### ***04 Day Faculty Development Programme under the theme, “Learner and the Learning Process” for Faculty Members having 0-3 years of teaching experience***

04 Day Faculty Development Programme for Teaching Faculty under the theme, “Learner and the Learning Process”, split into 02 Batches for 04 Day Each were organized covering 82 Teaching Faculty Members having teaching experience of 0-3 years. The FDP commenced on and from 26th August 2017 till 4th November 2017.

The objective of this Faculty Development Programme was to orient the educators to Systems Approach in Education and Constructivism as a paradigm for teaching and learning and innovative teaching practices based on the principles of constructivism as well as classroom communication. It was aimed to enable and motivate them to become real-time practitioners so as to bring about the desired modification in behavior of the learners.

The workshop was conducted by Prof. (Dr.) Sulabha Natraj, Ex Principle Waymade College, Anand, along with three associates namely Dr. Nandita Acharya, co-founder and Director Sannibh Technologies, Baroda; Dr. Dipali Gandhi, Prof. Waymade College, Anand and Ms. Bhumika Mangrola, Anand. The topics covered were “Understanding the Learning Strategies of a Learner”, “Constructivism As A Paradigm For Teaching And Learning”, “Effective Evaluation in Behavioural Terms” and “Classroom Communication: Foundation Stone for Organizing and Leading Teaching”.

The formative assessment carried out by the Team of Trainers summarized, that teachers training needs to be supplemented by continuous evaluation of teachers with two main functions – improvement and accountability, followed by feedback.

In order to take on the Teachers to the advance level of training session under “Learner and The Learning Process”, we propose a trajectory can be further planned out in a phased manner.
