, Vadodara
- Life Member of Professional Associations: IRIA, ICRI, IMA, ISNR, ISVIR, ISPR, NAMS, Neuroscientist Association of Gujarat (NAG).
- Presently, Vice Chairmen of Indian College of Radiology & Imaging (ICRI – National Academic Wing of IRIA), Vice President of Gujarat State Chapter of IRIA, President of Baroda Radiological & Imaging Association & Hon. Secretary of IMA, Vadodara Branch.
- Published 7 research papers in indexed journals.
- Presented more than 70 scientific papers / posters / exhibits in National Conferences, 7 scientific presentations in International Conferences and delivered more than 75 guest lectures in Conferences.
- Assessor of N.A.B.H. for Medical Imaging Service.
- Headed several CT scan Centers, MRI Centers and Radiology Dept. of Multi-specialty Hospitals in past in South Gujarat.

CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY
FACULTY OF MEDICAL SCIENCES
CHAROTAR INSTITUE OF PARAMEDICAL SCIENCES (A Constituent of CHARUSAT)
DEPARTMENT OF MEDICAL LABORATORY TECHNOLOGY

A REPORT ON ONE DAY EDUCATIONAL WORKSHOP TO AKANKSHA HOSPITAL & RESEARCH INSTITUTE 14th NOVEMBER, 2017

Department of Medical Laboratory Technology from Charotar Institute of Paramedical Sciences (CIPS), a constituent of CHARUSAT has visited Akanksha Hospital & Research Institute, Anand on 14th November 2017, as a part of industrial visit & workshop. 10 post graduate students along with 3 faculty members (Dr. Dhara Patel, Dr. Artee Tyagi and Mrs. Amita Patel) reached the destined institute at 10:45 am. Akanksha Hospital, under the flagship of Satkaival Trust is a well-known In vitro Fertilization clinic nationally as well as internationally.

Team of CIPS

Mrs. Harsha Ahir (Chief Embryologist, Akanksha IVF centre) and her Asistant Ms. Kruti Patel (M.Sc. Embryology) gave an introduction about vision and mission of Ankansha IVF Hospital and Research Institute. Our Paramedical team visited various departments of the institute from 11:00 am to 1:30 pm in the noon.

Our team started from Physiotherapy department and its importance during all the three trimesters of pregnancy. The head of the physiotherapy department shared her experiences in treating patients with various medical complications. The next department was dental department and we were explained about all different types of neonatal dental problems and prenatal dental problems. They shared with us the latest medical therapy they are using for treating patients. As a part of treatment they use platelet rich plasma injections for regeneration of new dental tissues. Another attractive department was of Cosmetology, the chief cosmetologist again shared her experiences and ongoing recent techniques in the field of cosmetic surgery, liposuction and various other post pregnancy treatments. She also explained the usage of platelet rich plasma in hair transplantation, cosmetic surgery and face lifting.

Our next destination was the Molecular Biology Lab where a detailed explanation by Ms. Shefali helped us tknow the latest techniques of DNA fingerprinting, karyotyping and Polymerase Chain Reaction based determination of various genetic mutations. She also showed us an Illumina platform based Ion Torrent Next Generation Sequencing Technique to rule out certain rare genetic mutation right from the developing embryo. She also explained various basic instruments used in the molecular biology lab like centrifuge, SDS gel units, Agarose gel units.

Equipments in laboratory

Different Equipments in laboratory

Dr. Ketan, Chief Pathologist of the Pathology department gave detailed information about various immunological based tests for hormones. The pathology department was well equipped with modern instruments including Cobas, Automated ESR, Coagulometer, Automated Urinalysis, Biochemistry Analyzer and Haematological Cell Counter. He interacted with students by asking them questions and to which our students responded very well.

We departed from pathology lab to visit the final and the most awaited lab of the hospital which was the Embryology lab. Ms. Harsha and Ms. Kruti showed us various techniques used in collection of embryo and semen. She in detail explained the in vitro fertilization technique and its importance in infertility. She showed her painstaking work for the selection of best embryo to be implanted. She demonstrated the in vitro stage by stage development of the embryo through video. She also highlighted another technique called Intracytoplasmic Sperm Injection (ICSI). We had a lunch break from 1:30 pm to 2:00 pm where we enjoyed the meal served inhouse.

Photographs showing different activities done at Akanksha hospital

The second session from 2:00 pm onwards was interactive session where Dr. Maulina Patel, Ms. Harsha Ahir and Ms. Kruti Patel gave power point presentation on various fertilization techniques and showed various videos showing the whole IVF and ICSI technique and cleared all the doubts regarding it which were raised by students. Finally we left the institute at 3:45 pm with all the knowledge absorbed throughout the visit. We returned back the campus by 4:15 pm. The visit created interest in students and encouraged to think about research going on in the field.

