

Student's Council

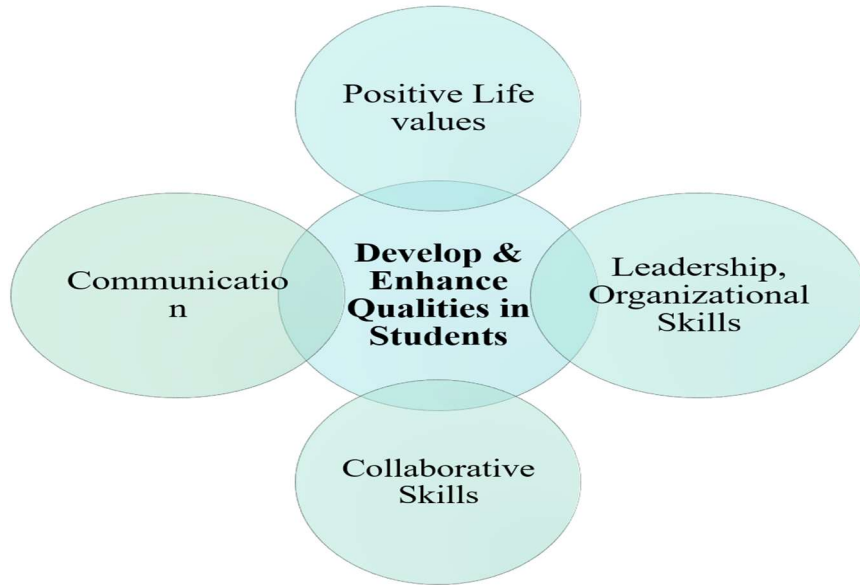

The surfacing of issues, whatever minutes they are, plays a vital role in making an institution as perfect as possible. To fetch out and fathom the issues having concerns of students are continuous process for making RPCP as better as possible. Student's council, a contributory participation of students, plays a key role in the successful execution of various activities.

The whole ideology of the student council is to make a concrete bond among the students and teacher above the relation of just learner and tutor. Active members of student council are well connected with the students and key decision makers at the institution. Student's Council helps to execute and comprehend every endeavor of the institution among the students. It is a synapse between the network of students, teachers, and the institution.

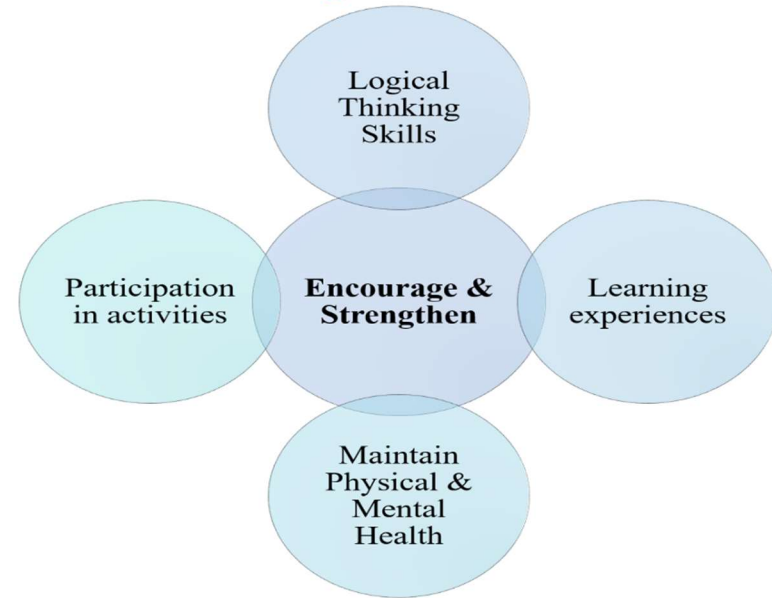

Structure of RPCP Student Council

Aim

Objectives

Few of the activities of the student's council

- Organize the technical and non-technical events.
- Facilitate the students for participation in technical and non-technical events inter and intra university as state, national and international level.
