

Extension Activities

Serving the society is an ultimate goal of pharmacist who are being carved at the RPCP. Under the guidance of faculties, students plan and execute various creative activities in nearby rural and urban areas. The activities are always being planned and organized by keeping in mind the sustainable development goals of the UN and national/local/regional needs. Nutritional food, impact of habits in chore, health & hygiene, etc. are some of the epitomical themes on which NSS-RPCP plays its social responsibilities. Nearby villages like Changa, Malataj, Valetva, Dabhau, etc. are the rural communities who had witnessed and benefited through various activities. The World Pharmacist Day on every 25th September is one of the flagship program on which a mass level social activities are being planned where every student and faculties take active participation.