Circular

Department of Medical Laboratory Technology (MLT) from Charotar Institute of Paramedical Sciences (CIPS) is organizing one-day visit at Akanksha IVF Hospital & Research Institute, Anand on 14th November 2017, as a part of industrial visit for post graduate students of the department. Mrs. Harsha Ahir (Chief Embryologist) and Ms. Kruti Patel (M.Sc. Embryology) from Akansha Hospital will be monitoring the visit.

Workshop on "Team Approach for Comprehensive Health Care"

Date – 18th and 19th December 2017

'Research is the foundation of science' leading to evolution of a researcher, marking his footsteps towards 'serving mankind'. According to Dr. Prabhakar Sharma, head and professor (nephrology and hypertension division), Department of Medicine, Texas Tech Health Sciences Centre, Texas Tech University, Lubbock, USA, "The objective of research is essentially to gain economic progress, social development and serving humanity." During his two days interactive session held on 18th and 19th December 2017 at CHARUSAT University, Changa, Anand, Gujarat, he interacted with students and faculties of paramedical division encouraging them for research with a team approach. According to him, team approach is the key to attain a noble work. He elaborated his views on team approach and avenues in allied health care system and highlighted the growing demand of paramedics in health care.

Dr. Prabhakar delivering his lecture

The session was co-chaired by Dr. Mohan Rajapurkar, director (research and postgraduate studies, nephrology division), Muljibhai Patel Urological Hospital, Nadiad, Gujarat.

On 18th the Provost (CHARUSAT University) welcomed Dr. Prabhakar Sharma and discussed about research and education at CHARUSAT. Then Dr. Prabhakar along with Dr. Darshan (Principal, CIPS) reached the venue (MTIN, auditorium). The session started with formal introduction of Dr. Prabhakar and then he lead the session. He interacted with students and faculties of ARIP, MTIN and CIPS. The theme of the talk was "Team Approach for Comprehensive Health Care". The session continued for about 2 and half hour and the students as well as faculties attended it with a great interest. He told the students that without team approach there would be no progress. He even discussed that students and teachers are the pillar for the next generation of health care system and in the next generation what is the importance of the paramedics. He showed that in the current scenario there is an extreme need for

Students Group discussion after lecture series

the Paramedics. He also discussed various opportunities available at university level and how research is the inseparable part of any education system. The session ended with question and answers. Then, as a host we made him visited the whole campus and where he was very much impressed with our Hospital facilities and service. His day ended with lunch where he interacted with principals of various departments and they shared the view about research at both universities.

Interaction between spokesperson and Charusat faculties

The next day 19th started with an elaborative discussion between Dr. B. G. Patel (Provost, CHARUSAT), Dr. Devang Joshi (Registrar, CHARUSAT), Dr. Prabhakar Sharma (Head, Nephrology Division, TTU), Dr. Mohan Rjapurkar (Director, Research Department, Muljibhai Patel Urological Hospital) and Dr. Darshan Patel (Principal, CIPS). All the dignitaries discussed about the research opportunities across the universities and probable MOUs between the universities. Importance of student and faculty exchange programs across the universities. Dr. Prabhakar and Dr. Rajapurkar showed a keen interest in collaborations.

Interaction between spokesperson and Charusat faculties

After the official meeting Dr. Prabhakar initiated the session at ARIP conference room and Dr. Rajapurkar co-chaired the session. Dr. Balaganpathy (Principal, ARIP) and Dr. Darshan (Principal, CIPS) were also present along with faculties and students of various streams. The topic for interaction was "Research orientation of students and faculties and Avenues for faculty Development in Allied Health Sciences".

The session proved to be a fruitful session in terms of students learning various research opportunities available at various Universities located abroad. The guest constantly emphasized on the importance of research in the development of Universites at global level and role of students and faculty members in research activity. He also discussed the increasing demand of the Allied Health Care Sector. At the end, the session was open for questions and answer. Dr.

Rajapurkar also shared his views about research and its importance. Both the invitees explicitly said that research is the heart of any institute and it would be rather recognized only by the research activities it performs. A total of 150 participants are participated in this session.

The two day program was managed by Dr. Dhara Patel (Head, MLT Department, CIPS) under the constant guidance of Dr. Darshan Patel (Principal, CIPS).

Dear Sir/ Madam,

Greetings!

Charotar Institute of Paramedical Sciences, CIPS, CHARUSAT, is pleased to invite you for two days of interactive sessions by Dr. Prabhakar Sharma, Tenured Professor and Chief, Nephrology and Hypertension Division, Texas Tech University, Lubbock, Texas, USA on 18th & 19th December 2017.

