

Extra-curricular Activities

Curricular activities impart professional skills, whilst Extra-curricular activities impart the Life-Skills among the stakeholder during their academic journey. RPCP has sensed the importance of extra-curricular activities in wholistic development of students. Extra-curricular activities help to develop self-esteem, quality of leadership, skill of team-spirit, managerial skills, and many more.

Cultural Activities:

Students at RPCP are enthusiastically taking part in various extracurricular events like “Coloseum” (A part of Avalanche- Tech-fest) and SPOURAL (Cultural Festival). Avalanche is a tech-fest organized by RPCP and Coloseum is the cultural night- a part of Avalanche. SPOURAL (Cultural Festival) has been organized every year by CHARUSAT. Students are taking part in various kinds of extracurricular activities like dancing, singing, poetry making, painting, drama, mime etc. They become a part of healthy competition and also, they are appreciated. Apart from these, every festival is considered at RPCP as a scope to organize extra-curricular activities within the scope of its due execution.
