Transport Vendor: Happy Meet under the theme, “Drive Safe, Live Safe”

As part of HRDC’s initiative towards participative management in Socially Responsible events, a “Happy Meet” for Transport Vendors associated as Partners in Progress with CHARUSAT Family was organized on Tuesday, September 25, 2018 under the theme, “Drive Safe Live Safe”.

Enthusiastic Transport Vendors comprising of Bus, Auto, Pool-car Drivers numbering to 86 members, 16 Drivers from CHARUSAT Transport Section and 6 CHARUSAT Transport Committee Members have attended the Happy Meet at HRDC Seminar Hall along with Dr. Kamal Cakraborty, Head HRDC, Dr. Sulabha Natraj, Head CREDP and Ms. Foram Pathak, HRDC HUB Member.

Mr. Amit Khatri, associated as Faculty at Ahmedabad Management Association (AMA) for imparting Defensive Driving Training to all commercial drivers and Road Safety Trainer and Consultant, IIT Delhi, has conducted the 90 min. Session. The programme was aimed at providing useful guidance for safe driving since human errors caused most road accidents.

Mr. Khatri, in his session, clearly emphasized on major safety norms that need to be made mandatory with immediate effect like, Use of Seat Belts in Car, absolute avoidance of Cell Phone and other accessories while Driving, and to keep oneself absolutely alert on and off the Road. He also emotionally touched upon the driver’s sense of responsibility in taking the onus of passengers travelling along. In other words, he made the ‘Drivers - Saviour of the Soul’.

To make this system put in place, he urged upon all the Transport Vendors to adapt to Self Discipline practices by implementation of Safety norms as demonstrated through video clippings in the presentation and by way of reading the manuals published by Road and Transportation Authorities.

The programme generated great enthusiasm and determination to implement the idea of safety precautions as a matter of routine. We have handed over token of love [Gift box] along with Detailed information booklet and flyers of CHARUSAT Hospital for their awareness and accessibility for good - to one and all who were present as a participant in the Happy Meet.

The Gift distribution undertaken through the transport committee members and Resource Person to keep motivation among all the drivers.

The participants were very excited after the motivational and eye opening session by Mr. Amit Khatri and they were willing to make difference from then onwards.

A Days' Session on Self Learning for all the Teaching Staff Members and for Non-Teaching Staff Members under the theme, "My University, My Pride" (in 02 Phases)

The Programme was initiated for Teaching and Non-Teaching Staff Members across all the disciplines as part of Self Learning about our own campus, the facilities we have across all the disciplines, the people in and around in respective departments and the ethos we follow. The programme was proposed under the caption "My University, My Pride" for all the Teaching and Non-Teaching Staff [Admin. & Lab] Members of Charusat Family.

The programme outline had well designed and circulated for everyone's knowledge. HRDC Hub Members across all disciplines were the coordinators for the proposed programme for respective departments. The Participants were first invited to HRDC Seminar Hall and the briefing session was taken by Respected Registrar Shri for all the batches for morning and afternoon sessions. Registrar-CHARUSAT have had described and briefed the session importance, requirement for such type of training module for our faculty and non teaching members and the latest information along with the history of CHARUSAT since its inception.

HRDC had provided booklet to all the participants under the same caption 'My University My Pride'. The Programme Outline, List and contact details of Male & Female coordinators institute wise, the Route map to follow the instructions, and the details pertaining to the University were provided in the booklet.

The flow was such when once group/batch complete visiting all the facilities of a department and after their departure from that institute the coordinator of the visited institute had contacted another department to have smooth coordination for visit and to show the facility of the respective departments. The next coordinator had welcomed each group/batch to continue towards the desired route to their laboratories, classroom, research facilities, to provide information about special instruments and so on.

At each class or lab there were respective incharge individuals [faculty member or lab technicians] who briefed details regarding the facilities and how it is useful in their subject. Then as per the routemap the batch had to follow the instructions of coordinators from respective route and the discipline from one institute to another and so on.

From Engineering to Non –Engineering Institutes to Medical Sciences to CHARUSAT Hospital every one was involved in the programme as and when their turn has come they have helped us make this programme successful.

The programme was very much helpful to all to learn about the facilities and ongoing research at various departments. This will support the interdisciplinary research in future.

The programme was attended by 392 Teachers and 139 Non Teaching Staff Members across all disciplines of CHARUSAT. The programme commenced on and from 29/04/2019 to 31/05/2019.