The interaction aims to bring together professionals, scientists and academicians for discussing the need of "**Team Approach and Avenues in Health Care System".**

The details of the sessions to be held are as follow:

1.	18th December 2017	9:00 am to 11:00 pm	Avenues for faculty Development in Allied Health Sciences: An Interactive lecture
2.	19th December 2017	9:00 am to 10:30 am	Research orientation of students and faculties
3.	19th December 2017	11:00 am to 12:30 pm	Team Approach for Comprehensive Health Care: An interactive session

Thanks & Regards,

Dr. Darshan Patel
Principal, CIPS

Dr. Dhara N Patel
HOD, MLT, CIPS

Dr. Prabhakar Sharma
Date: **18th -19th Dec'2017**
Topic: **"Team approach and Avenues in Health Care System".**

A Report on Three days workshop on Cell and Molecular Biology At Akanksha Hospital, Anand From 8th-10th March 2018

A workshop was organized by Akanksha Hospital & Research Institute from 8th march 2018 – 10th march 2018 which was attended by students of Department of Medical Laboratory Technology along with two faculty of Charotar Institute of Paramedical Science (CIPS), a constitute of CHARUSAT. The workshop was on "Cell and Molecular Biology" including "Embryology & Molecular Laboratory Techniques" for students to learn and have hands on trainings for the diagnostic techniques. The workshop basically aimed to teach students the basic technical aspects of molecular diagnostics and also how to deal with cell culturing. We were guided by Mr. Piyush Chudasama, molecular biologist and Khyati Patel, research assistant for the same. 10 post graduate Students from Department of MLT participated in the workshop.

Photographs showing series of events during the workshop

The workshop summary:

1. The three day workshop was planned from 10:00 am - 4:00pmat Akanksha hospital.

2. First day the students were given lecturers on cell and molecular biology where various techniques like PCR and next generation sequencing was explained in detail. Next class was on cell culturing technique where they taught us the different clinical aspects of culturing. Post lunch session included visits to various labs of the diagnostics like sequencing, embryology and culturing.

3. Second day the students were divided in two groups batch1 & 2. Batch 1 were given hands on training for molecular technique DNA Isolation and RT-PCR where they tested tissues for Endometrial Tuberculosis while students of batch 2 were given a demo of cell culturing and monocyte isolation.

4. Last day batches were switched and the same techniques were taught.

5. At the end of workshop students were given certificate for the same signed by Dr. Naina as well as Dr Harsha and Mr. Piyush.

Anand

Summary

I am passionate about science specially for my area, Biochemistry and cell biology. The objectives are developing myself for the science community as much as i can do.

Experience

BPC drafting services (www.bpcdrafting.com)
Assistant Managing Director
September 2016 - Present (4 years 5 months)
Ahmedabad Area, India

Though i do not have any specialization in the architectural field, i am helping as assistant managing director of our own start up. Mostly i am working as public relation officer for the start up. Also utilizing my basic skills of power point, corel draw and other adobe softwares for drawing.

Sat Kaival Hospital Pvt Ltd
Research Scientist
December 2015 - Present (5 years 2 months)
India

Working with world renowned IVF clinic (Dr Nayana Patel's IVF clinic). Holding a Key position in molecular diagnostics division of the company. Experience of more than 100 sequencing run for PGS (preimplanation genetic screening). Other then these, Our team work for developing novel assays for diagnosis, specifically in the field of embryology and gynecology.
Apart from molecular work, also working as in charge of cell biology lab. Culturing and characterization of bone marrow concentrate for research purpose is our primary goal. I am also developing cell based assays for variety of Ayurvedic formulations for Andrology applications.

Charotar University of Science & Technology (CHARUSAT)
9 years 1 month

Research Scholar
January 2012 - Present (9 years 1 month)
Anand, Gujarat

i am working as Animal tissue culture incharge and routinely involved in experiments like MTT assay, Anti-apoptotic assay, Comet assay, Antioxidant assays. I am also involved in identification and purification of bio active compounds which can be utilized for therapeutic purpose, specially diabetic complications. Other work inculude drug transportation studies using caco 2 as model system.

Project Assistant
January 2014 - January 2016 (2 years 1 month)
Anand

Anand Agricultural University
Research Student
October 2014 - December 2015 (1 year 3 months)
Anand

PERD Centre
Research Scholar
January 2011 - October 2011 (10 months)

I was working in Department of Pharmacology and toxicology. I have learnt handling, dosing of rat and mouse. I have also learnt some of the animal model development like streptozotocin induced diabetes type II, Uninephroctomy model for hypertension, stroke model. Have understood basics of pharmacology for drug development and testing.

Centre for Environment Education
Project assistant
October 2010 - January 2011 (4 months)

I was working as part time project assistant in a project which aimed for environment education and basic learning among school students.

Intas Pharmaceuticals
QC/R & D
May 2010 - December 2010 (8 months)

I was working mostly with HPLC (Agilent technologies). Checking stability of the domestic as well as US-FDA approved drugs was my job description.

St. Xavier's College
Student
